#### INDEPENDENT AUDITOR'S REPORT

March 23, 2000

Capital District Law Enforcement Planning Council, Inc. Baton Rouge, Louisiana

I have audited the accompanying general purpose financial statements of the Capital District Law Enforcement Planning Council, Inc., as of and for the year ended March 23, 1999. These financial statements are the responsibility of the Capital District Law Enforcement Planning Council, Inc. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with generally accepted auditing standards and the standards for financial and compliance audits contained in the <u>Government Auditing Standards</u>, issued by the United States General Accounting Office. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general purpose financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the general purpose financial statements referred to above presented fairly, in all material respects the financial position of the Capital District Law Enforcement Planning Council, Inc., as of September 30, 1999, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles.

In accordance with Government Auditing Standards, I have also issued a report dated March 23, 1999, on our consideration of Capital District Law Enforcement Planning Council, Inc.'s internal control over financial reporting and our tests of its compliance with laws, regulations, contracts and grants.

My audit was made for the purpose of forming an opinion on the financial statements of Capital District Law Enforcement Planning Council, Inc. taken as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and is not a required part of the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the general-purpose financial statements and, in my opinion, is fairly stated in all material respects in relation to the general-purpose financial statements taken as a whole. 3

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### ORGANIZATION

.

The Capital District Law Enforcement Planning Council, Inc. (Council) was formed pursuant to the 1969 Omnibus Crime Bill as a Private Non-profit Corporation. It is funded with federal, state and local monies to provide training, supplies and equipment to various law enforcement agencies in the district to lower the crime rate.

#### A. BASIS OF PRESENTATION

The accompanying financial statements of the Probation Department have been prepared in conformity with generally accepted accounting principles (GAAP) as applicable to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

#### B. Principles Determining Scope of Reporting Entity

Determination of the financial reporting entity was made in accordance with the criteria outlined in the National Council on Governmental Accounting (NCGA) Statement 3. The NCGA concluded that the basic criterion for inclusion or exclusion of an agency, institution, authority, or other organization from the financial reporting entity is the exercise of oversight responsibility over agencies, boards, and commissions by the Capital District Law Enforcement Planning Council, Inc. Oversight responsibility is defined to include, but not limited to:

Financial interdependence Selection of governing authority Designation of management Ability to significantly influence operations Accountability for fiscal matters

Scope of public service and special financing relationships were also considered in determining the financial reporting entity.

In evaluating how to define the governmental entity for financial reporting purposes, management has considered all potential component units.

Excluded Entity: The following agency is excluded from these statements because the Council does not exercise oversight:

8

Louisiana Commission on Law Enforcement

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### C. FUND ACCOUNTING

.

The accounts of the Capital District are organized on the basis of funds and accounts groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures. Revenues are accounted for in these individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled. The funds are presented in the financial statements are described as follows:

#### Governmental Funds:

#### General Fund

The General Fund is the principal fund and is used to account for the general operations of the Council. The various fees and charges due the Council are accounted for in this fund. General operating expenditures are paid from this fund.

#### Special Revenue Funds

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes.

## D. GENERAL FIXED ASSETS AND GENERAL LONG-TERM OBLIGATIONS

Fixed assets used in governmental fund type operations (general fixed assets) are accounted for in the General Fixed Assets Account Group, rather than in governmental funds. Depreciation has not been provided on general fixed assets. All fixed assets are valued at historical cost. Donated fixed assets are stated at their estimated fair market value on the date donated. All fixed asset cost were available and no estimates were made.

Long-term obligations expected to be financed form governmental funds are accounted for in the general long-term obligation account group, not in governmental funds.

The two account groups are not "funds". They are concerned only with the measurement of financial position, not with measurement of

9

#### results of operations.

\_\_\_\_\_

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

- E. Encumbrances The Council does not follow the encumbrance method of accounting.
- F. Budgets and Budgetary Accounting The Council follows these procedures in establishing the budgetary data reflected in these financial statements:
  - 1. Prior to September 30, the Executive Director submits to the Board of Directors a proposed operating budget for the fiscal year commencing the following October 1. The operating budget includes proposed expenditures and means to finance them.
  - 2. Budget amendments involving the transfer of funds from one department, program or function to another or involving increases in expenditures resulting from revenues exceeding amounts estimated require the approval of the respective Governing Board.
  - 3. All unencumbered budget appropriations, except grant budgets, laspe at the end of each fiscal year.
  - 4. Budgets are adopted on the GAAP Basis.
  - 5. The Council does not follow the encumbrance method of accounting.
- G. Cash and Investments Cash and investments are stated at cost. The Council maintains its funds in demand accounts secured by Federal Deposit Insurance Corporation (FDIC).
- H. Inventories of Material and Supplies Inventories in governmental funds are considered immaterial and are recorded as expenditures when purchased.
- I. Prepaid

Insurance and similar services which extend over more than one accounting period have been recorded as expenditures when paid.

- J. <u>Revenues Susceptible To Accrual</u>
  - Under the modified accrual basis of accounting, some revenues are susceptible to accrual while others are not. Major revenues treated as susceptible to accrual are interest income.

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

K. <u>Vacation and Sick Pay</u> The Council's employee earn vacation (annual leave) as follows:

12 Days Per Year

The schedule for sick leave eligibility is the same as for annual leave.

