**INDEPENDENT AUDITORS' REPORT**

Mr. Louis Keller  
Registrar of Voters of the  
Parish of Orleans  
New Orleans, Louisiana 70112

We have audited the accompanying special purpose financial statements of the Registrar of Voters of the Parish of Orleans, New Orleans, Louisiana (the Registrar) as of June 30, 1999 and for the year then ended as listed in the Table of Contents. These special purpose financial statements are the responsibility of the Registrar's management. Our responsibility is to express an opinion on these special purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards and Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the special purpose financial statements are free of material misstatement. An audit includes accounting, on a test basis, evidence supporting the amounts and disclosures in the special purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall special purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in NOTE 2 to the financial statements, the Registrar adopted the General Fund budget on a calendar year basis for consideration by the City of New Orleans instead of on a fiscal year basis; therefore, a comparison of revenues and expenditures to budget is not included in the accompanying financial statements. In our opinion, presentation of such a statement for the General Fund, for which a budget was legally adopted, is required by generally accepted accounting principles.

Mr. Louis Keller  
Registrar of Voters of the  
Parish of Orleans  
Page 3

As described in NOTE 3, the accompanying financial statements of the Registrar of Voters of the Parish of Orleans are intended to present the financial position and results of operations arising from the Registrar's appropriations from the City of New Orleans. As such, the accompanying financial statements present only that portion of the funds and account groups that are attributable to the transactions of the Registrar arising from the annual appropriation made by the City to the Registrar.

In our opinion, except that the omission of the budget comparison statement results in an incomplete presentation, the accompanying financial statements referred to previously present fairly, in all material respects, the financial position of the Registrar of Voters of the Parish of Orleans as of June 30, 1996 and the results of operations, and changes in its fund balances arising from the City's appropriations, for the year ended June 30, 1996, in conformity with generally accepted accounting principles.

In accordance with Government Auditing Standards, we have also issued a report dated December 23, 1996, on our consideration of the Registrar of Voters of the Parish of Orleans's internal control structure and a report, dated December 23, 1996, on its compliance with laws and regulations.

NOTES TO THE FINANCIAL STATEMENTS**

**NOTE 1 - BACKGROUND:**

The Registrar of Voters of the Parish of Orleans is a political subdivision of the State of Louisiana and is subject to the direction of the Commissioner of Elections. The Registrar is responsible for the registration of voters and for the administration and enforcement of the laws, rules, and regulations of the State of Louisiana and the Louisiana Civil Service Commission and after appointment can only be removed by majority vote of the State Board of Election Supervisors for conviction of a felony or specific types of conduct, as set forth in Louisiana Revised Statute 18:22.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:**

Basis of Accounting

In April of 1986, the Financial Accounting Foundation established the Governmental Accounting Standards Board (GASB) to promulgate generally accepted accounting principles and reporting standards with respect to activities and transactions of state and local governmental entities. The GASB has issued a codification of governmental accounting and financial reporting standards. This codification and subsequent new pronouncements are recognized as generally accepted accounting principles for state and local governments. The accompanying statements have been prepared in accordance with such principles.

The basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. The basis of accounting also relates to the timing of the measurements made, regardless of the measurement bases applied.

The general fund uses the modified accrual basis of accounting. Its revenues are recognized when they become measurable and available as net current assets. All major revenues are susceptible to accrual.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES,  
CONTINUED:**

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred.

**Fund Accounting**

The accounts of the Registrar are organized on the basis of governmental fund and account groups, each of which is considered a separate accounting entity. The operations of each fund and account group are accounted for with a separate set of self-balancing accounts that comprises its assets, liabilities, fund equity, revenues, and expenditures. Revenues are accounted for in the governmental fund based upon the purpose for which they are to be spent and the means by which spending activities are controlled. The funds presented in the financial statements are described as follows:

**General Fund**

The General Fund, is the principal fund of the Registrar and is used to account for the operations of the Registrar's office.

