

Notes to the Financial Statements (Continued)

NOTE 1--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(CONTINUED)

B. BASIS OF ACCOUNTING

Basis of accounting refers to when revenues and expenditures or expenses are reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

C. CASH AND CASH EQUIVALENTS AND INVESTMENTS

Cash includes amounts in petty cash, demand deposits, interest bearing demand deposits, and money market accounts. Cash equivalents include amounts in time deposits, with maturities of one year or less. Investments include amounts in treasury bills stated at cost. Under state law, the district may deposit funds in demand deposits, interest bearing demand deposits, money market accounts, and time deposits with state banks organized under Louisiana law and national banks having their principal offices in Louisiana, or United States banks, treasury bills and notes, or certificates.

D. RESTRICTED ASSETS

Certain proceeds of the Enterprise Fund revenue bonds as well as certain resources set aside for their repayment, are classified as restricted assets on the balance sheet because their use is limited by applicable bond covenants. The restricted assets include revenue bond reserve accounts and customer's motor deposits.

E. FIXED ASSETS AND LONG-TERM LIABILITIES

The fixed assets and long-term liabilities of the water district are accounted for on the balance sheet of the Enterprise Fund. The fixed assets of the district as shown on the balance sheet are recorded at historical cost. Depreciation is computed by the straight line method based on the estimated useful life of the individual assets.

CAMERON PARISH WATERWORKS DISTRICT NO. 9
Notes to the Financial Statements (Continued)

**NOTE 1--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(CONTINUED)**

F. INVENTORY

Inventories are valued at cost. Inventories in the Enterprise Fund consist of expendable supplies held for use in repairs and extending water mains of the waterworks district. The cost is recorded as an expense at the time the item is purchased. At year end the physical inventory is adjusted to expense and carried on the balance sheet as a current asset.

G. VACATION AND SICK LEAVE

The Cameron Parish Waterworks District No. 9 has the following policy related to vacation and sick leave:

Employees of the District accrue from 5 to 25 days annual leave each year depending on length of service. Upon resignation or retirement, unused annual leave is paid to the employee at the employee's current rate of pay. In addition, employees accrue from 12 to 18 days of sick leave each year depending on length of service. Upon resignation or retirement, unused sick leave is forfeited.

NOTE 2--CASH AND CASH EQUIVALENTS

At December 31, 1986, the book amount of the District's cash and cash equivalents was \$295,633 and the bank balance was \$285,633. Of the bank balance, \$181,974 was covered by Federal depository insurance, and \$103,659 was covered by collateral held in the District's name by the pledging banks' safekeeping agent.

NOTE 3--RECEIVABLES

Receivables at December 31, 1986 consist of the following:

Ad valorem taxes--unrestricted	\$172,388
Accounts	14,483
Federal revenue sharing - unrestricted	1,188
Net total receivables	<u>\$188,059</u>

CAMERON PARISH MATHEMATICS DISTRICT NO. 9
Notes to the Financial Statements (Continued)

NOTE 4--CHANGES IN FIXED ASSETS

The following is a summary of changes in fixed assets as of December 31, 1998:

	Land	Buildings	Improvements other than buildings	Furniture, Fixtures & Equipment	Total
Balance, 12/31/94	\$20,000	\$508,478	\$4,046,479	\$167,682	\$4,742,639
Additions	---	---	159,059	---	159,059
Deletions	---	---	---	---	---
Balance, 12/31/98	20,000	508,478	4,205,538	167,682	4,841,698
Less: Accumulated depreciation	---	126,359	1,848,362	161,383	1,936,099
net fixed assets	12/31/98	\$20,000	\$382,119	\$2,357,176	\$2,669,297

The following estimated useful lives are used to compute depreciation:

Buildings	45 years
Improvements other than buildings	45 years
Furniture, fixtures and equipment	3-11 years

Notes to the Financial Statements (Continued)

NOTE 3--CHANGES IN LONG-TERM DEBT

The following is a summary of bond transactions of the Cameroon Parish Waterworks District No. 9 for the year ended December 31, 1996:

