INDEPENDENT AUDITOR'S REPORT

January 22, 1999

To the Pension Committee
East Jefferson General Hospital
Retirement and Savings Plan
Metairie, Louisiana

We have audited the accompanying statements of plan net assets of the East Jefferson General Hospital Retirement and Savings Plan as of December 31, 1998 and 1999 and the related statements of changes in plan net assets for the years then ended. These financial statements are the responsibility of the Pension Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audits in accordance with generally accepted auditing standards and Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the East Jefferson General Hospital Retirement and Savings Plan at December 31, 1998 and 1999 and the results of its operations and changes in net assets for the years then ended in conformity with generally accepted accounting principles.

We have audited the financial statements of the Plan for the years ended December 31, 1998 and 1999 and issued our unqualified opinion on such financial statements. Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The required supplemental schedules listed in the foregoing index to report are presented for the purposes of additional analysis and are not a part of the basic financial statements. Such required supplemental schedules for the years ending December 31, 1999 through December 31, 1998 have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

In accordance with Government Auditing Standards, we have also issued a report dated January 22, 1998 on our consideration of the East Jefferson General Hospital Retirement and Savings Plan's internal control over financial reporting and on its compliance with laws and regulations.

Wynne L. Hays, CPA, Manager, Hays & Baker LLP

**EAST JEFFERSON GENERAL HOSPITAL
RETIREMENT AND SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1990 AND 1991**

Hospital service districts are authorized under Louisiana R.S. 49:2080 to establish and maintain actuarially sound pension and retirement systems making contributions from hospital service district funds. They may make contracts of insurance with any insurance company legally authorized to do business in Louisiana and may enter into other contracts and Trust Agreements with banks, which are incidental to creating and maintaining an actuarially sound pension and retirement system.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The Financial statements are prepared in accordance with the standards established by the Governmental Accounting Standards Board (GASB) as the successor to the National Council on Governmental Accounting (NCGA).

Basis of Accounting:

The Plan's financial statements are prepared using the accrual basis of accounting. Employee and employer contributions are recognized in the period in which the employee is compensated for services performed. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

Interest and dividend income is recognized when earned.

Method Used to Value Investments:

Investments are reported at fair value, short-term investments are reported at cost and insurance contracts at contract value, which approximates fair value.

Memorandum Only Columns:

The total columns on the Statement of Plan Net Assets and Statement of Changes in Plan Net Assets are captioned memorandum only to indicate that they are presented to facilitate financial analysis. Data in these columns do not present financial position or results of operations in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation.

2. PLAN DESCRIPTION AND CONTRIBUTION INFORMATION:

The East Jefferson General Hospital Retirement Plan Committee, is the administrator of a single employer defined benefit retirement plan and a defined contribution savings plan. The Plan was established for the purpose of providing retirement benefits for substantially all employees of East Jefferson General Hospital (Hospital).

DEFERRED BENEFIT RETIREMENT PLAN:

All full-time employees at least age 21 with at least one year of credited service are eligible to participate in the Plan. Plan benefits vest after 5 years of credited service. Employees who retire at or after age 62 with 10 years of credited service are entitled to an annual retirement benefit, payable monthly for life. The Plan also provides death benefits. This benefit provision and all other requirements are established by the Plan.

EAST JEFFERSON GENERAL HOSPITAL
RETIREMENT AND SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1998 AND 1997

2. **PLAN DESCRIPTION AND CONTRIBUTION INFORMATION:** (Continued)

DEFERRED BENEFIT RETIREMENT PLAN: (Continued)

Membership in the Plan as of the last actuarial valuation consists of:

Retirees and beneficiaries receiving benefits	1,11,099	1,11,099
Terminated employees entitled to benefits but not yet receiving them	718	643
Active employees	1,853	1,838
TOTAL PARTICIPANTS	2,670	2,780

Pension Benefits:

The annual benefit at normal retirement will be equal to the benefit accrued through December 31, 1988 under the previous pension plan formula plus, for each year after 1988, benefits accrued under the new formula.

