INDEPENDENT AUDITOR'S REPORT

The Honorable Sam J. Pigno, Mayor and Members of the Board of Alderman Village of Tickfaw, Louisiana

We have audited the accompanying general purpose financial statements of the Village of Tickfaw, Louisiana, as of June 30, 1999, and for the year then ended, as listed in the table of contents. These general purpose financial statements are the responsibility of

the Village of Tickfaw, Louisiana's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Village of Tickfaw, Louisiana, as of June 30, 1999, and the results of its operations and the cash flows of its proprietary fund type for the year then ended, in conformity with generally accepted accounting principles.

In accordance with <u>Government Auditing Standards</u>, we have also issued our report dated December 17, 1999, on our consideration of the Village of Tickfaw's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants.

Our audit was conducted for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The combining, individual fund, and individual account group financial statements and schedules listed in the table of contents as supplementary information, are presented for purposes of additional analysis and are not

VILLAGE OF TICKFAW, LOUISIANA

a required part of the general purpose financial statements of the Village of Tickfaw, Louisiana. Such information, except for that portion marked "unaudited" on which we express no opinion, has been subjected to the auditing procedures applied in the audits of the general purpose financial statements, and, in our opinion, is fairly presented in all material respects in relation to the respective general purpose financial statements taken as a whole.

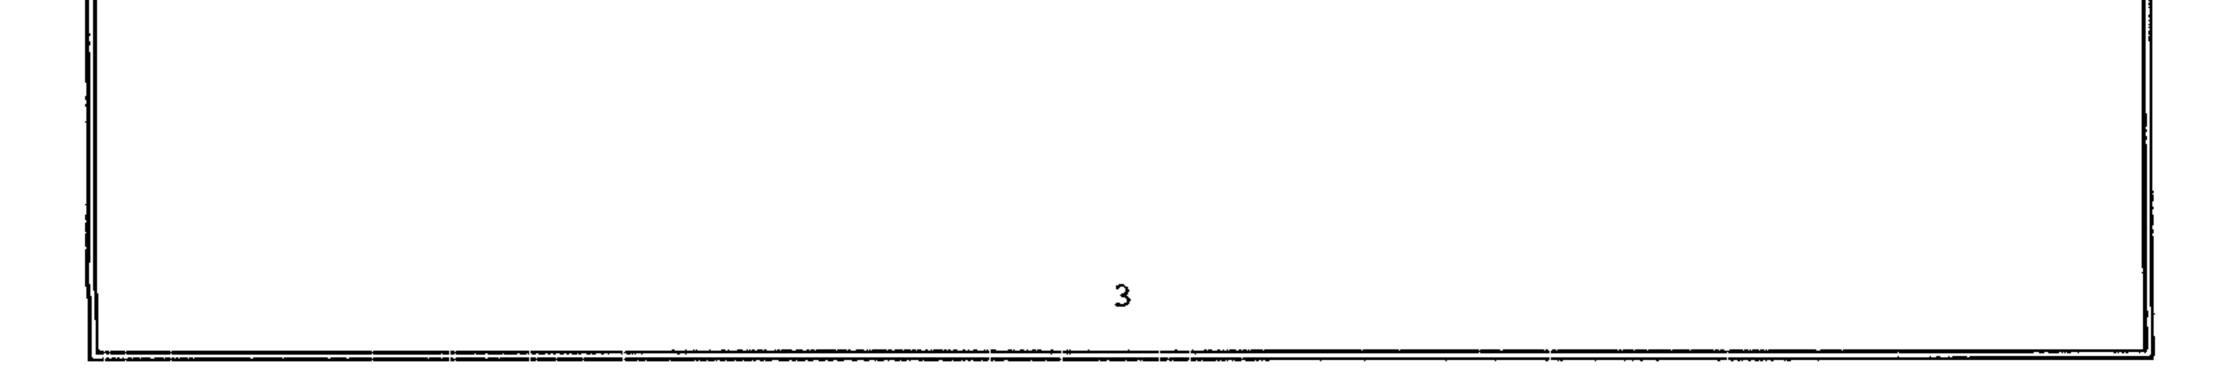

The financial information for the preceding year which is included for comparative purposes was taken from the financial report for that year in which we expressed an unqualified opinion on the general purpose financial statements of the Village of Tickfaw, Louisiana.

Respectfully submitted,

DURNIN & JAMES, PA'S

NOTES TO FINANCIAL STATEMENTS

June 30, 1999

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES 1.

The Village of Tickfaw, Louisiana (the "Village") was incorporated on April 15, 1957, under the provisions of the Lawrason Act. The Village operates under a Mayor-Board of Aldermen form of government. The Village provides the following services: public safety (police and fire), streets, drainage, sanitation, public improvements and general and administrative functions. Other services include water and sewer utilities.

The accounting and reporting policies of the Village of Tickfaw, Louisiana conform The to generally accepted accounting principles as applicable to governments. Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principals. Such accounting and reporting procedures also conform to the requirements of Louisiana Revise Statutes 24:517 and to the industry audit guide, Audits of State and Local Governmental Units.

The following is a summary of certain significant accounting policies:

FINANCIAL REPORTING ENTITY А.

As the governing authority of the Village, for reporting purposes, the Village of Tickfaw is the financial reporting entity for Tickfaw, Louisiana. The financial reporting entity consists of (a) primary government (Board of Aldermen), (b) organizations for which the primary government is financially accountable, and (c) other organizations for which nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Governmental Accounting Standards Board Statement No. 14 established criteria for determining which component units should be considered part of the Village of Tickfaw for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability. This criteria includes:

- 1. Appointing a voting majority of an organization's governing body, and
 - The ability of the Board of Aldermen to impose its will on that а. organization and/or
 - The potential for the organization to provide specific financial b. benefits to or impose specific financial burdens on the Board of Aldermen.

Organizations for which the Board of Aldermen does not appoint a voting 2. majority but are fiscally dependent on the Board.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

June 30, 1999

3. Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

Based on the application of the above criteria, it was determined the Village of Tickfaw has no potential component unit. As a result, this report includes all funds and account groups which are controlled by or dependent on the Village's executive and legislative branches (the Mayor and Board of Aldermen). Control by or dependence on the Village was determined on the basis of budget adoption, taxing authority, authority to issue debt, election or appointment of governing body, and other general oversight responsibility.

B. FUND ACCOUNTING

The accounts of the Village of Tickfaw are organized on the basis of funds and account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures, or expenses, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds are grouped, in the financial statements in this report, into five generic fund types and two broad fund categories as follows:

GOVERNMENTAL FUNDS

<u>General Fund</u> - The General Fund is the general operating fund of the Village. It is used to account for all financial resources except those required to be accounted for in another fund.

<u>Special Revenue Funds</u> - Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than expendable trust, or major capital projects) that are legally restricted to expenditures for specific purposes.

PROPRIETARY FUND

<u>Enterprise Fund</u> - Enterprise Funds are used to account for operations (a) that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided the periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy management control accountability or other

maintenance, public policy, management control, accountability, or other purposes. 13

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

June 30, 1999

C. FIXED ASSETS AND LONG-TERM LIABILITIES

The accounting and reporting treatment applied to the fixed assets and longterm liabilities associated with a fund are determined by its measurement focus.

All governmental fund and expendable trust fund type operations are accounted for on a spending or "financial flow" measurement focus and only current assets and current liabilities are generally included on their balance sheet.

Fixed assets used in governmental fund type operations (general fixed assets) are accounted for in the General Fixed Assets Account Group, and are recorded as expenditures in the governmental fund types when purchased. Public domain ("infrastructure") general fixed assets consisting of certain improvements other than buildings, including roads, bridges, curbs and gutters, streets and sidewalks, drainage systems and lighting systems, <u>are not</u> capitalized along with other general fixed assets. No depreciation has been provided on general fixed assets.

Long-term liabilities expected to be financed from governmental funds are accounted for in the General Long-Term Debt Account Group.

The two account groups are not "funds." They are concerned only with the measurement of financial position. They are not involved with measurement of results of operations.

All proprietary funds are accounted for on a cost of services or "capital maintenance" measurement focus, and all assets and liabilities (whether current or noncurrent) associated with their activity are included on their balance sheets.

Depreciation of all exhaustible fixed assets used by the proprietary fund is charged as an expense against its operations. Depreciation has been provided over the estimated useful lives using the straight-line method. The estimated useful lives are as follows:

Water and Sewer Utility -

| Water Well and Tanks | 30 Years |
|--------------------------------|----------|
| Water Distribution Line | 30 Years |
| Sewer Lines and Oxidation Pond | 50 Years |
| Equipment and Vehicles | 5 Years |

All fixed assets are stated at historical cost or estimated historical cost if actual historical cost is not available. Donated fixed assets are stated at their estimated fair value on the date donated.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

June 30, 1999

The Village's policy on interest incurred during construction is to capitalize the amount of interest paid during the construction of a project as part of the cost of constructing the project.

D. BASIS OF ACCOUNTING

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

All governmental funds are accounted for using the modified accrual basis of accounting. Their revenues are recognized when they become measurable and available as net current assets. Taxpayer-assessed income, gross receipts, and sales taxes are considered "measurable" when in the hands of collecting governments and are recognized as revenue at that time. Anticipated refunds of such taxes are recorded as liabilities and reductions of revenue when they are measurable and their validity seems certain. All major revenues are susceptible to accrual.

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. Exceptions to this general rule include: (1) principal and interest on long-term debt which is recognized when due; and (2) expendable operating supplies which are recorded as expenditures at the time of purchase under the "purchase method" (Note (1)G).

All proprietary funds are accounted for using the accrual basis of accounting. Their revenues are recognized when they are earned, and their expenses are recognized when they are incurred. Unbilled utility services receivable for the Water and Sewer Enterprises Funds are not recorded at year end as the amount is not material. The Village applies all GASB pronouncements as well as the Financial Accounting Standards Board pronouncements issued on or before November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements.

E. BUDGETS AND BUDGETARY ACCOUNTING

The Village follows these procedures in establishing the budgetary data reflected in these financial statements:

1. The Village Clerk and Mayor prepare a proposed budget and submits same to the Board of Aldermen no later than fifteen days prior to the beginning of each fiscal year. The proposed budget was submitted to the Board of

Aldermen on May 11, 1998.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

June 30, 1999

- 2. A summary of the proposed budget is published and the public notified that the proposed budget is available for public inspection. At the same time, a public hearing is called. The proposed budget for the year ended June 30, 1999, was published in the official journal on May 26, 1998.
- 3. A public hearing is held on the proposed budget at least ten days after publication of the call for the hearing. A public hearing on the proposed budget for the year ended June 30, 1999, was held on June 15, 1998.
- 4. After holding the public hearing and completion of all action necessary to finalize and implement the budget, the budget is adopted through passage of an ordinance. The proposed budget for the year ended June 30, 1999, was adopted by ordinance on June 30, 1998.
- 5. Budgetary amendments involving the transfer of funds from one department, program or function to another or involving increases in expenditures resulting from revenues exceeding amounts estimated require the approval of the Board of Aldermen. The budget for the year ended June 30, 1999, was amended on May 10, 1999.
- 6. All budgetary appropriations lapse at the end of each fiscal year.
- 7. Budgets for the General and Special Revenue Funds are adopted on a basis consistent with generally accepted accounting principles (GAAP). A budget was also adopted for the Water and Sewer Enterprise Fund. Formal budgetary integration is not employed for Debt Service Funds because effective budgetary control is alternatively achieved through general obligation bond indenture provisions.

The Village of Tickfaw did not comply with certain provisions of state law which require the budget to be amended when actual expenditures and other uses exceed budgeted expenditures and other uses by five percent or more.

F. CASH AND INVESTMENTS

Cash includes amounts in demand deposits, interest bearing demand deposits, and money market accounts. Under state law, the Village may deposit funds in demand deposits, interest bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana law and national banks having their principal offices in Louisiana.

Under state law, the Village may invest in United States bonds, treasury notes, or certificates. These are classified as investments if their original maturities exceed 90 days; however, if the original maturities are 90 days or less, they are classified as cash. Investments are stated at cost.

16

<u>NOTES TO FINANCIAL STATEMENTS (CONTINUED)</u>

June 30, 1999

INVENTORY G.

The Village utilizes the "purchase method" of accounting for supplies in governmental funds whereby expendable operating supplies are recognized as expenditures when purchased. The Village did not record any inventory at June 30, 1999, as the amount is not material.

BAD DEBTS н.

Uncollectible amounts due for ad valorem taxes and customer's utility receivables are recognized as bad debts through the establishment of an allowance account at the time information becomes available which would indicate the uncollectibility of the particular receivable. No allowance for uncollectible amounts is recorded at June 30, 1999.

ACCUMULATED COMPENSATED ABSENCES I.

In accordance with the provisions of GASB Statement No. 16, vacation leave is accrued as a liability when earned by the employees since the employees "right to receive compensation is already rendered and it is probable that the Village will compensate the employees for benefits through paid time off or through cash payments at termination." A liability for sick pay is not recorded since sick pay does not vest.

Vacation leave liability that is expected to be liquidated with expendable available financial resources is reported as an expenditure and a fund liability of the governmental fund that is responsible for payment. Amounts that are not expected to be liquidated with expendable available financial resources are reported in the general long-term debt account group. No expenditure is reported for these amounts.

PENSION PLAN J.

The Village has a pension plan which covers all of the Village's police employees. This pension plan is a defined contribution plan administered by the statewide Louisiana Municipal Police Employees' Retirement System (MPERS). The pension plan is funded by contributions from employees through payroll withholding deductions and matching contributions from the Village.

к. UNBILLED ENTERPRISE FUND RECEIVABLES/REVENUE

The Village's receivable for unbilled Enterprise Fund revenue is considered immaterial and has not been recorded at June 30, 1999.

PAYABLE FROM RESTRICTED ASSETS ь.

Certain assets of the Tickfaw Water and Sewer Systems have been restricted for payment of the following:

| Village of Tickfaw | |
|--|------------------------------------|

N. TOTAL COLUMN ON COMBINED STATEMENTS - OVERVIEW

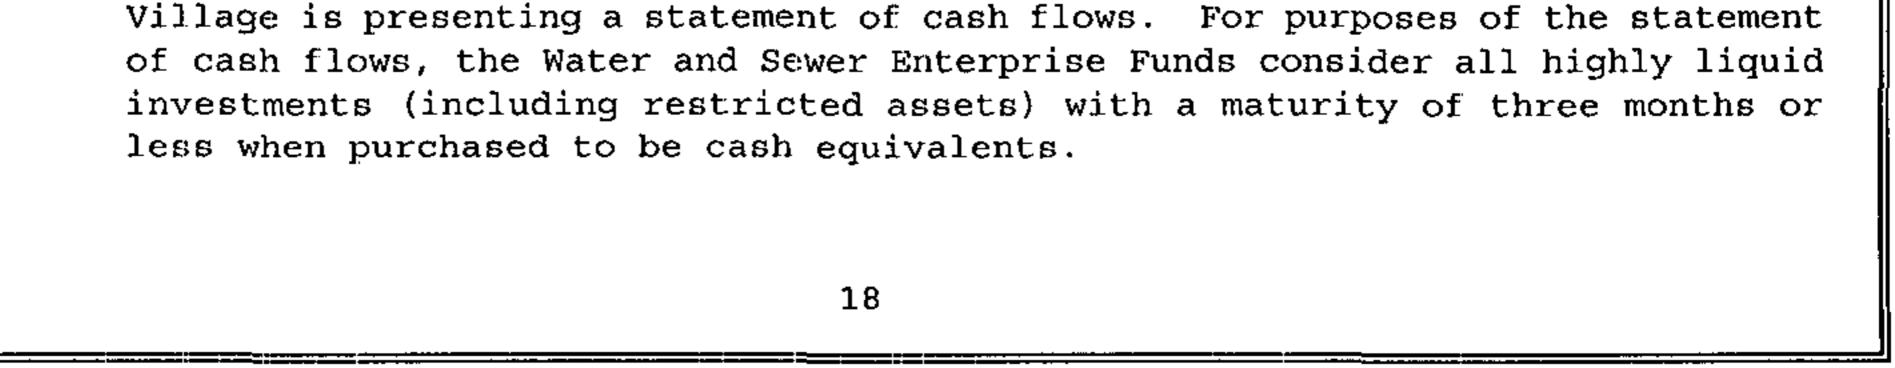

Total column on the combined statements - overview is captioned Memorandum Only to indicate that it is presented only to facilitate financial analysis. Data in this column does not present financial position, results of operations, or changes in financial position in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

O. STATEMENT OF CASH FLOWS

1.

- -

In accordance with Governmental Accounting Standards Board Statement No. 9, the

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

June 30, 1999

2. AD VALOREM TAXES

Ad valorem taxes attach as an enforceable lien on property as of January 1 of each year. Taxes are levied by the Village in September or October and are actually billed to the taxpayers in November. Billed taxes become delinquent on January 1 of the following year. Revenues from ad valorem taxes are budgeted in the year billed.

The Village bills and collects its own property taxes using the assessed values determined by the tax assessor of Tangipahoa Parish.

