Notes to the Financial Statements (Continued) June 30, 1996

- 6. <u>Comparative data</u>. Comparative total data for the prior year have not been presented in accompanying financial statements due to the conversion to GAAP financial reporting from statutory reporting in the prior fiscal year.
- 7. Total columns on combined statements. Total columns on the combined statements are captioned Memo Totals to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position, results of operations, or changes in financial position in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.
- C. <u>Budget</u>. The entity follows these procedures in establishing the budgetary data reflected in the financial statements:
 - 1. The entity prepares annual budgets for each fund (except Debt Service Fund and the Capital Projects Fund). Prior to the beginning of each budget year, the entity's annual budget is approved by the entity's governing body. Budgetary amendments require approval by the governing body. Budget amounts shown in the financial statements are the final authorized amounts for the year. All budgetary appropriations lapse at the end of each fiscal year.
 - Budgets for the Capital Projects Fund are prepared on a project-life basis rather than on an annual basis and, therefore, have been omitted from the accompanying financial statements.
 - Budgets for the Debt Service Fund are not prepared inasmuch as all revenues and expenditures of this fund are controlled by and processed by HUD. The entity records Debt Service Fund transactions from documents supplied by HUD.
- D. Income taxes. The entity is not subject to federal or state income taxes.
- E. <u>Cash and cash equivalents</u>. The entity defines cash to include certificates of deposit, money market funds, savings accounts, and demand deposits, and other short-term securities with maturities of three months or less. Consequently, the cost, carrying value, and market value are equivalent.

NOTE 2 - CASH DEPOSITS WITH FINANCIAL INSTITUTIONS

It is the entity's policy for deposits to be secured by collateral valued at market or par, whichever is lower, less the amount of the Federal Deposit Insurance Corporation insurance. The entity's deposits are categorized to give an indication of the level of risk assumed by the entity at June 30, 1996. The categories are described as follows:

- Category 1 Insured or collateralized with securities held by the entity or by its agent in the entity's name.
- Category 2 Collateralized with securities held by the pledging financial institution's trust department or agent in the entity's name.
- Category 3 Uncollateralized.

Cash Deposits, categorized by level of risk, are:

		 	С	ategory

Independent Auditors' Report on Compliance with Specific Requirements Applicable to Major HUD Programs

Board of Commissioners
Housing Authority of the Town of Arcadia
Dance Circle
Arcadia, LA 71001

We have audited the general purpose financial statements of Housing Authority of the Town of Arcadia as of and for the year ended June 30, 1996, and have issued our report thereon dated November 7, 1996.

We have also audited Housing Authority of the Town of Arcadia compliance with the specific program requirements governing types of services allowed or unallowed; eligibility; reporting; cost allocation; and claims for advances and reimbursements that are applicable to each of its major HUD-assisted programs, for the year ended June 30, 1996. The management of Housing Authority of the Town of Arcadia is responsible for the authority's compliance with those requirements. Our responsibility is to express an opinion on compliance with those requirements based on our audit.

We conducted our audit of compliance with those requirements in accordance with generally accepted auditing standards; Government Auditing Standards issued by the Comptroller General of the United States; Office of Management and Budget Circular A-128, "Audits of State and Local Governments" and the provisions of the <u>Public and Indian Housing Compliance Supplement</u> dated May 29, 1996. Those standards and the OMB Circular A-128 require that we plan and perform the audit to obtain reasonable assurance about whether material noncompliance with the requirements referred to above occurred. An audit includes examining, on a test basis, evidence about the authority's compliance with those requirements. We believe that our audit provides a reasonable basis for our opinion.

The results of our audit procedures disclosed immaterial instances of noncompliance with the requirements referred to above, which are described in the accompanying schedule of findings and questioned costs. We considered these instances of noncompliance in forming our opinion on compliance, which is expressed in the following paragraph.

In our opinion, Housing Authority of the Town of Arcadia complied, in all material respects, with the requirements described above that are applicable to each of its HUD-assisted programs for the year ended June 30, 1996.

This report is intended for the information of the Board of Commissioners, management, and U.S. Department of Housing and Urban Development. However, this report is a matter of public record, and its distribution is not limited.

November 7, 1996

Van Rheumen & Miller, Ltd.

