Independent Auditors' Report

February 24, 1994

Honorable Basil F. Scallion
West Baton Rouge Parish Assessor
P.O. Box 74
Port Allen, Louisiana 70367

We have audited the component unit financial statements of the West Baton Rouge Parish Assessor, as of and for the year ended December 31, 1993, as listed in the foregoing table of contents. These financial statements are the responsibility of the West Baton Rouge Parish Assessor. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the component unit financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the component unit financial statements referred to above present fairly the financial position of each of the fund types and account groups of the West Baton Rouge Parish Assessor at December 31, 1993, and the results of operations of the General Fund for the year then ended in conformity with generally accepted accounting principles.

Respectfully submitted,

Dean and Dean, CPA's

WEST BATON BOUGE PARISH ASSESSOR
Port Allen, Louisiana
Notes to the Financial Statements
As of and for the Year Ended December 31, 1998

Employees who terminate with at least 10 years of service and do not withdraw their employee contributions may retire at or after age 55 and receive the benefit accrued to their date of termination. The System also provides death and disability benefits. Benefits are established or amended by state statute.

The System issues an annual publicly available financial report that includes financial statements and required supplementary information for the System. That report may be obtained by writing to the Louisiana Assessors' Retirement System, Post Office Box 1788, Shreveport, Louisiana 71103-1788, or calling (318) 425-4446.

Plan members are required by state statute to contribute 7.0 percent of their annual covered salary and the West Baton Rouge Parish Assessor is required to contribute at an actuarially determined rate. The current rate is 2.8 percent of annual covered payroll. Contributions to the System also include one-fourth of one percent of the taxes shown to be collectible by the tax rolls of each parish, plus revenue sharing funds appropriated by the legislature. The contribution requirements of plan members and the Assessor are established and may be amended by state statute. As provided by Louisiana Revised Statute 11:103, the employer contributions are determined by actuarial valuation and are subject to change each year based on the results of the valuation for the prior fiscal year. The Assessor's contributions to the System for the years ending December 31, 1996, 1997, and 1998, were \$11,303, \$12,148, and \$22,268, respectively, equal to the required contributions for each year.

9. POSTRETIREMENT HEALTH CARE AND LIFE INSURANCE BENEFITS

The West Baton Rouge Parish Assessor provides continuing health care benefits for its retired employees. Substantially all of the assessor's employees become eligible for those benefits if they reach normal retirement age while working for the assessor. These benefits for retirees and similar benefits for active employees are provided through an insurance company whose monthly premiums are paid solely by the assessor. The assessor recognizes the cost of providing these benefits (assessor's portion of premiums) as an expenditure when paid during the year. For 1998 the Assessor paid approximately \$1,900 in insurance premiums for one retired employee.

WEST BATON BOUQUÉ PARISH ASSESSOR
FOOT ALLEN, Louisiana
Notes to the Financial Statements
As of and for the Year Ended December 31, 1996

H. EXPENDITURES OF THE ASSESSOR NOT INCLUDED
IN THE FINANCIAL STATEMENTS

The assessor's office is located in the parish courthouse. Expenditures for maintenance and operation of the parish courthouse are paid by the West Baton Rouge Police Jury.

I. COMPLIANCE WITH BUDGETARY REQUIREMENTS

As discussed in Note B, the Assessor's budget for 1996 was not formally adopted until January 4, 1996. State Law requires the budget to be adopted prior to the beginning of the fiscal year.

Honorable Basil P. Sealine
February 23, 1997

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a reportable condition in which the design or operation of one or more of the internal control structure elements, including those relating to compliance with laws and regulations, does not reduce to a relatively low level the risk that errors or irregularities, in amounts that would be material in relation to the financial statements being audited, may occur and not be detected within a timely period by employees in the normal course of performing their assigned duties. We noted no matters involving the internal control structure and its operation that we consider to be material weaknesses as defined above.

Our comments on internal control structure are intended for the information and use of the Assessor's management. By provisions of state law, this report is a public document, and it has been distributed to appropriate public officials.

