.

	Authorized <u>Millage</u>	Levied <u>Millage</u>	Expiration <u>Date</u>
General (maintenance)	4.00	7.22	1998
Debt service	Variable	.40	2009

The difference between authorized and levied millage is the result of reassessments of taxable property required by Article 7, Section 18 of the Louisiana Constitution of 1974.

The following are the principal taxpayers for the parish and their 1996 assessed valuation (amounts expressed in thousands):

Assessed Valuation Percent 1996 of Total

Trident NGL, Incorporated	\$8,071	6.33%
Natural Gas Pipeline Company of America	7,840	6.15%
ANR Pipeline Company	7,678	6.02%
Transcontinental Gas Pipeline	4,173	3.27%
Texas Eastern Transmission Corporation	3,722	2.92%
Amoco	3,496	2.74%
Higman Towing	3,038	2.38%
Tenneco	3,031	2.37%
NGC Energy, Incorporated	2,802	2.20%
Cameron Telephone Company	2,013	1.58%
Total	<u>\$45,864</u>	35.96%

3. **RECEIVABLES**

At December 31, 1996, the district has receivables of \$140,443, as follows:

	Current	Restricted	
	Assets	Assets	<u>Total</u>
Sewerage fees		\$22,346	\$22,346
Ad valorem taxes	\$110,501	6,122	116,623
State revenue sharing	1,474		1,474

SEWERAGE DISTRICT NO. 1 OF CAMERON PARISH Cameron, Louisiana Independent Auditor's Report on Internal Control Structure December 31, 1996

In planning and performing my audit of the general purpose financial statements of Sewerage District No. 1 of Cameron Parish, for the year ended December 31, 1996, I obtained an understanding of the internal control structure. With respect to the internal control structure, I obtained an understanding of the design of relevant policies and procedures and whether they have been placed in operation, and I assessed control risk in order to determine my auditing procedures for the purpose of expressing my opinion on the general purpose financial statements and not to provide an opinion on the internal control structure. Accordingly, I do not express such an opinion.

I noted the following matter involving the internal control structure and its operation which I consider to be a reportable condition under standards established by the American Institute of Certified Public Accountants. Reportable conditions involve matters coming to my attention relating to significant deficiencies in the design or operation of the internal control structure that, in my judgment, could adversely affect the district's ability to record, process, summarize, and report financial data consistent with the assertions of management in the general purpose financial statements.

Payment for Compensatory Time Exceeded Amount Supported by Records

Finding: The superintendent of Cameron Parish Sewerage District No. 1 and Cameron Parish Waterworks District No. 1, was paid for his compensatory time earned in accordance with the policy adopted by Cameron Parish Sewerage and Water Board for District No. 1 in December 1996. Upon an examination of the documentation supporting the compensatory time payment, it was determined the superintendent was paid for 549 hours at \$16.94 per hour or \$9,300.06 (\$3,100.02 was paid from the sewerage district and \$6,200.04 was paid from the waterworks district). The superintendent should have been paid for 422 hours at \$15.63 per hour or \$6,595.86. The superintendent was paid \$2,704.50 in excess of what he was entitled to receive. Several mathematical errors had been made in the compensatory time records and the secretary used the incorrect rate of pay per hour. Proper internal control dictates that evidence be present to support management's assertion that expenditures are for compensatory time earned. Errors in the compensatory time records precludes the district from providing such documentation.

Recommendation: I recommend the district seek repayment of the \$2,704.50 paid in excess to the superintendent.

-30-

SEWERAGE DISTRICT NO. 1 OF CAMERON PARISH Cameron, Louisiana Independent Auditor's Report on Internal Control Structure December 31, 1996

Management's Response: The board stated that the superintendent will repay the funds he received in error.

A material weakness is a reportable condition in which the design or operation of one or more of the specific internal control elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the general purpose financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

My consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are considered to be material weaknesses as defined above. However, I do not consider the reportable condition described above to be a material weakness.