A material weakness is a reportable condition in which the design or operation of one or more of the internal control structure elements does not reduce to a relatively low level the risk that noncompliance with laws and regulations that would be rnaterial to a federal financial assistance program may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

Our consideration of the internal control structure policies and procedures used in administering federal financial assistance would not necessarily disclose all matters in the internal control structure that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses as defined above. However, we believe none of the reportable conditions described above are material weaknesses.

This report is intended for the information of the Board of Commissioners, management and U.S. Department of Housing and Urban Development. However, this report is a matter of public record and its distribution is not limited.

Independent Auditors' Report on Compliance Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

Board of Commissioners
Housing Authority of the Town of Arcadia
Dance Circle
Arcadia, LA 71001

We have audited the general purpose financial statements of Housing Authority of the Town of Arcadia as of and for the year ended June 30, 1996, and have issued our report thereon dated November 7, 1996.

We conducted our audit in accordance with generally accepted auditing standards and Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement.

Compliance with laws, regulations, contracts, and grants applicable to Housing Authority of the Town of Arcadia is the responsibility of the authority's management. As part of obtaining reasonable assurance about whether the general purpose financial statements are free of material misstatement, we performed tests of the authority's compliance with certain provisions of laws, regulations, contracts, and grants. However, the objective of our audit of the general purpose financial statements was not to provide an opinion on overall compliance with such provisions. Accordingly, we do not express such an opinion.

The results of our tests disclosed no instances of noncompliance that are required to be reported under <u>Government</u> <u>Auditing Standards</u>.

This report is intended for the information of the Board of Commissioners, management, and U.S. Department of Housing and Urban Development. However, this report is a matter of public record, and its distribution is not limited.

Independent Auditors' Report on Compliance with the General Requirements Applicable to Federal Financial Assistance Programs

Board of Commissioners
Housing Authority of the Town of Arcadia
Dance Circle
Arcadia, LA 71001

We have audited the general purpose financial statements of Housing Authority of the Town of Arcadia as of and for the year ended June 30, 1996, and have issued our report thereon dated November 7, 1996.

We have applied procedures to test Housing Authority of the Town of Arcadia compliance with the following requirements applicable to each of its federal financial assistance programs, which are identified in the schedule of federal financial assistance, for the year ended June 30, 1996:

Political Activity
Davis-Bacon Act
Civil Rights
Cash Management
Federal Financial Reports (Claims for Advances and Reimbursements)
Allowable costs/Cost principles
Drug-Free Workplace Act
Administrative requirements

Our procedures were limited to the applicable procedures described in the Office of Management and Budget's Compliance Supplement for Single Audits of State and Local Governments. Our procedures were substantially less in scope than an audit, the objective of which is the expression of an opinion on the authority's compliance with the requirements listed in the preceding paragraph. Accordingly, we do not express such an opinion.

With respect to the items tested, the results of those procedures disclosed no material instances of noncompliance with the requirements listed in the second paragraph of this report. With respect to items not tested, nothing came to our attention that caused us to believe that Housing Authority of the Town of Arcadia had not complied, in all material respects, with those requirements.

This report is intended for the information of the Board of Commissioners, management, and U.S. Department of Housing and Urban Development. However, this report is a matter of public record, and its distribution is not limited.

Independent Auditors' Report on Compliance with Specific Requirements
Applicable to NonMajor Federal Financial Assistance Program Transactions

Board of Commissioners
Housing Authority of the Town of Arcadia
Dance Circle
Arcadia, LA 71001

We have audited the general purpose financial statements of Housing Authority of the Town of Arcadia as of and for the year ended June 30, 1996, and have issued our report thereon dated November 7, 1996.

In connection with our audit of the general purpose financial statements of Housing Authority of the Town of Arcadia as of and for the year ended June 30, 1996, and with our consideration of the authority's control structure used to administer federal financial assistance programs, as required by Office of Management and Budget (OMB) Circular A-128, "Audits of State and Local Governments," we selected certain transactions applicable to certain nonmajor federal financial assistance programs for the year ended June 30, 1996. As required by OMB Circular A-128, we have performed auditing procedures to test compliance with the requirements governing types of services allowed or unallowed that are applicable to those transactions. Our procedures were substantially less in scope than an audit, the objective of which is the expression of an opinion on the authority's compliance with these requirements. Accordingly, we do not express such an opinion.