For the year ended June 30, 1999, taxes of 17.29 mills were levied on property with taxable assessed valuations totaling \$952,770 and were dedicated as follows:

General Corporate Purposes 6.91 Mills

Fire Protection

<u>10.38</u> Mills

Total

<u>17.29</u> Mills

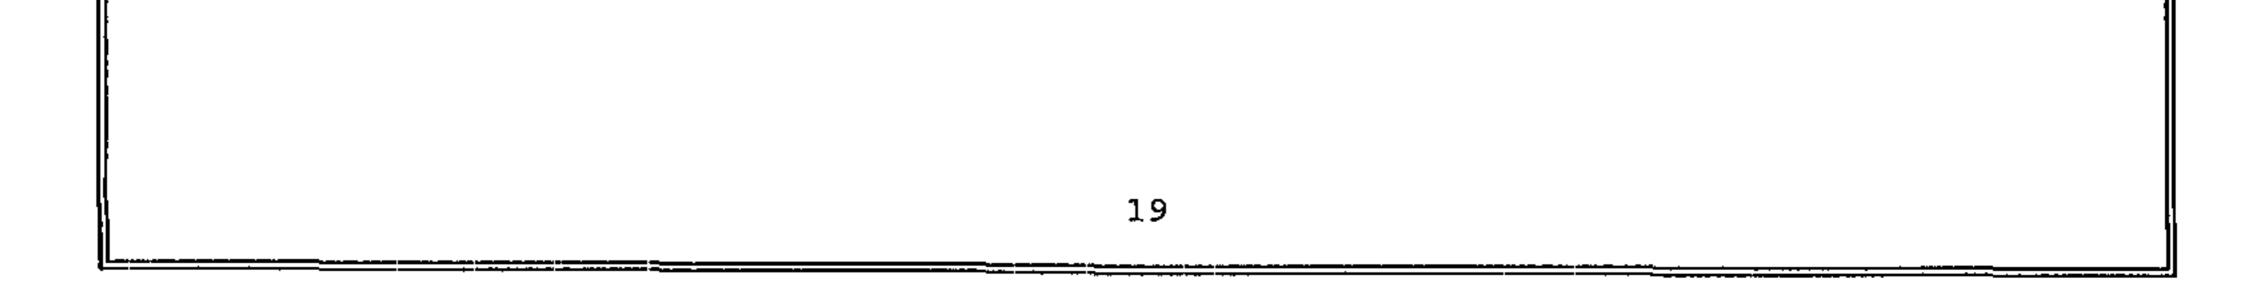

Total taxes levied were \$16,215. Taxes receivable were \$14 at June 30, 1999. The allowance for uncollectible ad valorem taxes totaled \$-0- at June 30, 1999.

3. CASH AND INVESTMENTS

Cash includes amounts in demand deposits, interest bearing demand deposits, and money market accounts. Under state law, the Village may deposit funds in demand deposits, interest bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana law and national banks having their principal offices in Louisiana.

Under state law, the Village may invest in United States bonds, treasury notes, or certificates. These are classified as investments if their original maturities exceed 90 days; however, if the original maturities are 90 days or less, they are classified as cash equivalents. Investments are stated at cost.

As reflected on Exhibit A, the Village of Tickfaw has cash totaling \$151,529 and investments totaling \$0 at June 30, 1999. Under state law, these deposits must be secured by federal deposit insurance or the pledge of securities owned by the bank. These pledged securities are held by and in the name of the fiscal agent bank but pledged to the Village. The following is a summary of the cash and investments (bank balances) at June 30, 1999, with the related federal deposit insurance and pledged securities:

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

June 30, 1999

| Capital Lease | | <u>⊷</u> | | - |
| Subtotal | \$213 000 | \$~~ | \$ 7 000 | \$206 000 |

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

June 30, 1999

Long-term debt payable at June 30, 1999, is comprised of the following:

Sales tax bonds, Series 1995, to construct and improve public streets within the Village, due in annual installments of \$6,000 to \$19,000 through December 1, 2015, with interest at 5.10 to 10.00 percent.

Payments of sales tax bonds, Series 1995 are payable solely from and secured by an irrevocable pledge and dedication of a special 1% sales and use tax.

```
Sewer Revenue Bonds:
$346,000 Series 1992 Sewer Revenue Bonds
due in monthly installments of $1,740;
Interest Rate is 5.25%
```

_ _ _ _ _ _ _ _ _ _ _ _ _ _ _ _ _

\$<u>206,000</u>

S330,4

Payments of Sewer Revenue Bonds' principal and interest are secured solely by a lien on and pledge of the net revenues of the Sewer System. The Sewer Revenue Bonds are collateralized by the revenue of the Sewer System and the various special funds established by the bond authorizing resolution.

The annual requirements to amortize all debt outstanding at June 30, 1999, including interest payments of \$497,630 are as follows:

| | | SEWER | |
|------------|-------------------|-------------------|---------------------|
| YEAR ENDED | 1995 SALES | REVENUE | |
| JUNE 30, | TAX BONDS | BONDS | TOTAL |

9. DEDICATION OF PROCEEDS OF FLOW OF FUNDS - SALES AND USE TAX

The Village assesses a 2% sales and use tax. Proceeds are dedicated to the following purpose:

A. The 1984 1% sales tax is to be used for the purpose of providing funds for the General Fund of the Village and for the additional purpose of providing funds

for any other lawful purposes of the Village. This tax is accounted for in the General fund.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

June 30, 1999

- B. The 1995 1% sales tax is to be levied through December 31, 2017, for the purpose of constructing, improving, and maintaining streets and drainage facilities, including the overlaying of streets and to fund bonds used for street overlay construction. The proceeds from this 1% sales tax have been irrevocably pledged and dedicated to secure the payment of \$225,000 of sales tax bonds, Series 1995, dated December 1, 1995.
- 10. FLOW OF FUNDS: RESTRICTIONS ON USE-SEWER REVENUES

The Village, through its governing authority, adopted a resolution on September 14, 1992, authorizing the issuance of Sewer Revenue Bonds, Series 1992, in an amount not to exceed \$346,000 for acquiring and construction of extensions to its sewer system. The resolution also authorized the sale and delivery of said bonds to the United States Department of Agriculture, Farmers Home Administration; prescribing the form, fixing the details and providing for the payment of principal and interest on such bonds and entering into certain covenants and agreements in connection with the security and payment of said bonds. In that resolution the revenues of the Sewer System are irrevocably and irrepealably pledged and dedicated in an amount sufficient for payment of the bonds authorized and interest as they become due and for other purposes. In that resolution, certain funds were required to be established to account for the receipt and disbursement of Sewer System revenues. An analysis of these accounts is provided as follows:

<u>Sewer Revenue Fund</u> - The bond resolution requires that all revenues of the Sewer System shall be deposited daily in a separately identifiable account to be established with the Village's fiscal agent bank and designated as the "Sewer Revenue Fund". The revenues deposited into the Sewer Revenue Fund shall be expended in the following priority:

From the Sewer Revenue Fund, the Village shall first pay all reasonable and necessary costs and expenses of operating and maintaining the Sewer System.

<u>Sewer Revenue Bond and Interest Sinking Fund</u> - After the payment of all reasonable and necessary costs and expenses of maintaining the Sewer System, monies from the Sewer Revenue Fund shall be transferred to a separately identifiable account to be established with the Village's fiscal agent bank and designated as the "Sewer Revenue Bond and Interest Sinking Fund" in amounts sufficient to pay promptly and fully the principal of and interest on the bonds as they severally become due and payable.

Monies from the Revenue Fund shall be transferred into the Sewer Revenue Bond and Interest Sinking Fund monthly in advance on or before the twentieth (20th) day of each month of each year a sum equal to one-twelfth (1/12) the interest falling due on the next interest payment date during the first year the Bond is outstanding and, thereafter, a sum equal to the total amount of principal and interest falling due on the next principal and interest payment date.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

June 30, 1999

The payments will continue monthly until April 2033, unless the bonds are called in advance of their maturity dates, in which event it is possible to reduce the required payments into the sinking fund.

<u>Sewer Revenue Bond Reserve Fund</u> - From the Sewer Revenue Fund, there shall be transferred monthly in advance on or before the twentieth (20th) day of each month of each year commencing with the month following completion of and acceptance of the improvements and extensions financed with the proceeds of the bonds, to a separately identifiable account to be established with the Village's fiscal agent bank and designated as the "Sewer Revenue Bond Reserve Fund" a sum at least equal to 5% of the amount required to be paid into the Sewer Revenue Bond and Interest Sinking Fund for such month until such fund accumulates an amount equal to the scheduled maximum principal and interest requirements in any succeeding bond year.

Money in the Reserve Fund is to be retained solely for the purpose of payment of the principal of and interest on all obligations payable from the Sinking Fund for which sufficient funds are not on deposit in the Sinking Fund and as to which there would otherwise be default.

<u>Sewer Depreciation and Contingency</u> - From the Sewer Revenue Fund, there shall be transferred monthly on or before the twentieth (20th) day of each month of each year commencing with the month following completion of and acceptance of the improvements and extensions financed with the proceeds of the bonds to a separately identifiable account to be established with the Village's fiscal agent bank and designated as the "Sewer Depreciation and Contingency Fund" the sum of \$97. All monies in the Sewer Depreciation and Contingency Fund may be used for the purpose of paying the costs of any unusual and extraordinary maintenance and any repairs, replacements, extensions and improvements to the Sewer System. Money accumulated in this fund may also be used to pay principal and interest on the bonds falling due at any time there is not sufficient money for payment in the Sewer Revenue Bond and Interest Sinking Fund or the Sewer Revenue Bond Reserve Fund.

