Independent Auditor's Report

Board of Commissioners  
Housing Authority of the  
Town of Iowa  
Iowa, Louisiana

Regional Inspector General for Audit  
Office of Inspector General  
Department of Housing and Urban  
Development

We have audited the accompanying general-purpose financial statements of the Housing Authority of the Town of Iowa, Louisiana at and for the year ended September 30, 1999, as listed in the table of contents. These general-purpose financial statements are the responsibility of the Housing Authority of the Town of Iowa, Louisiana's management. Our responsibility is to express an opinion on these general-purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and provisions of the Louisiana Governmental Audit Guide. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the general-purpose financial statements referred to above present fairly, in all material respects, the financial position of the Housing Authority of the Town of Iowa, Louisiana as of September 30, 1999 and the results of its operations and changes in its total equity for the year then ended, in conformity with generally accepted accounting principles.

As described in Note A to the financial statements, the PHA has changed from the Governmental Funds to the Enterprise Funds method for the year ended September 30, 1999.

In accordance with *Government Auditing Standards*, we have also issued a report dated January 24, 2000 on our consideration of Housing Authority of the Town of Iowa's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants.

Our audit was performed for the purpose of forming an opinion on the general-purpose financial statements of the Housing Authority of the Town of Iowa, taken as a whole. The accompanying supplementary schedules are presented for purposes of additional analysis, and are not a required part of the general-purpose financial statements. Such information has been subjected to the auditing procedures applied in the audit of the general-purpose financial statements and, in our opinion, are fairly stated, in all material respects, in relation to the general-purpose financial statements taken as a whole.

# HOUSING AUTHORITY OF THE TOWN OF IOWA

## NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 1999

### NOTE A - SUMMARY OF SIGNIFICANT ACCOUNT POLICIES AND CHANGE OF ACCOUNTING PRINCIPLE

The Housing Authority of Iowa, Louisiana (the Authority), a public corporate body, was organized for the purpose of providing decent, safe, and sanitary dwelling accommodations for persons of low income.

The Authority is engaged in the acquisition, modernization, and administration of low-rent housing. In addition, the Authority has administrative responsibility for various other community development programs whose primary purpose is the development of viable urban communities by providing decent housing, a suitable living environment, and economic opportunities principally for persons of low and moderate income.

The Authority is administered by a governing Board of Commissioners (the Board), whose members are appointed by the Mayor of the City of Iowa, Louisiana. Each member serves a five-year term on a rotating basis. Substantially all of the Authority's revenue is derived from subsidy contracts with the U.S. Department of Housing and Urban Development (HUD). The Annual Contributions Contracts entered into by the Authority and HUD provide operating subsidies for Authority-owned public housing facilities and housing assistance payments for eligible individuals.

(1) Financial Reporting Entity

Generally accepted accounting principles require that the financial statements present the accounts and operations of the Authority and its component units, entities for which the Authority is considered to be financially accountable. Blended component units, although legally separate entities, are, in substance, part of the Authority's operations and data from these units, if any, are combined with data of the Authority. Each discretely presented component unit, if any, would be reported in a separate column in the combined financial statements to emphasize that it is legally separate from the Authority. As of September 30, 1999, and for the fiscal then ended, the Authority had no discretely presented component units or any component units required to be blended in these financial statements.

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNT POLICIES AND CHANGE OF ACCOUNTING PRINCIPLE (continued)

(2) Change in Accounting Principle

For the year ended September 30, 1999, the PHA has changed from the Government Funds Method to the Enterprise Method. This change was strongly recommended by the Real Estate Assessment Center (REAC) of The Department of Housing and Urban Development.

The Enterprise Funds Method accounts for operations in a manner similar to a private business. Under this method, all assets, including fixed assets, and all liabilities are in one fund, and one financial statement.

The Enterprise Fund recognizes revenues and expenses on the full accrual basis. Revenues are recognized when earned and become measurable. Expenses are recognized in the period incurred, if measurable. In the prior method used, the Governmental Funds Method, the modified accrual method was necessary.

Depreciation expense must be recognized for the Enterprise Fund. Under the Governmental Funds Method, depreciation was optional and the PHA elected not to recognize it.

REAC suggests that accumulated depreciation be charged to HUD Capital Contributions, not Retained Earnings. REAC directs that soft costs from development and modernization be deleted from fixed assets and charged to HUD Capital Contributions.

REAC also directs PHA's to delete outstanding debt owed to HUD, annual contributions and debt amortization funds receivable due from HUD, and close them to HUD Capital Contributions.

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNT POLICIES AND CHANGE OF ACCOUNTING PRINCIPLE (continued)

The amount of the September 30, 1998 operating reserve becomes the beginning retained earnings. There is no cumulative effect on beginning retained earnings resulting from the accounting method change.

(3) Budgetary Data

The Authority is required by its HUD Annual Contributions Contracts to adopt annual budgets for the Low-Rent Housing Program and the Section 8 Programs. Annual budgets are not required for CIAP grants as their budgets are approved for the length of the project. Both annual and project length budgets require grantor approval.