This report is intended for the information of the board of commissioners of Sewerage District No. 1 of Cameron Parish and interested state and federal agencies. This is not intended to limit the distribution of this report, which is a matter of public record.

ACCOUNTANTS

PRACTICE LIMITED TO

Independent Auditor's Report on Internal Control Structure Used in Administering Federal Financial Assistance Programs

SEWERAGE DISTRICT NO. 1 OF CAMERON PARISH Cameron, Louisiana

I have audited the general purpose financial statements of Sewerage District No. 1 of Cameron Parish, a component unit of the Cameron Parish Police Jury, as of December 31, 1996, and for the year then ended, and have issued my report thereon dated May 12, 1997.

GOVERNMENTAL

ACCOUNTING, AUDITING

AND FINANCIAL REPORTING

I conducted my audit in accordance with general accepted auditing standards; *Government Auditing Standards*, issued by the Comptroller General of the United States; and the provisions of Office of Management and Budget Circular A-128, *Audits of State and Local Governments*. Those standards and OMB Circular A-128 require that I plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement.

In planning and performing my audit for the year ended December 31, 1996, 1 considered the internal control structure of Sewerage District No. 1 of Cameron Parish in order to determine my auditing procedures for the purpose of expressing my opinion on the general purpose financial statements and to report on the internal control structure in accordance with OMB Circular A-128. This report addresses my consideration of internal control structure policies and procedures relevant to compliance requirements applicable to federal financial assistance programs. I have addressed internal control structure policies and procedures relevant to my audit of the general purpose financial statements in a separate report dated May 12, 1997.

The management of Sewerage District No. 1 of Cameron Parish is responsible for establishing and maintaining an internal control structure. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures. The objectives of an internal control structure are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition,

116 PROFESSIONAL DRIVE,

-32-

SEWERAGE DISTRICT NO. 1
OF CAMERON PARISH
Cameron, Louisiana
Independent Auditor's Report on
Internal Control Structure, etc.
December 31, 1996

that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of general purpose financial statements in accordance with generally accepted accounting principles, and federal financial assistance programs are managed in compliance with applicable laws and regulations. Because of inherent limitations in any internal control structure, errors, irregularities, or instances of noncompliance may nevertheless occur and not be detected. Also, projection of any evaluation of the structure to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the effectiveness of the design and operation of policies and procedures may deteriorate.

For the purpose of this report, I have classified the significant internal control structure policies and procedures used in administering federal financial assistance programs in the following categories:

Accounting applications: Revenues/receipts Expenditures/disbursements General Requirement - Civil rights Specific Requirement - Reporting

For all of the internal control structure categories listed above, I obtained an understanding of the design of relevant policies and procedures and determined whether they have been placed in operation, and I assessed control risk.

During the year ended December 31, 1996, Sewerage District No. 1 of Cameron Parish expended no federal funds. Its only federal program, Water and Waste Disposal Systems for Rural Communities (CFDA No. 10.418), consists of repayment of a construction loan received in 1969. The loan balance at December 31, 1996, is \$323,000.

I performed tests of controls, as required by OMB Circular A-128, to evaluate the effectiveness of the design and operation of internal control structure policies and procedures that I considered relevant to preventing or detecting material noncompliance with general requirements and specific requirements that are applicable to the district's nonmajor federal financial assistance program. My procedures were less in scope than would be necessary to render an opinion on these internal control structure policies and procedures. Accordingly, I do not express such an opinion.

SEWERAGE DISTRICT NO. 1 OF CAMERON PARISH Cameron, Louisiana Independent Auditor's Report on Internal Control Structure, etc. December 31, 1996

My consideration of the internal control structure policies and procedures used in administering federal financial assistance would not necessarily disclose all matters in the internal control structure that might constitute material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a reportable condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material to a federal financial assistance program may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. I noted no matters involving the internal control structure and its operation that I consider to be material weaknesses as defined above.

This report is intended for the information of the board of commissioners of Sewerage District No. 1 of Cameron Parish and interested federal and state agencies. This is not intended to limit the distribution of this report, which is a matter of public record.

