MEMBER AMERICAN INSTITUTE OF CERTIFIED PUBLIC ACCOUNTANTS

SOCIETY OF LOUISIANA

CERTIFIED PUBLIC

ACCOUNTANTS

JOHNSON BAYOU RECREATION DISTRICT OF CAMERON PARISH Cameron, Louisiana

I have audited the general purpose financial statements of Johnson Bayou Recreation District of Cameron Parish, a component unit of the Cameron Parish Police Jury, as of December 31, 1997, and for the year then ended, as listed in the table of contents. These general purpose financial statements are the responsibility of Johnson Bayou Recreation District's management. My responsibility is to express an opinion on these general purpose financial statements based on my audit.

Independent Auditor's Report

PRACTICE LIMITED TO GOVERNMENTAL ACCOUNTING, AUDITING AND FINANCIAL REPORTING

I conducted my audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

FAX 318.324.1630

In my opinion, the general purpose financial statements referred to in the first paragraph present fairly, in all material respects, the financial position of Johnson Bayou Recreation District of Cameron Parish, as of December 31, 1997, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles.

JOHNSON BAYOU RECREATION DISTRICT OF CAMERON PARISH Cameron, Louisiana Independent Auditor's Report December 31, 1997

.**

My audit was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The supplemental information schedule listed in the table of contents is presented for the purpose of additional analysis and is not a required part of the general purpose financial statements of Johnson Bayou Recreation District of Cameron Parish. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in my opinion, is fairly presented in all material respects in relation to the general purpose financial statements taken as a whole.

In accordance with Government Auditing Standards, I have also issued a report dated April 30, 1998 on

my consideration of the internal control structure of Johnson Bayou Recreation District of Cameron Parish and a report dated April 30, 1998 on the district's compliance with laws and regulations.

JOHNSON BAYOU RECREATION DISTRICT OF CAMERON PARISH Cameron, Louisiana

Notes to the Financial Statements As of and for the Year Ended December 31, 1997

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Johnson Bayou Recreation District of Cameron Parish was created by the Cameron Parish Police Jury as authorized by Louisiana Revised Statute 33:4562. The district is governed by a board of five commissioners who are appointed by the Cameron Parish Police Jury. The district owns and operates recreational facilities and engages in activities designed to encourage recreation and promote the general health and well being of youths of the community.

A. **REPORTING ENTITY**

As the governing authority of the parish, for reporting purposes, the Cameron Parish Police Jury is the financial reporting entity for Cameron Parish. The financial reporting entity consists of (a) the primary government (police jury), (b) organizations for which the primary government is financially accountable, and (c) other organizations for the which nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Governmental Accounting Standards Board (GASB) Statement No. 14 established criteria for determining which component units should be considered part of the Cameron Parish Police Jury for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability. This criteria includes:

- 1. Appointing a voting majority of an organization's governing body, and:
 - a. The ability of the police jury to impose its will on that organization and/or
 - b. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the police jury.

-7-

- 2. Organizations for which the police jury does not appoint a voting majority but are fiscally dependent on the police jury.
- Organizations for which the reporting entity financial statements would be 3. misleading if data of the organization is not included because of the nature or significance of the relationship.

Because the police jury appoints all board members of the district and can impose its will on the district, the district was determined to be a component unit of the Cameron Parish Police Jury, the financial reporting entity. The accompanying financial statements present information only on the funds maintained by the district and do not present information on the police jury, the general government services provided by that governmental unit, or the other governmental units that comprise the financial reporting entity.

B. **FUND ACCOUNTING**

The district uses funds and account groups to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

A fund is a separate accounting entity with a self-balancing set of accounts that comprises its assets, liabilities, fund equity, revenues, and expenditures. An account group, on the other hand, is a financial reporting device designed to provide accountability for certain assets and liabilities (general fixed assets and general long-term obligations) that are not recorded in the "funds" because they do not directly affect net expendable available financial resources. They are concerned only with the measurement of financial position, not with the measurement of results of operations.

Funds are classified into three categories; governmental, proprietary, and fiduciary. Each category, in turn, is divided into separate "fund types". Governmental funds are used to account for a government's general activities, where the focus of attention is on the providing of services to the public as opposed to proprietary funds where the focus of attention is on recovering the cost of providing services to the public or other agencies through service charges or user fees. Fiduciary funds are used to account for assets held for others. The district's current operations require the use of only governmental funds (General Fund). All financial resources of the district are accounted for in this fund. General operating expenditures are paid from this fund.