Respectfully submitted,

Dean and Dean, CPAs

**Independent Auditor's Report on Internal Control Structure
Based Solely on an Audit of the Financial Statements**

February 23, 1997

Honorable Basil P. Scallion
West Baton Rouge Parish Assessor

We have audited the accompanying component unit financial statements of the West Baton Rouge Parish Assessor for the year ended December 31, 1996, and have issued our report thereon dated February 23, 1997. We conducted our audit in accordance with generally accepted auditing standards and Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

The management of the Assessor is responsible for establishing and maintaining an internal control structure. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures. The objectives of an internal control structure are to provide management with a reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of component unit financial statements in accordance with generally accepted accounting principles. Because of inherent limitations in any internal control structure, errors and irregularities may, nevertheless, occur and not be detected. Also, projection of any evaluation of the control structure to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the degree of compliance with the procedures may deteriorate.

In planning and performing our audit, we obtained an understanding of the internal control structure of the Assessor. With respect to the internal control structure, we obtained an understanding of the design of relevant policies and procedures and whether they have been placed in operation, and we assessed control risk in order to determine our auditing procedures for the purpose of expressing our opinion on the component unit financial statements and not to provide an opinion on the internal control structure. Accordingly, we do not express such an opinion.

WEST BATON ROUGE PARISH ASSESSOR
Fort Allen, Louisiana
Notes to the Financial Statements
As of and for the Year Ended December 31, 1996

A. THE ASSESSOR

As provided by Article VII, Section 24 of the Louisiana Constitution of 1974, the assessor is elected by the voters of the parish and serves a four-year term. The assessor assesses all real and movable property in the parish, subject to ad valorem taxation. The assessor is authorized to appoint as many deputies as may be necessary for the efficient operation of the office and provide assistance to the taxpayers of the parish. The deputies are authorized to perform all functions of the office, but the assessor is officially and peculiarly responsible for the actions of the deputies.

The assessor's office is located in the West Baton Rouge Parish Courthouse in Fort Allen, Louisiana. The assessor employs five employees, including four deputies. In accordance with Louisiana law, the assessor bases real and movable property assessments on conditions existing on January 1 of the tax year. The assessor completes an assessment listing by May 1 of the tax year and submits the list to the parish governing authority and the Louisiana Tax Commission, as prescribed by law. Once the assessment listing is approved, the assessor submits the assessment roll to the parish tax collector, who is responsible for the collection and distribution of taxes to the various taxing bodies.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements of the West Baton Rouge Parish Assessor have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

Notes to the Financial Statements
As of and for the Year Ended December 31, 1984

Fund Accounting

The assessor uses funds and account groups to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions relating to certain government functions or activities.

A fund is a separate accounting entity with a self-balancing set of accounts. An account group, on the other hand, is a financial reporting device designed to provide accountability for certain assets and liabilities that are not recorded in the funds because they do not directly affect net expendable available financial resources.

Funds of the assessor are classified as governmental funds. Governmental funds account for the assessor's general activities, including the collection and disbursement of specific or legally restricted monies and the acquisition of general fixed assets.

The General Fund, as provided by Louisiana Revised Statute 47:1506, is the principal fund of the assessor and accounts for the operation of the assessor's office. Ad valorem tax revenues authorized by Act 323 of 1984, is accounted for in this fund. General operating expenditures are paid from this fund. This is the only fund of the assessor.

Basis of Accounting

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The General Fund is accounted for using a current financial resources measurement focus. With this measurement focus only current assets and current liabilities generally are included on the balance sheet. The operating statement of the General Fund presents increases and decreases in net current assets. The modified accrual basis of accounting is used by the General Fund. The General Fund uses the following practices in recording revenues and expenditures:

**Independent Auditor's Report on Compliance with Laws and
Regulations Material to the Financial Statements**

February 23, 1997

Honorable Basil P. Scallies
West Baton Rouge Parish Assessor

We have audited the accompanying component unit financial statements of the West Baton Rouge Parish Assessor for the year ended December 31, 1996, and have issued our report thereon dated February 23, 1997. We conducted our audit in accordance with generally accepted auditing standards and Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

Compliance with laws and regulations applicable to the Assessor is the responsibility of the Assessor's management. As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we performed tests of the Assessor's compliance with certain provisions of laws and regulations. However, our objective was not to provide an opinion on overall compliance with such provisions. Accordingly, we do not express such an opinion.

