ST. LANDRY GRAVITY DRAINAGE DISTRICT NO. FOURTEEN
OPELOUSAS, LOUISIANA
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 1999

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The entity being reported on is the St. Landry Gravity Drainage District No. Fourteen, which is a component unit of the St. Landry Parish Police Jury. The District was created by the St. Landry Parish Police Jury as authorized by Louisiana Revised Statute 38:1751. The District is governed by a Board of Commissioners, which consists of five commissioners appointed by the St. Landry Parish Police Jury.

The Gravity Drainage District was established for the purpose of opening and maintaining all natural drains in the District, where drainage is accomplished using the natural force of gravity.

A. BASIS OF PRESENTATION

The accounting and reporting practices of the St. Landry Gravity Drainage District No. Fourteen conform to generally accepted accounting principles as applicable to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

B. REPORTING ENTITY

As the governing authority of the parish, for reporting purposes, the St. Landry Parish Police Jury is the financial reporting entity for St. Landry Parish. The financial reporting entity consists of (a) the primary government (police jury), (b) organizations for which the primary government is financially accountable, and (c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Governmental Accounting Standards Board Statement No. 14 established criteria for determining which component units should be considered part of the St. Landry Parish Police Jury for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability. This criteria includes:

1. Appointing a voting majority of an organization's governing body, and
 - a. The ability of the police jury to impose its will on that organization and/or
 - b. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the police jury.
2. Organizations for which the police jury does not appoint a voting majority but are fiscally dependent on the police jury.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. REPORTING ENTITY (Continued)

3. Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

Because the police jury appoints the five commissioners of the St. Landry Gravity Drainage District No. Fourteen, the District was determined to be a component unit of the St. Landry Parish Police Jury, the financial reporting entity. The accompanying financial statements present information only on the funds maintained by the District and do not present information on the police jury, the general government services provided by that governmental unit, or the other governmental units that comprise the financial reporting entity.

C. FUND ACCOUNTING

The accounts of the St. Landry Gravity Drainage District No. Fourteen are organized in one fund, which is considered a separate accounting entity. The operations of the fund are accounted for by self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures. Revenues are accounted for in this individual fund based upon the purpose for which they are to be spent and the means by which spending activities are controlled. The fund presented in the financial statements is described as follows:

General Fund

The General Fund is the general operating fund of the St. Landry Gravity Drainage District No. Fourteen. It is used to account for all financial resources.

D. BASIS OF ACCOUNTING

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental fund types are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Operating statements of these funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets.

The modified accrual basis of accounting is utilized by the governmental fund type. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual, i.e., both measurable and available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are recorded when the related fund liability is incurred, if measurable.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. BASIS OF ACCOUNTING (Continued)

Revenues from local sources consist primarily of property taxes. Property tax revenues and revenues received from the state of Louisiana are recognized when susceptible to accrual. Miscellaneous revenues are recorded as revenue when received in cash because they are generally not measurable until actually received. Investment earnings are recorded as earned since they are measurable and available.

Purchase of various operating supplies are regarded as expenditures at the time purchased. The costs of governmental fund-type inventories are recorded as expenditures when purchased and items on hand at year-end, if any, are not recorded as assets. Expenditures for insurance and similar services which extend over more than one accounting period are accounted for as expenditures of the period of acquisition.

E. INVESTMENTS AND CASH

Investments are stated at cost or amortized cost, which approximates market.

Louisiana statutes authorize the District to invest in United States bonds, treasury notes or certificates, time certificates of deposit in state and national banks, or any other federally insured investments.

F. FIXED ASSETS AND LONG-TERM LIABILITIES

All items of property and equipment are recorded in the General Fixed Assets Account Group. Such assets are maintained on the basis of original cost (cash paid plus trade-in allowance, if applicable) and no depreciation is computed or recorded thereon. The District does not capitalize infrastructure assets, if any. The District does not capitalize and has not incurred any interest costs on fixed assets. The District does not have any long-term liabilities.

G. BUDGETS AND BUDGETARY ACCOUNTING

The District adopted a budget for 1999 during the year 1999. Appropriations lapse at year-end.

H. ENCUMBRANCES

The District does not employ the encumbrance system of accounting.

I. PENSION PLAN, VACATION, AND SICK LEAVE

The District does not have a pension plan or a vacation and sick leave policy.

FOR THE YEAR ENDED DECEMBER 31, 1999

NOTE 2 - CASH AND INVESTMENTS

At December 31, 1999, the bank balance of cash in the NOW checking account was \$173. The cash is fully secured by federal deposit insurance.

NOTE 3 - ACCOUNTS RECEIVABLE - OTHER

This amount represents payments to the prior secretary/treasurer over and above amounts authorized by the Board of Commissioners to be paid in years prior to 1999.

NOTE 4 - FUND BALANCE

The General Fund does not have a deficit fund balance for the year ended December 31, 1999.

NOTE 5 - AD VALOREM TAXES

The District's ad valorem property tax is levied each October 1 on the assessed value listed as of the prior January 1 for all real and business personal property located in the District. Property taxes are due on October 1 and become delinquent by January 1 of the following year. The St. Landry Parish Sheriff bills, collects, and distributes the property taxes for the District using the assessed values determined by the Tax Assessor of St. Landry Parish.

The District was required to remit 2.6759% in 1999 of the total ad valorem taxes per the tax roll to the pension fund. This amount is determined by the legislative auditor each year. Since the Sheriff collects all taxes for the parish, the tax collected in the first month is reduced by the Sheriff for the pension fund amount owed and the remainder is remitted to the taxing district. Therefore, the ad valorem tax receivable and revenue are shown net of pension fund distributions. A breakdown of tax receivable is as follows:

	<u>Total Per</u>	<u>Pension Fund</u>	<u>Allowance For</u>	<u>Tax</u>	<u>Tax</u>
	<u>Tax Roll</u>	<u>Requirements</u>	<u>Uncollectibles</u>	<u>Collected</u>	<u>Receivables</u>
				<u>in December</u>	
1999	\$30,328	\$894	\$1,518	\$582	\$27,334

An estimated allowance for uncollectible property taxes has been set up based on prior years' experience.

NOTE 6 - GENERAL FIXED ASSETS

A summary of changes in general fixed assets is as follows:
