INDEPENDENT AUDITORS' REPORT

Most Reverend Francis B. Schulte, D.D., President Catholic Charities Archdiocese of New Orleans New Orleans, Louisiana

We have audited the accompanying statement of financial position of Catholic Charities Archdiocese of New Orleans (the "Agency") as of June 30, 1998, and the related statements of activities, cash flows, and functional expenses for the year then ended. These financial statements are the responsibility of the Agency's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the financial position of Catholic Charities Archdiocese of New Orleans as of June 30, 1998, and the changes in its net assets and its cash flows for the year then ended in conformity with generally accepted accounting principles.

The financial statements include certain prior-year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the Agency's financial statements for the year ended June 30, 1997, from which the summarized information was derived.

Basis of Presentation - The Agency classifies its resources for accounting and reporting purposes into three net asset categories according to externally (donor) imposed restrictions. A description of the three net asset categories follows:

Unrestricted - Assets and contributions that are not restricted by donors or for which there are no restrictions.

Temporarily restricted - A donor-imposed restriction that permits the Agency to use the donated assets as specified. The use of the assets is restricted until passage of time or by actions of the organization.

Permanently restricted - A donor-imposed restriction that stipulates that resources be maintained permanently but permits the use of all or part of the income derived.

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Contributions - All contributions are considered to be available for unrestricted use unless specifically restricted by the donor.

The value of contributed goods and services has been recorded as support and revenue and expense in the period received provided there is an objective basis for measurement of the value of such goods and services and they are significant and form an integral part of the efforts of the program.

Allocation of Costs to Programs - The costs of administrative support that relate to more than one program have been allocated to the separate programs based on units of service, volume of activity or other equitable basis.

Investments - Investments are recorded at market value based on quoted market prices. Gains and losses, both realized and unrealized, are included in the statement of activities.

Property and Equipment - Property and equipment are carried at purchased cost or appraised values when acquired by donation or gift, with subsequent additions at cost. Depreciation is provided on a straight-line basis over the estimated useful lives of the assets. Leasehold improvements are amortized over the estimated useful lives of the improvements.

The estimated useful lives used in determining depreciation and amortization follow:

Buildings and improvements	20 - 60 years
Leasehold improvements	10 years
Equipment	5 years
Vehicles	3 years

Income Taxes - The Agency qualifies as a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code of 1986. Accordingly, no provision for income taxes has been included in the accompanying financial statements.

Prior Year Financial Information - The financial statements include certain prior-year summarized comparative information in total but not by net asset class in the statements of activities and functional expenses. Such information does not include sufficient detail to constitute a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the Agency's financial statements for the year ended June 30, 1997, from which the summarized information was derived.

5. RETIREMENT PLAN

The Agency has a defined contribution retirement plan covering substantially all of its employees. Under the plan, Agency contributions, if any, are determined annually at the discretion of the Agency. The Agency authorized a contribution of \$199,000 and \$197,400, for 1998 and 1997, respectively.

6. RELATED PARTIES

The Archbishop of New Orleans serves as president of Catholic Charities Archdiocese of New Orleans. He also serves as president of all other corporations, boards of trustees and separate organizations sponsored by or operated under the auspices of the Archdiocese of New Orleans.

In the normal course of operations, the Archdiocese of New Orleans has made and will, when necessary, make available to the Agency and its affiliated agencies specific assistance in the form of operating subsidies, loans, loan guarantees, use of facilities and administrative support.

During the fiscal years ended June 30, 1998 and 1997, the Agency purchased computer hardware and software from a related party for approximately \$94,000 and \$146,000, respectively.

7. OPERATING LEASE OBLIGATIONS

The Agency operates a portion of its community social service programs in leased facilities under operating leases expiring at various dates through the fiscal year 2004. The leases are subject to cancellation under certain circumstances, including substantial changes in funding in the Agency's programs. The following is a schedule by years of future minimum rental payments required under those leases and equipment leases that have initial or remaining lease terms in excess of one year as of June 30, 1998:

Year Ending

2000	78,600

8. CONTINGENCIES

The Agency receives a substantial amount of its support from the federal and state government. A significant reduction in the level of this support, if this were to occur, may have a material effect on the

Agency's programs and activities.

The Agency is required to submit reports to various funding sources to substantiate the support received. These reports are subject to audit and/or approval by the respective funding sources.

The Agency is a party to various litigation and other claims, the outcome of which cannot be presently determined. Management's opinion is that the outcome of such matters would not have a significant effect on the Agency's financial position.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Most Reverend Francis B. Schulte, D.D., President Catholic Charities Archdiocese of New Orleans New Orleans, Louisiana

We have audited the financial statements of Catholic Charities Archdiocese of New Orleans (the "Agency"), as of and for the year ended June 30, 1998, and have issued our report thereon dated November 25, 1998. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the Agency's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Agency's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM, ON INTERNAL CONTROL OVER COMPLIANCE AND ON THE SCHEDULE OF GOVERNMENTAL FINANCIAL ASSISTANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Most Reverend Francis B. Schulte, D.D., President Catholic Charities Archdiocese of New Orleans New Orleans, Louisiana

Compliance

We have audited the compliance of Catholic Charities Archdiocese of New Orleans (the "Agency"), with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to each of its major federal programs for the year ended June 30, 1998. The Agency's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the Agency's management. Our responsibility is to express an opinion on the Agency's compliance based on our audit.