The Authority is under a limited budget review from HUD with the control category of total operating expenditures. If there are no overruns of the total operating expenditures, then HUD does not require budget revisions other than when there are substantial additions to nonroutine expenditures.

The budget is prepared on a statutory (HUD) basis and does not contain a provision for uncollectible tenant receivables, or depreciation. The budget does reflect furniture and equipment additions from operations.

(4) Cash and Cash Equivalents

The entity defines cash and cash equivalents to include certificates of deposit, money market funds, savings accounts, and demand deposits.

(5) Tenant Receivables

Receivables for rentals and service charges are reported in the General Fund, net of allowances for doubtful accounts.

(6) Compensated Absences

Authority employees accrue personal leave, or compensated absences, by a prescribed formula based on length of service.

NOTE B - CASH DEPOSITS WITH FINANCIAL INSTITUTIONS

It is the entity's policy for deposits to be secured by collateral valued at market or par, whichever is lower, less the amount of the Federal Deposit Insurance Corporation insurance. The entity's deposits are categorized to give an indication of the level of risk assumed by the entity at September 30, 1999. The categories are described as follows:

- Category 1 - Insured or collateralized with securities held by the entity or by its agent in the entity's name.
- Category 2 - Collateralized with securities held by the pledging financial institution's trust department or agent in the entity's name.
- Category 3 - Uncollateralized, uninsured and unregistered, but with securities held by the bank, its trust department, or its agent, pledged to the PHA, but not in the PHA's name.

NOTE B - CASH DEPOSITS WITH FINANCIAL INSTITUTIONS (continued)

Cash Deposits, categorized by level of risk, (at cost, which approximates market) are:

Total Bank Balances	Category		
	1	2	3
\$ <u>125,844</u>	\$ <u>100,000</u>	\$ <u>          </u>	\$ <u>25,844</u>

Even though the pledged securities are considered uncollateralized (Category 3) under the provisions of GASB Statement 3, Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the Housing Authority that the fiscal agent has failed to pay deposited funds upon demand.

NOTE C - ACTIVITIES OF THE PHA

At September 30, 1999, the PHA was managing 60 units of low-rent in one project under Program FW - 2197.

NOTE D - CONTINGENCIES

The entity is subject to possible examinations by federal regulators who determine compliance with terms, conditions, laws and regulations governing grants given to the entity in the current and prior years. These examinations may result in required refund by the entity to federal grantors and/or program beneficiaries.

NOTE E - FIXED ASSETS

As noted in Note A, soft costs formerly capitalized have been written off and fixed assets are now depreciated on the straight-line method over their estimated useful lives as follows:

Site improvements	15 Years
Buildings	33 Years
Buildings improvements	15 Years
Nondwelling structures	15 Years
Equipment	3 to 7 Years

NOTE F - RETIREMENT PLAN

The entity provides benefits for all of its full-time employees through a defined contribution plan. In a defined contribution plan, benefits depend solely on amounts contributed to the plan, plus investment earnings. Employees are eligible to participate after a six months exclusionary period. The employee contributes 6% and the entity contributes 8.5% of the employee's base salary each month. The entity's contributions for each employee (and interest allocated to the employee's account) are vested 20 % annually for each year of participation. An employee is fully vested after 5 years of participation.

The entity's total payroll in fiscal year ended September 30, 1999 was \$40,186.00. The entity's contributions were calculated using the base salary amount of \$12,500.00. Contributions to the plan were \$750.00 and \$1,275.00 by the employee and the entity, respectively.

NOTE G - DISCLOSURES ABOUT FAIR VALUE OF FINANCIAL INSTRUMENTS

*The following methods and assumptions were used to estimate the fair value of each class of financial instruments for which it is practicable to estimate that value:*

Cash and Investments

The carrying amount approximates fair value because of the short maturity of these instruments.

NOTES TO FINANCIAL STATEMENTS

(continued)

SEPTEMBER 30, 1999

NOTE H - ACCOUNTING FOR THE IMPAIRMENT OF LONG - LIVED ASSETS

The full amount of the carrying value of buildings and land improvements are deemed recoverable from future cash flows.

NOTE I - USE OF ESTIMATES IN THE PREPARATION OF FINANCIAL STATEMENTS

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Report on Compliance and on Internal Control Over Financial Reporting  
Based on an Audit of Financial Statements Performed in  
Accordance with Government Auditing Standards

Housing Authority of the  
Town of Iowa  
Iowa, Louisiana

We have audited the financial statements of the Housing Authority of the Town of Iowa, Louisiana as of and for the year ended September 30, 1999, and have issued our report thereon dated January 24, 2000. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, and provisions of the Louisiana Governmental Audit Guide.

Compliance

As part of obtaining reasonable assurance about whether the Housing Authority of the Town of Iowa, Louisiana's financial statements fare free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing a opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*, or the Louisiana Governmental Audit Guide.

## Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Housing Authority of the Town of Iowa, Louisiana's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce, to a relatively low level, the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

This report is a matter of public record and its distribution is not limited.