Bonds payable, Dec 31, 1995	\$ 38,000
Bonds retired:	
1996	<u>15,000</u>
Bonds payable, Dec. 31, 1996	23,000
Less: current portion	<u>15,000</u>
Long-term portion at Dec. 31, 1996	<u>\$ 8,000</u>

Bonds payable at December 31, 1996 are comprised of the following:

\$1,950,000 of general obligation bonds dated April 1, 1983; due in annual installments of \$8,000 - \$280,000 through 2003; interest at 8.25 - 9.50%	
	<u>\$ 30,000</u>

The annual requirements to amortize all general obligation bonds outstanding as of December 31, 1996, including interest payments of \$18,600 are as follows:

Year Ending

1997	8,000
1998	7,413
1999	7,100
2000	6,883
thereafter	<u>17,130</u>
Total	<u>\$ 56,526</u>

CAMERON PARISH METROPOLITAN DISTRICT NO. 5

NOTES to the Financial Statements (Continued)

NOTE 6--NOTE PAYABLE

During the year ended December 31, 1996, the District entered into the a five year loan agreement with Cameron State Bank and borrowed \$150,000 at 4.88% to help finance a new water well.

Under the terms of the agreement the District will pay an annual payment of \$33,507 on January 31st of each year from 1997 through 2001.

The following is a summary of the note payable transaction for the year ended December 31, 1996:

Note payable - January 1, 1996	\$ ---
Note proceeds - 1996	150,000
Less: principal payments	<u> </u>
Balance - December 31, 1996	<u>\$ 150,000</u>

The annual requirements to amortize the debt as of December 31, 1996, including interest of \$17,937 are as of follows:

<u>Year Ended</u>	
1997	\$ 33,507
1998	33,507
1999	33,507
2000	33,508
2001	<u>33,508</u>
Total	<u>\$162,537</u>

NOTE 7--CONTRIBUTED CAPITAL

Changes during the year ended December 31, 1996 in the contributed capital account are as follows:

Balance, 12/31/95	\$1,794,000
Depreciation of assets acquired by contributed capital	<u>158,086</u>
Balance, 12/31/96	<u>\$1,952,086</u>

During the year ended December 31, 1986, no questioned costs arose during the course of my fieldwork.

CAMERON PARISH WATERWORKS DISTRICT NO. 9

Notes to the Financial Statements

December 31, 1996

NOTE 1--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Cameron Parish Police Jury is a political subdivision of the State of Louisiana. The Cameron Parish Police Jury is the reporting entity for Cameron Parish as defined by MOGA Statement 3, (Defining the Governmental Reporting Entity).

In April of 1986, the Financial Accounting Foundation established the Governmental Accounting Standards Board (GASB) to promulgate generally accepted accounting principles and reporting standards with respect to activities and transactions of state and local governments. In November of 1984, the GASB issued a codification of governmental accounting and financial reporting standards. This codification is recognized as generally accepted accounting principles for state and local governments.

Cameron Parish Waterworks District No. 9 "District" is a component unit of the Cameron Parish Police Jury as defined by GASB codification section 2100. The District was created by the Cameron Parish Police Jury as authorized by Louisiana Revised Statutes 48:2811-21. The District is governed by a board of 3 commissioners appointed by the Cameron Parish Police Jury, who are responsible for providing water service within the boundaries of the district.

A. FUND ACCOUNTING

Cameron Parish Waterworks District No. 9 is organized and operated on a fund basis as a Proprietary Fund Type-Enterprise Fund. In an enterprise fund the accrual basis of accounting is utilized and revenues are recognized when earned and expenses are recognized when incurred. Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

INDEPENDENT AUDITOR'S REPORT

Board of Commissioners
Cameron Parish Waterworks District No. 9
Grand Chenier, Louisiana:

