These general-purpose financial statements are the responsibility of the City Court of Thibodaux, Louisiana's management. Our responsibility is to express an opinion on these general-purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

Notes to the Financial Statements

### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City Court of Thibodaux, Louisiana was created in 1953 under General Legislative authority provided by Article 7, Section 51, of the Louisiana Constitution of 1921. In 1960, Louisiana Revised Statutes 13:1951 was passed recognizing and continuing the existence of city courts created and established pursuant to this authority. The City Court of Thibodaux, Louisiana serves the people of the City of Thibodaux, Louisiana and all of Ward 2 of the Parish of Lafourche, Louisiana.

The component unit financial statements of the City Court of Thibodaux, Louisiana has been prepared in conformity with Generally Accepted Accounting Principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant accounting policies of the City Court of Thibodaux, Louisiana are described below:

### A. Reporting Entity

City Court of Thibodaux, Louisiana is a component unit of the City of Thibodaux, Louisiana as defined by GASB 14. City Court of Thibodaux, Louisiana's judges and marshals are independently elected officials. City Court of Thibodaux, Louisiana is fiscally dependent on the City of Thibodaux, Louisiana for office space and courtrooms. The substance of the relationship between City Court of Thibodaux, Louisiana and the City of Thibodaux, Louisiana is that the City of Thibodaux, Louisiana has approval authority over its capital budget.

### B. Fund Accounting

The City Court of Thibodaux, Louisiana uses funds and account groups to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

Notes to the Financial Statements, (Continued)

### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (Continued)

### B. Fund Accounting, (Continued)

A fund is a separate accounting entity with a self-balancing set of accounts. An account group, on the other hand, is a financial reporting device designed to provide accountability for certain assets and liabilities that are not recorded in the funds because they do not directly affect net expendable available financial resources.

Funds are classified into three categories: governmental, proprietary, and fiduciary. Each category, in turn, is divided into separate "fund types". City Court of Thibodaux, Louisiana uses governmental and fiduciary funds in its operations.

Governmental funds are used to account for all or most of a government's general activities, including the collection and disbursement of earmarked monies (special revenue funds). The general fund is used to account for all activities of the general government not accounted for in some other fund.

Fiduciary funds are used to account for assets on behalf of outside parties, including other governments, or on behalf of other funds within the government. Agency funds generally are used to account for assets that the government holds on behalf of others as their agent.

Account groups are used to establish accounting control and accountability for the City Court of Thibodaux, Louisiana's general fixed assets and the unmatured principal of its general long term debt.

The general fixed assets are not financial resources available for expenditure. The unmatured principal of the general long term debt does not require an appropriation or expenditure during the current accounting period.

These account groups are not funds and do not reflect available financial resources and related liabilities.

Notes to the Financial Statements, (Continued)

### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### C. Basis of Accounting

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental funds are accounted for using a current financial resource measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet.

Operating statements of these funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets.

The modified accrual basis of accounting is used by all governmental fund types and agency funds. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period.

Court fees, fines, and other revenues are recorded when collected. Expenditures are recorded when the fund liability is incurred.

### D. Budgets

City courts are not required under state statutes to adopt a budget. The City Court of Thibodaux, Louisiana has elected not to prepare an annual budget.

Encumbrances represent commitments related to unperformed contracts for goods or services. The City Court of Thibodaux does not use an encumbrance system.

### E. Cash and Cash Equivalents

Cash includes amounts in demand deposits as well as short-term investments with a maturity date within a year of the date acquired.

Notes to the Financial Statements, (Continued)

### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (Continued)

### F. Short-Term Interfund Receivables/Payables

During the course of operations transactions occur between individual funds. These receivables and payables are classified as "due to or due from other funds" on the balance sheet.

### G. Fixed Assets

Fixed assets used in governmental fund type operations (general fixed assets), are capitalized and accounted for in the General Fixed Assets Account Group, rather than in the governmental funds. Capital acquisitions are reflected as expenditures in the governmental funds. All purchased fixed assets are valued at acquisition cost. No depreciation has been provided on general fixed assets. The cost of normal repair and maintenance that do not add to the value of the asset or do not extend asset lives are not capitalized. Various assets used by the City Court of Thibodaux, Louisiana are the property of the City of Thibodaux, Louisiana and are reflected in the General Fixed Assets Account Group of the City of Thibodaux, Louisiana. No values of these assets are reflected in the General Fixed Asset Account Group of the City Court of Thibodaux, Louisiana.

### H. Compensated Absences

Individuals who work at the City Court of Thibodaux, Louisiana office are primarily employed by the City of Thibodaux, Louisiana. No liability for compensated absences is reflected on the City Court of Thibodaux, Louisiana's financial statements. Vacation and sick leave do not accumulate.

Notes to the Financial Statements, (Continued)

### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (Continued)

### I. Total Columns on Combined Statements-Overview

The total columns on the combined statements are captioned "Memorandum Only" to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position or results of operations in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

### NOTE 2 - DEPOSITS

At year end, the carrying amount of the City Court of Thibodaux, Louisiana's deposits was \$229,507 and the bank balance was \$230,466. Under state law, these deposits (or resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on the deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. The deposits of City Court of Thibodaux, Louisiana are secured from risk by \$157,583 of federal deposit insurance and the balance by pledged securities at market value of \$271,237.

Even though the pledged securities are considered uncollateralized (Category 3) under the provisions of GASB Statement 3, Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the City Court of Thibodaux, Louisiana that the fiscal agent has failed to pay deposited funds upon demand.

# INTERNAL CONTROL AND COMPLIANCE SECTION

# STAGNI & COMPANY, LLC

EPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF GENERAL PURPOSE FINANCIAL STATEMENTS PERFORMEDIN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable David M. Richard, Judge City Court of Thibodaux, Louisiana

We have audited the general purpose financial statements and the combining, individual fund and account group financial statements of the City Court of Thibodaux, Louisiana a component unit of the City of Thibodaux Louisiana as of and for the year ended December 31, 1997, and have issued our report thereon dated January 27, 1998. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

### Compliance

As part of obtaining reasonable assurance about whether the City Court of Thibodaux's general purpose financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

### Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City Court of Thibodaux's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in

the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

This report is intended for the information of management. However, this report is a matter of public record and its distribution is not limited.