All monies remaining in the Revenue Fund after all required deposits into the bond funds described herein shall be considered surplus and may be used for the purpose of retiring bonds in advance of their maturity or for any other lawful purpose.

As of June 30, 1999, balances in the various funds created pursuant to the bond resolution were in accordance with the bond covenants.

11. COMPLIANCE WITH SEWER REVENUE BOND COVENANTS

The Village through its governing authority, adopted a resolution on September 14, 1992, authorizing the issuance of Sewer Revenue Bonds, Series 1992, in an amount not to exceed \$346,000 for construction of extensions to its sewage system. That bond resolution contained certain covenants and agreements in connection with the security and payment of the bonds. The major covenants contained in the bond resolution and agreement and the manner in which the Village has complied with these covenants is described as follows:

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

June 30, 1999

<u>Rate Covenant</u> - In the bond resolution, the Village covenants to fix, establish, maintain and collect such rates, fees, rents and other charges of the services and facilities of the Sewer System and to revise the rate whenever necessary as will always provide revenues in each fiscal year sufficient to pay (i) the reasonable and necessary expenses of operating the System, (ii) one hundred five percent (105%) of the required deposits to the Sinking Fund for such fiscal year, (iii) all other payments required for such fiscal year by the bond resolution and loan agreement, and (iv) all other obligations or indebtedness payable out of the revenues for such fiscal year. In connection therewith, the Village adopted Ordinance No. 97 on September 14, 1993, which established sewer user classifications, set specific sewer rates and provided a detailed procedure for annual review and adjustment of sewer rates.

In connection with the rate covenant, the bond resolution also contained specific procedures with regards to delinquent sewer customers. The Village agreed that the failure of any person to pay the charges for any service rendered by the Sewer System within thirty (30) days of the date on which it is due shall cause such charge to become delinquent and a delinquent charge of ten percent (10%) of the delinquent amount shall be assessed. If a delinquent account is not paid within thirty (30) days of the date of delinquency, the Village will shut off water and sewer services to the affected premises. All delinquent accounts shall bear interest at the rate of six percent (6%) per annum.

At June 30, 1999, the Village was in compliance with this bond covenant.

<u>Records and Accounts and Audit Requirements</u> - In the bond resolution the Village is required to maintain and keep accurate records and accounts for the Sewer System separate and distinct from its other records and accounts. These Sewer System records shall be maintained in accordance with generally accepted government accounting standards and shall be audited annually no later than (3) months after the close of each fiscal year by an independent certified public accountant.

As of June 30, 1999, the Village was not in compliance with this bond covenant as the financial statements were not audited within three months after the close of the fiscal year (June 30).

<u>Insurance and Fidelity Bonds</u> - In the bond resolution the Village is required to maintain full coverage of insurance on the System. The Village is also required to obtain fidelity bonds on all employees in a position of authority or in possession of money derived from the operation of the System.

As of June 30, 1999, the Village was in compliance with this bond covenant as all persons responsible for collection of receipts from customers were adequately bonded.

Other Requirements - The bond resolution contains additional covenants regarding utilization of funds, maintenance of the system and other miscellaneous provisions. 26

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

June 30, 1999

As of June 30, 1999, the Village was in compliance with these other bond covenants in all material respects.

12. SALES TAX BONDS, SERIES 1995 - FLOW OF FUNDS

The Village through its governing authority, adopted a resolution on November 13, 1995, authorizing the issuance of Sales Tax Bonds, Series 1995 for the purpose of constructing and improving streets within the Village including overlaying such streets. Pursuant to a special election held on July 15, 1995, the proceeds of a special 1% sales and use tax have been irrevocably pledged and dedicated to secure the payments of Sales Tax Bonds, Series 1995. In that resolution, certain funds were required to be established for the receipt and disbursement of the proceeds of the 1% sales and use tax.

<u>Sales Tax Account</u> - The bond resolution requires that proceeds of this 1% sales and use tax be deposited daily in a separate and special bank account designated as the "1% Street and Drainage Sales Tax Account" (Sales Tax Account). The Village accounts for this bank account in the 1995 Sales Tax Fund which is a special revenue fund. However, the bank account is incorrectly titled "1995 Sales Tax Reserve Fund". The proceeds of the tax deposited into the Sales Tax Account shall be expended in the following priority.

From the Sales Tax Account, the Village shall first pay all reasonable and necessary expenses of collection and administration of tax.

<u>Sales Tax Bond Sinking Fund (Sinking Fund)</u> - After payment of all reasonable and necessary expenses of collection and administration of tax, monies from the Sales Tax Account shall be transferred to a special account held by the designated fiscal agent of the Village sufficient in amount to pay promptly and fully the principal of and interest on the bonds as they severally become due and payable.

Monies from the Sales Tax Account shall be transferred into the Sinking Fund monthly in advance on or before the Twentieth (20^{th}) day of each month of each year a sum equal to one-sixth (1/6) of the interest due on the next interest payment date and one-twelfth (1/12) of the principal falling due on the next principal payment date.

<u>Sales Tax Bond Reserve Fund (Reserve Fund)</u> - From the Sales Tax Account, there shall be transferred to the Sales Tax Bond Reserve Fund upon delivery of bonds from the proceeds thereof, a sum of \$13,000, and monthly in advance on or before the twentieth (20th) day of each month of each year, beginning December 1995, a sum of \$225 per month until a sum equal to the Reserve Fund requirement for all outstanding bonds payable from the Sinking Fund is on deposit in the Reserve Fund.

All monies remaining in the Sales Tax Account on the twentieth (20th) day of each month in excess of all reasonable and necessary expenses of collection and administration of the tax and after making required payments to the Sinking Fund and to the Reserve Fund, shall be considered surplus. Such surplus may be used for any purpose authorized by the tax or for the purpose of retiring bonds in advance of their maturities.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

June 30, 1999

13. SALES TAX BONDS, SERIES 1995 RESOLUTION COVENANTS

The Village through its governing authority, adopted a resolution on November 13, 1995, authorizing the issuance of \$225,000 Sales Tax Bonds, Series 1995, for street improvements and construction. The following describe the covenants made in the bonds resolution and how the Village complied with them.

Legal Right to Levy and Collect Tax - In providing for the issuance of bonds, the Village does hereby covenant that it has a legal right to levy and collect the 1% sales and use tax and to pledge the tax revenues for payment of bonds.

<u>Records and Accounts</u> - As long as bonds are outstanding and unpaid, the Village shall maintain and keep proper books of records and accounts, separate from all other records and accounts in which shall be made full and correct entries of all transactions relating to the collection and expenditure of the tax. These records shall be audited annually no later than three months after the close of each fiscal year by an independent certified public accountant.

Fidelity Bonds - The Village is required to obtain a blanket fidelity and faithful performance bond, or independent fidelity bonds written by a responsible indemnity company in amounts adequate to protect the Village from loss.

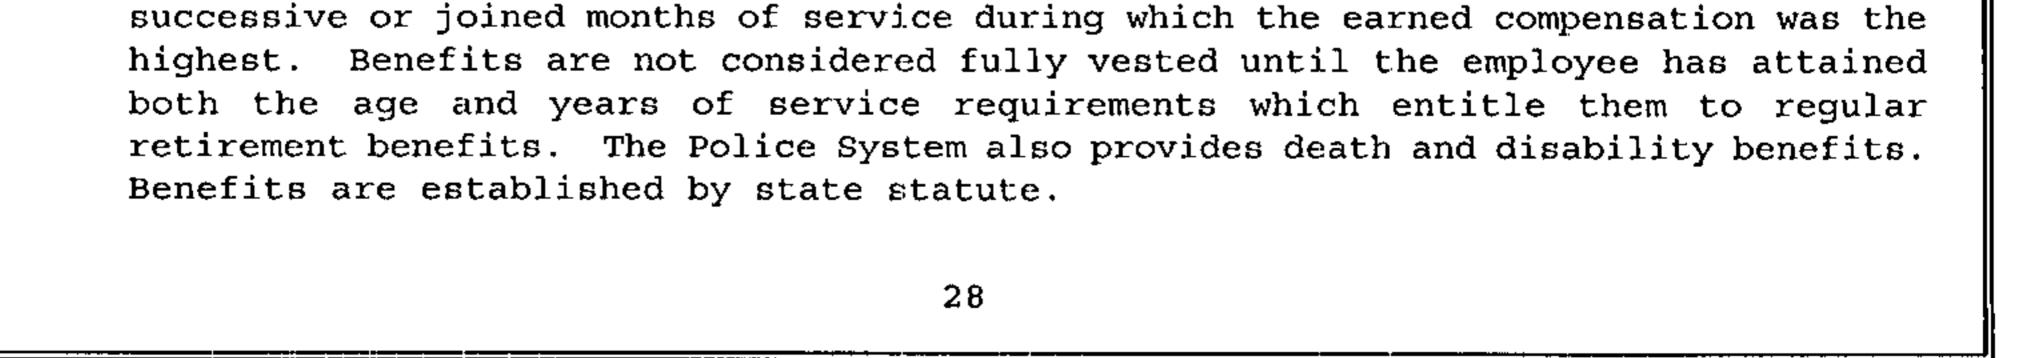

Flow of Funds - The Village is required to monthly transfer amounts to certain funds set up by the bond resolution.