-8-

C. FIXED ASSETS AND LONG-TERM DEBT

General fixed assets are not capitalized in the funds used to acquire or construct them. Instead, capital acquisitions and construction are reflected as expenditures (capital outlay) in the General Fund and the related assets are reported in the general fixed assets account group. All purchased fixed assets are valued at historical cost. No depreciation has been provided on general fixed assets. The cost of normal maintenance and repairs that do not add to the value of fixed assets or materially extend their useful lives are not capitalized.

The account group is not a "fund." It is concerned only with the measurement of financial position and does not involve measurement of results of operations. This district has no long-term debt at December 31, 1997.

D. BASIS OF ACCOUNTING

The financial reporting treatment applied to a fund is determined by its measurement focus. All governmental funds are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Operating statements for these funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets.

The modified accrual basis of accounting is used for reporting all governmental fund types. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. The district uses the following practices in recognizing and reporting revenues and expenditures:

Revenues

Ad valorem taxes and the related state revenue sharing are recorded in the year the taxes are due and payable. Ad valorem taxes are assessed on a calendar year basis and attach as an enforceable lien and become due and payable on the date the tax rolls are filed with the recorder of mortgages. Louisiana Revised Statute 47:1993 requires that the tax roll be filed on or before November 15 of each year. Ad valorem taxes become delinquent if not paid by December 31. The taxes are normally collected in December of the current year and January and February of the ensuing year.

-9-

Interest income on interest bearing demand deposits is recorded at the end of the month when credited by the bank. Interest income on time deposits is recorded when the time deposits have matured and the interest is available.

Substantially all other revenues are recorded when received by the district.

Based on the above criteria, ad valorem taxes and state revenue sharing have been treated as susceptible to accrual.

Expenditures

Expenditures are generally recognized under the modified accrual basis of

accounting when the related fund liability is incurred.

Other Financing Sources

Donations and the sale of junk are accounted for as other financing sources and are recognized at the time the underlying events occur.

E. BUDGET PRACTICES

A preliminary budget for the ensuing year is prepared by the board of commissioners and made available to the public. The budget is then adopted by the district during its regular December meeting. The proposed budget for the General Fund is prepared on the modified accrual basis of accounting. The budget is established and controlled by the board of commissioners at the object level of expenditure. Appropriations lapse at year-end and must be reappropriated for the following year to be expended. All changes in the budget must be approved by the board of commissioners.

Formal budgetary integration is employed as a management control device during the year. Budgeted amounts included in the accompanying financial statements include the original adopted budget and all subsequent amendments.

F. CASH AND CASH EQUIVALENTS

Under state law, the district may deposit funds within a fiscal agent bank organized under

-10-

the laws of the State of Louisiana, the laws of any other state in the union, or the laws of the United States. The district may invest in certificates and time deposits of state banks organized under Louisiana law and national banks having principal offices in Louisiana.

At December 31, 1997 the district has cash and cash equivalents (book balances) totaling \$47,783 as follows:

Cash on hand	\$300
Demand deposits	47,483
Total	\$47,783

These deposits are stated at cost, which approximates market. Under state law, these deposits, or the resulting bank balances, must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. All deposits are fully secured by federal deposit insurance at December 31, 1997.

G. INVENTORY

Inventory in the General Fund consists of expendable supplies held for resale. The cost is recorded as an expenditure at the time the items are purchased. Inventories are valued at the lower of cost (first-in, first-out) or market.

H. PENSION PLAN AND VACATION AND SICK LEAVE

Full time employees may earn ten days of vacation leave after one full year of continuous service. Vacation leave does not accumulate. The recreation district does not contribute to a pension plan and does not have a formal policy relating to sick leave.

I. TOTAL COLUMN ON THE BALANCE SHEET

The total column on the balance sheet is captioned Memorandum Only (overview) to indicate that it is presented only to facilitate financial analysis. Data in this column does not present financial position in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation.

