Note 1) **NATURE OF ACTIVITIES**

The South Louisiana Economic Council, Inc. (the Council), a non-profit corporation, was organized on March 14, 1984, to encourage economic development in the four parish area of Assumption, Lafourche, St. Mary and Terrebonne. The objective of the Council is to spur economic growth by encouraging existing local industry to expand and to entice industry from out-of-state to locate in the region. The Council also acts as coordinator for various economic and workforce development activities and programs in the four-parish area. The Council is supported primarily through unrestricted grants from the local governments within the four-parish area it serves and by unrestricted support received from local private industry. Governmental grants comprised approximately 32% of total unrestricted revenue and support for the year ended December 31, 1997.

The Council reports gifts of cash and other assets as restricted support if they are received with donor imposed stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose of the restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restriction. Contributions, grants and awards received to support current year activities are reported as unrestricted support.

Note 2) **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The following is a summary of the significant accounting policies:

- a) **Basis of Accounting** The Council uses the accrual basis of accounting for revenues and expenses.
- b) **Property and Equipment** Property and equipment are recorded at historical cost and are depreciated using the straight-line and declining balance methods over their estimated useful lives as follows:

Office equipment	3 - 7 years
Household improvements	10 years
Automobile	5 years

Expenditures for renewals and betterments are capitalized and expenditures for ordinary maintenance and repairs are expensed as incurred. The cost and accumulated depreciation applicable to assets retired or sold, if any, are removed from the respective accounts and gains or losses thereon are included in operations.

Depreciation expense was \$13,524 for the year ended December 31, 1997, all of which was charged to operations.

- c) Accumulated Vacation and Sick Leave. Vacation and sick leave do not carryover to future years. Vacation and sick leave earned and available are insignificant to the financial statements.
- d) Income Taxes. The Council is a non-profit organization and is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code of 1986, as amended. Therefore, no provisions for income taxes have been made.
- e) Cash Flows. For purposes of the statements of cash flows, short-term investments having original maturities of three months or less when purchased are considered to be cash equivalents. The Council did not have any cash equivalents at December 31, 1997.
- f) Estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.
- g) Accounting for Contributions Received. The Council follows the guidance of Statement of Financial Accounting Standards (SFAS) No. 116, "Accounting for Contributions Received and Contributions Made." In accordance with SFAS No. 116, contributions and grants received are recorded as unrestricted, temporarily restricted, or permanently restricted depending on the existence or nature of any donor or grantor restrictions. During 1997, the Council did not receive any restricted contributions.

At December 31, 1997, the Council had no temporarily restricted net assets or permanently restricted net assets.

Note 3) FUNDING

The Council receives funding primarily through grants from local governments and corporations, and from corporate and governmental sponsorships for economic development and training seminars hosted by the Council.

Lafourche Parish	25,000

None of the prepaid printing services were used during the year ended December 31, 1997.

Note 10) ECONOMIC DEPENDENCE

SUPPLEMENTARY REPORT

INDEPENDENT ACCOUNTANT'S REPORT ON APPLYING AGREED-UPON PROCEDURES

To the Management and Board of Directors
of the South Louisiana Economic Council

We have performed the procedures included in the Louisiana Government Audit Guide and enumerated below, which were agreed to by the management of South Louisiana Economic Council and the Legislative Auditor, State of Louisiana, solely to assist the users in evaluating management's assertions about the South Louisiana Economic Council's compliance with certain laws and regulations during the year ended December 31, 1997 included in the Louisiana Assertion Questionnaire. This agreed-upon procedures engagement was performed in accordance with standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of the specified users of the report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

Federal, State, and Local Awards

1. Determine the amount of Federal, state and local award expenditures for the fiscal year, by grant and grant year.

There were no Federal grants received during 1997.

2. For each Federal, state, and local award, we randomly selected 6 disbursements from each award administered during the period under examination, provided that no more than 30 disbursements would be selected.

3. For the items selected in procedure 2, we traced the six disbursements to supporting documentation as to proper amount and payee.

We examined supporting documentation for each of the six selected disbursements and found that payment was for the proper amount and made to the correct payee.

4. For the items selected in procedure 2, we determined if the six disbursements were properly coded to the correct fund and general ledger account.

All six of the payments were properly coded to the correct fund and general ledger account.

6. For the items selected in procedure 2, we determined whether the six disbursements received approval from proper authorities.

Inspection of documentation supporting each of the six selected disbursements indicated approval from the executive director. In addition, each of the disbursements were traced to the South Louisiana Economic Council's minute book where they were approved by the full board.

6. For the items selected in procedure 2, for state and local awards, we determined whether the disbursements complied with the grant agreement, relating to:
- Activities allowed or unallowed:**

We reviewed the previously listed disbursements for types of services allowed or not allowed. All disbursements reviewed complied with allowability requirements of the program.

Eligibility

We reviewed the previously listed disbursements for eligibility requirements. All disbursements reviewed complied with the eligibility requirements of the program.

Reporting

We reviewed the previously listed disbursements for reporting requirements.

7. No close-out reports were required during 1997.

Meetings

8. We examined evidence indicating that agendas for meetings recorded in the minute book were posted as an open meeting as required by LSA-RS 42:1 through 42:12 (the open meetings law).

South Louisiana Economic Council is only required to post a notice of each meeting and the accompanying agenda on the door of the South Louisiana Economic Council's office building. Although management has asserted that such documents were properly posted, we could find no evidence supporting such assertion other than an unmarked copy of the notices and agendas.

Comprehensive Budget

9. For all grants exceeding five thousand dollars, we determined that each applicable federal, state, or local grantor agency/agency was provided with a comprehensive budget of those grants that included the purpose and duration, and for state grants included specific goals and objectives and measures of performance.

South Louisiana Economic Council was not required to provide comprehensive budgets to the applicable state grantor agencies for the programs mentioned previously.

Prior Comments and Recommendations

10. No prior-year suggestions, recommendations, or comments were made.

We were not engaged to, and did not, perform an examination, the objective of which would be the expression of an opinion on management's assertions. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the use of management and the Board of Directors of the South Louisiana Economic Council and the Legislative Auditor, State of Louisiana, and should not be used by those who have not agreed to the procedures and taken responsibility for the sufficiency of the procedures for their purposes. However, this report is a matter of public record and its distribution is not limited.