During the year ended June 30, 1999, the Village has complied with the covenants regarding legal right to levy and collect tax and fidelity bonds. However, the financial statements were not audited within three months after the close of the fiscal year (June 30th).

14. EMPLOYEES PENSION PLAN (POLICE OFFICERS)

Full-time police employees of the Village of Tickfaw participate in the Municipal Police Employees Retirement System ("Police System"), a multiple-employer public employee retirement system. The payroll for employees covered by the Police System for the year ended June 30, 1999, was \$16,718; the Village's total payroll was \$105,107.

All Village employees who participate in the plan shall be eligible for retirement if he has 20 years or more of creditable service and is at least age 50, or 12 years or more of creditable service and is at least age 55. Retirement benefits are equal to 3 1/3 percent of average final compensation multiplied by the number of years of creditable service and is payable monthly for life. Average final compensation is the average annual earned compensation of an employee for any period of thirty-six

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

June 30, 1999

The contribution rate for employees is 7.50% of earnable compensation and is established by state statute.

The employer contribution rate is 9.00% of members earnings.

The Village's total payroll in the fiscal year ended June 30, 1999, was \$105,107, and the Village's contributions were based on a payroll of \$16,718. Both the Village and the covered employees made the required contributions, amounting to \$2,758. There were no related party transactions.

Trend Information

Contributions required by state statute:

Fiscal Year Required Percentage June 30 Contribution Contribution

| <u> </u> | | |
|----------|----------|------|
| 1997 | \$ 1,664 | 100% |
| 1998 | \$ 3,002 | 100% |
| 1999 | \$ 2,758 | 100% |

The System issues an annual publicly available financial report that includes financial statements and required supplementary information for the System. That report may be obtained by writing to the Municipal Police Employees Retirement System of Louisiana, 8401 United Plaza Boulevard, Baton Rouge, Louisiana 70809-2250, or by calling (225)929-7411.

All employees o the Village of Tickfaw, Louisiana are also members of the Social Security System.

15. DEFICITS IN INDIVIDUAL FUNDS

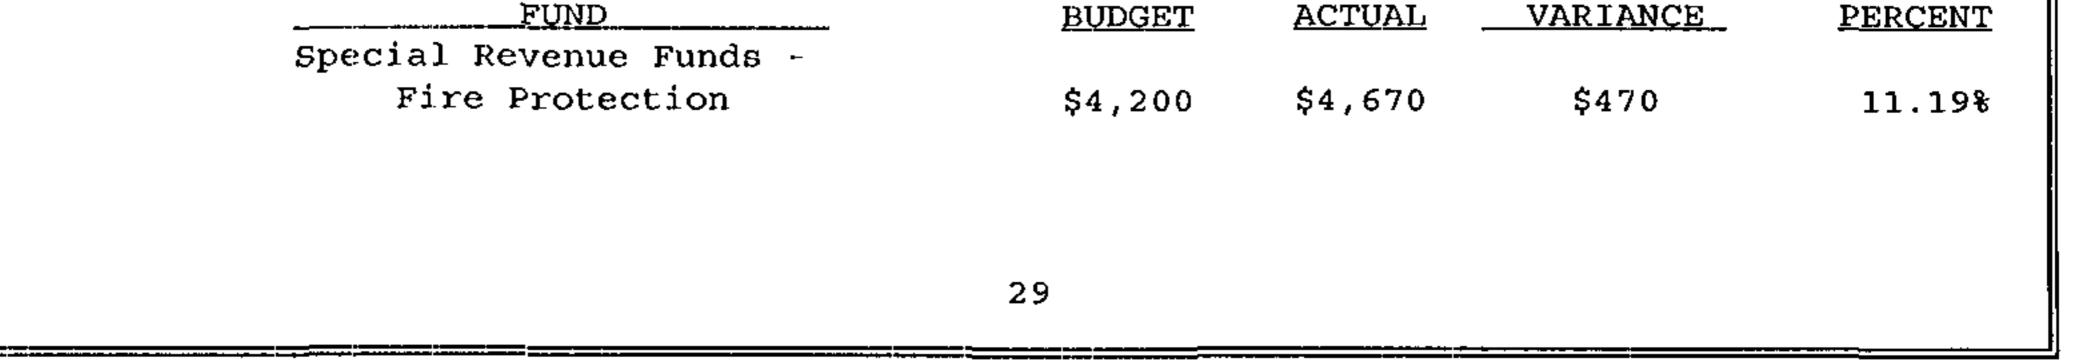

At June 30, 1999, the General Fund had a deficit in fund balance - unreserved undesignated of \$628.

At June 30, 1999, the Sewer Enterprise Fund had a deficit in retained earnings unreserved - undesignated of \$12,732, but due to contributed capital, total fund equity was \$920,328 at June 30, 1999.

EXPENDITURES OVER APPROPRIATIONS 16.

Expenditures in individual funds exceeded amounts appropriated as follows:

UNFAVORABLE

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

June 30, 1999

The Louisiana Municipal Budget Law requires a local government to amend its operating budget whenever variances between budgeted and actual revenues and other sources or expenditures exceed 5%.

17. SEGMENT INFORMATION FOR ENTERPRISE FUNDS

The Village maintains two Enterprise Funds which provide water and sewer services. Segment information for the year ended June 30, 1999 is as follows:

For the Year Ended June 30, 1999

| | | Total |
|----------|----------|------------|
| Water | Sewer | Enterprise |
| <u> </u> | <u> </u> | <u> </u> |

| Operating Revenues | \$ 35,791 | \$ 71,239 | \$ 107,030 |
|-------------------------------|-----------|-----------|------------|

| Net Income (Loss) | (24,926) | (10,176) | (35,102) |
| Current Capital Contributions | - | 7,475 | 7,475 |
| Net Working Capital | (13,827) | 34,443 | 20,616 |
| Total Assets | 694,216 | 1,254,742 | 1,948,958 |
| Bonds Payable from | | | |
| Operating Revenues | - | 330,452 | 330,452 |
| Total Equity | 662,690 | 920,328 | 1,583,018 |

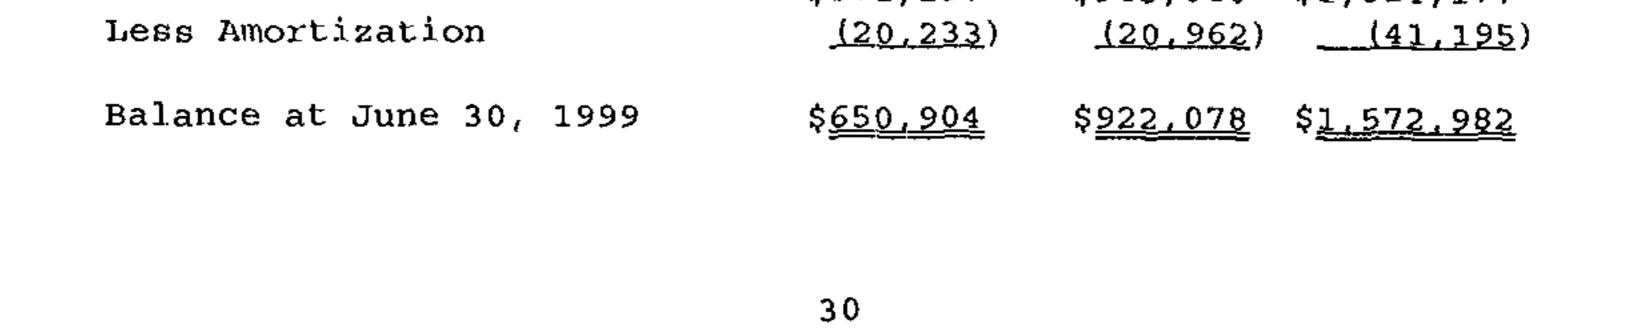

18. ON BEHALF PAYMENTS MADE BY STATE OF LOUISIANA

For the year ended June 30, 1999, the State of Louisiana made on behalf payments in the form of supplemental pay to Village's police. In accordance with GASB 24, the Village has recorded \$14,400 of on behalf payments as revenue and as expenses in the General Fund.

