NOTES TO FINANCIAL STATEMENTS

1. Summary of Significant Accounting Policies

The accounting policies of Welsh Gravity Drainage District No. 1 of Jefferson Davis Parish, Louisiana, conform to generally accepted accounting principles as applicable to governmental units. Such accounting and reporting procedures also conform to the requirements of Louisiana Revised Statutes 24:517 and to the guides set forth in the Louisiana Municipal Audit and Accounting Guide, and to the industry audit guide, Audits of State and Local Governmental Units. The following is a summary of the more significant policies:

A. Financial Reporting Entity

The accompanying financial statements include the various activities that are within the control and authority of the Board of Commissioners of the Welsh Gravity Drainage District No. 1 of Jefferson Davis Parish, Louisiana. The decision to include a potential component unit in the reporting entity was made by applying the criteria set forth in Statement No. 14 of the Governmental Accounting Standards Board. This statement defines the reporting entity as the primary government and those component units for which the primary government is financially accountable. Financial accountability is defined as appointment of a voting majority of the component unit's board, and either a) the ability to impose will by the primary government, or b) the possibility that the component unit will provide a financial benefit to or impose a financial burden on the primary government.

Based on the foregoing criteria, the Welsh Gravity Drainage District No. 1 is a component unit of the Jefferson Davis Parish Police Jury and has no other fiscal or significant managerial responsibility over any other governmental unit that is not included in the financial statements of the Welsh Gravity Drainage District No. 1 of Jefferson Davis Parish, Louisiana.

#### B. Fund Accounting

The accounts of the Welsh Gravity Drainage District No. 1 of Jefferson Davis Parish are organized on the basis of funds and account group, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures. Revenues are accounted for in these individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled. The funds presented in the financial statements are described as follows:

#### GOVERNMENTAL FUNDS

<u>Special Revenue Fund</u> - Special Revenue Funds are used to account for specific revenue sources that are legally restricted to expenditures for specified purposes.

<u>Debt Service Fund</u> - Debt Service Fund is used to account for the accomulation of resources for, and the payment of, general long-term debt, principal, interest, and related cost.

C. Fixed Assets and Long-Term Liabilities

The Welsh Gravity Drainage District No. 1 has acquired no fixed assets at this date.

Long-term liabilities expected to be financed from governmental fund types are accounted for in the General Long-Term Debt Account Group, not in the governmental funds.

The account group is not a "fund". It is concerned only with the measurement of financial position, not with measurement of results of operations.

Because of their spending measurement focus, expenditure recognition for governmental fund types is limited to exclude amounts represented by noncurrent liabilities. Since they do not affect net current assets, such long-term amounts are not recognized as governmental fund type expenditures or fund liabilities. They are instead reported as liabilities in the General Long-Term Debt Account Group.

D. Basis of Accounting

Basis of accounting refers to when revenues and expenditures or expenses are recognized and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The governmental funds are maintained on the modified accrual basis of accounting, utilizing the following practices in recording revenues and expenditures.

<u>Revenues</u> - The governmental fund types use a current financial resources measurement focus and are accounted for using the modified accrual basis of accounting. The revenues are recognized when susceptible to accrual, i.e., when they become measurable and available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period.

Those revenues susceptible to accrual are property taxes and interest revenue.

<u>Expenditures</u> - Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred.

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

E. Budgets and Budgetary Accounting

The Secretary-Treasurer prepares a proposed budget and submits same to the Board of Commissioners prior to the beginning of each fiscal year. The operating budget includes proposed expenditures and the means of financing them.

The budget was adopted by the Board of Commissioners at their June 3, 1999 meeting.

Any revisions that alter total expenditures of any fund must be approved by the Board of Commissioners. Formal budgetary integration is employed as a management control device during the year for the Special Revenue and Debt Service Funds. All budgetary appropriations lapse at the end of each fiscal year. Encumbrance accounting is not used.

Budgets for the Special Revenue and Debt Service Funds are adopted on a basis consistent with generally accepted accounting principles (GAAP). Budgeted amounts are as originally adopted.

Cash and Certificates of Deposit **F**.

· -

Cash balances of all funds are combined and invested in certificates of deposit. Interest earned on these time deposits is distributed to the individual funds on the basis of invested balances of the participating funds during the year.

