INDEPENDENT AUDITOR'S REPORT

Auditor
First Municipal District,
Parish of Orleans

I have audited the accompanying general purpose financial statements of the Auditor, First Municipal District, Parish of Orleans, as of December 31, 1997, and for the year then ended, as listed in the table of contents. These general purpose financial statements are the responsibility of the Auditor, First Municipal District, Parish of Orleans. My responsibility is to express an opinion on these general purpose financial statements based on my audit.

I conducted my audit in accordance with generally accepted auditing standards and Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general purpose financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Auditor, First Municipal District, Parish of Orleans, as of December 31, 1997, and the results of its operations for the year then ended in conformity with generally accepted accounting principles.

In accordance with Government Auditing Standards, I have also issued my report dated May 28, 1998 on my consideration of the Auditor, First Municipal District, Parish of Orleans' internal control over financial reporting and my tests of its compliance with certain provisions of laws and regulations.

NOTES TO FINANCIAL STATEMENTS

December 31, 1997

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the entity's significant accounting policies consistently applied in the preparation of the accompanying financial statements follows.

1. Assessing Jurisdiction

As provided by Article VII, Section 24 of the Louisiana Constitution of 1974, there shall be seven assessors in New Orleans, who shall comprise the Board of Assessors for Orleans Parish. One shall be elected from each municipal district of New Orleans, and each shall be a resident of the district from which he is elected. The assessor shall be elected at the same time as the municipal officers of New Orleans, for terms of four years each. In the event a vacancy occurs at any time of the parish assessor's office, the Board of Assessors shall appoint an interim assessor for the unexpired term.

The assessor assesses all real and movable property in their municipal district subject to all valuations taxation. The assessor is authorized to appoint as many deputies as may be necessary for taxpayers in their district. The deputies are authorized to perform all functions of the office, but the assessor is ultimately and personally responsible for the actions of the deputies.

For financial reporting purposes, the assessor includes all funds, account groups, activities, or items, that are controlled by the assessor in an independently elected parish official. The activities of other independently elected parish officials and municipal level governments are not included within the accompanying financial statements as they are considered autonomous governments. These units of government issue financial statements separate from that of the parish assessor.

At December 31, 1997, the assessment rolls of the Assessor, First Municipal District, Parish of Orleans consisted of real property assessments totaling \$158,187,758 and personal property assessments totaling \$178,904,211.

2. Basis of Presentation

The accompanying financial statements of the Assessor, First Municipal District, Parish of Orleans, have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

1. Fund Accounting

The accounts of the Assessor, First Municipal District, Parish of Orleans, are organized on the basis of a fund and account group, to report on its financial position and results of operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions relating to certain government functions or activities. A fund is a separate accounting entity with a self-balancing set of accounts. An account group is a financial reporting device designed to provide accountability for certain assets and liabilities that are not recorded in the funds because they do not directly affect net expendable available resources. The fund presented in the financial statements is described as follows:

General Fund

The General Fund, as provided by Louisiana Revised Statute 47:1908, is the principal operating fund of the Assessor First Municipal District, Parish of Orleans, and accounts for all financial resources. Revenues are accounted for in this individual fund based upon the purpose for which they are to be spent and the means by which spending activities are controlled. Compensation received from the various taxing bodies, prescribed by formula in Louisiana Revised Statutes 47:1907.1-1908 is accounted for in the fund. General operating expenditures are paid from this fund.

4. Fixed Assets

The accounting and reporting treatment applied to the fixed assets associated with a fund are determined by its measurement focus. The governmental fund is accounted for on a spending, or "financial flow" measurement focus and only current assets and current liabilities are generally included on its balance sheets.

Equipment used in government fund type operations are accounted for in the General Fixed Assets Account Group, rather than in a governmental fund. These assets are recorded as expenditures in the governmental fund type when purchased. No depreciation has been provided on general fund assets. All fixed assets are valued at historical cost.

5. Measurement Focus

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The General Fund is accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. The operating statement of the General Fund presents increases and decreases in net current assets.