-11-

2. LEVIED TAXES AND PRINCIPAL TAXPAYERS

The following is a summary of authorized and levied ad valorem taxes:

	Authorized	Levied	Expiration
	Millage	Millage	Date
Operation and maintenance	5.30	5 19	2003
Maintenance	2.00	1.96	2004

The following are the principal taxpayers for the parish and their 1997 assessed valuation (amounts expressed in thousands):

		Per cent
	1997	of Total
	Assessed	Assessed
	Valuation	Valuation
Natural Gas Pipeline Company of America	\$7,692	5.44%
Warren NGL, Incorporated	7,270	5.14%
ANR Pipeline Company	7,164	5.06%
Transcontinental Gas Pipeline	4,034	2.85%
Amoco Production Company	3,697	2.61%
Texas Eastern Transmission Corporation	3,689	2.60%
Trico Marine Assets	3,248	2.30%
Citgo Industrial Products	3,128	2.21%
Higman Barge Lines, Incorporated	3,106	2.20%
Tenneco	3,072	2.17%
Total	\$46,100	32.58%

The following is a summary of receivables at December 31, 1997:

-12-

• I I I

Ad valorem taxes	\$217,173
State revenue sharing	380
Other	621
Total	<u>\$218,174</u>

4. FIXED ASSETS

The following presents the changes in general fixed assets for the year ended December 31, 1997:

Balance at

Balance at

	January 1,			December 31,
	1997	Additions	Deletions	1997
Land	\$18,203			\$18,203
Buildings and improvements	618,545	\$15,577	(\$2,541)	631,581
Equipment	195,648	37,219	(9,581)	223,286
Total	\$832,396	\$52,796	(\$12,122)	<u>\$873.070</u>

5. LITIGATION AND CLAIMS

The district is not involved in any litigation at December 31, 1997, nor is it aware of any unasserted claims.

Independent Auditor's Report on Compliance With Laws and Regulations

JOHNSON BAYOU RECREATION DISTRICT OF CAMERON PARISH Cameron, Louisiana

I have audited the general purpose financial statements of Johnson Bayou Recreation District of Cameron Parish, a component unit of the Cameron Parish Police Jury, as of December 31, 1997 and for the year then ended, and have issued my report thereon dated April 30, 1998.

PRACTICE LIMITED TO GOVERNMENTAL

ACCOUNTING, AUDITING

AND FINANCIAL REPORTING

I conducted my audit in accordance with generally accepted auditing standards; *Government Auditing Standards*, issued by the Comptroller General of the United States, and the *Louisiana Governmental Audit Guide*, issued by the Society of Louisiana Certified Public Accountants and the Louisiana Legislative Auditor. Those standards and the audit guide require that I plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement.