The results of our tests disclosed one instance of noncompliance that is required to be reported herein under Government Auditing Standards. The details of the instance of noncompliance are discussed in note 2.

We considered this instance of noncompliance in forming our opinion on whether the West Baton Rouge Parish Assessor's financial statements are presented fairly, in all material respects, in conformity with generally accepted accounting principles, and this report does not affect our report dated February 23, 1997, on those financial statements.

Our comments on compliance with laws and regulations are intended for and use of the Assessor's management. By provisions of state law, this report is a public document, and it has been distributed to appropriate public officials.

Respectfully submitted,

Dean and Dean, CPAs

WEST HAVEN BOUQUÉ PARISH ASSESSOR
Fort Allen, Louisiana
Notes to the Financial Statement
As of and for the Year Ended December 31, 1998

Revenues

Ad valorem taxes are recorded in the year the taxes are assessed. Ad valorem taxes are assessed for the calendar year, become due on November 15 of each year, and become delinquent on December 31. The Taxes are generally collected in December of the current year and January and February of the ensuing year.

Interest income on time deposits is recorded when earned and available.

Other revenues are recorded when received.

Expenditures

Expenditures are generally recognized under the modified accrual basis of account when the related fund liability is incurred.

Budget

The assessor prepares a budget at the beginning of each year based upon prior year expenditures and anticipated revenues for the budget year. The proposed budget is prepared on a modified accrual basis of accounting and is made available for public inspection no later than 15 days prior to the beginning of the budgeted year. The budget was advertised in the assessor's official journal (local paper) on December 21, 1998. The budget was formally adopted on January 4, 1999. All appropriations lapse at year end. In accordance with Louisiana Revised Statute 47:1998, the assessor carries forward into subsequent years any unexpired appropriation.

Formal budget integration (within the accounting system) is not employed as a management control device. During the fiscal year, actual revenues and expenditures are compared to budgeted revenues and expenditures by the assessor. If actual revenues are falling short of budgeted revenues by five per cent or more or if actual expenditures to date plus projected expenditures for the remainder of the year exceed the budgeted expenditures by five per cent or more, the original budget is amended by the assessor. Budgeted amounts included in the accompanying financial statements include the original adopted budget and all subsequent amendments. The assessor has sole authority to amend the budget.

WEST BAYOU BOUGE PARISH ASSessor
Port Allen, Louisiana
Notes to the Financial Statement
As of and for the Year Ended December 31, 1998

Cash and Cash Equivalents

Cash includes amounts in demand deposits, interest bearing demand deposits, and money market accounts. Cash equivalents include amounts in time deposits. Under state law, the assessor may deposit funds in demand deposits, interest bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana law and national banks having their principal offices in Louisiana.

Fixed Assets

Fixed assets used in governmental fund operations (general fixed assets) are accounted for in the general fixed assets account group, rather than in the governmental funds. General fixed assets provided by the parish police jury are recorded within the assessor's general fixed assets account group. Fixed assets are valued at historical cost. No depreciation has been provided on fixed assets. The account group is not a fund. It is concerned only with the measurement of financial position and does not involve measurement of results of operations.

Vacation and Sick Leave

Employees of the assessor's office earn from 10 to 15 days of vacation leave each year, depending on length of service. Vacation leave must be used in the year earned. There is no formal policy on sick leave. Sick leave is approved by the assessor based on need. There are no accumulated and vested benefits relating to vacation or sick leave.

Total Columns on Statements

The total columns on the statements are captioned Memorandum only to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position or results of operations in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation.

