INDEPENDENT AUDITOR'S REPORT

Board of Commissioners
Livingston Parish Library Commission
Livingston, Louisiana

We have audited the accompanying component unit only financial statements of the Livingston Parish Library Commission, a component unit of the Livingston Parish Council as of and for the year ended December 31, 1999, as listed in the table of contents. These financial statements are the responsibility of the Commission's management; our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards and Government Auditing Standards, issued by the Comptroller General of the United States. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the component unit financial statements referred to in paragraph one present fairly, in all material respects, the financial position of the Livingston Parish Library Commission, as of December 31, 1999, and the results of operations for the year then ended, in conformity with generally accepted accounting principles.

In accordance with Government Auditing Standards, we have also issued a report dated February 3, 2000, on our consideration of Livingston Parish Library Commission's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants.

Respectfully submitted,

2 *Mannis T. Bourgeois, L.L.P.*

Livingston Parish Library Commission

NOTES TO THE FINANCIAL STATEMENTS

December 31, 1999

(1) Summary of Significant Accounting Policies

The Livingston Parish Library Commission "the Commission" is a body corporate created by the Livingston Parish Council (formerly the Livingston Parish Police Jury), as provided by Louisiana Revised Statutes. The Commission is governed by a board of eight commissioners who are appointed by the Livingston Parish Council.

The financial statements of the Commission have been prepared in accordance with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB), is the standard-setting body for governmental accounting and financial reporting. On June 30, 1999, the GASB issued a codification of the existing Governmental Accounting and Financial Reporting Principles which, along with subsequent GASB pronouncements, interpretations and interpretations, constitutes GASB for governmental units. The more significant of these accounting policies are described below and, where appropriate, subsequent pronouncements will be referenced.

A. Financial Reporting Entity

This report includes all funds and account groups which are controlled by or dependent on the Commission's Board of Commissioners. Control by or dependence on the board was determined on the basis of taxing authority, authority to issue debt, election or appointment of governing body, and other general oversight responsibility.

In conformance with Governmental Accounting Standards Board, Statement 14, the Commission is a component unit of the Livingston Parish Council, the governing body of the parish. The accompanying financial statements present information only on the fund and account group maintained by the Commission and do not present information on the Council and the general government services provided by that governmental unit.

B. Fund Accounting

The accounts of the Commission are organized on the basis of funds and account groups, each of which is considered a separate accounting entity. The operations of the fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues,

and expenditures or expenses, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The fund of the Commission is grouped, in the financial statements in this report, into one generic fund type and one broad fund category as follows:

General Fund - The General Fund is the general operating fund of the Commission. It is used to account for all financial resources except those required to be accounted for in another fund. At December 31, 1999, this is the only fund of the Livingston Parish Library Commission.

In addition to the generic fund type, the Commission maintains one account group. The account group is not a "fund". It is concerned only with the measurement of financial position. It is not involved with measurement of results of operations.

General Fixed Asset Account Group - The fixed assets used in the governmental fund type operations of the Commission are accounted for in the General Fixed Assets Account Group, rather than in the governmental fund. No depreciation has been provided on general fixed assets. All fixed assets are valued at historical cost. Donated assets are recorded at their fair market value at date of donation. At December 31, 1999, estimated fair value of donated assets amounted to \$4,383.

C. Basis of Accounting

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement basis applied.

Livingston Parish Library Commission

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

December 31, 1998

(1) Summary of Significant Accounting Policies - (Continued) -

All governmental funds are accounted for using the modified accrual basis of accounting. Their revenues are recognized when they become measurable and available as net current assets. Property taxes are recorded as revenues when levied even though a portion of the taxes may be collected in subsequent years.

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. Purchases of various operating supplies, books and periodicals, are regarded as expenditures at the time purchased.

D. Budgetary Practices

The Commission utilizes the following budgetary practices:

The Director prepares the annual budget which is based on what is expected to be collected and/or levied during the fiscal year and is approved by the Board of Commissioners. The adopted budget constitutes the authority of the Director to incur liabilities and authorize expenditures from the respective budgeted funds. Additionally, certain expenditures are approved monthly by the Board before payment.

All budget amounts presented in the financial statements have been adjusted for legally authorized revisions of the annual budget during the year. Appropriations, except encumbrances, lapse at the end of each year.

E. ENCUMBRANCES

Encumbrances outstanding at year end do not represent GAAP expenditures or liabilities but represent budgetary accounting controls. The Governmental Fund's budget is maintained on the modified accrual basis of accounting except that budgetary basis expenditures include purchase orders and contracts (or encumbrances) issued for goods or services not received at year end.

Livingston Parish Library Commission

NOTES TO THE FINANCIAL STATEMENTS CONTINUED

December 31, 1999

41) Summary of Significant Accounting Policies - (Continued) -

The actual results of operations are presented in accordance with GAAP and the Commission's accounting policies do not recognize encumbrances as expenditures until the period in which the goods or services are actually received and a liability is incurred. Encumbrances are presented as a reservation for encumbrances on the Balance Sheet of the governmental fund. At December 31, 1999, the Commission had no outstanding encumbrances.

F. Total Columns on Combined Statements

Total Columns on the Combined Balance Sheet is captioned (Memorandum Only) to indicate that it is presented only to facilitate financial analysis. Data in the columns does not present financial position, results of operations, or changes in financial position in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation.