#### L. <u>COMPARATIVE DATA</u>

.

Comparative data for the prior year have been presented in the accompanying financial statements to provide an understanding of changes in the Council's financial position and operations. However, presentation of comparative data by fund type have not been presented in each of the statements since their inclusion would make the statements unduly complex and difficult to read.

#### M. <u>Total Column on Combined Statements - Overview</u>

Total Column on the Combined Statements - Overview is captioned "Memorandum Only" to indicate that it is presented only to facilitate financial analysis. Data in this column does not present financial position, results of operations, or changes in financial position in conformity with generally accepted accounting principles, nor is such data comparable to consolidation. Inter-fund items are not eliminated from the total column.

#### NOTE 2 - CASH DEPOSITS WITH FINANCIAL INSTITUTIONS

As of September 30, 1999, the District has cash and cash equivalents (book balances) totaling **\$58,674** in demand deposits. These deposits are stated at cost, which approximates market. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. As of September 30, 1999, the District has **\$70,314**, in deposits (collected bank balances). These deposits are insured from risk by **\$70,314** of federal deposit insurance.

#### Long-term obligations, Ending

#### NOTE 7 - LITIGATION

.

There is no litigation pending against the Council as of September 30, 1999, nor is the Council aware of any unasserted claims.

#### NOTE 8 - PENSION PLAN AND RETIREMENT COMMITMENTS

The Council does not have a pension plan.

#### NOTE 9 - POST-RETIREMENT BENEFITS

The Council does not have any retired employees.

#### NOTE 10 - COMPENSATION PAID TO BOARD MEMBERS

The Board of Directors is a voluntary board; therefore, no compensation has been paid to any member.

#### NOTE 11 - FEDERALLY ASSISTED PROGRAMS

Federal and State grant programs represent an important source of funding to finance employment, construction and social programs which are beneficial to the Parish. These funds are recorded in the Special Revenue Funds and Capital Project Funds. The grants normally specify the purpose for which the funds may be used and are audited annually in accordance with the Office of Management and Budget's Circular A-133 under the "Single Audit Concept." Accordingly, a Schedule of Federal Financial Assistance is presented in this report. The Council receives large amounts of Federal and State grants for specific purposes that are subject to audit by the grantor agencies. Such audits could lead to requests for reimbursements to the grantor agency for expenditures disallowed under terms of the grant. Based on past experience, disallowed cost, if any, for grants will be immaterial.

#### NOTE 12 - ECONOMIC DEPENDENCY

The Council receives the majority of its revenue from funds provided through payments administered by the Louisiana Commission on Law Enforcement. If significant budget cuts are made at the federal/state level, the amount of funds the Council receives could be reduced significantly and have an adverse impact on its operations. Management is not aware of any actions that will adversely affect the amount of funds the council will receive in the next fiscal year.

#### NOTE 13 - INCOME TAX STATUS

The Council has not received its Tax Exempt Status from the IRS. However, according to the IRS, the Council, as a quasi-public agency, appears to qualifies as an organization under Section 501 (c) (1) of the Internal Revenue Code.

#### NOTE 14 - LEASE COMMITMENT

On November 1, 1997, the Council entered into a lease agreement for office space for twelve months at \$650 per month. The lease expired on October 31, 1997, and the District pay month to month with no minimum lease payments in the future.

The year 2000 is the result of shortcommings in many processing systems and other electronic equipment that may adversely affect the Capital District Law Enforcement Planning Council's operations as early as fiscall year 1999. The Capital District Law Enforcement Planning Council is in the process of inventorying computer systems and other electronic equipment that may be affected by the year 2000 issue and that are necessary to conducting the operations of the Capital District Law Enforcement Planning Council's operations. It is unknown as of October 31, 1999, what effects, if any, failing to remediate any such systems will have upon Capital District Law Enforcement Planning Council's operations and financial reporting. Because of the unprecedented nature of the year 2000 issue, its effect and the success of related remediation efforts will not be fully determinable until the year 2000 and thereafter. Management of the Capital District Law Enforcement Planning Council cannot assure that the Capital District Law Enforcement Planning Council is or will be successful in whole or in part, or that parties with whom the Capital District Law Enforcement Planning Council does business will be 2000 ready.

#### REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

March 23, 2000

To the Board of Directors Capital District Law Enforcement Planning Council Baton Rouge, Louisiana

I have audited the financial statements of the Capital District Law Enforcement Planning Council as of and for the year ended September 30, 1999, and have issued my report thereon dated March 23, 2000. I conducted my audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

#### COMPLIANCE

As part of obtaining reasonable assurance about whether Capital District Law Enforcement Planning Council's financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit and, accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance that are required to be reported under Government Auditing Standards.

#### INTERNAL CONTROL OVER FINANCIAL REPORTING

In planning and performing my audit, I considered Capital District Law Enforcement Planning Council's internal control over financial reporting in order to determine my auditing procedures for the purpose of expressing my opinion on the financial statements and not to provide assurance on the internal control over financial reporting. My consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. I noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses. This report is intended for the information of the management, and federal awarding agencies and pass-through entities. However, this report is a matter of public record and distribution is not limited. Nall O Shall 17
