INDEPENDENT ACCOUNTANT'S REPORT

I have examined the Board's assertion, included in its representation letter dated March 13, 1997, that Lafourche Parish Recreation District No. 1 complied with the following laws and regulations:

Public Bid Law
Code of Ethics for Public Officials and Public Employees
Budgeting
Accounting and Reporting
Integrity
Debt
Advances and Disburse

during the year ended December 31, 1996. As discussed in that representation letter, the Board is responsible for Lafourche Parish Recreation District No. 1's compliance with these requirements. My responsibility is to express an opinion on the Board's assertion about the District's compliance based on my examination.

My examination was made in accordance with standards established by the American Institute of Certified Public Accountants and accordingly, included examining, on a test basis, evidence about Lafourche Parish Recreation District No. 1's compliance with these requirements and performing such other procedures as I considered necessary in the circumstances. I believe that my examination provides a reasonable basis for my opinion. My examination does not provide a legal determination on Lafourche Parish Recreation District No. 1's compliance with specified requirements.

In my opinion, the Board's assertion that Lafourche Parish Recreation District No. 1 complied with the aforementioned requirements for the year ended December 31, 1996 is fairly stated, in all material respects.

This report is intended for the information of the Board of the Lafourche Parish Recreation District No. 1 and the Louisiana Legislative Auditor. However, this report is a matter of public record, and its distribution is not limited.

Respectfully submitted,

Ann T. Hebert

NOTE 2 - CASH AND INVESTMENTS - Continued

Direct security repurchase agreements of any federal back entry only securities enumerated in above paragraphs.

Time certificates of deposit of state banks organized under the laws of Louisiana, or national banks having their principal offices in the State of Louisiana.

Mutual or trust fund institutions which are registered with the Securities and Exchange Commission under the Securities Act of 1933 and the Investment Act of 1940, and which have underlying investments consisting solely of and limited to securities of the U. S. Government or its agencies.

State law also requires that deposits of all political subdivisions be fully collateralized at all times. Acceptable collateralization includes the FDIC/FSLIC insurance and the market value of securities purchased and pledged to the political subdivisions. Obligations of the United States, the State of Louisiana and certain political subdivisions are allowed as security for deposits. Obligations furnished as security must be held by the political subdivision or with an unaffiliated bank or trust company for the accounts of the political subdivision.

During the year the District's investments consisted solely of cash held in banks. The District's cash at December 31, 1995, is not in excess of the FDIC insurance.

NOTE 3 - PROPERTY TAXES

Property taxes are levied each December 1 on the assessed value listed as of the prior January 1 for all real property, immoveable and movable property located in the Parish. Assessed values are established by the Lafourche Parish Assessor's Office and the State Tax Commission at percentages of actual value as specified by Louisiana law. A reappraisal of all property is required to be completed no less than every four years. Taxes are due and payable December 31 with interest being charged on payments after January 1. Taxes can be paid through the tax sale date, which is the last Wednesday in June. Properties for which the taxes have not been paid are sold for the amount of the taxes. The tax rate for the year ended December 31, 1995 was \$2.40 per \$1,000 of assessed value in property within Recreation District No. 1 for the purpose of constructing, maintaining and opening recreational facilities and programs within the District.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

1. General Fixed Assets - Continued

drainage systems, and lighting systems, are not capitalized by the District. No depreciation has been provided on general fixed assets.

All fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated fixed assets are valued at their estimated fair value on the date donated.

g. Vacation and Sick Leave

The District has no full-time employees. There is no accumulated unpaid vacation at December 31, 1998.

The District does not have a sick leave policy.

h. Encumbrances

Encumbrance accounting, under which purchase orders, contracts and other commitments are recorded in the fund general ledgers, is not utilized by the District.

l. Total Columns on Combined Statements - Overview

The total columns on the combined statements - overview is captioned *intermediate only* to indicate that it is presented only to facilitate financial analysis. Data in this column does not present financial position or results of operations, in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidated, interfund elimination have not been made in the aggregation of this data.

NOTE 2 - CASH AND INVESTMENTS

Louisiana state law allows all political subdivisions to invest excess funds in the following:

Direct U. S. Treasury obligations.

Bonds, debentures, notes or other evidence of indebtedness issued or guaranteed by federal agencies and provided such obligations are backed by the full faith and credit of the U. S.

Bonds, debentures, notes or other evidence of indebtedness issued or guaranteed by U. S. government instrumentalities, which are federally sponsored.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

c. Basis of Accounting - Continued

All governmental funds are accounted for using the modified accrual basis of accounting. Their revenues are recognized when they become measurable and available as are current assets. Ad valorem taxes and the issuance of bonds are considered "measurable" at the time of liability since the timing of their collection coincides with the timing of the expenditures to be paid. Interest income on investments is recorded as revenue when the investments have matured and the income is available. Miscellaneous revenues are recorded as revenues when received in cash by the District because they are generally not measurable until actually received.

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred.

d. Operating Budgetary Data

As required by the Louisiana Revised Statutes 39:1303, the Board of Commissioners (the Board) is required to adopt a budget for the Commissioner's General fund. The Board, as allowed by state law, does not obtain public participation in the budgetary process. Any amendment involving the transfer of funds from one function to another or increases in expenditures must be approved by the Board. All budgeted amounts which are not expended, or obligated through contracts, lapse at year end.

The general fund is adopted on a basis materially consistent with generally accepted account principles.

e. Bad Debts:

The financial statements for the District contain no allowance for bad debts. Receivable amounts due for ad valorem taxes and other receivables are recognized as bad debts at the time information becomes available which would indicate the uncollectibility of the particular receivable.

f. General Fixed Assets:

Fixed assets used in governmental fund type operations (general fund assets) are accounted for in the General Fixed Assets Account Group, rather than in governmental funds. The Account Group is not a fund. It is concerned only with the measurement of financial position. It is not involved with the measurement of results of operations. Public domain (infrastructure) general fixed assets consisting of certain improvements other than buildings, including roads, bridges and curbs, gutters, streets and sidewalks,

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting and reporting policies of the Lafourche Parish Recreation District No. 1 (the District) conform to generally accepted accounting principles as applicable to governments.

The following is a summary of certain significant accounting policies:

a. Reporting Entity:

The District is a component unit of the Lafourche Parish Council.

The District has reviewed all of its activities and determined that those that flow are no potential component units which should be included in its financial statements.

b. Fund Accounting:

The government uses funds and account groups to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

A fund is a separate accounting entity with a self-balancing set of accounts. An account group, on the other hand, is a financial reporting device designed to provide accountability for certain assets and liabilities that are not insured in the funds because they do not directly affect net expendable available financial resources.

Governmental Funds:

Governmental funds are those through which most governmental functions of the District are financed. The acquisition, use and balances of the District's expendable financial resources and the related liabilities are accounted for through Governmental funds. The measurement focus is upon determination of changes in financial position, rather than net income determination. The following is the Governmental fund of the District:

General Fund - The General fund is the general operating fund of the District. It is used to account for all financial resources except those that are required to be accounted for in another fund.

c. Basis of Accounting:

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.