Under the new formula benefits accrue at .75% of participant's annual pay up to a designated "breakpoint" and 1.25% of annual pay in excess of the breakpoint. In subsequent years the new formula would continue to apply, but as the Social Security taxable wage base increases, so will the breakpoint.

After five years of employment with the Hospital (counting all prior service), the pension benefit will be fully vested.

At retirement, the participant may choose to receive a monthly benefit amount in one of several annuity forms - life annuity, joint and survivor annuity, and ten year certain and life annuity.

Spousal Benefits:

If a participant dies after becoming vested, the surviving spouse will receive a monthly benefit from the plan. This benefit is only available to the surviving spouse and will be payable at the time the participant would have qualified for early retirement, unless the spouse elects to defer payments to a later date.

Contributions:

The Plan's funding policy provides for actuarially determined periodic contributions.

The actuarially determined recommended contribution for the plan year ending December 31, 1998 is shown below compared to the contribution made based on the prior valuation for 1998.

	January 1, 1998 for 1998	January 1, 1998 for 1998
ANNUAL CONTRIBUTION:		
As a dollar amount	\$ 1,656,161	\$ 1,417,908
As a percent of payroll	2.2%	2.0%
Participant payroll	73,876,067	71,360,919

EAST JEFFERSON GENERAL HOSPITAL
RETIREMENT AND SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1988 AND 1987

2. PLAN DESCRIPTION AND CONTRIBUTION INFORMATION: (Continued)

DEFINED CONTRIBUTION SAVINGS PLAN:

The Plan covers all full-time employees who have been employed for a twelve month period during which at least one thousand hours of service are completed and who are at least twenty-one years of age. The Plan has 2,904 and 2,323 members for the years ended 1988 and 1987, respectively.

Contributions:

The Plan provides for a basic contribution by the Hospital of two percent of eligible annual compensation including overtime. Effective in December 1983, the plan was amended to allow employees to contribute up to twenty percent, six percent previously, of eligible annual compensation of which the Hospital will match up to two percent. This matching contribution is in addition to the basic contribution received by all participants.

Participants' Accounts:

Each participant's account is credited with the Hospital's contribution and Plan earnings. Allocation of the Hospital's contributions is based on Plan compensation. Compensation for Plan purposes is the employee's total annual compensation and overtime pay and other extra compensation as specified in the plan document.

vesting:

The participant is one hundred percent vested after the completion of five credited years of vesting service. For this purpose participants earn one year of vesting service for each year in which they work one thousand hours or more. Any contributions made by participants for the Plan and earnings on that contribution are one hundred percent vested to the participants when made.

Withdrawals and Distributions:

Participants are allowed to withdraw their own contributions to the Plan. Hospital contributions may not be withdrawn. Withdrawals are limited to one per calendar year. No contributions may be made to the plan for a six month period after a withdrawal, and during that six months the participant is ineligible to receive the Hospital's matching contributions.

Loans are not permitted under the terms of the Plan.

Upon termination of employment for resignation, dismissal, retirement or death, the participant's contributions plus the vested portion of the Hospital's contributions, and the related earnings are distributed to the participant or his/her designated beneficiary. Distributions may be in the form of a lump sum or annuity provided by an insurance carrier.

**ERIC JEFFERSON GENERAL HOSPITAL
RETIREMENT AND SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1998 AND 1997**

2. PLAN DESCRIPTION AND CONTRIBUTION INFORMATION: (Continued)

DEFERRED CONTRIBUTION SAVINGS PLAN: (Continued)

Forfeitures:

Basic and matching deposits in the account of a participant who separates from service prior to becoming vested are forfeited and used to reduce Hospital contributions.

If a participant returns to service within five years, the dollar amount forfeited is restored to his account.