19. CONTRIBUTED CAPITAL

The following is a summary of changes in contributed capital:

| | <u>Water</u> | <u>Sewer</u> <u>Total</u> | |
|---------------------------------------|---------------------------|---------------------------|--|
| Balance at June 30, 1998 Additions | \$663,662 <u>7,475</u> | \$943,040 \$1,606,702 | |
| | \$671,137 | \$943,040 \$1,614,177 | |

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

June 30, 1999

20. COMPENSATION TO ELECTED OFFICIALS

Compensation paid to the Mayor, Chief of Police, and members of the Board of Aldermen for the year ended June 30, 1999:

| Anthony Lamonte, Mayor | \$ 1,230 |
|-----------------------------------|------------------|
| Sam Pigno, Mayor | 3,900 |
| Jimmy Sparacello, Chief of Police | 16,236 |
| <u>Board of Aldermen</u> | |
| Margaret Muscarello | 1,235 |
| Fran K. Monistere | 680 |
| Julius Fekete | 680 |
| Anthony Lamonte | 570 |
| Peter Bentivegna | 570 |
| | \$ <u>25,101</u> |

COMPLIANCE MATTERS 21.

The Village of Tickfaw's budgets for the general fund and 95 Sales Tax Special Revenue fund both had unfavorable variances over 5% allowed. See finding 98-1 for more detail.

Restricted funds were used for operating purposes. See finding 98-3 for more detail.