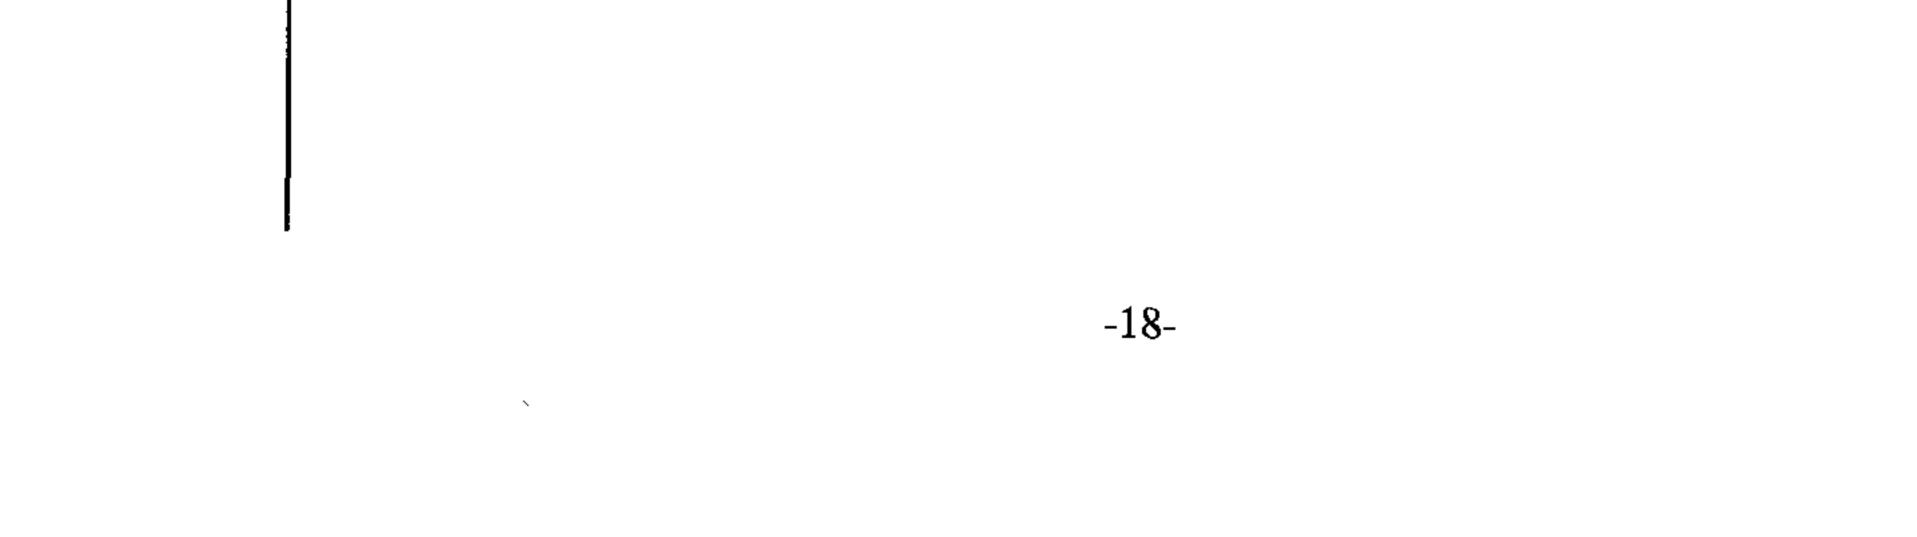

Compliance with laws and regulations applicable to Johnson Bayou Recreation District of Cameron Parish is the responsibility of the district's management. As part of obtaining reasonable assurance about whether the general purpose financial statements are free of material misstatement, I performed tests of the district's compliance with certain provisions of laws and regulations. However, the objective of my audit of the general purpose financial statements was not to provide an opinion on overall compliance with such provisions. Accordingly, I do not express such an opinion.

The results of my tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

JOHNSON BAYOU RECREATION DISTRICT OF CAMERON PARISH Cameron, Louisiana

Independent Auditor's Report on Internal Control Structure

PRACTICE LIMITED TO GOVERNMENTAL ACCOUNTING, AUDITING

AND FINANCIAL REPORTING

I have audited the general purpose financial statements of Johnson Bayou Recreation District of Cameron Parish, a component unit of the Cameron Parish Police Jury, as of December 31, 1997, and for the year then ended, and have issued my report thereon dated April 30, 1998.

I conducted my audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement.

The management of Johnson Bayou Recreation District of Cameron Parish is responsible for establishing and maintaining an internal control structure. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures. The objectives of an internal control structure are to provide management with reasonable, but not absolute, assurance that assets are safeguaided against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of general purpose financial statements in accordance with generally accepted accounting principles Because of inherent limitations in any internal control structure, errors or inegularities may nevertheless occur and not be detected. Also, projection of any evaluation of the structure to future periods is subject to the risk that procedures may become inadequate because of

116 PROFESSIONAL DRIVE, WEST MONROE, LOUISIANA 71291 PHONE 318.325.2121 TOLL FREE LOUISIANA 1.800.541.5020

FAX 318.324.1630

changes in conditions or that the effectiveness of the design and operation of policies and procedures may deteriorate.

-20-

JOHNSON BAYOU RECREATION DISTRICT OF CAMERON PARISH Cameron, Louisiana Independent Auditor's Report on Internal Control Structure December 31, 1997

In planning and performing my audit of the general purpose financial statements of Johnson Bayou Recreation District of Cameron Parish, for the year ended December 31, 1997, I obtained an understanding of the internal control structure. With respect to the internal control structure, I obtained an understanding of the design of relevant policies and procedures and whether they have been placed in operation, and I assessed control risk in order to determine my auditing procedures for the purpose of expressing my opinion on the general purpose financial statements and not to provide an opinion on the internal control structure. Accordingly, I do not express such an opinion.

I noted the following matter involving the internal control structure and its operation which I consider to be a reportable condition under standards established by the American Institute of Certified Public Accountants. Reportable conditions involve matters coming to my attention relating to significant deficiencies in the design or operation of the internal control structure that, in my judgment, could adversely affect the district's ability to record, process, summarize, and report financial data consistent with the assertions of management in the general purpose financial statements.

All accounting functions of the district, i.e., depositing and posting receipts and preparing, posting and issuing checks are performed by one individual Such functions are not compatible and should be performed by separate individuals, however, because of the size of the district and its limited revenues, it is not economically feasible to correct this deficiency.

A material weakness is a reportable condition in which the design or operation of one or more of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the general purpose financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

My consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are considered to be material weaknesses as defined above. However, I do not consider the reportable condition described above to be a material weakness.
