INDEPENDENT AUDITOR'S REPORT

Mr. Merlin Price, Marshal,
St. Mary Parish Ward Six
Marshal's Cost Fund,
Morgan City, Louisiana.

We have audited the accompanying general purpose financial statements of the St. Mary Parish Ward Six Marshal's Cost Fund as of and for the year ended December 31, 1997 as listed in the table of contents. These general purpose financial statements are the responsibility of the St. Mary Parish Ward Six Marshal's Cost Fund's management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the St. Mary Parish Ward Six Marshal's Cost Fund as of December 31, 1997 and the results of its operations for the year then ended in conformity with generally accepted accounting principles.

In accordance with Government Auditing Standards, we have also issued our report dated June 4, 1998 on our consideration of the St. Mary Parish Ward Six Marshal's Cost Fund's internal control over financial reporting and our test of its compliance with certain provisions of laws, regulations and contracts.

Our audit was performed for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The supplemental information presented in Schedule 1 is presented for purposes of additional analysis and is not a required part of the general purpose financial statements. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly stated in all material respects, in relation to the general purpose financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS**St. Mary Parish Ward Six Marshal's Cost Fund**

December 31, 1997

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The St. Mary Parish Ward Six Marshal's Cost Fund (Marshal's Cost Fund) accounts for the operations of the Marshal's office in Ward Six of St. Mary Parish. The Marshal's salary is funded by the St. Mary Parish Council and by the City of Morgan City. In addition, office space is provided by the City of Morgan City at no cost to the Marshal.

a. Fund Accounting

The government uses funds and account groups to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

A fund is a separate accounting entity with a self-balancing set of accounts. An account group, on the other hand, is a financial reporting device designed to provide accountability for certain assets and liabilities that are not recorded in the funds because they do not directly affect net expendable available financial resources.

Governmental Fund Type**General Fund**

The General Fund is the primary operating fund and is used to account for all financial resources of the Marshal's office.

Fiduciary Fund Type**Agency Fund**

Garnishment Fund - This fund was established to account for garnishments received and disbursed by the Marshal.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

b. Basis of Accounting

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental funds and expendable trust funds are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Operating statements of these funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets.

The modified accrual basis of accounting is used by all governmental fund types, expendable trust funds and agency funds. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available) "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. A one-year availability period is used for revenue recognition for all other governmental fund revenues. Expenditures are recorded when the related fund liability is incurred. Principal and interest on general long-term debt are recorded as fund liabilities when due.

Revenues

Costs assessed are recorded in the month that the City Court of Morgan City earns the revenues for the Marshal's office.

Expenditures

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred.

c. Fixed Assets

General fixed assets are not capitalized in the Fund used to acquire or construct them. Instead, capital acquisitions are reflected as expenditures in governmental funds, and the related assets are reported in the general fixed assets account group. All purchased fixed assets are valued at cost.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

d. Long-Term Obligations

Long-term debt is recognized as a liability of a governmental fund when due. For other long-term obligations, only that portion expected to be financed from expendable available financial resources is reported as a fund liability of a governmental fund. The remaining portion of such obligations is reported in the general long-term debt account group.

e. Total Column on Combined Statement

The total column on the combined balance sheet is captioned *Memorandum Only* to indicate that it is presented only to facilitate financial analysis. Data in this column does not present financial position or results of operations in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation.

Note 2 - CASH AND CASH EQUIVALENTS

The Marshal may deposit funds with a fiscal agent bank organized under the laws of the State of Louisiana, the laws of any other state in the union, or the laws of the United States. The Marshal may also invest in time deposits or certificates of deposit of state banks organized under Louisiana law and national banks having principal offices in Louisiana.

Under state law, these deposits must be secured by federal deposit insurance or the pledge of securities owned by the bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the bank. These pledged securities are held in the name of the pledging bank in a custodial bank that is mutually acceptable to the parties involved.

Under the provision of the GASB codification, deposits secured by pledged securities, which are not in the name of the governmental unit, are considered uncollateralized (GASB Category 3).

All cash was insured by Federal deposit insurance at December 31, 1997.

Note 3 - CHANGES IN FIXED ASSETS

The following is a summary of changes in general fixed assets during the year:

	Balance, January <u>1, 1997</u>	<u>Additions</u>	Balance, December <u>31, 1997</u>
Furniture, fixtures and equipment	\$ 2,170	\$ -	\$ 2,170
Automobiles	<u>36,728</u>	<u>-</u>	<u>36,728</u>
Totals	<u>\$38,898</u>	<u>\$ -</u>	<u>\$38,898</u>

Note 4 - LONG-TERM OBLIGATION

In 1996, the Marshal purchased an automobile and signed a promissory note in the amount of \$13,905. This note bears interest of 8.5% which matures on March 5, 2000. At December 31, 1997, the note consists of 26 remaining payments of \$343 which are payable from revenue through the General Fund.

The following is a summary of the changes in long-term obligations of the Marshal's Cost Fund for the year ended December 31, 1997:

Long-term obligations, January 1, 1997	\$11,383
Less note payments	<u>3,269</u>
Long-term obligations, December 31, 1997	<u>\$ 8,114</u>

The annual requirements to amortize long-term obligations outstanding at December 31, 1997 are as follows:

<u>Year</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
1998	\$3,250	\$519	\$3,769

SPECIAL REPORT OF CERTIFIED PUBLIC ACCOUNTANTS

Bourgeois Bennett

**REPORT ON COMPLIANCE AND ON INTERNAL CONTROL
OVER FINANCIAL REPORTING BASED ON AN AUDIT
OF GENERAL PURPOSE FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

Mr. Merlin Price, Marshal,
St. Mary Parish Ward Six
Marshal's Cost Fund,
Morgan City, Louisiana.

We have audited the general purpose financial statements of the St. Mary Parish Ward Six Marshal's Cost Fund, (the Cost Fund), as of and for the year ended December 31, 1997, and have issued our report thereon, dated June 4, 1998. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the Cost Fund's general purpose financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, and contracts, noncompliance, with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under Government Auditing Standards.

Internal Control Over Financial Reporting

In planning and performing our audits, we considered the Cost Fund's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the general purpose financial statements and not to provide assurance on the internal control over financial reporting. However, we noted a certain matter involving the internal control over financial reporting and its operation that we consider to be a reportable condition. Reportable

conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our judgment, could adversely affect the Cost Fund's ability to record, process, summarize and report financial data consistent with the assertions of management in the general purposes financial statements. The reportable condition is described in the accompanying schedule of findings as item 97-1.

A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the general purpose financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, we believe the reportable condition described above is not a material weakness.

This report is intended for the information of the Management, the State of Louisiana and the Legislative Auditor for the State of Louisiana. However, this report is a matter of public record and its distribution is not limited.