42) Property Taxes -

On April 29, 1996, a special election was held whereby the voters of Livingston Parish Library Commission approved a 10 year 10.00 mill ad valorem tax assessed on all property subject to taxation in Livingston Parish for the purpose of "acquiring, constructing, improving, maintaining and operating the Livingston Parish Library." The tax began with the year 1995 and ends with the year 2004.

Property taxes attach as an enforceable lien on property as of January 1, of each year. Taxes are levied in September or October and are actually billed to the taxpayers in November. Billed taxes become delinquent on January 1 of the following year.

41) Property Taxes - (Continued) -

The Commission's taxes are collected by the Livingston Parish Tax Collector and are remitted to the Commission monthly. The Commission pays the Assessor's Office a fee for this service.

For the year 1999, taxes of 3.41 mills were levied on property with assessed valuations totaling \$183,797,770.

Total taxes Assessed and taxes receivable at December 31, 1999, are as follows:

13) Changes in General Fixed Assets -

A summary of changes in general fixed assets is as follows:

	LAND AND BUILDINGS	FURNITURE AND EQUIPMENT	TOTAL
Balance - January 1, 1999	\$513,562	\$287,040	\$800,602

Deletions	-	-	-
Balance - December 31, 1999	\$513,562	\$291,880	\$805,442

14) Cash and Cash Equivalents and Certificates of Deposit -

For reporting purposes, cash and cash equivalents include cash, demand deposits, and time certificates of deposit with maturities of three months or less from the date of acquisition. The Commission also invests funds in certificates of deposit which have maturity dates greater than 90 days when purchased and are therefore classified as certificates of deposit. Under state law the Commission may deposit funds within a fiscal agent bank organized under the laws of the State of Louisiana, any other state in the union, or under the laws of the United States. Further, the Commission may invest in time deposits or certificates of deposit of state banks organized under Louisiana law and national banks having principal offices in Louisiana.

As confirmed by the fiscal agents, the Commission had cash and certificates of deposit totaling \$9,458,684 with a carrying amount of \$9,410,118 at December 31, 1999. Cash and certificates of deposit are stated at cost, which approximates market. These deposits must be secured under state law by federal deposit insurance or the pledge of securities owned by the bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the bank. The following is a summary of cash and certificates of deposit at December 31, 1999, with the related federal deposit insurance and pledged securities, if any. The cash and certificates of deposit at December 31, 1999, were secured as follows:

15) Litigation -

There is no litigation pending against the Commission.

16) Compensated Absences and other Postemployment benefits -

At December 31, 1999, the Commission has no plan or provision for compensated absences or other post employment benefits. Vacation time cannot be accumulated and must be taken by the end of the year earned.

17) Pension Plan -

Substantially all employees of the Livingston Parish Library Commission are members of the Parochial Employees Retirement System of Louisiana (System), a multiple employer public employee retirement system (PERS), controlled and administered by a separate board of trustees. The System is composed of two distinct plans, Plan A and Plan B, with separate assets and benefit provisions. All employees of the Commission are members of Plan B.

(7) Pension Plan - (Continued) :

All permanent employees working at least 26 hours per week who are paid wholly or in part from library funds, are eligible to participate in the System. Under Plan B, employees who retire at or after age 58 with at least 10 years of creditable service, or at or after age 55 with 30 years of creditable service, are entitled to a retirement benefit, payable monthly for life, equal to 2 per cent of their final-average salary in excess of \$100 for each year of creditable service. Furthermore, employees with at least 10 years of creditable service, but less than 30 years, may take early retirement benefits commencing at or after age 58, with the basic benefit reduced 3 per cent for each year retirement precedes age 63. In any case, monthly retirement benefits paid under Plan B cannot exceed the lesser of 100 per cent of final-average salary. Final-average salary is the employee's average salary over the 36 consecutive or joined months that produce the highest average. Employees who terminate with at least the amount of creditable service stated above and do not withdraw their employee contributions, may retire at the ages specified above and receive the benefit accorded to their date of termination. The System also provides death and disability benefits. Benefits are established by state statute.

Contributions to the System include one-fourth of one percent of the taxes shown to be collectible by the tax rolls of each parish, except Orleans and East Baton Rouge parishes. These tax dollars are divided between Plan A and Plan B based proportionately on the salaries of the active members of each plan. State statute requires employees covered by Plan B to contribute two percent of their salaries in excess of \$100 per month to the System.

The following provides certain disclosures for the library Commission and the retirement system that are required by GASB codification:

Board of Commissioners
Livingston Parish Library Commission
Livingston, Louisiana

We have audited the component unit financial statements of the Livingston Parish Library Commission, a component unit of the Livingston Parish Council, as of and for the year ended December 31, 2007, and have issued our report thereon dated February 3, 2008. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the Commission's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under Government Auditing Standards.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Commission's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components

does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

This report is intended for the use of management and the Office of the Legislative Auditor, State of Louisiana, and should not be used for any other purpose. This restriction is not intended to limit the distribution of this report, which, upon acceptance by the Livingston Parish Library Commission is a matter of public record.

Respectfully submitted,

Francis M. Langlois, LL.P.