**General Fixed Assets and  
General Long-Term Obligations**

Fixed assets are accounted for in the general fixed assets account group, rather than in the General Fund. General fixed assets provided by the City of New Orleans are not recorded within the general fixed assets account group of the Registrar. No depreciation has been provided on general fixed assets. All fixed assets are valued at historical cost.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES,  
CONTINUED:

Fund Accounting, Continued

General Fixed Assets and  
General Long-Term Obligations, continued

Long-term obligations expected to be financed from governmental funds are accounted for in the general long-term obligations account group, not in the General Fund.

The two account groups are not funds. They are concerned only with the measurement of financial position and do not involve measurement of results of operations.

Basis of Financial Statement Presentation

The accompanying financial statements include only the appropriations received by the Registrar of Voters of the Parish of Orleans from the City of New Orleans. As provided by Louisiana Revised Statutes 18:55-59, the State pays, through the Commissioner of Elections, a portion of the salary of the Registrar, the chief Deputy, and the confidential Assistant, and one-half of the salaries of the regular employees for each year plus related retirement and other benefits; this compensation is paid directly by the State to the Registrar and to his employees and is not included in the accompanying financial statements. Also, not included in the accompanying financial statements are employees' contributions made to the Registrar of Voters Employees' Retirement System included in the benefits relating to salaries paid with the City appropriations. As such, the accompanying financial statements present only that portion of the funds and account groups that are attributable to the transactions arising from the City's appropriation to the Registrar.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES,

**Operating Budget**

The Registrar adopts a budget (appropriation request) on a calendar year basis for consideration by the City of New Orleans in the preparation of their operating budget of expenditures. The Registrar's budget is submitted to the City prior to November 1. The City advertises, holds hearings, and not later than December 1, the budget is legally enacted through passage of an ordinance. Appropriations for the Registrar's office are listed under the Judicial and Parochial Department as separate line items. Since the budget is on a calendar year basis and not comparable with the accompanying fiscal year financial statements, no budget comparison is presented.

**Cash Account**

Cash consists solely of demand deposits fully secured by Federal Deposit Insurance.

**Vacation and Sick Leave**

Employees of the Registrar earn and accumulate vacation and sick leave at varying rates according to their years of service. The amount of vacation and sick leave that may be accumulated by each employee is unlimited. Upon termination, employees or their heirs are compensated for up to 300 hours of unused vacation leave at the employees' hourly rate of pay at the time of termination. Upon retirement, unused vacation leave in excess of 300 hours plus unused sick leave are used in computing retirement benefits. The liability for unused vacation leave payable at June 30, 1998, computed in accordance with state codification Section 650, is \$17,598. Vacation leave payable is recorded in the general long-term obligations account group.

**Total Column on the Statements - Overview**

The total column on the balance sheet is captioned Memorandum Only to indicate that they are presented only to facilitate financial analysis. Data in this column does not present the financial position in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation.

**NOTE 3 - PENSION PLAN:**

Substantially all of the employees of the Registrar's office are members of the Registrar of Voters Employees' Retirement System ("System"), a multiple-employer, public employee retirement system (PERS), controlled and administered by a separate board of trustees.

All regular employees under the age of 55 at the time of original employment are required to participate in the System. Employees are eligible to retire at or after age 60 with at least 10 years of creditable service, or at or after age 55 with at least 20 years of credited service, or at any age with at least 10 years of creditable service. Upon retirement, members are entitled to a basic retirement benefit, payable monthly for life, equal to 3 per cent of their final-average salary for each year of credited service, not to exceed 100 per cent of their final-salary. If retirement occurs with less than 20 years of service, the basic benefit stated above is reduced 3 per cent for each year that retirement precedes age 65. Final-average salary is the employee's average salary over the 36 consecutive or joined months that produce the highest average. Employees who terminate with at least 10 years of service and who do not withdraw their employee contributions may retire at or after age 60, or at or after age 55 with at least 20 years of service at termination, and receive the benefit accrued to their date of termination, reduced as indicated if applicable. The system also provides death and disability benefits. Benefits are established by state statute.

