**INDEPENDENT ACCOUNTANT'S COMPILATION REPORT**

To the Board of Commissioners of  
St. John Volunteer Fire Department, Inc.  
Thibodaux, Louisiana

We have compiled the accompanying fire protection grant financial statements of St. John Volunteer Fire Department, Inc. received from Lafourche Fire Protection District No. 4, Thibodaux, Louisiana, as of and for the year ended December 31, 1987, in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants.

A compilation is limited to presenting in the form of financial statements information that is the representation of management. We have not audited or reviewed the accompanying financial statements and, accordingly, do not express an opinion in any other form of assurance on them.

As discussed in Note A, the financial statements present only the fire protection grant from Lafourche Fire Protection District No. 4 and are not intended to present fairly the financial position and results of operations of St. John Volunteer Department, Inc., in conformity with generally accepted accounting principles.

(RECEIVED FROM LAFOURCHE FIRE PROTECTION DISTRICT NO.4)

**NOTES TO THE FINANCIAL STATEMENTS  
December 31, 1997**

**NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The financial statements of the Fire Protection Grant of St. John Volunteer Fire Department, Inc. received from Lafourche Fire Protection District No. 4 have been prepared in conformity with Generally Accepted Accounting Principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the fire department's accounting policies are described below.

**FINANCIAL REPORTING ENTITY** - During 1990, the Lafourche Fire Protection District entered into a grant agreement with St. John Volunteer Fire Department, Inc. The fire protection grant was for the purpose of acquiring, maintaining, and operating buildings, machines, water tanks, water systems, water lines and any other things necessary to provide proper fire protection and control of the property within the boundaries of the department.

The volunteer fire department is a privately created quasi-public corporation that is subject to the grant provisions of its funding agency. The board members are not appointed by the parish council. The volunteer fire department is not financially dependent on the parish council and the nature and significance of their relationship with the parish council is not such that their exclusion would render the parish council's financial statements incomplete or misleading. Therefore, the volunteer fire department is a separate special purpose government.

The accompanying financial statements present information only on the fire protection grant received by the fire department from the Lafourche Fire Protection District No. 4 and do not present information on the Parish Council, the general government services provided by the general council unit, and other governmental units that comprise the parish council reporting entity, nor any other non grant funds received by the fire department. St. John Volunteer Fire Department, Inc. has no component units.

**FINANCIAL ACCOUNTING** - The fire department is organized and operated on the basis of a fund and account group whereby a separate, self-balancing set of accounts is maintained that comprises its assets, liabilities, fund-equity, revenues, and expenditures.

**SPECIAL REVENUE FUND** - The special revenue fund is used to account for the proceeds of specific revenue sources that are legally committed to expenditures for the specified purposes.

**MEMORANDUM ONLY-TOTAL COLUMN** - The total column on the balance sheet is reported Memorandum Only (overview) to indicate that it is presented only to facilitate financial analysis. Data in this column does not present financial position in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation.

**BASIS OF ACCOUNTING** - Basis of accounting refers to when revenues and expenditures are recognized and reported in the financial statements. Basis of accounting refers to the timing of the measurement made, regardless of the measurement basis applied. The fire department's records are maintained on a cash basis of accounting. However, the fund, as reported in the accompanying financial statements, has been converted to a modified accrual basis of accounting using the following practices in recording revenues and expenditures.

**FIRE PROTECTION GRANT OF  
ST. JOHN VOLUNTEER FIRE DEPARTMENT, INC.,  
(RECEIVED FROM LAFOURCHE FIRE PROTECTION DISTRICT NO.4)  
Thibodaux, Louisiana**

**NOTES TO THE FINANCIAL STATEMENTS  
December 31, 1997**

**NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED**

Revenues are recognized in the accounting period in which they become receivable or accrued that is when they become measurable and available in future expenditures of the fiscal period.

Expenditures are generally recognized under the modified accrual basis of accounting, when the related fund liability is incurred.

**BUDGET PRACTICE** - The fire department adopts an annual budget based on anticipated revenues consistent with generally accepted accounting principles. Annual appropriations of funds are not made. Budgetary accounts are not integrated in the formal accounting system. Zero-budget accounting is not followed because of the small number of transactions involved.

**CASH AND CASH EQUIVALENTS** - For reporting purposes, cash and cash equivalents include cash, demand deposits, and time certificates of deposit. Instruments are classified as cash equivalents if the original maturity are 90 days or less. Under state law, the department may deposit funds within a fiscal agent bank organized under the laws of the State of Louisiana and national banks having their principal offices in Louisiana. Further, the department may invest in time deposits or certificates of deposit at state banks organized under Louisiana law and national banks having principal offices in Louisiana.

**GENERAL FUND ASSETS AND LONGTERM LIABILITIES** - Fixed assets are accounted for in the general fund assets account group. No depreciation has been provided on general fund assets. All fixed assets are valued at historical costs. The account group is not a fund. It is concerned only with the measurement of financial position and does not involve measurement of results of operations. It is the policy of the department not to capitalize interest. As the department has no infrastructure assets, an accounting policy for infrastructure assets has been adopted.