With respect to the items tested, the results of those procedures disclosed no material instances of noncompliance with the requirements listed in the preceding paragraph. With respect to items not tested, nothing came to our attention that caused us to believe that Housing Authority of the Town of Arcadia had not complied, in all material respects, with those requirements. However, the results of our procedures disclosed immaterial instances of noncompliance with those requirements, which are described in the accompanying schedule of findings and questioned costs.

This report is intended for the information of the Board of Commissioners, management, and U.S. Department of Housing and Urban Development. However, this report is a matter of public record, and its distribution is not limited.

Independent Auditors' Report on the Internal Control Structure Based on an Audit of General Purpose Financial Statements Performed in Accordance with Government Auditing Standards

Board of Commissioners
Housing Authority of the Town of Arcadia
Dance Circle
Arcadia, LA 71001

We have audited the general purpose financial statements of Housing Authority of the Town of Arcadia as of and for the year ended June 30, 1996, and have issued our report thereon dated November 7, 1996.

We conducted our audit in accordance with generally accepted auditing standards and <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement.

The management of Housing Authority of the Town of Arcadia is responsible for establishing and maintaining an internal control structure. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures. The objectives of an internal control structure are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of general purpose financial statements in accordance with generally accepted accounting principles. Because of inherent limitations in any internal control structure, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of the structure to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the effectiveness of the design and operation of policies and procedures may deteriorate.

In planning and performing our audit of the general purpose financial statements of Housing Authority of the Town of Arcadia for the year ended June 30, 1996, we obtained an understanding of the internal control structure. With respect to the internal control structure, we obtained an understanding of the design of relevant policies and procedures and whether they have been placed in operation, and we assessed control risk in order to determine our auditing procedures for the purpose of expressing our opinion on the general purpose financial statements and not to provide an opinion on the internal control structure. Accordingly, we do not express such an opinion.

We noted certain matters involving the internal control structure and its operation that we consider to be reportable conditions under standards established by the American Institute of Certified Public Accountants. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control structure that, in our judgment, could adversely affect the entity's ability to record, process, summarize, and report financial data consistent with the assertions of management in the general purpose financial statements.

Our study of the authority's internal control structure disclosed a reportable condition in internal controls relating to segregation of duties. Due to its limited size, the entity does not have the personnel to adequately separate the internal accounting control duties. The segregation of duties is a decision that must be made by management on a cost-benefit basis. Management must determine if the costs of implementing an adequate internal control system will outweigh the benefits derived from such a system. This reportable condition is inherent in all small entities, and should not be construed as a failure in proper management. We concur with management's opinion that the costs incurred to implement an adequate internal control system would exceed the benefits derived from such a system. Consequently, this should not be considered a controlled audit finding.

A material weakness is a reportable condition in which the design or operation of one or more of the specific internal control structure elements does not reduce to a relatively low level the risk that errors and irregularities in amounts that would be material in relation to the general purpose financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses as defined above. However, we believe none of the reportable conditions described above is a material weakness.

This report is intended for the information of the Board of Commissioners, management, and U.S. Department of Housing and Urban Development. However, this report is a matter of public record and its distribution is not limited.

Independent Auditors' Report on the Internal Control Structure Used in Administering Federal Financial Assistance Programs

Board of Commissioners
Housing Authority of the Town of Arcadia
Dance Circle
Arcadia, LA 71001

We have audited the general purpose financial statements of Housing Authority of the Town of Arcadia for the year ended June 30, 1996, and have issued our report thereon dated November 7, 1996. We have also audited Housing Authority of the Town of Arcadia's compliance with requirements applicable to major federal financial assistance programs and have issued our report thereon dated November 7, 1996.

We conducted our audits in accordance with generally accepted auditing standards; <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States; and Office of Management and Budget (OMB) Circular A-128, <u>Audits of State and Local Governments</u>. Those standards and OMB Circular A-128 require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement and about whether Housing Authority of the Town of Arcadia complied with laws and regulations, noncompliance with which would be material to a major federal financial assistance program.

In planning and performing our audits for the year ended June 30, 1996, we considered the authority's internal control structure in order to determine our auditing procedures for the purpose of expressing our opinion on the authority's general purpose financial statements and on its compliance with requirements applicable to major programs, and to report on the internal control structure in accordance with OMB Circular A-128. This report addresses our consideration of internal control structure policies and procedures relevant to compliance with requirements applicable to federal financial assistance programs. We have addressed internal control structure policies and procedures relevant to our audit of the general purpose financial statements in a separate report dated November 7, 1996.