3. ACTUARIAL COST METHOD:

The Traditional Full Credit Cost Method was used to calculate the funding requirements for the defined benefit retirement plan for the years ended December 31, 1998 and 1997. This funding method provides for actuarially determined periodic contributions at rates that, for individual participants, remain fairly constant over time so that sufficient assets will be available to pay benefits when due. Under this method, the actuarial gains and losses generally reduce or increase the unfunded actuarial accrued liability.

4. REQUIRED SUPPLEMENTARY SCHEDULES:

Information in the required supplemental schedules is designed to provide information about the Plan's progress made in accumulating sufficient assets to pay benefits and is presented on pages 12 - 14.

5. DEPOSITS, CASH EQUIVALENTS AND INVESTMENTS:

Following are the components of the Plan's cash equivalents and investments at December 31, 1998 and 1997.

	Defined Benefit Retirement Plan	Savings Plan	Total
1998:			
Cash equivalents	\$ 1,248,738	\$ 9,199	\$ 1,257,937
Investments	22,502,288	29,081,898	51,584,186
	<u>\$23,751,026</u>	<u>\$29,091,097</u>	<u>\$52,842,123</u>
1997:			
Cash equivalents	\$ 1,242,490	\$ 1,448	\$ 1,243,938
Investments	22,815,888	29,081,288	51,897,176
	<u>\$24,058,378</u>	<u>\$29,082,736</u>	<u>\$53,141,114</u>

Cash Equivalents:

The Plan's cash equivalents totaling \$1,248,738 and \$1,243,938 at December 31, 1998 and 1997, respectively, consist of government backed pooled funds. The funds are held by a sub-custodian and are managed by a separate money manager and are in the name of the Plan's custodian's trust department.

**EAST JEFFERSON GENERAL HOSPITAL
RETIREMENT AND SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1998 AND 1997**

5. DEPOSITS, Cash EQUIVALENTS AND INVESTMENTS: (Continued)

INVESTMENTS

Hospital service districts are authorized under Louisiana R.S. 48:1808 to establish and maintain actuarially sound pension and retirement systems making contributions from hospital service district funds. They may make contracts of insurance with any insurance company legally authorized to do business in Louisiana and may enter into other contracts and Trust Agreements with banks, which are incidental to creating and maintaining an actuarially sound pension and retirement system. Except for deposits with insurance companies and INVESTCO, the Plan's investments were held by Bank One's trust department (formerly First National Bank of Commerce) at December 31, 1998 and 1997.

The Plan's investments are categorized below to give an indication of the level of risk assumed by the entity at year-end, that is, the risk associated with the exposure to a potential loss from unauthorized transfer of a financial instrument. Category 1 includes investments that are insured or registered or for which the securities are held by the Plan or its Agent in the Plan's name. Category 2 includes authorized and unregistered investments for which the securities are held by the broker's or dealer's trust department or agent in the Plan's name. Category 3 includes authorized and unregistered investments for which the securities are held by the broker or dealer, or by its trust department or agent but not in the Plan's name.

	Defined Benefit Retirement Plan	Savings Plan	Total	Category
U.S. Government and Agency Issues	\$16,207,032	\$ --	\$16,207,032	1
Equities	8,295,035	--	8,295,035	1
Mutual Funds	--	72,678,838	72,678,838	N/A
Guaranteed Investment contracts	--	2,224,818	2,224,818	N/A
INVESTCO	--	13,158,818	13,158,818	N/A
	<u>\$24,502,067</u>	<u>\$85,861,674</u>	<u>\$110,363,741</u>	

There were no individual investments (other than those guaranteed or insured by the U.S. Government and mutual funds) representing 5% or more of the Plan's net assets.

6. USE OF ESTIMATES:

The process of preparing financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues and expenses. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

**EAST JEFFERSON GENERAL HOSPITAL
RETIREMENT AND SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1998 AND 1997**

F. CONTRACTS WITH INSURANCE COMPANIES:

The Plan has entered into guaranteed investment contracts with life insurance companies involving contributions during specified periods of time at guaranteed interest rates.

Generally the accounts are increased by contributions for the period specified and interest earned net of expenses. The accounts are reduced by withdrawals charged by each company.