I have audited the accompanying component unit financial statements of the Cameron Parish Waterworks District No. 9 as of and for the year ended December 31, 1998. These component unit financial statements are the responsibility of the Cameron Parish Waterworks District No. 9's management. My responsibility is to express an opinion on these component unit financial statements based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. These standards require that I plan and perform the audit to obtain reasonable assurance about whether the component financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the component unit financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall component unit financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the component unit financial statements referred to above present fairly, in all material respects, the financial position of the Cameron Parish Waterworks District No. 9 as of December 31, 1998, and the results of its operations and cash flows for the year then ended in conformity with generally accepted accounting principles.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE
BASED ON AN AUDIT OF COMPONENT UNIT OR BASIC
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
"GOVERNMENT AUDITING STANDARDS"**

Board of Commissioners
Cameron Parish Waterworks District No. 9
Grand Cheniere, Louisiana

I have audited the component unit financial statements of the Cameron Parish Waterworks District No. 9 as of and for the year ended December 31, 1986, and have issued my report thereon dated June 18, 1987.

I conducted my audit in accordance with generally accepted auditing standards and Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the component unit financial statements are free of material misstatement.

Compliance with laws, regulations, contracts, and grants applicable to the Cameron Parish Waterworks District No. 9 is the responsibility of the Cameron Parish Waterworks District No. 9's management. As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, I performed tests of the Cameron Parish Waterworks District No. 9's compliance with certain provisions of laws, regulations, contracts, and grants. However, the objective of my audit of the component unit financial statements was not to provide an opinion on overall compliance with such provisions. Accordingly, I do not express such an opinion.

The results of my tests indicate that, with respect to the items tested, the Cameron Parish Waterworks District No. 9 complied, in all material respects, with the provisions referred to in the preceding paragraph. With respect to items not tested, nothing came to my attention that caused me to believe that the Cameron Parish Waterworks District No. 9 had not complied, in all material respects, with those provisions.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL
STRUCTURE BASED ON AN AUDIT OF COMPONENT UNIT
OR BASIC FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
"GOVERNMENT AUDITING STANDARDS"**

Board of Commissioners
Cameron Parish Waterworks District No. 9
Grand Chenier, Louisiana

I have audited the component unit financial statements of the Cameron Parish Waterworks District No. 9, as of and for the year ended December 31, 1996, and have issued my report thereon dated June 10, 1997.

I conducted my audit in accordance with generally accepted auditing standards and Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

In planning and performing my audit of the component unit financial statements of the Cameron Parish Waterworks District No. 9, for the year ended December 31, 1996, I considered its internal control structure in order to determine my auditing procedures for the purpose of expressing my opinion on the component unit financial statements and not to provide assurance on the internal control structure.

The management of the Cameron Parish Waterworks District No. 9 is responsible for establishing and maintaining an internal control structure. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures. The objectives of an internal control structure are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Because of inherent limitations in any internal control structure, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of the structure to future periods is subject to the risk that the

14

Under provisions of state law, this report is a public document. A copy of the report has been submitted to the auditor, or reviewed, entity and other appropriate public officials. The report is available for public inspection at the Baton Rouge office of the Legislative Auditor and, where appropriate, at the office of the parish clerk of court.

Release Date JUN 16 1967

procedures may become inadequate because of changes in conditions or that the effectiveness of the design and operation of policies and procedures may deteriorate.

For the purpose of this report, I have classified the significant internal control structure policies and procedures in the following categories:

Cash receipts	Payroll
Purchasing/receiving	Property and equipment
Accounts payable	General ledger
Cash disbursements	

For all of the internal control structure categories listed above, I obtained an understanding of the design of relevant policies and procedures and whether they have been placed in operation, and I assessed control risk.

I noted no matters involving the internal control structure and its operation that I consider to be reportable conditions under standards established by the American Institute of Certified Public Accountants. Reportable conditions involve matters coming to my attention relating to significant deficiencies in the design or operation of the internal control structure that, in my judgment, could adversely affect the entity's ability to record, process, summarize, and report financial data consistent with the assertions of management in the component entity financial statements.

My consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses as defined above. However, I believe none of the reportable conditions described above is a material weakness.

This report is intended for the information of the Cameron Parish Meterwaka District No. 2's management, the Cameron Parish Police Jury, and the Legislative Auditor. However, this report is a matter of public record and its distribution is not limited.