The management of Housing Authority of the Town of Arcadia is responsible for establishing and maintaining an internal control structure. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures. The objectives of an internal control structure are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of general purpose financial statements in accordance with generally accepted accounting principles, and that federal financial assistance programs are managed in compliance with applicable laws and regulations. Because of inherent limitations in any internal control structure, errors, irregularities, or instances of noncompliance may nevertheless occur and not be detected. Also, projection of any evaluation of the structure to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the effectiveness of the design and operation of policies and procedures may deteriorate.

For the purpose of this report, we have classified the significant internal control structure policies and procedures used in administering federal financial assistance programs in the following categories:

Activity Cycles

Treasury or financing
Revenue/receipts
Purchases/disbursements
External financial reporting
Payroll/personnel

General Requirements

Political activity
Davis-Bacon Act
Civil rights
Cash management
Federal financial reports
Allowable costs/cost principles
Drug-free workplace
Administrative requirements

Specific Requirements

Types of services allowed or unallowed Eligibility Reporting Cost allocation

Claims for Advances and Reimbursements

For all of the internal control structure categories listed above, we obtained an understanding of the design of relevant policies and procedures and determined whether they have been placed in operation, and we assessed control risk.

During the year ended June 30, 1996, Housing Authority of the Town of Arcadia expended 89 percent of its total federal financial assistance under major federal financial assistance programs.

We performed tests of controls, as required by OMB Circular A-128, to evaluate the effectiveness of the design and operation of internal control structure policies and procedures that we considered relevant to preventing or detecting material noncompliance with specific requirements, general requirements, and requirements governing claims for advances and reimbursements and amounts claimed or used for matching that are applicable to each of the authority's major federal financial assistance programs, which are identified in the accompanying schedule of federal financial assistance. Our procedures were less in scope than would be necessary to render an opinion on these internal control structure policies and procedures. Accordingly, we do not express such an opinion.

We noted certain matters involving the internal control structure and its operation that we consider to be reportable conditions under standards established by the American Institute of Certified Public Accountants. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control structure that, in our judgment, could adversely affect the authority's ability to administer federal financial assistance programs in accordance with applicable laws and regulations.

Our study of the authority's internal control structure disclosed a reportable condition in internal controls relating to segregation of duties. Due to its limited size, the entity does not have the personnel to adequately separate the internal accounting control duties. The segregation of duties is a decision that must be made by management on a cost-benefit basis. Management must determine if the costs of implementing an adequate internal control system will outweigh the benefits derived from such a system. This reportable condition is inherent in all small entities, and should not be construed as a failure in proper management. We concur with management's opinion that the costs incurred to implement an adequate internal control system would exceed the benefits derived from such a system. Consequently, this should not be considered a controlled audit finding. Our study of the authority's internal control structure and its operation disclosed reportable conditions relating to equipment records, bids on CIAP contracts, tenant files, budget overruns, PHMAP assessment factors, and vacation and sick leave records which are disclosed in the accompanying schedule of findings and questioned costs.

Independent Auditors' Report

Board of Commissioners Housing Authority of the Town of Arcadia Dance Circle Arcadia, LA 71001

We have audited the accompanying general purpose financial statements of Housing Authority of the Town of Arcadia as of June 30, 1996, and for the year then ended. These general purpose financial statements and the supplemental financial information and supplemental financial information - statutory basis referred to below are the responsibility of the authority's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards and Government Auditing Standards issued by the Comptroller of the United States, and the provisions of Office of Management and Budget (OMB) Circular A-128, "Audits of State and Local Governments". Those standards and OMB Circular A-128 require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note 1 to the financial statements, in the current year the authority implemented financial reporting under generally accepted accounting principles and discontinued regulatory basis financial reporting.

In our opinion, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of Housing Authority of the Town of Arcadia as of June 30, 1996, and the results of its operations for the year then ended in conformity with generally accepted accounting principles.

In accordance with Government Auditing Standards, we have also issued a report dated November 7, 1996 on our consideration of Housing Authority of the Town of Arcadia's internal control structure and a report dated November 7, 1996 on its compliance with laws and regulations.

