INDEPENDENT ACCOUNTANTS' COMPILATION REPORT

To the Board of Commissioners of
Lafayetteville Volunteer Fire Department
Lafayetteville, Louisiana

We have compiled the accompanying fire protection grant financial statements of Lafayetteville Volunteer Fire Department received from Assumption Parish Police Jury, Lafayetteville, Louisiana, as of and for the year ended December 31, 1995, in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants.

A compilation is limited to presenting in the form of financial statements information that is the representation of management. We have not audited or reviewed the accompanying financial statements and, accordingly, do not express an opinion or any other form of assurance on them.

As discussed in Note A, the financial statements present only the fire protection grant from Assumption Parish Police Jury and are not intended to present fairly the financial position and results of operations of Lafayetteville Fire Department, in conformity with generally accepted accounting principles.

**NOTES TO THE FINANCIAL STATEMENTS
December 31, 1992**

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Fire Protection Grant of Labadville Volunteer Fire Department received from Assumption Parish Police Jury have been prepared in conformity with Generally Accepted Accounting Principles (GAAP) as applied to government units. The governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the fire department's accounting policies are described below.

FINANCIAL REPORTING ENTITY - On April 08, 1992, the Assumption Parish Police Jury entered into a grant agreement with Labadville Volunteer Fire Department of Assumption Parish. The fire protection grant was for the purpose of acquiring, maintaining, and operating buildings, machines, water tanks, water hydrants, water lines and any other things necessary to provide proper fire protection and control of the property within the boundaries of the department.

The volunteer fire department is a privately related quasi-public corporation that is subject to the grant provisions of its funding agency. The board members are not appointed by the police jury. The volunteer fire department is not fiscally dependent on the police jury and the nature and significance of their relationship with the police jury is not such that their exclusion would render the police jury's financial statements incomplete or misleading. Therefore, the volunteer fire department is a separate special purpose government.

The accompanying financial statements present information only on the fire protection grant received by the fire department from the Assumption Parish Police Jury and do not present information on the Police Jury, the general government services provided by that governmental unit, and other governmental units that comprise the Police Jury's reporting entity, nor any other non grant funds received by the fire department. Labadville Volunteer Fire Department of Assumption Parish has no component units.

FUND ACCOUNTING - The fire department is organized and operated on the basis of a fund and account group whereby a separate, self-balancing set of accounts is maintained that comprises its assets, liabilities, fund equity, revenues, and expenditures.

SPECIAL REVENUE FUND - The special revenue fund is used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

MEMORANDUM ONLY TOTAL COLUMN - The total column on the balance sheet is captioned Memorandum Only (overview) to indicate that it is presented only to facilitate financial analysis. Data in this column does not present financial position in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation.

BASIS OF ACCOUNTING - Basis of accounting refers to when revenues and expenditures are recognized and reported in the financial statements. Basis of accounting refers to the timing of the measurements made, regardless of the measurement basis applied. The fire department's records are maintained on a cash basis of accounting. However, the fund, as reported in the accompanying financial statements, has been converted to a modified accrual basis of accounting using the following practice in recording revenues and expenditures:

**FIRE PROTECTION GRANT OF
LAFAYETTEVILLE VOLUNTEER FIRE DEPARTMENT
(RECEIVED FROM ASSUMPTION PARISH POLICE JURY)
Lafayetteville, Louisiana**

**NOTES TO THE FINANCIAL STATEMENTS
December 31, 1995**

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Revenues are recognized in the accounting period in which they become susceptible to accrual-that is when they become measurable and available to finance expenditures of the fiscal period.

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred.

BUDGET PRACTICE - The fire department adopts an annual budget based on anticipated revenue conditions with generally accepted accounting principles. Annual appropriations of funds are not made. Budgetary accounts are not maintained in the formal accounting system. Encumbrance accounting is not followed because of the small number of transactions involved.

CASH AND CASH EQUIVALENTS - For reporting purposes, cash and cash equivalents include cash, demand deposits, and time certificates of deposits. Amounts are classified as cash equivalents if the original maturity are 90 days or less. Under state law, the department may deposit funds within a fiscal agent bank organized under the laws of the State of Louisiana and national banks having their principal offices in Louisiana. Further, the department may invest its time deposits or certificates of deposit at state banks organized under Louisiana law and national banks having principal offices in Louisiana.

GENERAL FIXED ASSETS AND LONG-TERM LIABILITIES - Fixed assets are accounted for in the general fund net assets account group. No depreciation has been provided on general fund assets. All fixed assets are valued at historical costs. The account group is not a fund. It is concerned only with the measurement of financial position and does not involve measurement of results of operations. It is the policy of the department not to capitalize interest. As the department has no infrastructure assets, no accounting policy for infrastructure assets has been adopted.

PENSION PLAN AND VACATION AND SICK LEAVE - All members of the fire department are volunteers. Therefore, the fire department does not contribute to a pension plan and does not have a formal vacation and leave policy.