West Monroe, Louisiana May 12, 1997

-34-

- 2. Organizations for which the police jury does not appoint a voting majority but are fiscally dependent on the police jury.
- 3. Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

Because the police jury appoints all board members of the district and can impose its will on the district, the district was determined to be a component unit of the Cameron Parish Police Jury, the financial reporting entity. The accompanying financial statements present information only on the funds maintained by the district and do not present information on the police jury, the general government services provided by that governmental unit, or the other governmental units that comprise the financial reporting entity.

B. FUND ACCOUNTING

Sewerage District No. 1 of Cameron Parish is organized and operated on a fund basis whereby a self-balancing set of accounts (Enterprise Fund) is maintained that comprises its assets, liabilities, fund equity, revenues and expenses. The operations are financed and operated in a manner similar to a private business enterprise, where the intent of the governing body is that the cost (expenses, including depreciation) of providing services on a continuing basis be financed or recovered primarily through user charges.

C. FIXED ASSETS

Fixed assets of the district are included on the balance sheet of the fund. Depreciation of all exhaustible fixed assets are charged as an expense against operations. Depreciation is computed using the straight-line method over the estimated useful lives of the assets, which is 3 to 10 years for equipment, 25 years for buildings, and 40 years for the sewerage system.

D. BASIS OF ACCOUNTING

Basis of accounting refers to when revenues and expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing

-10-

Federal deposit insurance Pledged securities (uncollateralized)

\$216,296 __<u>100,937</u>_

Total

\$317,233

Because the pledged securities are held by a custodial bank in the name of the fiscal agent bank rather than the name of the district, they are considered uncollateralized (Category 3) under the provisions of GASB Codification C20.106; however, Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the district that the fiscal agent has failed to pay deposited funds upon demand.

For the purposes of the Statements of Cash Flows, cash equivalents includes all highly liquid investments (certificates of deposit and money market accounts) with a maturity date of three months or less when purchased.

F. COMPENSATED ABSENCES

Employees may accumulate from 5 to 25 days of vacation leave, depending on their length of service with the district. Vacation leave can be accumulated without limitation. Upon resignation or retirement, unused vacation leave is paid to the employee at the employee's current rate of pay. Employees may accumulate 12 to 18 days of sick leave each year, depending on their length of service. Sick leave may be accumulated without limitation. Any unused sick leave is forfeited by the employee at time of resignation. Upon retirement, unused sick leave is used to compute retirement benefits.

The cost of leave privileges, computed in accordance with the GASB Codification Section C60, is recorded as a long-term liability on the balance sheet of the Enterprise Fund. The cost of leave privileges, computed in accordance with the preceding codification, is recognized as a current year expense of the Enterprise Fund when leave is earned.

2. LEVIED TAXES

The following is a summary of authorized and levied ad valorem taxes:

Accounting, Auditing

AND FINANCIAL REPORTING

I have audited the general purpose financial statements of Sewerage District No. 1 of Cameron Parish, a component unit of the Cameron Parish Police Jury, as of December 31, 1996, and for the year then ended, and have issued my report thereon dated May 12, 1997.

In connection with my audit of the general purpose financial statements of Sewerage District No. 1 of Cameron Parish and with my consideration of the district's control structure used to administer federal financial assistance programs, as required by Office of Management and Budget Circular A-128, *Audits of State and Local Governments*, I selected certain transactions applicable to the nonmajor federal financial assistance program for the year ended December 31, 1996. As required by OMB Circular A-128, I have performed auditing procedures to test compliance with the requirement governing reporting that is applicable to those transactions. My procedures were substantially less in scope than an audit, the objective of which is the expression of an opinion on Sewerage District No. 1 of Cameron Parish's compliance with that requirement. Accordingly, I do not express such an opinion.

116 PROFESSIONAL DRIVE,

WEST MONROE,

LOUISIANA 71291

1.800.541.5020

FAX 318.324.1630

With respect to the items tested, the results of those procedures disclosed that Sewerage District No. 1 of Cameron Parish, complied with the requirements listed in the preceding paragraph, except as follows:

The district has no allowance for bad debts. Receivables for sewer fees are written off when they are deemed uncollectible. When a customer is more than 60 days in arrears, sewerage service is discontinued.