Our audit was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The accompanying financial information listed as supplemental financial information and supplemental financial information – statutory basis in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements of Housing Authority of the Town of Arcadia. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly presented in all material respects in relation to the financial statements taken as a whole. As described in Note 1, the supplemental financial information – statutory basis was prepared in conformity with the accounting practices prescribed by the U.S. Department of Housing and Urban Development, which is a comprehensive basis of accounting other than generally accepted accounting principles. Such supplemental financial information - statutory basis has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly presented in all material respects in conformity with the comprehensive basis of accounting described in Note 1.

Notes to the Financial Statements (Continued)
June 30, 1996

All fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated assets are valued at their estimated fair value on the date donated. The entity does capitalize any "infrastructure" assets (streets, curbs, sidewalks, drainage system, and similar assets that are immovable) which are paid for by the entity. During project development, interest expenditures were capitalized under pre-1987 financing arrangements. Post-1986 capital projects are being financed by grants from HUD. Consequently, there are no interest expenditures to capitalize. Subsequent to financed developments, interest expenditures are not accrued but are recorded when paid.

Long-term liabilities expected to be financed from governmental fund types are accounted for in the General Long-Term Debt Account Group. Expenditures related to such debt are reflected in the Debt Service Fund.

The two above-named account groups are not "funds". They are concerned only with the measurement of financial position. They are not involved with the measurement of results of operations.

4. <u>Basis of accounting</u>. All governmental fund types are accounted for using the modified accrual basis of accounting. Their revenues are recognized when they become measurable and available as net current assets. All significant revenue sources are susceptible to accrual.

Expenditures in governmental fund types are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. Exceptions to this general rule include: (1) accumulated unpaid vacation and sick pay which are not accrued, and (2) principal and interest on general long-term debt which is recognized when due.

The entity does not utilize encumbrance accounting.

In the current year, the authority implemented financial reporting under generally accepted accounting principles and discontinued regulatory basis reporting.

- 5. <u>Supplemental financial information statutory basis</u>. The supplemental financial information statutory basis has been prepared in conformity with the accounting practices prescribed by HUD, which differ from generally accepted accounting principles as follows:
 - a. Governmental fund accounting principles are not utilized.
 - b. Annual Contributions and subsidies earned and/or received from HUD are recorded as contributions to surplus and are not included in the Statement of Income and Expenses.
 - c. Items of routinely recurring expenses are recognized when paid and are therefore not accrued.
 - d. Premiums and/or discounts on bonds are recognized in income or expense in the year bonds are sold.
 - e. The cost of accumulated unpaid vacation and sick leave is not accrued.
 - f. Financial statement formats vary from GAAP.
 - g. The entity does not utilize encumbrance accounting.
 - h. Expenditures under HUD's Comprehensive Improvements Assistance Program (CIAP) and similar forerunner programs are fully capitalized, notwithstanding the fact that expenditures are normally a mixture of repairs, replacements and improvements. Consequently, some amounts represented as Fixed Assets may include costs substantially in excess of value.
 - During project development, interest expenditures are capitalized under pre-1987 financing agreements. Post-1986 capital projects are being financed by grants from HUD. Consequently, there are no interest expenditures to capitalize. Subsequent to completion of Pre-1987 financed developments, interest expenditures are not accrued but are recognized when paid.

Notes to the Financial Statements June 30, 1996

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. <u>Organization</u>. The entity is chartered as a public corporation for the purpose of administering housing programs for low income families.

Under the United States Housing Act of 1937, as amended, the U.S. Department of Housing and Urban Development (HUD) has direct responsibility for administering low income housing programs in the United States. Accordingly, HUD has contracted with the entity to administer certain HUD funds.

B. <u>Financial reporting</u>. The financial reporting policies of the entity conform to generally accepted accounting principles.

Specific accounting policies. The following is a summary of significant accounting policies:

- Financial reporting entity. The entity is a public corporation, legally separate and fiscally independent. As required by generally accepted accounting principles, these financial statements present the financial position and results of operations of Housing Authority of the Town of Arcadia, a primary government. There are no component units to be included herewith, but this report does include all funds, account groups, and programs which are controlled by the entity's governing body.
- Fund accounting. The accounts of the entity are organized on the basis of funds or account groups, each of which is considered to be a separate accounting unit. The operations of each fund are reported as a separate set of self-balancing accounts which are comprised of each fund's assets, liabilities, fund equity, revenues, and expenditures or expenses, as appropriate. Resources are allocated to and for individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds are grouped, in the financial statements in this report, into one generic fund type (governmental) and the following broad fund categories:

Governmental Fund Types

Special revenue fund - The special revenue funds are used to account for specific revenue sources (other than major capital projects) that are legally restricted to expenditures for specified purposes.