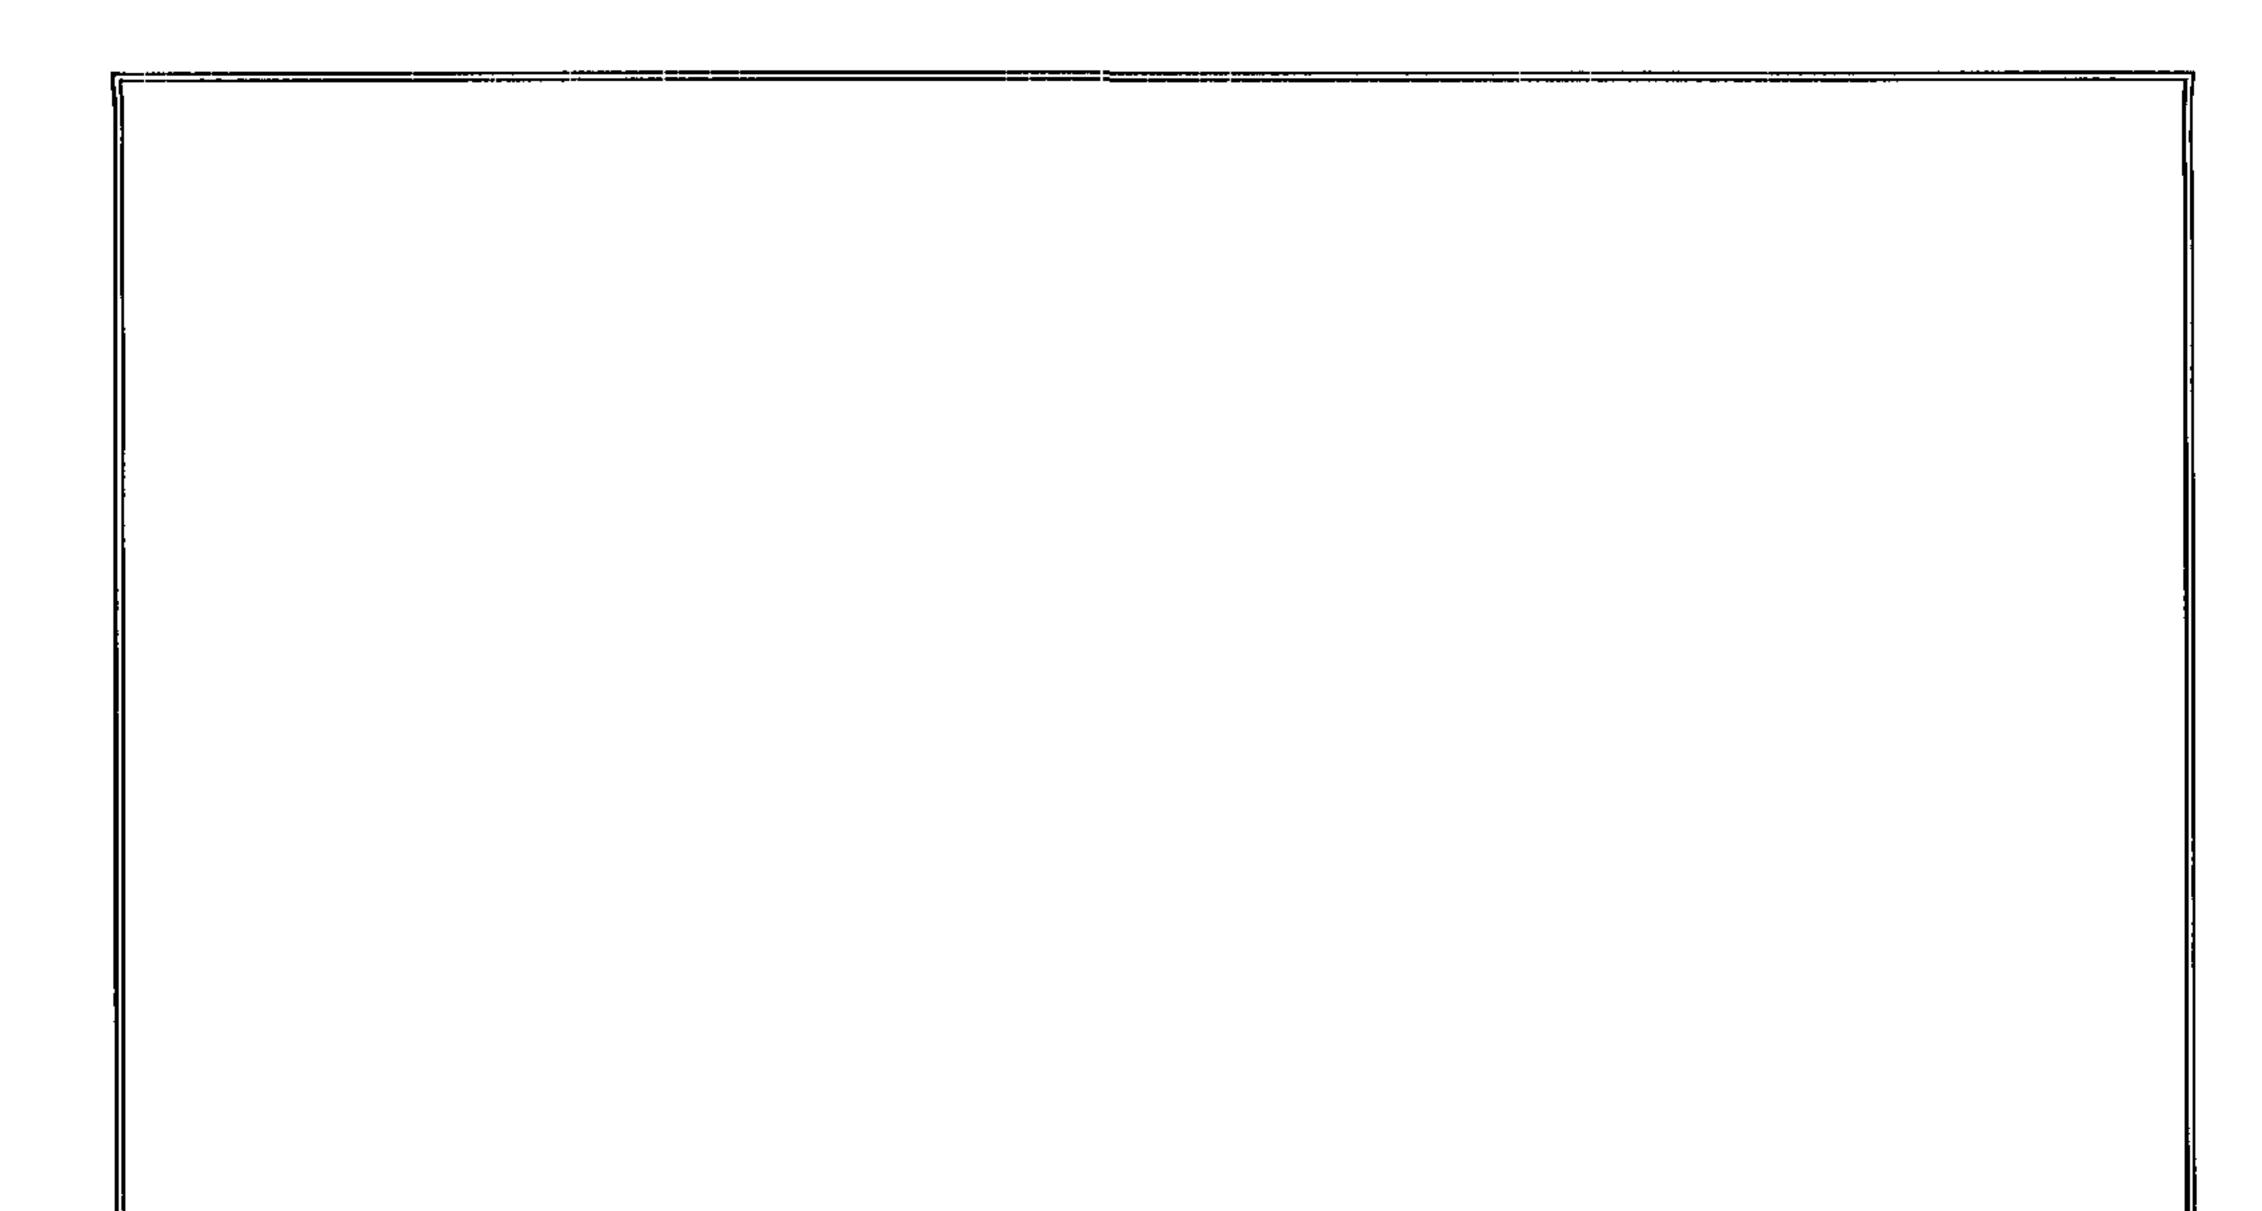

Both the Sewer Bonds Covenant and 95 Sales Tax Covenant require the financial statements to be audited within three months after the close of the fiscal year. The audit was not completed until January 2000.

22. YEAR 2000 ISSUE

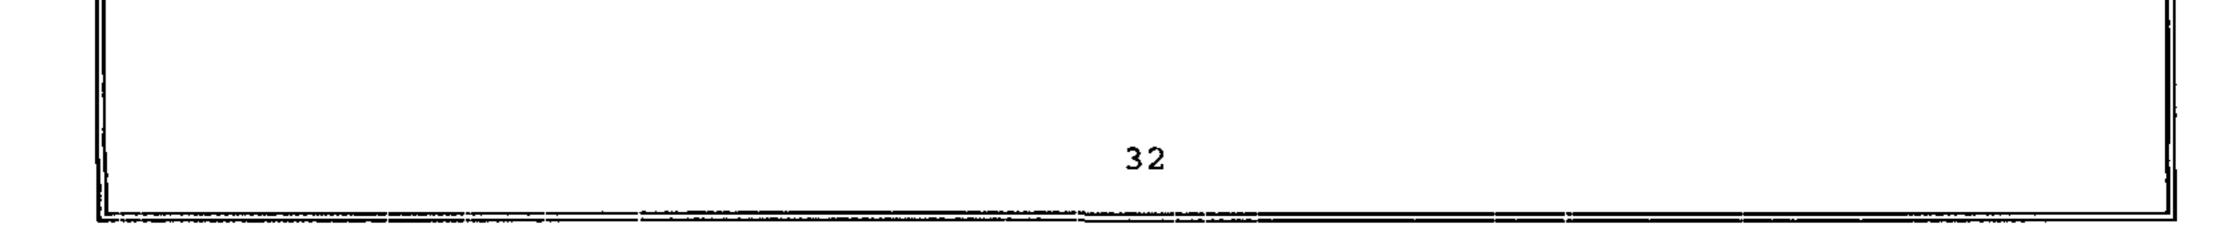

The Year 2000 Issue is the result of shortcomings in many electronic data processing systems and other electronic equipment that may adversely affect the government's operations as early as fiscal year 1999.

The Village of Tickfaw has completed an inventory of computer systems and other electronic equipment that may be affected by the Year 2000 Issue and that are necessary for conducting the Village's operations. Based on this inventory, the Village is in the remediation stage in that hardware and software have been acquired believed to be year 2000 compliant for the financial reporting systems. Testing and validation of the systems have been completed.

Because of the unprecedented nature of the Year 2000 Issue, its effects and the success of related remediation efforts will not be fully determinable until the year 2000 and thereafter. Management cannot assure that the Village is or will be year 2000 ready, that the Village's remediation efforts will be successful in whole or in part, or that parties with whom the Village does business will be year 2000 ready.

SPECIAL REVENUE FUNDS

1995 Sales Tax Fund - To account for the receipt and use of a one percent (1%) sales and use tax levied by the Village of Tickfaw upon the sale at retail, the use, the lease

- or rental, the consumption and storage for use or consumption of tangible personal property, and on sales and services as defined by law. The tax is levied through December 31, 2017, for the purpose of constructing, improving, and maintaining streets and drainage facilities, and to fund bonds for constructing and improving Village streets.
- Fire Protection Millage Fund To account for the receipt and use of proceeds of the Village's ten mill property tax passed by the citizens on November 8, 1988. Revenues derived from this special ten mill ad valorem tax is dedicated to providing fire protection services for the residents of the Village. The tax is for a period of ten years, beginning in the year 1989.

<u>INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE AND ON INTERNAL CONTROL</u> <u>OVER FINANCIAL REPORTING BASED ON AN AUDIT OF GENERAL PURPOSE</u> <u>FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH</u> <u>GOVERNMENT AUDITING STANDARDS</u>

The Honorable Sam J. Pigno, Mayor and the Members of the Board of Aldermen Village of Tickfaw, Louisiana

We have audited the general purpose financial statements of the Village of Tickfaw,

Louisiana, as of and for the year ended June 30, 1999, and have issued our report thereon dated December 17, 1999. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States.

<u>Compliance</u>

As part of obtaining reasonable assurance about whether the Village of Tickfaw's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance that are required to be reported under <u>Government Auditing Standards</u> which are described in the accompanying schedule of findings and recommendations as item numbers 99-1, 99-2, 99-3, 99-4 and 99-5.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Village of Tickfaw's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. However, we noted certain matters involving the internal control over financial reporting and its operation that we consider to be reportable conditions. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our judgment, could adversely affect Village of Tickfaw, Louisiana's ability to record, process, summarize and report financial data consistent

with the assertions of management in the general purpose financial statements. Reportable

VILLAGE OF TICKFAW

conditions are described in the accompanying schedule of findings and recommendations as items 99-6 and 99-7.

A material weakness is a reportable condition in which the design or operation of one or more of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control structure that might be reportable conditions and accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses as defined above. However, of the reportable conditions described above, we consider item number 99-7 to be a material weakness.

This report is intended for the information of management, the Louisiana Legislative Auditor, and federal awarding agencies and pass-through entities. This restriction is not intended to limit the distribution of this report which, upon acceptance by the Mayor and Board of Aldermen of the Village of Tickfaw, Louisiana, is a matter of public record.

Respectfully submitted,

DURNIN & JAMES, CPA'S

<u>CURRENT YEAR AUDIT FINDINGS</u> For the Year Ended June 30, 1999

FINDINGS AND RECOMMENDATIONS

COMPLIANCE

99-1 FAILURE TO COMPLY WITH LOCAL GOVERNMENT BUDGET ACT

FINDING

The Village did not comply with certain budget requirements set forth in LSA R.S. 39:1310 (Louisiana Local Government Budget Act). The Act contains various budget requirements for the general fund and special revenue funds for political subdivisions of the state. During our audit, we found that the Village had not properly complied with the requirements of the act as follows:

A. Budget Variances - The act requires that, during the year, the Mayor notify the Board of Aldermen in writing, when (a) actual revenue and other sources plus projected revenues and other sources for the year fail to meet budgeted revenues and other sources by five percent or more; (b) actual expenditures and other uses

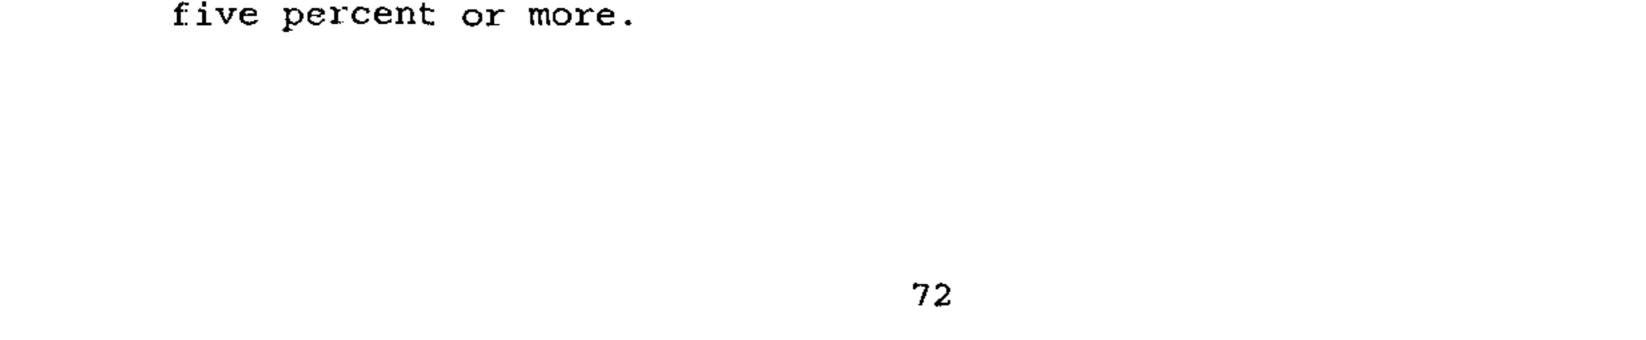

plus projected expenditures and other uses for the remainder of the year exceed budgeted expenditures and other uses by five percent or more; or (c) the actual beginning fund balance fails to meet estimated beginning fund balance by five percent or more. For the year ended June 30, 1999, the Mayor did not notify the Board of Aldermen, in writing, of the following budget variances:

- The actual expenditures and other uses of the Fire Protection Special Revenue Fund (\$4,670) exceed the budgeted expenditures and other uses (\$4,200) by 11.19%.

