Independent Auditor's Report

Board of Directors
Consolidated Gravity Drainage Dist. No. 1
of Jefferson Davis Parish
Jennings, Louisiana

I have audited the accompanying general purpose financial statements of the Consolidated Gravity Drainage Dist. No. 1 Jefferson Davis Parish as of and for the year ended December 31, 1995. These general purpose financial statements are the responsibility of the District's management. My responsibility is to express an opinion on these general purpose financial statements based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general purpose financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Consolidated Gravity Drainage Dist. No. 1 of Jefferson Davis Parish as of December 31, 1995, and the results of its operations and the cash flows of its fund type for the year then ended in conformity with generally accepted accounting principles.

CONSOLIDATED GRAVITY DRAINAGE DISTRICT NO. 1
OF JEFFERSON DAVIS PARISH
JENNINGS, LOUISIANA

Notes to the Financial Statements
For the Year Ended December 31, 1995

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Consolidated Gravity Drainage District No. 1 of Jefferson Davis Parish is a political subdivision of the State of Louisiana and also a component unit of the Jefferson Davis Parish Police Jury.

In April of 1984, the Financial Accounting Foundation established the Governmental Accounting Standards Board (GASB) to promulgate generally accepted accounting principles and reporting standards with respect to activities and transactions of state and local governments. In November of 1984, the GASB issued a codification of governmental accounting and financial reporting standards. This codification is recognized as generally accepted accounting principles for state and local governments.

A. FUND ACCOUNTING

The accounts of the Consolidated Gravity Drainage District No. 1 of Jefferson Davis Parish are organized on the basis of one fund, the general fund. The operations of the fund is accounted for with a separate set of self-balancing accounts that comprises its assets, liabilities, fund equity, revenues, and expenditures of expenses. Revenues are accounted for in the individual fund based upon the purpose for which they are to be spent and the means by which spending activities are controlled. The fund presented in the financial statements are described as follows:

General Fund:

The General Fund is the general operating fund of the Consolidated Gravity Drainage District No. 1 of Jefferson Davis Parish. It is used to account for all financial resources except those required to be accounted for in other funds.

B. FIXED ASSETS AND LONG-TERM OBLIGATIONS

Fixed assets used in governmental fund type operations (general fixed assets) are accounted for in the general fixed assets account group, rather than in governmental funds. The Consolidated Gravity Drainage District No. 1 of Jefferson Davis Parish has no fixed assets or long-term liability.

C. BASIS OF ACCOUNTING

Basis of accounting refers to when revenues and expenditures or expenses are recognized and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The governmental funds, are reported on the modified accrual basis of accounting utilizing the following practices in recording revenues and expenditures:

Revenues are recognized in the accounting period in which they become both measurable and available to finance expenditures of the fiscal period.

Expenditures are measurable and should be recorded when the related liability is incurred.

D. BUDGETARY PRACTICES

The Consolidated Gravity Drainage District No. 1 of Jefferson Davis Parish utilized the following budgetary practices:

1. The Secretary-Treasurer prepares an operating budget and submits this budget to the board members for approval and adoption.
2. Meetings are held monthly and they are open to the public. The budget was adopted at a public meeting.
3. Budgets are adopted on a basis consistent with generally accepted accounting principles (GAAP).

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH
LAWS AND REGULATIONS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS

To Consolidated Gravity Drainage District No. 1
of Jefferson Davis Parish
Jennings, Louisiana

I have audited the general purpose financial statements of Consolidated Gravity Drainage District No. 1 of Jefferson Davis Parish, as of the year ended December 31, 1995 and have issued my report thereon dated June 14, 1996.

I conducted my audit in accordance with generally accepted auditing standards, Government Auditing Standards, issued by the Comptroller General of the United States, and the provisions of the Office of Management and Budget Circular A-128, "Audits of State and Local Governments." Those standards and OMB Circular A-128 require that I plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement.

Compliance with laws, regulations, contracts and grants applicable to Consolidated Gravity Drainage District No. 1 of Jefferson Davis Parish, is the responsibility of District's management. As part of obtaining reasonable assurance about whether the general purpose financial statements are free of material misstatement, I performed tests of the District's compliance with certain provisions of laws, regulations, contracts, and grants. However, my objective was not to provide an opinion on overall compliance with such provisions.

The results of my tests indicate that, with respect to the items tested, Consolidated Gravity Drainage District No. 1 of Jefferson Davis Parish, complied, in all material respects, with the provisions referred to in the preceding paragraph. With respect to items not tested, nothing came to my attention that caused me to believe that the District had not complied, in all material respects, with those provisions.

This report is intended for the information of the audit committee, management, and Consolidated Gravity Drainage District No. 1 of Jefferson Davis Parish. This restriction is not intended to limit distribution of this report, which is a matter of public record.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL
STRUCTURE RELATED MATTERS NOTED IN A FINANCIAL
STATEMENT AUDIT CONDUCTED IN ACCORDANCE
WITH GOVERNMENT AUDITING STANDARDS

To Consolidated Gravity Drainage District No. 1
of Jefferson Davis Parish
Jennings, Louisiana

I have audited the general purpose financial statements of Consolidated Gravity Drainage District No. 1 of Jefferson Davis Parish for the year ended December 31, 1995, and have issued my report thereon dated June 14, 1996.

I conducted my audit in accordance with generally accepted auditing standards, Government Auditing Standards, issued by the Comptroller General of the United States, and the provisions of the Office of Management and Budget Circular A-128, "Audits of State and Local Governments." Those standards and OMB Circular A-128 require that I plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement.

In planning and performing my audit of the general purpose financial statements of Consolidated Gravity Drainage District No. 1 of Jefferson Davis Parish for the year ended December 31, 1995, I considered its internal control structure in order to determine my auditing procedures for the purpose of expressing my opinion on the general purpose financial statements and not to provide assurance on the internal control structure.

The management of Consolidated Gravity Drainage District No. 1 of Jefferson Davis Parish, is responsible for establishing and maintaining an internal control structure. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures. The objectives of an internal control structure are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Because of inherent limitations in any internal control structure, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of the structure to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the effectiveness of the design and operation of policies and procedures may deteriorate.

For the purpose of this report, I have classified the significant internal control structure policies and procedures in the following categories: (1) the control environment, (2) the accounting system and (3) control procedures.