4. FIXED ASSETS

A summary of fixed assets at December 31, 1996, follows:

		Accumulated	
	Cost	Depreciation	Total
Land	\$42,000		\$42,000
Buildings and equipment	63,612	(\$37,294)	26,318
Sewerage system	3,086,352	(904,045)	2,182,307
Total	\$3,191,964	(\$941,339)	\$2,250,625

5. PENSION PLAN

Substantially all employees of the sewerage district are members of the Parochial Employees Retirement System of Louisiana (System), a multiple-employer (cost-sharing), defined benefit pension plan administered by a separate board of trustees. The System is composed of two distinct plans, Plan A and Plan B, with separate assets and benefit provisions. Employees of the district are members of Plan A.

All permanent employees working at least 28 hours per week who are paid wholly or in part from parish funds and all elected parish officials are eligible to participate in the System. Under Plan A, employees who retire at or after age 60 with at least 10 years of creditable service, at or after age 55 with at least 25 years of creditable service, or at any age with at least 30 years of creditable service are entitled to a retirement benefit, payable monthly for life, equal to 3 per cent of their final-average salary for each year of creditable service. However, for those employees who were members of the supplemental plan only before January 1, 1980, the benefit is equal to one percent of final-average salary plus \$24 for each year of supplemental-plan-only service earned before January 1, 1980. Final-average salary is the employee's average salary over the 36 consecutive or joined months that produce the highest average. Employees who terminate with at least the amount of creditable service stated above and do not withdraw their employee contributions, may retire at the ages specified above and receive the benefit accrued to their date of termination. The System also provides death and disability benefits. Benefits are established or amended by state statute.

-14-

The System issues an annual publicly available financial report that includes financial statements and required supplementary information for the System. That report may be obtained by writing to the Parochial Employees' Retirement System, Post Office Box 14619, Baton Rouge, Louisiana 70898-4619, or by calling (504) 928-1361.

Under Plan A, members are required by state statute to contribute 9.5 percent of their annual covered salary and the district is required to contribute at an actuarially determined rate. The current rate is 7.25 percent of annual covered payroll. Contributions to the System also include one-fourth of one percent (except Orleans and East Baton Rouge Parishes) of the taxes shown to be collectible by the tax rolls of each parish. These tax dollars are divided between Plan A and Plan B based proportionately on the salaries of the active members of each plan. The contribution requirements of plan members and the district are established and may be amended by state statute. As provided by Louisiana Revised Statute 11:103, the employer contributions are determined by actuarial valuation and are subject to change each

year based on the results of the valuation for the prior fiscal year. The district's contributions to the System under Plan A for the years ending December 31, 1996, 1995, and 1994, were \$3,522, \$3,297, and \$2,199, respectively, equal to the required contributions for each year.

6. CHANGES IN GENERAL LONG-TERM OBLIGATIONS

The following is a summary of the long-term obligation transactions for the two years ended December 31, 1996:

	Compensated Absences	Bonded Debt	Total
Long-term obligations payable -			
January 1, 1996	\$32,327	\$341,000	\$373,327
Additions	3,488		3,488
Deductions	(4,837)	(18,000)	(22,837)
Long-term obligations payable -			
December 31, 1996	30,978	323,000	353,978
Portion classified as current	NONE	(18,000)	(18,000)
Portion Classified as Long-term	<u>\$30,978</u>	<u>\$305,000</u>	<u>\$335,978</u>

The long-term bonded debt outstanding at December 31, 1996, consists of the following individual

-15-

of the measurements made, regardless of the measurement focus applied. The Enterprise Fund is reported in the accompanying financial statements on the accrual basis of accounting. Revenues are recognized when they are earned. Ad valorem taxes and the related state revenue sharing are recorded in the year the taxes are assessed. Ad valorem taxes are assessed on a calendar year basis, become due on November 15 of each year, and become delinquent on December 31. Ad valorem taxes are generally collected in December of the current year and January and February of the ensuing year. Water service charges are levied as of the twenty-fifth day of each month, and billings are distributed to customers before the last day of each month. Amounts for unbilled services from the twenty-sixth day of the month through the end of December are considered immaterial and are not included in the accompanying financial statements. Expenses are recognized when they are incurred.

