We have audited the accompanying general purpose financial statements of the Berwick Development District, a component unit of the Town of Berwick, Louisiana, as of and for the year ended December 31, 1999, as listed in the table of contents. These general purpose financial statements are the responsibility of the District's officials. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Berwick Development District as of December 31, 1999 and the results of its operations for the year then ended in conformity with generally accepted accounting principles.

In accordance with Government Auditing Standards, we have also issued a report dated May 20, 2000, on our consideration of the District's internal control over financial reporting, and our tests of its compliance with certain provisions of laws, regulations, contracts and grants.

BERWICK DEVELOPMENT DISTRICT

Notes to Financial Statements

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Berwick Development District was created by an ordinance dated May 15, 1996 of the Town of Berwick, Louisiana under the authority of LA R.S. 33:2740.29. The District operates under a Board of Commissioners. The purpose of the District is to acquire and develop real property within the corporate limits of the Town of Berwick for purposes of residential and economic development.

The accounting and reporting policies of the Berwick Development District conform to generally accepted accounting principles as applicable to governments. Such accounting and reporting procedures also conform to the requirements of Louisiana Revised Statutes 24:513, the Louisiana Governmental Audit Guide and to the industry audit guide, Audits of State and Local Governmental Units.

The following is a summary of certain significant accounting policies:

Financial Reporting Entity

Because the Berwick Development District provides financing and office space to the District and appoints members of the governing body of the District, the District was determined to be a component unit of the Town of Berwick, the financial reporting entity. However, the Town exercises no control over the District's operations nor can the Town remove any members of the governing body of the District. The accompanying financial statements present information only on the funds maintained by the District and do not present information of the Town of Berwick, or the general government services provided by the Town of Berwick.

Fund Accounting

The accounts of the District are organized on the basis of funds and account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures, or expenses, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

Governmental Funds -

General Fund

The General Fund is the general operating fund of the District. It is used to account for all financial resources of the District.

BERWICK DEVELOPMENT DISTRICT

Notes to Financial Statements

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Account Group -

General Fixed Assets Account Group

The General Fixed Assets Account Group is used to account for fixed assets used in governmental fund type operations. All fixed assets are valued at historical costs. No depreciation is recorded on general fixed assets.

Basis of Accounting

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental funds are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Operating statements of these funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets.

The modified accrual basis of accounting is used by all governmental fund types. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). "Measurable" means the amount of the transactions can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are recorded when *the related fund liability is incurred*.

Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is *not employed by the District as an extension of formal budgetary integration in the funds*.

Memorandum Only - Total Columns

Total columns on the general purpose financial statements are captioned "Memorandum Only" to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the *aggregation of this data*.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principals requires management to make certain estimates and assumptions. Those estimates affect the *reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements*. They may also affect the reported amounts of revenues and expenses of proprietary funds during the reporting period.

BERWICK DEVELOPMENT DISTRICT

Notes to Financial Statements

NOTE 2 COMMISSIONERS' COMPENSATION

During the year ended December 31, 1999, none of the following commissioners were compensated for their services to the District:

Damon Robison, Chairman
 Bella Burchfield, Vice Chairman
 Dennis Taylor, Treasurer
 Edie Skiles, Secretary
 Byron Jones
 Cliff Watson
 Murval Guidroz, Jr.

NOTE 3 CASH AND INTEREST-BEARING DEPOSITS

Under state law, the District may deposit funds within a fiscal agent bank organized under the laws of the State of Louisiana, the laws of any other state in the Union, or the laws of the United States. At December 31, 1999, the District has cash (book balance) totaling \$154,595 as follows:

Demand deposits	<u>\$ 154,595</u>
-----------------	-------------------

This deposit is stated at cost, which approximates market. Under state law, this deposit (or the resulting bank balance) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent bank. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. Deposit balance (bank balance) at December 31, 1999, is secured as follows:

Bank balance	<u>\$ 155,962</u>
Federal deposit insurance	<u>\$ 100,000</u>

NOTE 4 CHANGES IN FIXED ASSETS

The following is a summary of changes in general fixed assets for the fiscal year:

	Balance January 1, 1999	Additions	Deletions	Balance December 31, 1999
Construction in progress	<u>\$ 67,904</u>	<u>\$ 2,456,395</u>	<u>\$ -</u>	<u>\$ 2,524,299</u>

BERWICK DEVELOPMENT DISTRICT

Notes to Financial Statements

NOTE 5 PENDING LITIGATION

The District is presently not involved in any litigation.