The District is authorized by state statutes to open depositories in only those banks with branch offices in the state. State statutes also authorize the District to invest in U.S. Bonds and Treasury Notes and other federally insured instruments. Investments in time certificates of deposit can be placed with Louisiana state banks or with national banks having their principal office in the state.

Total Columns on Combined Statements-Overview G.

Total columns on the combined statements-overview are captioned Memorandum Only to indicate they are presented only to facilitate financial analysis. Data in these columns do not present financial position, results of operations, or changes in financial position in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation.

#### H. Ad Valorem Taxes

Ad valorem taxes were levied by the Welsh Gravity Drainage District No. 1 of Jefferson Davis Parish for the year 1999 in the amount of 5.72 mills on the dollar assessed valuation on all taxable property in the district, for the purpose of maintaining and operating the drainage works within the District. The taxes are collected by the Jefferson Davis Parish Sheriff and then are transferred to the District.

The ad valorem taxes are levied November 1st of each year. Ad valorem taxes are due by December 31st and are delinquent January 1st. Delinquent property taxes are assessed interest at one and one-quarter percent per month for the period of delinquency. Property owners with taxes still delinquent by March are notified by certified mail of impending sale. Sale of delinquent properties is held each year on the Wednesday closest to May 20th.

#### 2. Cash and Certificates of Deposit

The Welsh Gravity Drainage District No. 1 maintains demand (cash) and time deposits (certificates of deposit) through local depository banks which are members of the Federal Reserve System.

Deposits in excess of federally insured amounts are required by Louisiana state statute to be protected by collateral of equal market value. Authorized collateral includes general obligations of the U.S. Government, obligations issued or guaranteed by an agency established by the U.S. Government, general obligation bonds of any state of the U.S., or of any Louisiana parish, municipality or school district.

Cash and certificates of deposit of the District are classified into three categories to give an indication of the level of risk assumed at year end. Category 1 represents those deposits insured (inclusive of FDIC) or collateralized with securities held by the District or its agent in the District's name. Category 2 represents deposits collateralized with securities held by the pledging financial institution's trust department or agent in the District's name. Category 3 represents deposits uncollateralized including any securities held for the entity but not in the District's name.

Demand and time deposit balances at December 31, 1999 were as follows:

3. Individual Fund Receivable and Payable Balances

At December 31, 1999 these balances consisted of:

Charles L McElroy, CPA (1917-1997) Patrick J. Reddin, CPA (1926-1995) Frank D. Burch, CPA (1921-1991)

We have performed the procedures included in the Louisiana Government Audit Guide and enumerated below, which were agreed to by the management of Welsh Gravity Drainage District No. 1 of Jefferson Davis Parish, Louisiana and the Legislative Auditor, State of Louisiana, solely to assist the users in evaluating management's assertions about Welsh Gravity Drainage District No. 1 of Jefferson Davis Parish, Louisiana's compliance with certain laws and regulations during the year ended December 31, 1999 included in the accompanying Louisiana Attestation Questionnaire. This agreed-upon procedures engagement was performed in accordance with standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of the specified users of the report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

#### Public Bid Law

1. Select all expenditures made during the year for material and supplies exceeding \$5,000, or public works exceeding \$50,000, and determine whether such purchases were made in accordance with LSA-RS 38:2211-2251 (the public bid law).

All expenditures made during the year for material and supplies exceeding \$5,000, or public works exceeding \$50,000 were identified. We identified no failures to comply with the public bid law in connection with these

#### expenditures.

Code of Ethics for Public Officials and Public Employees

2. Obtain from management a list of the immediate family members of each board member as defined by LSA-RS 42:1101-1124 (the code of ethics), and a list of outside business interests of all board members and employees, as well as their immediate families.

Management provided us with the required list including the noted information. We identified no noncompliance with the code of ethics based on the information received.

\_ \_ \_ \_ \_ \_ \_ \_ \_ \_ \_ \_ \_ \_

3. Obtain from management a listing of all employees paid during the period under examination.

There were no employees paid by the District during the year ended December 31, 1999. The Secretary-Treasurer was paid \$900 during 1999.