NOTE B - CASH AND CASH EQUIVALENTS

At December 31, 1995, the department had cash and cash equivalents totaling (fund balance) \$57 at December 31, 1995. Cash and cash equivalents are stated at cost, which approximates market. The following is a summary of cash and cash equivalents (fund balance) at December 31, 1995, with the related federal deposit insurance:

INDEPENDENT ACCOUNTANTS' REPORT ON APPLICABLE AGREED-UPON PROCEDURES

To the Board of Commissioners of
Lafayetteville Volunteer Fire Department
Lafayetteville, Louisiana

We have performed the procedures included in the Louisiana Government Audit Guide and described below, which were agreed to by the management of Lafayetteville Volunteer Fire Department and the Legislative Auditor, State of Louisiana, solely to assist the users in evaluating management's assertions about Lafayetteville Volunteer Fire Department's compliance with certain laws and regulations during the period ended December 31, 1993 included in the accompanying Louisiana Management Questionnaire. This agreed-upon procedures engagement was performed in accordance with standards established by the American Institute of the Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of the specified users of the report. Consequently, we make no representation regarding the sufficiency of the procedures described below in effect for the purpose for which this report has been requested or for any other purpose.

PUBLIC BID LAW

1. Select all expenditures made during the year for material and supplies exceeding \$5,000, or public works exceeding \$50,000, and determine whether such purchases were made in accordance with LSA-RS 58:1251-1251 (the public bid law).

No expenditures were made during the year for materials and supplies exceeding \$5,000 or for public works exceeding \$50,000.

CODE OF ETHICS FOR PUBLIC OFFICIALS AND PUBLIC EMPLOYEES

2. Obtain from management a list of the immediate family members of each board member as defined by LSA-RS 42:1103-1114 (the code of ethics), and a list of outside business interests of all board members and employees, as well as their immediate families.

Management provided us with the required list including the correct information.

3. Obtain from management a listing of all employees paid during the period under examination.

All members and commissioners of the fire department are volunteers. Therefore, the fire department had no employees during the period under examination.

4. Determine whether any of these employees included in the listing obtained from management in agreed-upon procedure (3) were also included in the listing obtained from management in agreed-upon procedure (2) as immediate family members.

As indicated in procedure (3), there were no employees during the period under examination. Thus, this procedure would not be applicable.

BUDGETING

3. Obtain a copy of the legally adopted budget and all amendments.

Management provided us with a copy of the original budget and all amended budgets for the year.

4. Trace the budget adoption and amendments to the minute book.

We traced the adoption of the original budget to the minutes which indicated the budget had been adopted by the Commissioners of the Lakeshore Volunteer Fire Department. No amendments were made to the budget during the year.

5. Compare the revenues and expenditures of the final budget to actual revenues and expenditures to determine if actual revenues or expenditures exceed budgeted amounts by more than 5%.

We compared the revenues and expenditures of the final budget to actual revenues and expenditures. Actual revenues and expenditures did not exceed budgeted amounts by more than 5%.

ACCOUNTING AND REPORTING

6. Randomly select 6 disbursements made during the period under examination and:

- (a) trace payments to supporting documentation as to proper amount and payee;

We examined supporting documentation for each of the six selected disbursements and found that payment was for the proper amount and made to the correct payee.

- (b) determine if payments were properly coded to the correct fund and general ledger account; and

The six disbursements were properly coded to the correct fund and general ledger account.

- (c) determine whether payments received approval from proper authorities.

Inspection of documentation supporting each of the six selected disbursements indicated approval from the treasurer. In addition, the treasurer's report was traced to the fire department minutes where the report was approved by the commissioners.

MEETINGS

6. Examine evidence indicating that agendas for meetings recorded in the minute book were posted or advertised as required by LSA-RS-41:1 through 41:02 (the open meetings law).

The Lakeshore Volunteer Fire Department posts a notice and accompanying agenda of each meeting on the station door. Although management has asserted that such documents were properly posted, we could find no evidence supporting such assertion other than an unmarked copy of the notices and agendas.

DEBT

10. Examine bank deposits for the period under examination and determine whether any such deposits appear to be proceeds of bank loans, bonds, or like indebtedness.

We inspected copies of all bank deposit slips and bank statements for the period under examination and noted no deposits which appeared to be proceeds of bank loans, bonds, or like indebtedness.

ADVANCE AND BONUS

11. Examine payroll records and minutes for the year to determine whether any payments have been made to employees which may constitute bonuses, advances, or gifts.

The fire department did not employ any employees for the year and a reading of the minutes of the fire department did not indicate any such payments made to the volunteer members.

We were not engaged to, and did not, perform an examination, the objective of which would be the expression of an opinion on management's assertions. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the use of the management of Lafayetteville Volunteer Fire Department and the Legislative Auditor, State of Louisiana, and should not be used by those who have not agreed to the procedures and taken responsibility for the sufficiency of the procedures for their purposes. However, this report is a matter of public record and its distribution is not limited.