The following is a summary of those agreements:

Date of Agreement	Life Insurance Company (Contract Number)	Term of Agreement	Contribution Period	Net Interest Rate
12/31/93	Allstate Life Insurance Company (AFLS)(184)	12/1/93-9/30/99	12/1/93-9/30/99	5.25
	(remaining 100%)	12/1/93-9/30/99	12/1/93-9/30/99	5.25
09/31/94	Commonwealth Life (R00666) (50%)	9/31/94-9/30/99	9/31/94	7.50
	(remaining 100%)	9/31/94-9/30/99	9/31/94	7.50
09/31/94	Metropolitan Life (R70015) (50%)	9/31/94-9/30/99	9/31/94-9/30/99	7.50
	(remaining 100%)	9/31/94-9/30/99	9/31/94-9/30/99	7.50

The contracts are included in the financial statements at December 31, 1998 and 1997 contract values as reported to the Plan by each life insurance company.

G. INVESTCO:

The Plan has entered into a participation agreement with INVESTCO Trust Company. Under the agreement the Plan may invest in investment funds which are part of the INVESTCO retirement trust, a collective trust of INVESTCO Trust Company for Participating Pension and Profit Sharing Trusts.

During 1998 and 1997 most of the funds invested in guaranteed investment contracts (Note F) which matured were transferred into the INVESTCO Trust Company Stable Value Fund. The INVESTCO Stable Value Fund invests in a diversified portfolio of investment contracts with insurance companies, banks, and other financial institutions. An investment contract is an agreement whereby the issuing entity promises a specific rate of return for a period time. Returns are expected to be consistent with the earnings generated by intermediate term high quality debt instruments. Funds invested in the trust earned interest of approximately 6.11% and 6.34% before fees during 1998 and 1997, respectively.

The funds are included in the financial statements at December 31, 1998 and 1997 at the contract value reported to the Plan by the Trust Company.

EAST JEFFERSON GENERAL HOSPITAL
RETIREMENT AND SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1998 AND 1997

9. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Hospital has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

10. RECLASSIFICATIONS:

Certain amounts in 1997 have been reclassified to conform with the 2000 presentation.

11. YEAR 2000:

The year 2000 is the result of shortcomings in many electronic data processing systems and other electronic equipment that may adversely affect the Plan's operations as early as fiscal year 1999.

Plan information necessary for the performance of actuarial valuations and the determination of contributions is maintained in the accounting and computer systems of East Jefferson General Hospital (the Hospital).

The Hospital has completed a process of identifying computer systems and other electronic equipment that may be affected by the year 2000 issue and that are necessary to conducting the Hospital's operations. The Hospital is in the remediation stage in that computer software and hardware changes are being made which are believed to be year 2000 compliant.

However, because of the unprecedented nature of the year 2000 issue, its effect and the success of related remediation efforts will not be fully determinable until the year 2000 and thereafter. Management cannot assure that the Hospital is or will be year 2000 ready, that the Hospital's remediation efforts will be successful in whole or in part, or that parties with whom the Hospital does business will be year 2000 ready.

EAST JEFFERSON GENERAL HOSPITAL
RETIREMENT AND SAVINGS PLAN
INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE AND ON
INTERNAL CONTROL OVER FINANCIAL REPORTING
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS
FOR THE YEAR ENDED DECEMBER 31, 1998

January 22, 1999

To the Pension Committee
East Jefferson General Hospital
Retirement and Savings Plan
Metairie, Louisiana

We have audited the financial statements of the East Jefferson General Hospital, Retirement and Savings Plan, as of and for the year ended December 31, 1998, and have issued our report thereon dated January 22, 1999. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the Plan's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under Government Auditing Standards.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Plan's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

This report is intended for the information of the Pension Committee, management, and the Legislative Auditor for the State of Louisiana. However, this report is a matter of public record and its distribution is not limited.

Debra L. Hays, CPA, Manager & Auditor
