## ACCOUNTANTS' COMPILATION REPORT ON THE FINANCIAL STATEMENTS

Natchitoches Parish Fire  
Protection District No. 5  
Natchez, Louisiana 71002

We have compiled the accompanying general purpose financial statements of the Natchitoches Parish Fire Protection District No. 5, a component unit of the Natchitoches Parish Police Jury, as of December 31, 1999, and for the year then ended, in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. The financial statements have been prepared on the modified accrual basis of accounting, which is the generally accepted accounting method established by the Governmental Accounting Standards Board for governmental units.

A compilation is limited to presenting, in the form of financial statements, information that is the representation of management. We have not audited or reviewed the accompanying financial statements, and accordingly, do not express an opinion or any other form of assurance on them.

NOTES TO FINANCIAL STATEMENTS

Natchitoches Parish Fire  
Protection District No. 5

Notes to Financial Statements  
December 31, 1999

**1. The Reporting Entity:**

Fire Protection District No. 5, of Natchitoches Parish, Louisiana was created in June 1982, by ordinance of the Natchitoches Parish Policy Jury. The District is charged with providing fire protection for the citizens of District No. 5 of Natchitoches Parish.

In April of 1984, the Financial Accounting Foundation established the Governmental Accounting Standards Board (GASB) to promulgate generally accepted accounting principles and reporting standards with respect to activities and transactions of state and local governmental accounting and financial reporting. The codification and subsequent GASB pronouncements are recognized as generally accepted accounting principles for state and local government.

Fire Protection District No. 5, of Natchitoches Parish prepares its financial statements in accordance with the standards established by the GASB. GASB Codification Section 2100 establishes criteria for determining the governmental reporting entity and has defined the governmental reporting entity to be the Natchitoches Parish Police Jury. The accompanying statements present only transactions of the Fire District No. 5, of Natchitoches Parish, a component unit of the Natchitoches Parish Police Jury.

**2. Summary of Significant Accounting Policies:**

The accounting and reporting policies of Natchitoches Parish Fire Protection District No. 5 conform to generally accepted accounting principles as applicable to governmental units. Such accounting and reporting policies also conform to the requirements of Louisiana Revised Statutes 24:517.

As the governing authority of the parish, for reporting purposes, the Natchitoches Parish Police Jury is the financial reporting entity for Natchitoches Parish. The financial reporting entity consists of (a) the primary government (police jury), (b) organizations for which the primary government is financially accountable, and (c) other organizations for which nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Governmental Accounting Standards Board Statement No. 14 established criteria for determining which component units should be considered part of the Natchitoches Parish Police Jury for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability.

1. Appointing a voting majority of an organization's governing body, and
  - a. The ability of the police jury to impose its will on that organization and/or

- b. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the police jury.
2. Organizations for which the police jury does not appoint a voting majority but are fiscally dependent on the police jury.
3. Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

Because the police jury created by ordinance Fire District No. 5, the District was determined to be a component unit of the Natchitoches Parish Police Jury, the financial reporting entity. The accompanying financial statements present information only on the funds maintained by the District and do not present information on the police jury, the general government services provided by that governmental unit, or the other governmental units that comprise the financial reporting entity.

The following is a summary of certain significant accounting principles and practices-

**Fund Accounting:**

The accounts of Natchitoches Parish Fire Protection District No. 5 are organized on the basis of a fund and account groups, each of which is considered a separate accounting entity. The operations of the fund or account groups are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, revenues and expenditures. Resources are allocated to the fund or account group based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The fund presented in this report is described as follows:

**Governmental Fund:**

**General Fund.** The General Fund is the general operating fund of the District. It is used to account for all financial resources of the District.

**Fixed Assets and Long-term Liabilities-**

The accounting and reporting treatment applied to the fixed assets and long-term liabilities associated with a fund are determined by its measurement focus. The governmental fund is accounted for on a spending or "financial flow" measurement focus and only current assets and liabilities are generally included on its balance sheet.

Fixed assets used in the governmental fund operations (general fixed assets) are accounted for in the General Fixed Assets Account Group, rather than in the general fund.

Natchitoches Parish Fire  
Protection District No. 5

Notes to Financial Statements  
December 31, 1999

These assets are recorded as expenditures in the General Fund when purchased. No depreciation has been provided on general fixed assets.

All fixed assets are valued at historical cost.

Long-term obligations expected to be financed from governmental funds are accounted for in the General Long-Term Debt Account Group, not in the governmental fund.

The two account groups are not "funds". They are concerned only with the measurement of financial position, not with measurement of results of operations.

**Basis of Accounting:**

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied.

The General Fund is accounted for using the modified accrual basis of accounting. Its revenues are recognized when they become measurable and available as net current assets. Taxes are recorded when levied since they are measurable and available and are therefore considered to be susceptible accrual. Expenditures are generally recognized when the related fund liability is incurred. Purchase of various operating supplies are regarded as expenditures at the time purchased.

The Natchitoches Parish Fire Protection District No. 5 does not employ the use of "Encumbrance accounting".

**Total Columns on Combined Statements-Overview:**

Total columns on the combined statements - overview are captioned "Memorandum Only" to indicate that they are presented only to facilitate financial analysis.

**Budgetary Practices:**

Prior to the beginning of each fiscal year, the Treasurer submits a proposed budget to the Board of Commissioners. The budget is adopted, and held open for public inspection. All budgetary appropriations lapse at the end of the year. The budget presented in these financial statements was adopted on a basis consistent with generally accepted accounting principles.

The District is permitted to levy taxes up to 10% of the assessed property valuation for each specified purpose, or, in the aggregate for all purposes 25% of the assessed valuation for the payment of principal and interest on long-term debt after the approval by the voters of the District.

Assessed values are established by the Natchitoches Parish Tax Assessor each year on a uniform basis at the following ratios to fair market value:

10% land	15% machinery
10% residential improvements	15% commercial improvements
15% industrial improvements	25% public service properties, excluding land

A revaluation of all property is required to be completed no less than every four years. The last revaluation was completed for the roll of January 1, 1996. Total assessed value was \$3,748,080 in 1999. Louisiana state law exempts the first \$7,500 of assessed value of a taxpayer's primary residence from parish property taxes. This homestead exemption was a total of \$1,451,680 of the assessed value in 1999. For the year ended December 31, 1999, taxes of 9.12 mils were levied on the property and were dedicated to fire protection. Taxes collected totaled \$23,351.