6. Budget and Budgetary Accounting

The Board of Assessors, Parish of Orleans, legally adopts an annual budget, which authorizes the annual appropriation of the Assessor's office. The budgetary practices include public notice, participation and inspection. Additionally, the Board of Assessors' budget authorizes supplementary appropriations during the year to the Assessor, First Municipal District, Parish of Orleans. Since the Board of Assessors legally adopts a budget, the Assessor, First Municipal District, Parish of Orleans, is not required to follow the legal budgetary practices of public notice, participation and inspection. When a budget is not adopted, generally accepted accounting principles does not require the presentation of the statement of revenues, expenditures, and changes in fund balances - budget and actual - all governmental fund types, consequently this statement is not presented with the basic financial statements.

7. Assessor's Salary and Personal Allowance

The salary of each Assessor in the Parish of Orleans is paid by the Board of Assessors, Parish of Orleans, and therefore is not included in the accompanying financial statements. In addition to her annual salary, the Assessor, First Municipal District, Parish of Orleans, is granted ten percent (10%) of her annual compensation as a personal expenditure allowance provided that the tax receipts of the respective tax recipient bodies shall not be reduced. The amount of personal expenditures incurred by the Assessor, First Municipal District, Parish of Orleans, is included in the accompanying General Purpose Financial Statements.

8. Total Columns of Combined Statements - Overview

Total columns are explained "Memorandum Only" to indicate that they are presented only to assist with financial analysis. Data in these columns do not present financial position, results of operations or changes in financial position in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation.

9. Vacation and Sick Leave

The employees of the Assessor, First Municipal District, Parish of Orleans, earn two weeks of vacation leave each year and earn one and one-half days of sick leave each month. Vacation leave not used at the end of the year is not carried over to the next year, consequently vacation leave is not accrued at the end of the year. Sick leave may be accumulated indefinitely by the employees. Vacation and sick pay expenditures are charged to operations when taken by the employees of the Assessor, First Municipal District, Parish of Orleans. Unused sick leave can be taken only in the event of illness and is not convertible to pay upon termination of employment or retirement, accordingly, no accruals are reflected in the accounts.

10. Cash and cash equivalents

Cash and cash equivalents include cash and deposits with original maturity of 90 days or less. Under state law, the Assessor may deposit funds in demand deposits, interest bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana Law and national banks having their principal offices in Louisiana and may invest in United States bonds, treasury notes or certificates. These are classified as investments if their original maturity exceed 90 days.

NOTE C - PENSION PLAN

All full-time employees of the Assessor, First Municipal District, Parish of Orleans, are members of the Louisiana Assessor's Retirement System. In addition to employee payroll deductions, a portion of the Board's allotment is credited to the retirement system.

The retirement system is a state-wide defined benefit multiple employer public retirement system. The system is administered and controlled by a separate board of trustees, with contribution rates approved by the Louisiana Legislature. Contributions of participants and the Board's allotment are pooled within the system to fund accrued benefits. The Assessor, First Municipal District, Parish of Orleans does not guarantee the benefits granted by the retirement system.

Following is a summary of the Louisiana Assessor's Retirement Fund for its most recent valuation date, which was September 30, 1997.

**REPORT ON COMPLIANCE AND ON INTERNAL CONTROL
OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE
WITH GOVERNMENT AUDITING STANDARDS**

Assessee:
First Municipal District,
Parish of Orleans

I have audited the general-purpose financial statements of the Assessee, First Municipal District, Parish of Orleans, as of and for the year ended December 31, 1997, and have issued my report thereon dated May 28, 1998. I conducted my audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the Assessee, First Municipal District, Parish of Orleans' financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws and regulations, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with these provisions was not an objective of my audit and, accordingly, I do not express such an opinion. The results of my un-audited assessments of noncompliance that are required to be reported under *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing my audit, I considered the Assessee, First Municipal District, Parish of Orleans' internal control over financial reporting in order to determine my auditing procedures for the purpose of expressing my opinion on the financial statements and not to provide assurance on the internal control over financial reporting. My consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. I noted no matters involving the internal control over financial reporting and its operation that I consider to be material weaknesses.

This report is intended for the information of management and the Legislative Auditor. However, this report is a matter of public record, and its distribution is not limited.
