**NOTES TO FINANCIAL STATEMENTS**

Northwest Parish Fire  
Protection District No. 9

Notes to Financial Statements  
June 30, 1998

**1. The Reporting Entity:**

Fire Protection District No. 9, of Northwest Parish, Louisiana was created in June 1982, by ordinance of the Northwest Parish Police Jury. The District is charged with providing fire protection for the citizens of District No. 9 of Northwest Parish.

In April of 1984, the Financial Accounting Foundation established the Governmental Accounting Standards Board (GASB) to promulgate generally accepted accounting principles and reporting standards with respect to activities and transactions of state and local governmental accounting and financial reporting standards. The codification and subsequent GASB pronouncements are recognized as generally accepted accounting principles for state and local government.

Fire Protection District No. 9, of Northwest Parish prepares its financial statements in accordance with the standards established by the GASB. GASB Codification Section 2100 establishes criteria for determining the governmental reporting entity and has defined the governmental reporting entity to be the Northwest Parish Police Jury. The accompanying statements present only transactions of the Fire District No. 9, of Northwest Parish, a component unit of the Northwest Parish Police Jury.

**2. Summary of Significant Accounting Policies:**

The accounting and reporting policies of Northwest Parish Fire Protection District No. 9 conform to generally accepted accounting principles as applicable to governmental units. Such accounting and reporting policies also conform to the requirements of Louisiana Revised Statutes 24:513.

As the governing authority of the parish, for reporting purposes, the Northwest Parish Police Jury is the financial reporting entity for Northwest Parish. The financial reporting entity consists of (a) the primary government (police jury), (b) organizations for which the primary government is financially accountable, and (c) other organizations for which nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Governmental Accounting Standards Board Statement No. 14 established criteria for determining which component units should be considered part of the Northwest Parish Police Jury for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial accountability. The GASB has set both criteria to be considered in determining financial accountability.

Metropolitan Parish Fire  
Protection District No. 9

Notes to Financial Statements  
June 30, 1998

1. Appointing a voting majority of an organization's governing body, and
  - a. The ability of the police jury to impose its will on that organization and/or
  - b. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the police jury.
2. Organizations for which the police jury does not appoint a voting majority but are financially dependent on the police jury.
3. Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

Because the police jury created by ordinance Fire District No. 9, the district was determined to be a component unit of the Metropolitan Parish Police Jury, the financial reporting entity. The accompanying financial statements present information only on the funds maintained by the district and do not present information on the police jury, the general government services provided by that governmental unit, or the other governmental units that comprise the financial reporting entity.

The following is a summary of certain significant accounting principles and practices:

#### Fund Accounting

The accounts of Metropolitan Parish Fire Protection District No. 9 are organized on the basis of a fund and account groups, each of which is considered a separate accounting entity. The operations of the fund or account groups are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, revenues and expenditures. Resources are allocated to the fund or account group based upon the purposes for which they are to be spent and the manner by which spending activities are controlled. The fund presented in this report is described as follows:

#### Governmental Fund:

**General Fund.** The General Fund is the general operating fund of the District. It is used to account for all financial resources of the District.

Manchester Parish Fire  
Protection District No. 9

Notes to Financial Statements  
June 30, 1988

**Fixed Assets and Long-term Liabilities:**

The accounting and reporting treatment applied to the fixed assets and long-term liabilities associated with a fund are determined by its measurement focus. The governmental fund is accounted for on a spending or "financial flow" measurement focus and only current assets and liabilities are generally included on its balance sheet.

Fixed assets used in the governmental fund operations (general fund assets) are accounted for in the General Fixed Assets Account Group, rather than in the general fund.

These assets are recorded as expenditures in the General Fund when purchased. No depreciation has been provided on general fixed assets.

All fixed assets are valued at historical cost.

Long-term obligations expected to be financed from governmental funds are accounted for in the General Long-Term Debt Account Group, not in the governmental fund.

The two account groups are not "funds". They are concerned only with the management of financial positions, not with measurement of results of operations.

**Basis of Accounting:**

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied.

The General Fund is accounted for using the modified accrual basis of accounting. Its revenues are recognized when they become measurable and available as net current assets. Expenditures are generally recognized when the related fund liability is incurred. Purchase of various operating supplies are regarded as expenditures at the time purchased.

The Manchester Parish Fire Protection District No. 9 does not employ the use of "encumbrance accounting".

**Total Columns on Combined Statements-Overview:**

Total columns on the combined statements - overview are captioned "Memorandum Only" to indicate that they are presented only to facilitate financial analysis.

**Budgetary Practices:**

Prior to the beginning of each fiscal year, the Treasurer submits a proposed budget to the Board of Commissioners. The budget is adopted, and held open for public inspection. All budgetary appropriations lapse at the end of the year. The budget presented in these financial statements was adopted on a basis consistent with generally accepted accounting principles.

**Investments:**

The District does not have any investments other than cash invested in interest bearing checking accounts.

**3. Retiree Plan:**

The District is not a member of any retirement plan.

**4. General Fixed Assets:**

A summary of changes in general fixed assets follows:

	Balance 7-1-97	Additions	Deletions	Balance 6-30-98
Buildings, Trucks, & Fire Equipment	\$453,870	\$15,186	50	\$469,006

**5. Litigation:**

Each disbursement appeared to be coded correctly.

Inspection of supporting documentation showed written approval. In addition, non-recurring entries were discussed and approved in the minutes.

We were not engaged to, and did not, perform an examination, the objective of which would be the expression of an opinion on management's assertions. Accordingly, we do not express such an opinion. This report is intended solely for the use of management of the Natchitoches Parish Fire Protection District No. 9 and the Legislative Auditor, State of Louisiana, and should not be used by those who have not agreed to the procedures and taken responsibility for the sufficiency of the procedures for their purposes.
