NOTE #1. <u>NATURE OF ACTIVITIES AND SUMMARY OF SIGNIFICANT ACCOUNTING</u> <u>POLICIES</u>

Organization

The Mission of the Baton Rouge Area Sports Foundation, Inc. (Foundation) is to assist in securing and staging statewide, regional, national and international sporting competitions and special events for the Greater Baton Rouge Area, thereby having a positive economic impact on our community.

BASIS OF PRESENTATION

The financial statements are presented in accordance with Statement of Financial Accounting Standards No. 116 (SFAS No. 116), "Accounting for Contributions Received and Contributions Made" and Statement of Financial Accounting Standards (SFAS) No. 117, Financial Statements of Not-for-Profit Organizations. SFAS No. 116 requires contributions to be recognized as revenue when they are received or unconditionally pledged. SFAS No. 117, which eliminates the utilization of fund accounting for financial reporting purposes, requires net assets to be classified as either 1) unrestricted, 2) temporarily restricted, or 3) permanently restricted depending on limitations placed on the net assets.

DONATED SERVICES

Amounts have not been reported in the statements for donated services because they do not meet the criteria for recognition under SFAS No. 116. A substantial number of volunteers have donated significant amounts of their time to the Organization.

Contributions of service shall be recognized if the services received (a) create or enhance non-financial assets or (b) require specialized skills, are provided by individual possessing those skills and would typically need to be purchased if not provided by donation.

REVENUE RECOGNITION

Contributions are recognized as revenue when they are received or unconditionally pledged.

Conditions - Contributions are recorded as unrestricted as unrestricted, temporarily restricted or permanently restricted support depending on the existence and/or nature of any donor

restrictions.

1

Support that is restricted by the donor is reported as an increase in unrestricted net assets if the restriction expires in the reporting period in which the support is recognized.

REVENUE RECOGNITION: CONTRIBUTIONS - Continued...

All other donor-restricted support is reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purposes restriction is accomplished), temporarily restricted net assets are classified to unrestricted net assets and reported in the Statement of Activities as net assets released from restrictions.

The Organization reports gifts of land, buildings, and equipment as unrestricted support unless explicit donor stipulations specify how the donated assets must be used.

Contributions receivable represent amounts committed by donors that have not been received by the Organization.

INCOME TAXES

The Organization is a not-for-profit organization that is exempt from income taxes under section 501(c)(6) of the Internal Revenue Code.

CASH AND CASH EQUIVALENTS

For the purposes of the statement of cash flows, the organization considers all unrestricted highly liquid investments with an initial maturity of three months or less to be cash equivalents.

PREPAID

Insurance and similar services which extend over more than one accounting period have been recorded as expenses.

ACCOUNTS RECEIVABLE

Accounts receivable are written-off under the direct write-off method whereby bad debts are recorded when a receivable is deemed uncollectible. If they are subsequently collected they are recorded as miscellaneous income. The direct charge-off method is not a material departure from GAAP as it approximates the valuation method.

USE OF ESTIMATES

The preparation of financial statements in-conformity with generally accepted accounting principles require management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

PROPERTY AND EQUIPMENT

The purchase of property and equipment is recorded at cost. Donations of property and equipment are recorded as support at their estimated fair value. Such donations are reported as unrestricted support unless the donor has restricted the donated asset to a specific purpose. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as restricted support. Property and equipment is depreciated using the straight-line method over the estimated useful lives of 5 to 10 years.

COMPARATIVE DATA

Comparative data for the prior year have been presented in the accompanying financial statements to provide an understanding of changes in the Foundation's financial position and operations. However, presentation of comparative data by fund type have not been presented in each of the statements since their inclusion would make the statements unduly complex and difficult to read.