RECOMMENDATION

We recommend that the Village comply with budget requirements set forth in the Louisiana Local Budget Act.

- A. During the year, the Mayor should notify the Board of Aldermen, in writing, when any of the following occurs:
 - Actual revenue and other sources plus projected revenues and other sources for the year fail to meet budgeted revenues and other sources by five percent or more.
 - Actual expenditures and other uses plus projected expenditures and other uses for the remainder of the year exceed budgeted expenditures and other uses by five percent or more.
 - Actual beginning fund balance fails to meet estimated beginning fund balance by

CURRENT YEAR AUDIT FINDINGS (CONTINUED)

For the Year Ended June 30, 1999

FINDINGS AND RECOMMENDATIONS (CONTINUED)

MANAGEMENT'S RESPONSE

In management's corrective action plan dated January 10, 2000, the Mayor indicated that the Village intends to comply fully with local government budget acts.

99-2 SEWER REVENUE BOND COVENANT VIOLATIONS

FINDING

During the year ended June 30, 1999, the Village did not comply with certain covenants of the sewer revenue bond resolution as follows:

A. Audit Requirements - The financial statements of the Village were not audited within three months after the close of the fiscal year (June 30th).

RECOMMENDATION

We recommend that the Village take the necessary steps to adhere to the various covenants agreed to in the bond resolution.

MANAGEMENT'S RESPONSE

In management's corrective action plan dated January 10, 2000, the Mayor indicated that the Village will take the necessary steps to adhere to the various covenants as agreed upon in the bond resolution.

99-3 SALES TAX, SERIES 1995 RESOLUTION COVENANTS

FINDING

The Village did not comply with certain requirements of the bond resolution as follows:

A. Restricted Funds - All monies remaining in the Sales Tax Account on the twentieth (20th) day of each month in excess of all reasonable and necessary expenses of collection and administration of the tax and after making required payments to the Sinking Fund and to the Reserve Fund, shall be considered surplus. Such surplus may be used for any purpose authorized by the tax (the purpose of constructing and improving streets within the Village) or for the purpose of retiring bonds in advance of their maturities. Approximately \$3,964 of the restricted funds were used for purposes not allowable.

B. Audit Requirement - The financial statements of the Village were not audited within three months after the close of the fiscal year (June 30th).

73

<u>CURRENT YEAR AUDIT FINDINGS</u> (CONTINUED) For the Year Ended June 30, 1999

FINDINGS AND RECOMMENDATIONS (CONTINUED)

RECOMMENDATION

We recommend that the Village take the necessary steps to adhere to the various covenants agreed to in the bond resolution.

MANAGEMENT'S RESPONSE

In management's corrective action plan dated January 10, 2000, the Mayor indicated that the Village will take the necessary steps to adhere to the various covenants as agreed upon in the bond resolution.

99-4 AUDIT REPORT FILING REQUIREMENT

FINDING

The Village of Tickfaw did not complete and transmit a copy of the audit report for the year ended June 30, 1999 to the Legislative Auditor by December 31, 1999 as required by Louisiana Revised Statutes (LSA-R.S.) 24:513(A)(a). This condition occurred because of the significant amount of time necessary to analyze and adjust the Village of Tickfaw general ledger accounts to figures that can be audited.

RECOMMENDATION

We recommend that the Village of Tickfaw maintain its general ledger accounts in such a manner that all general ledger accounts easily reconcile to the detail listings supporting the general ledger accounts at the end of any month.

MANAGEMENT'S RESPONSE

In management's corrective action plan dated January 10, 2000, the Mayor indicated that the Village will perform monthly reconciliations of its general ledger accounts, and will adjust the accounts to agree with the detail supporting those accounts on a monthly basis.

99-5 DUAL POST OFFICE BOXES

FINDING

The Village maintains two post office boxes; one for the Village, and one for the Police Department. According to the Lawrason Act, the clerk is responsible for the audit of and accounting for all Village funds.

<u>RECOMMENDATION</u>

```
The Village should close out the post office box for the Police Department, and maintain
only one post office box.
```

```

```

<u>CURRENT YEAR AUDIT FINDINGS (CONTINUED)</u> For the Year Ended June 30, 1999

FINDINGS AND RECOMMENDATIONS (CONTINUED)

MANAGEMENT'S RESPONSE

In management's corrective action plan dated January 10, 2000, the Mayor indicated that the Police Department post office box will be closed out as soon as possible.

REPORTABLE CONDITIONS

99-6 DEFICIT IN GENERAL FUND

<u>FINDING</u>

The general fund began the year with a deficit fund balance - unreserved - undesignated in the amount of \$35,962. As of June 30, 1999, the balance has favorably changed to a deficit of \$628, but remains a deficit.

RECOMMENDATION

The Village needs to seek additional sources of revenue and/or find ways to decrease expenditures in order to avoid a going concern problem.

MANAGEMENT'S RESPONSE

In management's corrective action plan dated January 10, 2000, the Mayor indicated that the Village will seek additional sources of revenue and decrease expenditures for the year ending June 30, 2000.

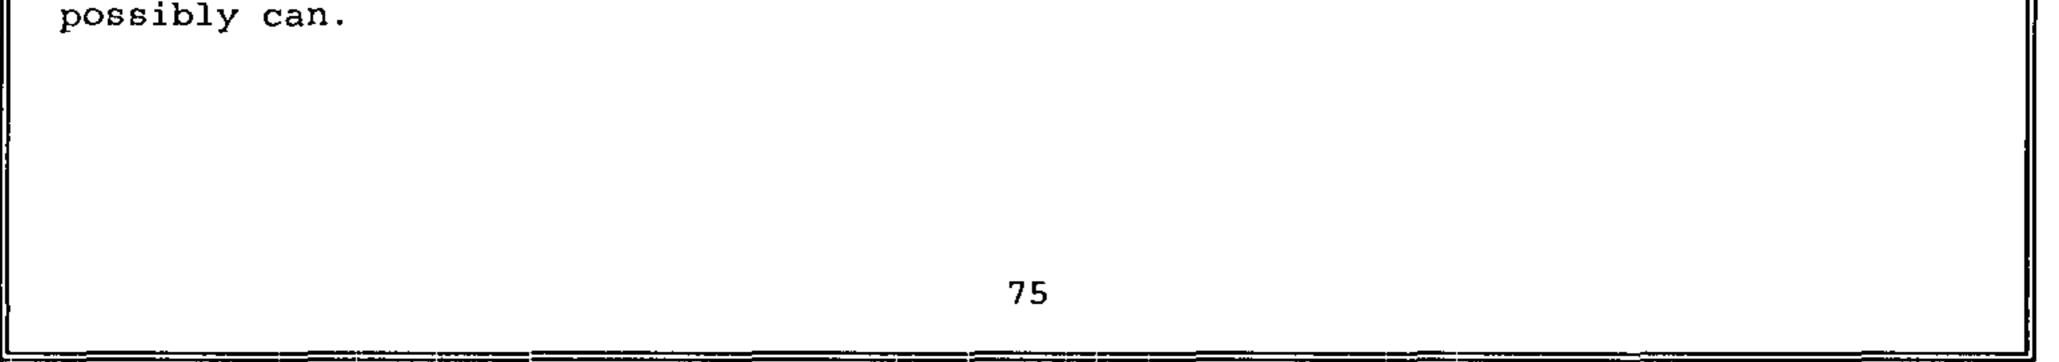

99-7 WATER RATES

FINDING

During our audit and review of the Water Fund we noted that total operating expenses (\$61,319) of the Fund exceeded total operating revenues (\$35,791) in the amount of \$25,528. The financial position of the Village will not allow the Water Fund to continue sustaining losses of this magnitude.

RECOMMENDATION

We recommend the village increase water rates in an amount large enough to cover operating expenses, at the least. The Village should also decrease operating expenses if it possibly can