Debt service fund - The debt service fund is used to account for the accumulation of resources for, and the payment of, general long-term principal, interest, and related costs.

Capital projects fund - The capital projects fund is used to account for financial resources to be used for the acquisition, construction, and major renovation of major capital facilities.

Special reporting treatment is also applied in governmental funds when prepaid items are present to indicate that they do not represent "available spendable resources", even though they are a component of net current assets. Such amounts are offset by fund balance reserve accounts.

3. <u>Fixed assets and long-term liabilities</u>. The accounting and reporting treatment applied to fixed assets and long-term liabilities associated with a fund are determined by its measurement focus. All governmental fund types are accounted for on a spending "financial flow" measurement focus. This means that only current assets and current liabilities are generally included on their balance sheets. Their reported fund balance (net current assets) is considered a measure of "available spendable resources". Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of "available spending resources" during a period.

Fixed assets used in governmental fund type operations are accounted for in the General Fixed Assets Account Group. No depreciation has been provided on such assets.

Notes to the Financial Statements (Continued)
June 30, 1996

NOTE 3 - RESTRICTED CASH

Restricted cash consists of the following:

Debt Service Fund

Owned Housing
Program

\$ 2,246.89

NOTE 4 - INTERFUND RECEIVABLES AND PAYABLES

The following schedule as of June 30, 1996 represents interfund receivables and payables:

Fund Type	In Re	nterfund Payables		
Special Revenue: Owned Housing	\$	100.00 0.00	\$	0.00 100.00
Capital Projects Total	\$	100.00	\$	100.00

NOTE 5 - FIXED ASSETS

Changes in fixed assets are as follows:

	F	Beg. of Period		Additions	Deletions		 End of Period
Land, land impvts. Building Equipment Const. in progress	\$	238,470.45 1,484,080.73 63,900.39 13,944.75	\$ 3,650.00 13,685.00 3,740.00		\$	0.00 0.00 0.00 17.335.00	\$ 242,120.45 1,497,765.73 67,640.39 6,900.00
Total	\$	1,800,396.32	\$	31,365.25	\$	17,335.00	\$ 1,814,426.57

Construction in progress is composed of expenditures related to major renovation of certain buildings owned by the entity, said renovation having a planned total cost of \$150,000.00 to be fully financed by grants from HUD.

All land and buildings are encumbered by a Declaration of Trust in favor of the United States of America as security for obligations guaranteed by the federal government and to protect other interests of the federal government.

Notes to the Financial Statements (Continued) June 30, 1996

NOTE 6 - FIXED LIABILITIES

Fixed liabilities consist of the following:

Interest		Principal
Rate		Balance
3.375%	\$	202,389.30
5.000%		495,911.90
	\$	698,301.20
	Rate 3.375%	Rate 3.375% \$ 5.000%

The bonds mature in series annually in varying amounts with the final maturity date in 2012. All required debt service to maturity on the bonds, including principal and interest, is payable by HUD under a debt service contract with the entity.

Changes in fixed liabilities are as follows:

	Bonas
Bal., beg. of period	\$ 736,861.43
Principal retirement	(38,560.23)
Bal., end of period	\$ 698,301.20

Scheduled retirements of fixed liabilities are as follows:

	Bonds	Interest	Total
Within one year	\$ 41,880.12	\$ 31,476.23	\$ 73,356.35
Within second year	41,880.12	29,708.93	71,589.05
Within third year	44,210.23	27,941.63	72,151.86
Within fourth year	46,540.34	26,079.60	72,619.94
Within fifth year	47,179.58	24,122.85	71,302.43
Thereafter	476,610.81	130,232.21	606,843.02

NOTE 7 - CONTINGENCIES

The entity is subject to possible examinations made by federal regulators who determine compliance with terms, conditions, laws and regulations governing grants given to the entity in the current and prior years. These examinations may result in required refunds by the entity to federal grantors and/or program beneficiaries.