E. CASH AND CASH EQUIVALENTS

Under state law, the district may deposit funds within a fiscal agent bank organized under the laws of the State of Louisiana, the laws of any other state in the union, or the laws of the United States. The district may invest in certificates and time deposits of state banks organized under Louisiana law and national banks having principal offices in Louisiana.

At December 31, 1996, the district has cash and cash equivalents (book balances) totaling \$182,742, as follows:

(\$3,428)
117,558
68,612

Total

<u>\$182,742</u>

These deposits are stated at cost, which approximates market. Under state law, these deposits, or the resulting bank balances, must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank.

Cash and cash equivalents (bank balances) at December 31, 1996, are secured as follows:

SEWERAGE DISTRICT NO. 1 OF CAMERON PARISH Cameron, Louisiana

Notes to the Financial Statements As of and for the Year Ended December 31, 1996

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Sewerage District No. 1 of Cameron Parish was created by the Cameron Parish Police Jury, as authorized by Louisiana Revised Statute 33:3881. The district is governed by the Cameron Parish Sewerage and Water Board for District No. 1, as authorized by Act 818 of 1990. The board is comprised of seven members who are appointed by the police jury. The district is responsible for providing sewer service to users within the boundaries of the district. During 1996, the district had approximately 849 customers with a billing rate of \$15 per month.

A. REPORTING ENTITY

As the governing authority of the parish, for reporting purposes, the Cameron Parish Police Jury is the financial reporting entity for Cameron Parish. The financial reporting entity consists of (a) the primary government (police jury), (b) organizations for which the primary government is financially accountable, and [©] other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Governmental Accounting Standards Board (GASB) Statement No. 14 established criteria for determining which component units should be considered part of the Cameron Parish Police Jury for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability. This criteria includes:

- 1. Appointing a voting majority of an organization's governing body, and
 - a. The ability of the police jury to impose its will on that organization and/or
 - b. The potential for the organization to provide specific financial benefits to or impose specific financial

burdens on the police jury.

-9-

SEWERAGE DISTRICT NO. 1 OF CAMERON PARISH Cameron, Louisiana Independent Auditor's Report December 31, 1996

My audit was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The supplemental information schedules listed in the table of contents are presented for the purpose of additional analysis and are not a required part of the general purpose financial statements of Sewerage District No. 1 of Cameron Parish. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in my opinion, is fairly stated in all material respects in relation to the general purpose financial statements taken as a whole.

In accordance with Government Auditing Standards and OMB Circular A-128, I have also issued reports

dated May 12, 1997, on the Sewerage District No. 1 of Cameron Parish's compliance with laws, regulations, contracts, and grants and my consideration of the district's internal control structure.

West Monroe, Louisiana May 12, 1997

SEWERAGE DISTRICT NO. 1 OF CAMERON PARISH Cameron, Louisiana

I have audited the general purpose financial statements of Sewerage District No. 1 of

Independent Auditor's Report

GOVERNMENTAL

ACCOUNTING, AUDITING

AND FINANCIAL REPORTING

Cameron Parish, a component unit of the Cameron Parish Police Jury, as of December 31, 1996, and for the year then ended, as listed in the table of contents. These general purpose financial statements are the responsibility of Sewerage District No. 1's management. My responsibility is to express an opinion on these general purpose financial statements based on my audit.

I conducted my audit in accordance with generally accepted auditing standards; *Government Auditing Standards*, issued by the Comptroller General of the United States; and Office of Management and Budget Circular A-128, *Audits of State and Local Governments*. Those standards and OMB Circular A-128 require that I plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the general purpose financial statements referred to in the first paragraph present fairly, in all material respects, the financial position of Sewerage District No. 1 of Cameron Parish as of December 31, 1996, and the results of operations and its cash flows for the year then ended in conformity with generally accepted accounting principles.