**NOTE J - PENSION PLAN, CONTINUED:**

Contributions to the System include one-sixteenth of one per cent of the taxes shown to be collectible by the tax rolls of each parish. State statute requires covered employees to contribute 3 percent of their salary to the system. There is no direct employer contribution as a percentage of projected payroll.

The pension benefit obligation is presented as of June 30, 1998, because the June 30, 1996 information is not available. Although contributions are determined by state statute rather than actuarial calculations, actuarial required contributions were determined for the System for the year ended June 30, 1998. For the year ended June 30, 1998, the System's total actuarial required contributions from all sources (dedicated taxes, employees, and employer) was \$931,288.

For the Orleans Parish Registrar, the statutorily required employee contribution for the year ended June 30, 1998 was \$41,173.

The pension benefit obligation is a standardized measure of the present value of pension benefits, adjusted for the effect of projected salary increases and step-rated benefits, estimated to be payable in the future as a result of employee service to date. The measure, which is the actuarial present value of credited projected benefits, is intended to help users assess the System's funding status on a going-concern basis, assess progress made in accumulating sufficient assets to pay benefits when due, and make comparisons among PERC and employers. The System does not make separate measures of assets and pension benefit obligations for individual employees.

The pension benefit obligation at June 30, 1998, for the System as a whole, determined through actuarial valuation performed as of that date, was \$28,018,888. The System's net assets available for benefits on that date were \$31,664,347 leaving excess assets of \$3,645,459.

Historical trend information showing the System's progress in the accumulation of sufficient assets to pay benefits when due is presented below. Benefits granted by the System are guaranteed by the State of Louisiana under the Louisiana Constitution of 1974.

**INDEPENDENT AUDITORS' REPORT ON

SPECIAL PURPOSE FINANCIAL STATEMENTS PERFORMED IN  
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

---

Mr. Louis Keller  
Registrar of Voters of the  
Parish of Orleans  
New Orleans, Louisiana 70112

We have audited the special purpose financial statements of the Registrar of Voters of the Parish of Orleans, New Orleans, Louisiana (the Registrar), as of and for the year ended June 30, 1996 and have issued our report thereon dated December 23, 1996.

We conducted our audit in accordance with generally accepted auditing standards and government auditing standards, issued by the Comptroller General of the United States. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the special purpose financial statements are free of material misstatement.

In planning and performing our audit of the special purpose financial statements of the Registrar for the year ended June 30, 1996, we considered its internal control structure in order to determine our auditing procedures for the purpose of expressing our opinion on the special purpose financial statements and not to provide assurance on the internal control structure.

**INDEPENDENT AUDITORS' REPORT ON  
INTERNAL CONTROL STRUCTURE BASED ON AN AUDIT OF  
SPECIAL PURPOSE FINANCIAL STATEMENTS PERFORMED IN  
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS  
(CONTINUED)**

---

The management of the Registrar is responsible for establishing and maintaining an internal control structure. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures. The objectives of an internal control structure are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Because of inherent limitations in any internal control structure, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of the structure to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the effectiveness of the design and operation of policies and procedures may deteriorate.

In planning and performing our audit of the special purpose financial statements of the Registrar for the year ended June 30, 1984, we obtained an understanding of the internal control structure. With respect to the internal control structure, we obtained an understanding of the design of relevant policies and procedures and whether they have been placed in operation, and we assessed control risk in order to determine our auditing procedures for the purpose of expressing our opinion on the special purpose financial statements and not to provide an opinion on the internal control structure. Accordingly, we do not express such an opinion.

our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a reportable condition in which the design or operation of one or more of the internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the special purpose financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control structure and its operation that we consider to be material weaknesses as defined above.

Compliance with laws, regulations, contracts, and grants applicable to the Registrar, is the responsibility of the Registrar's management. As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we performed tests of the Registrar's compliance with certain provisions of laws, regulations, contracts, and grants. However, the objective of our audit of the special purpose financial statements was not to provide an opinion on overall compliance with such provisions. Accordingly, we do not express such an opinion.
