INDEPENDENT AUDITORS' REPORT

To the Board of Directors of
Delgado Community College Alumni Association Inc.:

We have audited the accompanying balance sheet of the Delgado Community College Alumni Association Inc. (The Association) as of June 30, 1999, and the related statement of revenue, expense, and changes in fund balances for the year ended. These financial statements are the responsibility of the management of the Association. Our responsibility is to express an opinion on these financial statements based on our audit.

Except as discussed in the following paragraph, we conducted our audits in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

Our examination revealed that all expenditures were not supported by proper documentation. This was a result of a lack of adequate internal controls. We also determined, that it was impracticable to extend our examination related to both receipts and expenditures beyond assessing the amounts recorded.

In our opinion, except for the lack of adequate support documentation referred to above, the financial statements present fairly, in all material respects, the financial position of The Association as of June 30, 1999, and the results of its operations for the year then ended in conformity with generally accepted accounting principles.
