A PROFESSIONAL CORPORATION

INDEPENDENT AUDITORS' REPORT

Board of Commissioners Ward 10 Recreation District of Rapides Parish Tioga, Louisiana

We have audited the accompanying general purpose financial statements of Ward 10 Recreation District of Rapides Parish as of December 31, 1999, and for the year then ended. These general purpose financial statements are the responsibility of the District's Board of Commissioners. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the general purpose financial statements referred to above present fairly in all material respects, the financial position of the Ward 10 Recreation District of Rapides Parish, as of December 31, 1999, and the results of its operations for the year then ended in conformity with generally accepted accounting principles.

In accordance with <u>Government Auditing Standards</u>, we have also issued a report dated June 7, 2000, on our consideration of Ward 10 Recreation District of Rapides Parish's internal control structure and on its compliance with laws and regulations.

NOTES TO THE FINANCIAL STATEMENTS For the year ended December 31, 1999

INTRODUCTION

Ward 10 Recreation District of Rapides Parish was created by the Rapides Parish Police Jury on December 12, 1972. The District is a political subdivision governed by the laws of the State of Louisiana and is a component unit of Rapides Parish.

The accounting and reporting policies of the District conform to the generally accepted accounting principles (GAAP) as applicable to governmental units except as noted elsewhere in this report. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. Such accounting and reporting procedures also conform to the requirements of Louisiana Revised Statute 24:517 and to the guides set forth in the Louisiana Municipal Audit and Accounting Guide, and to the industry audit guide, Audits of State and Local Governmental Units.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

This report includes all funds and account groups which are controlled by or dependent on the District. Control by or dependence on the District was determined on the basis of budget adoption, taxing authority, authority to issue debt, election of appointment of governing body, and other general oversight responsibility.

B. Fund Accounting

The accounts of the District are organized on the basis of funds and account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The funds used in the financial statements of this report are as follows:

6

NOTES TO THE FINANCIAL STATEMENTS For the year ended December 31, 1999 (Continued)

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Governmental Funds - These are the funds through which most governmental functions typically are financed. The funds included in this category are as follows:

General (Maintenance) Fund

The General (Maintenance) Fund is the general operating fund of the District. It is used to account for all financial resources except those accounted for in the Debt Service Fund and Capital Projects Fund.

Debt Service Fund

The Debt Service Fund is used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs.

Capital Projects Fund

The Capital Projects Fund is used to account for the accumulation of resources for, and the payment of, costs incurred during the construction of additional recreation facilities.

C. Basis of Accounting

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

All governmental fund type operations are accounted for on a spending of "financial flow" measurement focus and only current assets and current liabilities are generally included on the balance sheet.

All governmental funds are accounted for using the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized in the accounting period in which they become both measurable and available. Available includes those property tax receivables expected to be collected within 60 days after year end. Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. An exception to this general rule is that principal and interest on long-term debt is recognized when due.

NOTES TO THE FINANCIAL STATEMENTS For the year ended December 31, 1999 (Continued)

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

D. Budgets

Operating budgets of proposed expenditures and revenues were adopted for the general (maintenance) fund. Budgeted amounts are as originally adopted, or as amended by the Board of Commissioners. All budgets are adopted consistent with generally accepted accounting principles (GAAP).

Budgets are adopted on a line item basis. Budgetary amendments involving the transfer of funds from one fund to another, or involving increases in expenditures resulting from revenues exceeding amounts estimated require the approval of the Board of commissioners. The overall level of control is on a fund basis. All budgetary appropriations lapse at the end of each fiscal year.

E. Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is not employed in any fund by the District.

F. Compensated Absences

Employees of the District earn two weeks of vacation time per year and are required to take it the following year. No vacation time may be carried forward to the succeeding year.

Sick pay benefits are non-vesting accumulating benefits. These amounts have not been estimated in these financial statements.

G. Long-Term Obligations

Long-term debt is recognized as a liability of a governmental fund when due, or when resources have been accumulated in the debt service fund for payment early in the following year. For other long-term obligations, only that portion expected to be financed from expendable available financial resources is reported as a fund liability of

a governmental fund. The remaining portion of such obligations is reported in the general long-term debt account group.

H. Comparative Data

Comparative total data for the prior years have been presented in the accompanying financial statements in order to provide an understanding of changes in the District's financial position and operations. However, comparative (i.e., presentation of prior year totals by fund type) data have not been presented in each of the statements since their inclusion would make the statements unduly complex and difficult to read.

I. Total Columns on combined Statements - Overview

Total columns on the combined statements - overview are captioned "Memorandum Only" to indicate that they are presented to facilitate financial analysis. Data in these columns do not present financial position, results of operations, or changes in financial position in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

J. Fixed Assets

General fixed assets have been acquired for general recreational purposes. Assets purchased are recorded as expenditures in the governmental funds and capitalized at cost in the General Fixed Assets Account Group. Donated fixed assets are recorded as general fixed assets at estimated fair market value at the time received.

Public domain ("infrastructure") general fixed assets consisting of certain improvements other than buildings, including sidewalks, drainage systems, and electrical systems have been capitalized and are accounted for in the General Fixed Assets Account Group. No depreciation has been provided on general fixed assets.

K. Cash and Cash Equivalents

In the governmental funds, cash and cash equivalents include amounts in demand deposits, interest bearing demand deposits and time deposits. In accordance with generally accepted accounting principles, cash equivalents include short term investments which are readily accepted to each and time deposite with an include short term investments.

which are readily converted to cash and time deposits with original maturities of three months or less from the date of acquisition.

The following pages contain the report on internal control structure and compliance with laws and regulations required by <u>Government Auditing Standards</u> issued by the Comptroller General of the United States. The paragraph on internal control structure is based solely on the audit of the general purpose financial statements and includes where appropriate, any reportable conditions and/or material weaknesses. The paragraph on compliance with laws and regulations is, likewise, based solely on the audit of the general purpose financial statements and presents, where applicable, compliance matters that would be material to the general purpose financial statements.

A PROFESSIONAL CORPORATION

REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Commissioners Ward 10 Recreation District of Rapides Parish Tioga, Louisiana

We have audited the financial statements of Ward 10 Recreation District of Rapides Parish as of and

for the year ended December 31, 1999, and have issued our report thereon dated June 7, 2000. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether Ward 10 Recreation District of Rapides Parish's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, a accordingly we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under Government Auditing Standards.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Ward 10 Recreation District of Rapides Parish's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial control over financial control over financial control over financial statements.
