1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The ben's Sol and Wete Conservation District was created by the Louisiana Legislature. The District primary satisfs frommer and other land uses in the visio use of their lands and the prevention of existin of tamin and used the policion of waters in the site. The governing benef of spectrum administer the operations and responsibilities of the District in accordance with Louisiana Statutes. The board is compliand of the numbers.

In April 1994, the Privanesi Accounting Tournation establishes the Governmental Accounting Standards Based (CARG) to premulgate generally accepted accounting principles and reporting standards with respect to accivitios and transactions of sale and load governmental actives. It is invented: 1994, the GA2B standard accounting and governmental accounting and Francisca reporting standards. This costicution and principles for states of based accounting accepted acception acception accuring an inclusion governments.

The financial statements of the liberia. Sol and Witter Conservation Distoct are prepared in accordance with the standards established by the GASB. GASB coldination States 2100 established control for determining the governmental reporting entity to be the Deris Sol and Watter Conteinuence Dutiest. The secontraphyce platements present information only as to be strangisticnics of the District.

A. FUND ACCOUNTING

The financial statements of the Ibena Soil and Water Conservation District

LOUISIANA DEPARTMENT OF AGRICULTURE AND PORESTRY AUDIT DIVISION

REPORT NO. 97-21-21

are presented as if the accounts were organized on the basis of funds and account groups, each of which would be consistend a separate accounting eds). Since the Direkt has framout resources which are negarited to be accounted for in other funds, a general fund and a special revenue fund verse both employed.

During the Fiscal year ending June 30, 1997, the Basia Sol and Water Conservation District begin receiving funds which it considers Special Revenue Funds and the financial records have been prepared accordingly.

8. FIXED ASSETS

Fixed assets used in the governmental fund type operations are accounted for in the General Fixed Assets account group, rather than the Generatification No deprecision has been provided on general fixed assets. All fixed assets are valued at historical cost.

This account group is not a "fund." It is concerned with the measurement of financial position, not with measurement of operations.

C. BASIS OF ACCOUNTING

Basis of accounting refers to when revenues and repersitives are recognised and reported in the francial statements. Basis of accounting relations to the trying of the measurements make, regardlass of the resolution to the applied. The records are manufacted on a cash base and the accountage relation francial statements have been converted to a modified account basis of accounting using the following consciour:

(1) Revenue

State Funds are recorded when the District is entitled to the funds.

Newsletter sporebra and equipment rental are recorded in the year earned.

Interest income on time deposits is recorded when the deposits have maked and the income is available.

LOUIRIANA DEPARTMENT OF ADRIDULTURE AND FORESTRY ADDIT DIVISION

REPORT NO. 97-21-21

Rects and covables are recorded in the year earned.

Subsequently all other revenues are recorded when received.

(2) Expenditures

Expenditures were recognized in the accounting period in which the liabilities are both measurable and incurred.

D. BUDGETARY PRACTICES

A budget was submitted to the Office of Soil and Water Conservation, Louisiana Department of Agriculture and Foreasty. State Funding for the year was based upon the allocation procedures established in the program rules and regulations.
