AUDITED FINANCIAL STATEMENTS

December 26, 1999

The Board of Directors
Families Helping Families of Northwest Louisiana
Shreveport, Louisiana

Independent Auditor's Report

We have audited the statement of financial position of Families Helping Families of Northwest Louisiana at June 30, 1999, and the related statements of activities and cash flows for the year then ended. These financial statements are the responsibility of Families Helping Families of Northwest Louisiana's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Families Helping Families of Northwest Louisiana at June 30, 1999, and the results of its operations and its cash flows for the year then ended, in conformity with generally accepted accounting principles.

In accordance with *Government Auditing Standards*, we have also issued a report dated December 26, 1999 on our consideration of the organization's internal control structure and on its compliance with laws and regulations.

FAMILIES HELPING FAMILIES OF NORTHWEST LOUISIANA

NOTES TO FINANCIAL STATEMENTS

AT JUNE 30, 1999

1. Nature of Operations

Families Helping Families of Northwest Louisiana is a nonprofit service organization exempt from federal income taxation under Internal Revenue Code Section 501(c)(3). The purpose of the organization is to assist and strengthen families with disabilities in northwest Louisiana by providing a coordinated network of resources, support, and services, while respecting the ethnic, cultural, and racial diversity of those families. Revenues are derived primarily from state government grants, under third-party reimbursement plans, for the following purposes:

- *Family Resource and Referrals - operate a comprehensive family resource center that provides information, referrals, workshops, and peer support for families of individuals with developmental disabilities or special needs. Stipends to individuals with disabilities or their parents may also be provided, to enable them to attend certain workshops and conferences.*
- *Parent Support - provide assistance to parents of children with special health needs through training and information sharing.*

2. Summary of Significant Accounting Policies

a) Financial Statement Presentation:

Families Helping Families is required to report information regarding its financial position and activities based on the absence or existence of donor-imposed restrictions. Accordingly, net assets of the organization and changes therein are subject to classification and reporting as follows:

Unrestricted net assets-*Net assets that are not subject to donor-imposed stipulations. Some unrestricted net assets may be designated by the Board for specific purposes.*

Temporarily restricted net assets-*Net assets subject to donor-imposed stipulations that may or will be met by actions of the organization, and/or by the passage of time.*

Permanently restricted net assets-*Net assets subject to donor-imposed stipulations that they be maintained permanently by the organization. Generally, donors permit all or part of the income earned on these assets to be used for general or specific purposes.*

There were no significant temporarily or permanently restricted net assets at June 30, 1999, or for the year then ended.

b) Contributions:

Any contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support depending on the existence and/or nature of any donor-imposed restrictions. Contributions are recognized when the donor makes a promise to give to Families Helping Families that is, in substance, unconditional. Contributions that are restricted by the donor are

2. Summary of Significant Accounting Policies (Continued)

reported as increases in unrestricted net assets if the restrictions expire in the fiscal year in which the contributions are recognized. All other donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets, depending on the nature of the restrictions. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets.

c) Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

d) Cash Equivalents:

For purposes of the statement of cash flows, Families Helping Families considers all highly liquid investments purchased with maturities of three months or less to be cash equivalents.

e) Furniture and Equipment:

Furniture and equipment are stated at cost less accumulated depreciation. Depreciation is computed using the straight-line method over estimated useful lives of five and seven years.

f) Advertising Costs:

Costs of advertising are expensed as incurred.

g) Functional Allocation of Expenses:

The costs of providing the various programs have been summarized on a functional basis. Accordingly, certain costs have been allocated among the programs benefitted.

3. Grants Receivable

Various funding sources provide reimbursement of allowable costs and payments on units of service in connection with the provision of services by Families Helping Families under various grant agreements. The continued existence of funding is based on annual contract renewals with funding sources.