We conducted our audit of compliance in accordance with generally accepted auditing standards; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations.* Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Agency's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Agency's compliance with those requirements.

In our opinion, the Agency complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 1998. However, the results of our auditing procedures disclosed an instance of noncompliance with those requirements, which is required to be reported in accordance with OMB Circular A-133 and which is described in the accompanying schedule of findings and questioned costs as item 98-1.

Internal Control Over Compliance

The management of the Agency is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the Agency's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on the internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

Schedule of Governmental Financial Assistance

We have audited the financial statements of the Agency as of and for the year ended June 30, 1998, and have issued our report thereon dated November 25, 1998. Our audit was performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying schedule of governmental financial assistance is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

This report is intended for the information of the Board of Directors, management, others within the organization and the State of Louisiana. However, this report is a matter of public record and its distribution is not limited.

NOTES TO SUPPLEMENTARY SCHEDULE OF GOVERNMENTAL FINANCIAL ASSISTANCE YEAR ENDED JUNE 30, 1998

1. BASIS OF PRESENTATION

The accompanying Schedule of Governmental Financial Assistance has been prepared on the accrual basis of accounting. Grant revenues are recorded for financial reporting purposes when the Agency has met the cost reimbursement or funding qualifications for the respective grants. The dollar threshold used to distinguish between Type A and Type B programs was \$400,000.

Catholic Charities Archdiocese of New Orleans receives a substantial portion of its funding in the form of governmental financial assistance which is passed through the State of Louisiana. The State is required to report the amount of federal and state dollars it passes to Catholic Charities Archdiocese of New Orleans. However, the State is not able to supply this information. Also, Catholic Charities Archdiocese of New Orleans' accounting system does not maintain separate expense accounts by funding source which details federal and state expenditures. Due to the lack of information, a determination of what dollars are being spent (i.e., government funds, United Way funds, contributions, etc.) cannot be made. Due to these

circumstances, a supplementary schedule of expenditures of federal awards cannot be compiled. As a result, a schedule of governmental financial assistance is prepared every year.

2. PAYMENTS TO SUBRECIPIENTS

There were no payments to subrecipients for the fiscal year ended June 30, 1998.

3. CFDA NUMBERS

Contract or catalog of Federal Domestic Assistance (CFDA) Numbers are presented for all individual awards scheduled, where applicable. CFDA Numbers were not available for certain state agency funding sources.

SCHEDULE OF FINDINGS RELATED TO THE FINANCIAL STATEMENTS

There were no findings related to the financial statements for the year ended June 30, 1998.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS RELATED TO GOVERNMENTAL FINANCIAL ASSISTANCE

98-1 Hearing, Vision and/or Health Screenings

Condition

In examining twenty-five participants' eligibility at a Child Day Care program, we noted seven instances where the participants records did not contain hearing, vision and/or health screenings within forty-five days after entering the program.

Criteria

The Head Start program requires the Agency to provide health and development screenings for all participants within forty-five days after the start of the program or within forty-five days after the child enters the program.

Effect

The Agency did not provide necessary health screenings within the time frame required by Total Community Action due to the lack of availability of doctors who are mandated to perform the screenings within the forty-five day time frame.

<u>Cause</u>

Although the Agency has procedures for adhering to the performance standards of the program, it appears that in some instances the program does not provide the required screenings timely.

Recommendation

We recommend the Agency adhere to its policies and procedures by providing the required screenings of participants within the required time frame.

Management's Response

Total Community Action (TCA) requires health and vision screenings within forty-five days of a child's entry into a Headstart day care program and there were several children who did not meet this requirement. All eligible participants had the required screenings but not within the forty-five day time limit. TCA offers referrals for these screenings, to a limited list of examiners, during the month of September. If a child comes into the program at sometime other than the start of the day care year, it is the responsibility of the parent to obtain these screenings. Unfortunately, it is difficult to enforce this timetable on the parents after the child is already in the program as there is no formal mechanism for follow-up and enforcement of this requirement.

CATHOLIC CHARITIES ARCHDIOCESE OF NEW ORLEANS

STATUS OF PRIOR YEAR AUDIT FINDINGS YEAR ENDED JUNE 30, 1998

Finding 97-1 - Property Records

We noted that the Agency's property records do not identify the source of funding for the property, the agency that has title to the property or federally owned property.

<u>Status</u>

The Agency can identify the property purchased with governmental funds.

Finding 97-2 - Physical Inventory of Property

We noted that the Agency had not completed a physical inventory of property as required by OMB Circular A-110.

<u>Status</u>

The Agency is in the process of taking a physical inventory of its property.

Finding 97-3 - Hearing, Vision and/or Health Screenings

We noted thirteen instances where participants in the Head Start program did not receive hearing and/or vision screenings within forty-five days after entering the program.

<u>Status</u>

As noted in the accompanying Schedule of Findings and Questioned Costs, instances were noted in the current year where the Program did not receive hearing and/or vision screenings within the required time period.