4. Determine whether any of those employees included in the listing obtained from management in agreed-upon procedure (3) were also included on the listing obtained from management in agreed-upon procedure (2) as immediate family members.

There were no employees of the District.

#### Budgeting

5. Obtain a copy of the legally adopted budget and all amendments.

Management provided us with a copy of the original budget. There were no amendments to the budget during the year.

6. Trace the budget adoption to the minute book.

We traced the adoption of the original budget to the minutes of a meeting held on June 3, 1999, which indicated that the budget had been adopted by the commissioners of Welsh Gravity Drainage District No. 1 of Jefferson Davis Parish, Louisiana by a unanimous vote. No amendments were made to the budget during the year.

7. Compare the revenues and expenditures of the final budget to actual

revenues and expenditures to determine if actual revenues or expenditures exceed budget amounts by more than 5%.

17

AININGI INSUGITUCIUS OF STOVAAA P

We compared the revenues and expenditures of the final budget to actual revenues and expenditures. Actual revenues of the Special Revenue Funds exceeded budget by 8.42%. Actual expenditures of the Special Revenue Funds exceeded budgeted amounts by 12.80%. Actual revenues of the Debt Service Fund were 68.18% under budgeted amounts. Ad valorem tax assessments for debt reduction were eliminated from the 1999 assessments by the Board because there were funds available to pay the final debt reduction amounts. We noted that the board reviews and approves all expenditures at its board meetings.

#### Accounting and Reporting

- 8. Randomly select 6 disbursements made during the period under examination and:
  - (a) trace payments to supporting documentation as to proper amount and payee;

We examined supporting documentation for each of the six selected disbursements and found that payment was for the proper amount and made to the correct payee.

(b) determine if payments were properly coded to the correct fund and general ledger account; and

All of the payments were properly coded to the correct fund and general ledger account.

(c) determine whether payments received approval from proper authorities.

Each of the disbursements were traced to the district's minute book where they were approved by the full commission.

#### Meetings

9. Examine evidence indicating that agendas for meetings recorded in the minute book were posted or advertised as required by LSA-RS 42:1 through 42:12 (the open meetings law).

We were informed that the Welsh Gravity Drainage District No.1 of Jefferson Davis Parish, Louisiana is not required to post or advertise each meeting and the accompanying agenda. The Louisiana Attestation Questionnaire indicated the District was in compliance with LSA-RS 42:1 through 42:12.

#### Debt

10. Examine bank deposits for the period under examination and determine whether any such deposits appear to be proceeds of banks loans, bonds, or like indebtedness.

We inspected copies of all bank deposit slips for the period under examination and noted no deposits which appeared to be proceeds of bank loans, bonds, or like indebtedness.

Advances and Bonuses

11. Examine payroll records and minutes for the year to determine whether any payments have been made to employees which may constitute bonuses, advance, or gifts.

A reading of the minutes of the district for the year indicated no approval for the types of payments noted. We noted no instances which would indicate payments to employees which would constitute bonuses, advances, or gifts.

We were not engaged to, and did not, perform an examination, the objective of which would be the expression of an opinion on management's assertions. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the use of management of Welsh Gravity Drainage District No. 1 of Jefferson Davis Parish, Louisiana and the Legislative Auditor, State of Louisiana, and should not be used by those who have not agreed to the procedures and taken responsibility for the sufficiency of the procedures for their purposes. However, this report is a matter of public record and its distribution is not limited.

Re: Welsh Gravity Drainage District No. 1

Compilation and Attestation Report As of and for the Year Ended December 31, 1999

Dear Sir:

In response to your correspondence of August 28, 2000 to Ms Barbara H. Gonzales, McElroy, Quirk & Burch regarding the 1999 compilation and attestation report for the Welsh Gravity Drainage District No. 1, we present the following.

In the future, the Board of Directors of the District will post or advertise agendas for its meetings as required by state law and will monitor the budget on a monthly basis and will amend the budget as necessary to comply with LA revised statutes related to 5% variance of actual revenues and expenditures to budgeted revenues and expenditures.

If additional information is needed in order for your to clear this matter, please contact us.

Sincerely,

#### McElroy, Quirk & Burch (APC)