**PENSION PLAN AND VACATION AND SICK LEAVE** - All members of the fire department are volunteers. Therefore, the fire department does not contribute to a pension plan and does not have a formal vacation and leave policy.

**NOTE B - CASH AND CASH EQUIVALENTS**

At December 31, 1997, the department had cash and cash equivalents and certificates of deposit totaling (book balance) \$69,089 or December 31, 1995. Cash and cash equivalents and certificates of deposit are stated at cost, which approximates market. The following is a summary of cash and cash equivalents and certificates of deposit (book balance) at December 31, 1997, with the related hybrid-deposit insurance:

## INDEPENDENT ACCOUNTANT'S REPORT ON APPLICABLE AGREES-UPON PROCEDURES

To the Board of Commissioners of  
St. John Volantier Fire Department, Inc.  
Thibodaux, Louisiana

We have performed the procedures included in the Louisiana Government Audit Guide and referenced below, which were agreed to by the management of St. John Volantier Fire Department, Inc. and the Legislative Auditor, State of Louisiana, solely to assist the users in evaluating management's assertions about St. John Volantier Fire Department, Inc.'s compliance with certain laws and regulations during the period ended December 31, 1997 included in the accompanying Louisiana Allocation Classification. This agreed-upon procedures engagement was performed in accordance with standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures to satisfy the responsibility of the specified users of the report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been prepared or for any other purpose.

### PUBLIC BID LAW

1. Select all expenditures made during the year for material and supplies exceeding \$1,000, or public works exceeding \$50,000, and determine whether such purchases were made in accordance with LSA-RS 38:2211-3124 (the public bid law).

No expenditures were made during the year for materials and supplies exceeding \$1,000 or for public works exceeding \$50,000.

### CONFLICTS OF INTEREST FOR PUBLIC OFFICIALS AND PUBLIC EMPLOYEES

2. Obtain from management a list of the immediate family members of each board member as defined by LSA-RS 41:1181-1188 (the code of ethics), and a list of outside business interests of all board members and employees, as well as their immediate families.

Management provided us with the required list including the stated information.

3. Obtain from management a listing of all employees paid during the period under examination.

All members and commissions of the fire department are volunteers. Therefore, the fire department had no employees during the period under examination.

4. Determine whether any of those employees included in the listing obtained from management in agreed-upon procedure (3) were also included in the listing obtained from management in agreed-upon procedure (2) as immediate family members.

As indicated in procedure (3), there were no employees during the period under examination. Thus, this procedure would not be applicable.

## **BOOKING**

1. Obtain a copy of the legally adopted budget and all amendments.

Management provided us with a copy of the original budget. There were no amendments to the budget during the year.

2. Take the budget adoption and amendments to the minute book.

We noted the adoption of the original budget in the minutes which indicated the budget had been adopted by the Commissioners of the St. John Volunteer Fire Department, Inc.

3. Compare the revenues and expenditures of the final budget to actual revenues or expenditures to determine if actual revenues or expenditures exceed budgeted amounts by more than 5%.

We compared the revenues and expenditures of the final budget to actual revenues and expenditures. Actual revenues and expenditures did not exceed budgeted amounts by more than 5%.

## **ACCOUNTING AND BOOKING**

1. Randomly select 6 disbursements made during the period under examination and

- (a) trace payments to supporting documentation to proper account analysis;

We examined supporting documentation for each of the six selected disbursements and found that payment was for the proper amount and made to the correct payee.

- (b) determine if payments were properly coded to the correct fund and general ledger account, and

Each disbursement appeared to be correctly coded.

- (c) determine whether payments received approval from proper authorities.

Inspection of documentation supporting each of the six selected disbursements indicated approval from the treasurer. In addition, the treasurer's report was filed in the fire department's minutes where the report was approved by the commissioners.

## **MEETINGS**

1. Examine evidence indicating that agendas for meetings recorded in the minute book were posted or advertised as required by RSA 334:43 through 42, 12 (the open meetings law).

The St. John Volunteer Fire Department, Inc. posts a notice and accompanying agenda of each meeting on the station door. Management has attested that such documents were properly posted.

**1983**

12. Examine bank deposits for the period under examination and determine whether any such deposits appear to be proceeds of bank loans, bonds, or like indebtedness which had not been approved by the State Bond Commission.

We inspected copies of all bank deposit slips and bank statements for the period under examination and noted the deposits which appeared to be proceeds of bank loans, bonds, or like indebtedness.

**EMPLOYERS AND PAYROLLS**

13. Examine payroll records and minutes for the year to determine whether any payments have been made to employees which may constitute bonuses, advances, or gifts.

The fire department did not employ any employees for the year and a reading of the minutes of the fire department did not indicate any such payments made to the volunteer members.

We were not engaged to, and did not, perform an examination, the objective of which would be the expression of an opinion on management's assertions. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the use of the management of St. John Volunteer Fire Department, Inc. and the Legislative Auditor, State of Louisiana, and should not be used by those who have not agreed to the procedures and their responsibility for the sufficiency of the procedures for their purpose. However, this report is a matter of public record and its distribution is not limited.