Independent Auditors' Schedule of Findings and Questioned Costs (Continued)
For the Year Ended June 30, 1996

Questioned Costs

4. BUDGET OVERRUNS IN CONTROLLED ACCOUNT(S)

.00

<u>Finding</u>

Section 407 (H) of Terms and Conditions, Part Two of the Annual Contributions Contract states that the Authority shall not incur expenditures in excess of the approved budgeted amounts for controlled accounts. A review of the Authority's financial statements revealed the following budget overruns after consideration of audit adjustments:

Actuał Expenditu		Budgeted Expenditures	Amount Exceeding Budget
a. Administration Expense	\$ 46,581.61	\$ 41,440.00	\$ 5,141.61
b. Routine Expenditures	166,667.33	166,550.00	117.33
c. Nonroutine Expenses	4,018.40	2,780.00	1,238.40
d. Operating Expenditures	170,685.73	169,330.00	1,355.73

Recommendation

Monthly reviews of financial statements should be made to monitor spending so as to not exceed budget categories. If circumstances warrant, the Authority should consider a revision to their operating budget.

Reply

We will do so.

5. PHMAP ASSESSMENT FACTORS

.00

Finding

HUD Notice PIH 96-32 requires auditors to review several PHMAP indicators as reported to HUD with the supporting documentation. We noted the PHA was unable to supply sufficient data to recompute indicators 5, 6, and 7. Furthermore, our computation for indicator 1 varied slightly from the PHA submitted data - 16% for "Actual vacancy percent for the reporting month". Also, two items were not completed for HUD - 50072. We noted the Board's PHMAP approval per the minutes was October 3, 1996, which is after the HUD mandated 90 day submission period for the PHMAP report.

Recommendation

Review the requirements of HUD Notice PIH 96-32 and comply with its directives.

Reply

We will do so. Prior to June 30, 1996, we implemented numerous systems required to track the data needed. However, these systems were not in place for the entire year; consequently, this required data will be available when we submit our PHMAP report FYE June 30, 1997.

Independent Auditors' Schedule of Findings and Questioned Costs (Continued) For the Year Ended June 30, 1996

Questioned Costs

6. VACATION AND SICK LEAVE RECORDS

.00

Finding

The PHA's personnel policy outlines the policies with regard to paid annual leave and compensation for sick leave. The PHA is not currently accumulating data in sufficient detail to determine the carryover for annual leave and sick leave.

Recommendation

Complete and carry forward the data on each individual employee's monthly time record the accumulated annual leave and sick time.

Reply

We will do so.

Independent Auditors' General Comments June 30, 1996

- 1. The PHA administers the following programs: 120 units of public housing and various CIAP programs.
- 2. The prior audit contained three findings:

Finding

- (a) Equipment records not maintained in accordance with Low Rent Housing Handbook RHM 7510.1, Chapter 7.
- (b) Tenant file problems
- (c) Budget overruns

Resolution

- (a) Progress has been made, but compliance has not been achieved. See current audit finding #1.
- (b) Continued problems. See current audit finding #3.
- (c) Continued budget overruns. See current audit finding #4.

.00

Finding

For adequate internal accounting control over nonexpendable equipment, Low Rent Housing Handbook RHM 7510.1, Chapter 7, requires that the fixed asset accounts for nonexpendable equipment shall be supported by equipment records, and these detail records should balance to the accounts in the General Ledger property accounts.

The detail property and equipment records do not balance with the General Ledger. Items purchased during the current executive director's tenure are included with a price, but items acquired prior to the current executive director's tenure are listed without a price.

Recommendation

The detail equipment records should be prepared and brought into balance with the General Ledger. PHA Accounting Handbook explains HUD record keeping requirements for equipment.

Reply

We will do so.

2. CIAP CONTRACT EXECUTED WITHOUT COMPETITIVE BIDS

3,400.00

<u>Finding</u>

PHA Procurement Policy requires solicitation of competitive bids for purchases of over \$1,000. When screens were purchased under the CIAP program, the PHA did not advertise for bids.

Recommendation

Comply with the procurement policy.

Reply

We were unaware of any other providers for this service locally. In the future, we will advertise as called for under the procurement policy.

3. TENANT FILES

.00

Finding

Based on five (5) files selected, we noted three (3) files were not subjected to the mandatory annual eligibility re-examination, and all five files lacked documentation regarding compliance with completing HUD 50058 and submitting 50058 data to the HUD processing center.

Recommendation

A thorough review of tenants' files should be made for the purpose of eliminating the deficiencies.