WEST BAYOU BOUGE PARISH ASSASSOR
 Port Allen, Louisiana
 Notes to the Financial Statement
 As of and for the Year Ended December 31, 1986

C. LEVIED TAXES

The following is a summary of authorized and levied ad valorem taxes:

| Assessment District (Assessor) | Authorized Millage | Levied Millage |
|--------------------------------|-----------------------|-------------------|
| | 2.82 | 2.00 |

The following are the principal taxpayers for the parish:

| Taxpayer | Type of Business | 1986 Assessed Valuation | Percentage of Total Assessed Valuation |
|--------------------------|------------------|-------------------------------|---|
| Dow Chemical CO. USA | Chemical Plant | \$ 29,650,920 | 17.2% |
| Exxon | Oil Refinery | 13,316,880 | 7.7% |
| Borden Chemical Fluid | Chemical Plant | 12,382,800 | 7.1% |
| Refining Corp. | Oil Refinery | 11,287,450 | 6.5% |
| TOTAL | | \$ 52,638,050 | 28.5% |

D. CASH AND CASH EQUIVALENTS

At December 31, 1986, the assessor has cash and cash equivalents (bank balances) totaling \$258,000, as follows:

| | |
|-------------------------|------------|
| Demand Deposits | \$ 1,492 |
| Money market accounts | 2,568 |
| Certificates of Deposit | 254,000 |
| Total | \$ 258,000 |

Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent bank. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. These deposit balances are secured by \$100,000 of federal deposit insurance and \$158,000 of pledged securities (category 1).

WEST BATON BOUQUE PARISH ASSESSOR
Port Allen, Louisiana
Notes to the Financial Statements
As of and for the Year Ended December 31, 1990

Reporting Entity

As the governing authority for the parish, for reporting purposes, the West Baton Rouge Parish Police Jury is the financial reporting entity for West Baton Rouge Parish. The financial reporting entity consists of (a) the primary government, (b) organizations for which the primary government is financially accountable, and (c) other organizations for which nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

GASB Statement No. 14 established criteria for determining which component units should be considered part of the West Baton Rouge Parish Police Jury for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability. This criteria includes:

1. Appointing a voting majority of an organization's governing body, and (a) The ability of the police jury to impose its will on that organization and/or (b) The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the police jury.
2. Organizations for which the police jury does not appoint a voting majority but are fiscally dependent on the police jury.
3. Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

Because the police jury has authority over the Assessor's capital budget, the Assessor was considered to be fiscally dependent on the police jury. For this reason the Assessor was determined to be a component unit of the West Baton Rouge Parish Police Jury, the reporting entity. The accompanying financial statements present information only on the funds maintained by the Assessor, and do not present information on the police jury, the general government services provided by that governmental unit, or the other governmental units that comprise the financial reporting entity.

WEST BAYON ROUGE PARISH ASSessor
Port Allen, Louisiana
Notes to the Financial Statements
As of and for the year Ended December 31, 1986

Even though the pledged securities are considered uncollateralized under the provisions of GASB Statement 3, Louisiana Revised Statute 24:122 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the Assessor that the fiscal agent has failed to pay deposited funds upon demand.

E. CHANGES IN GENERAL FIXED ASSETS

A summary of changes in general fixed assets (office furnishings and equipment) follows:

| | |
|----------------------------|------------------|
| Balance, January 1, 1986 | \$ 77,000 |
| Additions | 22,300 |
| Deductions | <u>21,513</u> |
| Balance, December 31, 1986 | <u>\$ 77,787</u> |

F. PENSION PLAN

Substantially all employees of the West Bayon Rouge Parish Assessor's office are members of the Louisiana Assessor Retirement System ("System"), a multiple-employer, public employee retirement system (PERS), controlled and administered by a separate board of trustees.

All full-time employees who are under the age of 60 at the time of original employment and are not drawing retirement benefits from any other public retirement system in Louisiana are required to participate in the system. Employees who retire at or after age 55 with at least 12 years of credited service or at or after age 60 with at least 30 years of creditable service are entitled to a retirement benefit, payable monthly for life, equal to 3 per cent of their final-average salary for each year of credited service, not to exceed 200 per cent of their final-average salary. Final-average salary is the employee's average salary over the 30 consecutive or joined months that produce the highest average.