ACCOUNTANTS

PRACTICE LIMITED TO GOVERNMENTAL ACCOUNTING, AUDITING SEWERAGE DISTRICT NO. I OF CAMERON PARISH Cameron, Louisiana

I have audited the general purpose financial statements of Sewerage District No. 1 of Cameron Parish, a component unit of the Cameron Parish Police Jury, as of December 31, 1996, and for the year then ended, and have issued my report thereon dated May 12, 1997.

Independent Auditor's Report on Internal Control Structure

AND FINANCIAL REPORTING

I conducted my audit in accordance with generally accepted auditing standards; *Government Auditing Standards*, issued by the Comptroller General of the United States; and the provisions of Office of Management and Budget Circular A-128, *Audits of State and Local Governments*. Those standards and OMB Circular A-128 require that I plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement.

The management of Sewerage District No. 1 of Cameron Parish is responsible for establishing an internal control structure. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures. The objectives of an internal control structure are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of general purpose financial statements in accordance with generally accepted accounting principles. Because of inherent limitations in any internal control structure, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of the structure to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the effectiveness of the design and operation of policies and procedures may deteriorate.

maximum use of the sewerage system, for unusual or extraordinary maintenance, repairs, replacements, renovations, furnishings and equipment for the system, not paid as part of ordinary operations. The deposits may also be used for the prevention or correction of unusual damages to the system which are not covered by insurance. The balance in the account at December 31, 1996, is \$18,330.

D. A "Surplus Account". At the end of each year, any surplus from operations for the year shall first be used to make up any deficiencies in the Sewerage Bond Revenue Account. Any remaining deposits in the account may be used to make up deficiencies in the Sewerage Bond and Interest Account and the Sewerage Depreciation Account. The balance in the account at December 31, 1996, is \$13,790.

SEWERAGE DISTRICT NO. 1 OF CAMERON PARISH Cameron, Louisiana Independent Auditor's Report on Compliance With Specific Requirements Applicable to Nonmajor Federal Programs, etc. December 31, 1996

Compliance with Requirements of Loan Agreement

Finding: The district did not comply with certain terms of the loan agreement between the district and the United States Department of Agriculture, Farmers Home Administration. Farmers Home Administration, as provided by the Water and Waste Disposal Systems for Rural Communities Loan Program (CFDA No. 10.418), loaned the district funds to construct and/or acquire extensions and improvements to the sewerage system. As a condition of the loan, the Farmers Home Administration established certain requirements with which the district must comply. For the year ended December 31, 1996, the district did not comply with Section 4.06 of the loan agreement. This section requires the district to deposit in the sewerage bond interest account, on or before December 15 of each year, the amount of principal and interest due January 1 of the next year. For the payment due January 1, 1997, a deposit was not made into the sewerage bond interest account until January 15, 1997. The deposit was made after the payment due was mailed to Farmers Home Administration.

Recommendation: The district should make the transfers to the sewerage bond interest account by December 15 as required by Section 4.06 of the loan agreement.

Management's Response: The board stated that they will comply with Section 4.06 of the loan agreement in the future.

This report is intended for the information of the board of commissioners of Sewerage District No. 1 of Cameron Parish and interested federal agencies. This is not intended to limit distribution of this report, which is a matter of public record.

SEWERAGE DISTRICT NO. 1 OF CAMERON PARISH Cameron, Louisiana

SUPPLEMENTAL INFORMATION SCHEDULES For the Year Ended December 31, 1996

PER DIEM PAID COMMISSIONERS

The schedule of per diem paid to commissioners is presented in compliance with House Concurrent Resolution No. 54 of the 1979 Session of the Louisiana Legislature.