NOTE 6 INTERGOVERNMENTAL AGREEMENT

On January 15, 1997, the District entered into an intergovernmental agreement with the Town of Berwick for the development and construction of Renwick Subdivision for residential expansion. The agreement stated that the Town of Berwick would transfer ownership of approximately 73.5 acres of land purchased for the development site. In exchange, the District would reimburse the Town of Berwick for all costs incurred by the Town for the purchase and development of the land as a subdivision. During the year ended December 31, 1998, the Town of Berwick issued \$2,600,000 in certificates of indebtedness to finance the development of Renwick Subdivision. The proceeds were used to construct infrastructure and utility improvements in the development. It is anticipated that repayment will be funded with proceeds derived from sales of lots in the development. During the year ended December 31, 1999, the Town of Berwick transferred title to approximately 30 acres of the 73.5 acres to the District. This parcel had been developed as the first phase of the Renwick development. The Town incurred costs totaling \$2,453,558 to develop the property. Upon taking title to the property, the District commenced selling the residential lots to the public. In accordance with the terms of the agreement, the District transferred funds totaling \$452,184 during the year ended December 31, 1999 to the Town. These proceeds were used by the Town to satisfy debt service requirements of the \$2,600,000 certificates of indebtedness issued by the Town to finance the property's development.

dsfcpas.com

We have audited the general purpose financial statements of the Berwick Development District, a component unit of the Town of Berwick, Louisiana, as of and for the year ended December 31, 1999, and have issued our report thereon dated May 20, 2000. We have conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the Berwick Development District's general purpose financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations and contracts, noncompliance with which could have a direct and material effect on the determination of general purpose financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed two instances of noncompliance that were required to be reported under Government Auditing Standards. The instances of noncompliance are described in the accompany schedule of findings and questioned costs as items 99-2 and 99-3.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Berwick Development District's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the general purpose financial statements and not to provide assurance on the internal control over financial reporting. However, we noted one certain matter involving the internal control over financial reporting and its operation that we consider to be a reportable condition. Reportable conditions involve matters coming to our attention relating to significant

Member of:
American Institute of
Certified Public Accountants
Society of Louisiana
Certified Public Accountants

deficiencies in the design or operation of the internal control over financial reporting that, in our judgment, could adversely affect the District's ability to record, process, summarize, and report financial data consistent with the assertions of management in the general purpose financial statements. The reportable condition is described in the accompanying schedule of findings and questioned costs as item 99-1.

A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the general purpose financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, we believe the reportable condition described as 99-1 is a material weakness.

This report is intended for the information and use of the Board of Commissioners and others within the organization and is not intended to be and should not be used by anyone other than those specified parties.

OTHER SUPPLEMENTARY INFORMATION

BERWICK DEVELOPMENT DISTRICT

Summary Schedule of Prior Year Findings
Year Ended December 31, 1999

98-1 Finding: Inadequate Segregation of Accounting Functions

Status: This finding is unresolved. See current year finding 99-1.

98-2 Finding: Violation of Local Government Budget Act

Status: This finding was only applicable to the year ended December 31, 1998. The District has adopted a budget for the year ended December 31, 1999.

BERWICK DEVELOPMENT DISTRICT

Schedule of Findings and Questioned Costs
Year Ended December 31, 1999

Part 1: Summary of Auditor's Results

FINANCIAL STATEMENTS

Auditor's Report – Financial Statements

An unqualified opinion has been issued on the Berwick Development District's financial statements as of and for the year ended December 31, 1999.

Reportable Condition – Financial Reporting

One reportable condition in internal control over financial reporting was disclosed during the audit of the financial statements and is shown as item 99-1 in Part 2 and is considered a material weakness.

Material Noncompliance – Financial Reporting

There were two material instances of noncompliance noted during the audit of the financial statements and are shown as items 99-2 and 99-3 in Part 2.

FEDERAL AWARDS

This section is not applicable for the fiscal year ended December 31, 1999.

Part 2: Findings Relating to an Audit in Accordance with Governmental Auditing Standards

99-1 Inadequate Segregation of Accounting Functions

Finding:

Due to the small number of accounting personnel, the District did not have adequate segregation of functions within its accounting system.

Recommendation:

Based upon the size of the operation and the cost benefit of additional personnel it may not be feasible to achieve complete segregation of duties.

BERWICK DEVELOPMENT DISTRICT

Schedule of Findings and Questioned Costs (Continued)
Year Ended December 31, 1999

99-2 Violation of Local Government Budget Act

Finding:

The District did not amend its budget when it was determined that projected revenues would exceed actual revenues by more than five percent.

Recommendation:

The District's management should institute policies to ensure that the District amends its budget whenever it is determined that revenues will fall short of budgeted projections by more than five percent.

99-3 Unsecured Deposits

Finding:

The District had funds on deposit in a local financial institution which were not secured by federal deposit insurance or the pledge of securities from the depository institution's investment portfolio. This is a violation of LA R.S. 39:1221-1225.

Recommendation:

The District should contact the depository institution holding the unsecured deposits and require that the depository institution pledge investment securities from its investment portfolio in an amount sufficient to secure the District's funds on deposit.

Part 3: Findings and Questioned Costs Relating to Federal Programs

At December 31, 1999, the Berwick Development District, did not meet the requirements to have a single audit in accordance with OMB Circular A-133, therefore this section is not applicable.

BERWICK DEVELOPMENT DISTRICT

Management's Corrective Action Plan For Current Year Findings
Year Ended December 31, 1999

Response to Finding 99-1:

No response is considered necessary.

Response to Finding 99-2:

The District has taken steps to ensure that the District will be in compliance in the future.

Response to Finding 99-3:

In the future, District management will ensure that all the District's deposits will be adequately secured by either FDIC coverage or the pledge of bank-owned securities.