Grants receivable are summarized by source, as follows:

Louisiana Department of Education	9,120
Louisiana Planning Council on Developmental Disabilities	1,584
Louisiana Office for Citizens with Developmental Disabilities	4,402
Louisiana Children's Special Health Services	1,924
Other	<u>1,004</u>
Total	<u><u>18,034</u></u>

4. Rent Expense

Families Helping Families rents office and storage space, and its copier, under operating lease arrangements. The lease for office space ran for a term of three years at \$645 to \$745 payable each month. Storage space and the copier are leased on a month-to-month basis. Lease commitments on office space at June 30, 1999 follow:

2000	8,140
2001	8,940
2002	<u>5,960</u>
	<u><u>23,040</u></u>

5. Conditional Promises

Conditional promises consist of the unfunded portions of approved governmental grants, either currently in effect or approved for commencement after June 30, 1999. Future funding of such awards is conditioned upon the organization's operation of certain programs, incurrence of certain costs, and possibly meeting certain matching requirements. Because such awards represent conditional promises to Families Helping Families, they have not been recognized in the financial statements. There were no conditional promises outstanding at June 30, 1999.

OTHER REPORTS

December 26, 1999

The Board of Directors
Families Helping Families of Northwest Louisiana
Shreveport, Louisiana

Report on Compliance and on Internal Control over
Financial Reporting Based on an Audit of Financial Statements
Performed in Accordance with *Government Auditing Standards*

We have audited the financial statements of Families Helping Families of Northwest Louisiana as of and for the year ended June 30, 1999, and have issued our report thereon dated December 26, 1999. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether Families Helping Families' financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Internal Control Over Financing Reporting

In planning and performing our audit, we considered the Families Helping Families' internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. However, we noted certain matters involving the internal control over financial reporting and its operation that we consider to be reportable conditions. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our judgment, could adversely affect Families Helping Families' ability to record, process, summarize and report financial data consistent with the assertions of management in the financial statements. Reportable conditions are described in the accompanying schedule of findings and questioned costs as item 99-1.

A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, we do not believe the reportable condition described above is a material weakness.

This report is intended solely for the information of management, awarding agencies and pass-through entities, and the Louisiana Legislative Auditor's office, and is not intended and should not be used by anyone other than these specified parties.

Haerd, McElroy & Vastal, LLP

FAMILIES HELPING FAMILIES OF NORTHWEST LOUISIANA

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

FOR THE YEAR ENDED JUNE 30, 1999

A. SUMMARY OF AUDIT RESULTS

1. The auditor's report expresses an unqualified opinion on the financial statements of Families Helping Families of Northwest Louisiana
2. No material weaknesses were identified during the audit of the financial statements; one reportable condition was identified.
3. No instances of noncompliance material to the financial statements of Families Helping Families of Northwest Louisiana were disclosed during the audit.
4. A single audit of Federal awards under OMB Circular A-133 was not required.

B. FINDINGS AND QUESTIONED COSTS-FINANCIAL STATEMENT AUDIT

Finding 99-1

Results of our audit procedures indicate several instances of mistaken classification of expenditures. Certain equipment was coded on the books to telephone expense, and certain rent payments were coded to equipment expense or supplies expense. Appropriate audit adjustments were made to correct these misclassifications. We strongly urge management to set up its book using a computerized general ledger system, and to use a standardized, easily understood chart of accounts that is consistent for recording expenditures under all grants.

FAMILIES HELPING FAMILIES OF NORTHWEST LOUISIANA

SCHEDULE OF PRIOR YEAR FINDINGS

FOR THE YEAR ENDED JUNE 30, 1999

Finding 98-1

Families Helping Families did not publish a quarterly newsletter as required by its grant agreement with Louisiana Office for Citizens with Developmental Disabilities. However, the newsletter was published quarterly during the current year under audit.

Finding 98-2

Costs billed to Louisiana Children's Special Health Services for the year under its grant agreement were not consistently charged to that program in the general ledger of FHF. This condition was corrected by revising and adding consistency to the chart of accounts.

Finding 98-3

The audit of Families Helping Families was not completed by the December 31, 1998 due date required by state law. This condition was corrected by management taking action to make records available for audit during October 1999.

Finding 98-4

Occasionally, checks are used and issued out of numeric sequence. This practice has been stopped.

FAMILIES HELPING FAMILIES OF NORTHWEST LOUISIANA

MANAGEMENT'S CORRECTIVE ACTION PLAN

FOR THE YEAR ENDED JUNE 30, 1999

Finding 99-1

Management concurs with this finding, and plans to implement a computerized accounting system in the near future.