As provided by Louisiana Revised Statutes 33:3819 and 33:4067, Sewerage District No. 1 of Cameron Parish commissioners received \$60 for each meeting attended. Act 818 of 1990 (Louisiana Revised Statute 33:4067) created the Cameron Parish Sewerage and Water Board for District No. 1 as the governing authority of Cameron Parish Sewerage District No. 1 and Cameron Parish Waterworks District No. 1. As reflected on the schedule of per diem paid commissioners, one half of the per diem for each meeting attended is paid out of Sewerage District No. 1 of Cameron Parish.

SCHEDULE OF INSURANCE COVERAGE

The schedule of insurance coverage for Sewerage District No. 1 of Cameron Parish is presented in accordance with the annual reporting requirements of Farmer's Home Administration. The schedule includes all insurance coverage carried by the district during the period.

Independent Auditor's Reports on Internal Control Structure and Compliance with Laws, Regulations, Contracts, and Grants

The following independent auditor's reports on internal control and compliance are presented in compliance with the requirements of *Government Auditing Standards*, issued by the Comptroller General of the United States; Office of Management and Budget Circular A-128, *Audits of State and Local Governments*; the *Single Audit Act of 1984*; and the *Louisiana Governmental Audit Guide*, issued by the Society of Louisiana Certified Public Accountants and the Louisiana Legislative Auditor.

PRACTICE LIMITED TO GOVERNMENTAL ACCOUNTING, AUDITING Independent Auditor's Report on Compliance With Laws, Regulations, Contracts, and Grants

SEWERAGE DISTRICT NO. 1 OF CAMERON PARISH Cameron, Louisiana

I have audited the general purpose financial statements of Sewerage District No. 1 of Cameron Parish, a component unit of the Cameron Parish Police Jury, as of December 31, 1996, and for the year then ended, and have issued my report thereon dated May 12, 1997.

AND FINANCIAL REPORTING

I conducted my audit in accordance with generally accepted auditing standards; *Government Auditing Standards*, issued by the Comptroller General of the United States; the provisions of Office of Management and Budget Circular A-128; and the *Louisiana Governmental Audit Guide*, issued by the Society of Louisiana Certified Public Accountants and the Louisiana Legislative Auditor. Those standards, OMB Circular A-128, and the audit guide require that I plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement.

Compliance with laws, regulations, contracts, and grants applicable to Sewerage District No. 1 of Cameron Parish is the responsibility of the district's management. As part of obtaining reasonable assurance about whether the general purpose financial statements are free of material misstatement, I performed tests of the district's compliance with certain provisions of laws, regulations, contracts, and grants. However, the objective of my audit of the general purpose financial statements was not to provide an opinion on overall compliance with such provisions. Accordingly, I do not express such an opinion.

The results of my tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

PRACTICE LIMITED TO

Independent Auditor's Report on Compliance With General Requirements Applicable to Federal Financial Assistance Programs

SEWERAGE DISTRICT NO. 1 OF CAMERON PARISH Cameron, Louisiana

I have audited the general purpose financial statements of Sewerage District No. 1 of Cameron Parish, a component unit of the Cameron Parish Police Jury, as of December 31, 1996, and for the year then ended, and have issued my report thereon dated May 12, 1997.

I have applied procedures to test Sewerage District No. 1 of Cameron Parish's compliance with the requirement governing civil rights which is applicable to its federal financial assistance program (CFDA No. 10.418) for the year ended December 31, 1996.

GOVERNMENTAL

ACCOUNTING, AUDITING

AND FINANCIAL REPORTING

My procedures were limited to the applicable procedures described in the Office of Management and Budget's *Compliance Supplement for Single Audits of State and Local Governments*. My procedures were substantially less in scope than an audit, the objective of which is the expression of an opinion on Sewerage District No. 1's compliance with the requirement listed in the preceding paragraph. Accordingly, I do not express such an opinion.

With respect to the items tested, the results of those procedures disclosed no material instances of noncompliance with the requirements listed in the second paragraph of this report. With respect to items not tested, nothing came to my attention that caused me to believe that Sewerage District No. 1 of Cameron Parish has not complied, in all material respects, with that requirement.

West Monroe, Louisiana May 12, 1997

8. **RESERVED RETAINED EARNINGS**

As reflected on Statement A, Sewerage District No. 1 of Cameron Parish has reserved retained earnings of \$207,604 at December 31, 1996. Of that amount, \$89,216 is set aside to meet the reserve requirements of the 1969 Public Improvement Revenue Bonds, as discussed in note 10. The remaining \$118,388 is reserved for the payment of non-current debt principal and interest of the 1962 Public Improvement General Obligation bonds.

9. LITIGATION AND CLAIMS

The district is not involved in any litigation at December 31, 1996, nor is it aware of any unasserted claims.

10. FEDERAL PROGRAMS

As discussed in Note 6, the district issued \$388,000 of revenue bonds in 1969. The bonds were purchased by Farmers Home Administration (CFDA No. 10.418). The debt agreement for the bonds requires the establishment of the following accounts by the district to meet reserve requirements:

- A. A "Sewerage Bond and Interest Account". The district must transfer into this account, on or before December 15, of each year, an amount equal to the principal and interest to become due on the next principal and interest payment date. The deposits in the fund are to be used solely for the payment of principal and interest payments on the bonds as they become due. The account has an overdraft of \$21,880 at December 31, 1996.
- B. A "Sewerage Revenue Bond Account". The district must transfer into this account the amount of \$65 per month until the amount in the account equals \$12,000. The deposits in the account are to be used solely for the payment of principal and interest in the event sufficient deposits are not available in the Sewerage Bond and Interest Account. The balance in the account at December 31, 1996, is \$12,000.
- C. A "Sewerage Depreciation Account". After required transfers are made to the Sewerage Bond and Interest Account and the Sewerage Revenue Bond Account, the district is required to transfer \$65 per month into this account. The deposits in this

-17-

account may be used by the district only for making up deficiencies in the Sewerage Bond and Interest Account and as may be necessary to maintain the SEWERAGE DISTRICT NO. 1 OF CAMERON PARISH Cameron, Louisiana

A. General obligation bonds - general obligation bonds are secured by the full faith and credit of Sewerage District No. 1 of Cameron Parish and financed through the levy and collection of ad valorem taxes. The 1962 Public Improvement Bonds of \$193,000 were issued to pay a portion of the costs of constructing a sewerage system for Sewerage District No. 1 of Cameron Parish. The remaining principal is due in annual installments of \$6,000 to \$13,000 through January 1, 2009, with interest at 5.00 per cent.

B. Sewerage revenue bonds - sewerage revenue bonds are secured by the pledge of income and revenues derived from fees charged for sewerage services. The 1969 Public Improvement Bonds of \$388,000 were issued to pay a portion of the costs of constructing and acquiring a complete sewerage plant system for Sewerage District No. 1 of Cameron Parish. The remaining principal is due in annual installments of \$12,000 to \$21,000 through January 1, 2009, with interest at 5.00 per cent.

The bonds were purchased by the United States Department of Agriculture Farmers Home Administration, under the Water and Waste Disposal Systems for Rural Communities Loan Program (CFDA No. 10.418).

The annual requirements to amortize all bonds outstanding at December 31, 1996, including interest of \$124,450, are as follows:

	General	Sewerage	
	Obligation	Revenue	
Year ended December 31:	Bonds	Bonds	<u>Total</u>
1997	\$11,400	\$22,750	\$34,150
1998	11,100	23,150	34,250
1999	11,800	22,500	34,300
2000	11,450	22,850	34,300
2001	11,100	23,150	34,250
2002-2009	93,150	183,050	276,200
Total	<u>\$150,000</u>	<u>\$297,450</u>	<u>\$447,450</u>

7. CONTRIBUTED CAPITAL

The sewerage district received grants of \$1,307,532 from the United States Environmental Protection Agency, \$236,000 from the Farmers Home Administration and \$1,013,998 from the Cameron Parish Police Jury over various years for construction of the sewerage system. The contributed capital is being amortized over the 50-year life of the fixed assets acquired with the contributions. At December 31, 1996, accumulated amortization is \$662,575.
