## INDEPENDENT AUDITOR'S REPORT

Board of Commissioners North Monroe Subdivision Sewerage District #1 Monroe, Louisiana May 26, 1999

I have audited the accompanying general purpose financial statements of North Monroe Subdivision Sewerage District #1, a component unit of The Ouachita Parish Police Jury, as of and for the year ended December 31, 1998, as listed in the table of contents. These general purpose financial statements are the responsibility of the District's management. My responsibility is to express an opinion on these general purpose financial statements based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the North Monroe Subdivision Sewerage District #1 as of December 31, 1998, and the results of its operations and cash flows of its proprietary fund types for the year then ended in conformity with generally accepted accounting principles.

My audit was made for the purpose of forming an opinion on the financial statements taken as a whole. The financial information listed as supplemental information schedules in the table of contents is presented for purposes of additional analysis, and is not a required part of the financial statements of North Monroe Subdivision Sewerage District #1. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and, in my opinion, is fairly presented in all material respects in relation to the financial statements taken as a whole.

In accordance with Government Auditing Standards, I have also issued a report dated May 26,1999, on my consideration of North Monroe Subdivision Sewerage District #1's internal control structure and a report dated May 26, 1999, on its compliance with certain provisions of laws, regulations, and grants.

Jimmie Self, CPA

## NORTH MONROE SUBDIVISION SEWERAGE DISTRICT #1

## Notes To The Financial Statements As of and For the Year Ended December 31, 1998

## INTRODUCTION

The North Monroe Subdivision Sewerage District #1 was organized under provisions of Louisiana revised Statute (LSA-RS) by the Ouachita Parish Police Jury in 1968 to provide a sewerage system for approximately 800 people. The District is operated by a board of five commissioners, appointed by the Ouachita Parish Police Jury.

## 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

## A. BASIS OF PRESENTATION

The accompanying component unit financial statements of the North Monroe Subdivision Sewerage District of Ouachita Parish have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

#### B. REPORTING ENTITY

As the governing authority of the parish, for reporting purposes, the Ouachita Parish Police Jury is the financial reporting entity for Ouachita Parish. The financial reporting entity consists of (a) the primary government (police jury), (b) organizations for which the primary government is financially accountable, and (c) other organizations for which nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Governmental Accounting Standards Board Statement No. 14 established criteria for determining which component units should be considered part of the Ouachita Parish Police Jury for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability. This criteria includes:

- 1. Appointing a voting majority of an organization's governing body, and
  - a. The ability of the police jury to impose its will on that organization and/or
  - b. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the police jury.
- 2. Organizations for which the police jury does not appoint a voting majority but are fiscally dependent on the police jury.

3. Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

Because the police jury has the authority to perform the above three steps, the district was determined to be a component unit of the Ouachita Parish Police Jury, the financial reporting entity. The accompanying financial statements present information only on the funds—maintained by the district and do not present information on the police jury, the general government services provided by that governmental unit, or the other governmental units that comprise the financial reporting entity.

#### C. FUND ACCOUNTING

The North Monroe Subdivision Sewerage District #1 of Ouachita Parish is organized and operated on a fund basis whereby a self-balancing set of accounts (Enterprise Fund) is maintained that comprises its assets, liabilities, fund equity, revenues, and expenses. The operations are financed and operated in a manner similar to a private business enterprise, where the intent of the governing body is that the cost (expenses, including depreciation) of providing services on a continuing basis be financed or recovered primarily through user charges.

## D. BASIS OF ACCOUNTING

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The Enterprise Fund is accounted for on a flow of economic resources measurement focus and a determination of net income and capital maintenance. With this measurement focus, all assets and all liabilities associated with the operation of this fund is included on the balance sheet. The Enterprise Fund uses the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized at the time liabilities are incurred. The Enterprise Fund uses the following practices in recording certain revenues and expenses:

#### Revenues

Revenues consist of income from users of the sewer line in the district. Billing is done monthly, and the payments are collected and deposited; Interest income is a result of bank accounts bearing interest.

### Expenses

Expenses are reported when the liability occurs. Major expenses are:

Supervisory	17,168
Legal and Professional	1,400
Utilities	2,775

## E. CASH AND CASH EQUIVALENTS AND INVESTMENTS

Cash includes amounts in demand deposits, interest-bearing demand deposits, and other money market accounts. Cash equivalents include amounts in time deposits and those investments with original maturities of 90 days or less. Under state law, the district may deposit funds in demand deposits, interest-bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana law and national banks having their principal offices in Louisiana.

Under state law, the district may invest in United States bonds, treasury notes, or certificates. These are classified as investments if their original maturities exceed 90 days; however, if the original maturities are 90 days or less, they are classified as cash equivalents. The district has no investments.

## F. RESTRICTED ASSETS

Certain proceeds of the enterprise fund resources are set aside for specific payments and are classified on the balance sheet as restricted assets because their use is limited by applicable requirements.

Briefly, the funds and provisions relating thereto are as follows:

Bond Redemption Fund: Restriction for annual payment of principal and interest.

#### G. FIXED ASSETS

Fixed assets of the district are valued at historical cost and are included on the balance—sheet of the fund, net of accumulated depreciation. Construction period interest is immaterial and is not—capitalized. Depreciation of all exhaustible fixed assets is charged as an expense against operations. Depreciation is computed using the straight-line method over the estimated useful lives of periods from 5 to 40 years.

#### H. COMPENSATED ABSENCES

The district does not have a formal leave policy.

#### I. LONG-TERM LIABILITIES

Long-term liabilities are recognized within the enterprise fund.

## NORTH MONROE SUBDIVISION SEWERAGE DISTRICT #1 OF OUACHITA PARISH

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

## J. FUND EQUITY

## **Contributed Capital**

Grants, entitlements, or shared revenues received that are restricted for the acquisition or construction of capital assets are recorded as contributed capital. Contributed capital is not amortized.

#### Reserves

Reserves represent those portions of fund equity legally segregated for a specific future use.

## 2. CASH AND CASH EQUIVALENTS

At December 31, 1998, the district has cash and cash equivalents (book balances) totaling \$47,790 as follows:

Demand Deposits	18,578
Restricted Cash	29,212
ትጉረጋብር <b>ል</b> ፤	47 700
TOTAL	47,790

These deposits are stated at cost, which approximates market. Under state law, these deposits must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. At December 31, 1998, the district has \$47,790 in deposits (collected bank balances). These deposits are secured from risk by \$100,000 of federal deposit insurance.

Even though the pledged securities are considered uncollateralized (Category 3) under the provisions of GASB Statement 3, Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the district that the fiscal agent has failed to pay deposited funds upon demand.

#### 3. RECEIVABLES

The following is a summary of receivables at December 31, 1998:

Class of Receivable	Current Assets	Total
Accounts Receivable	12,579	12,579

Management has determined that the amounts of the receivables that are uncollectible are immaterial; therefore, no provision for uncollectible receivables has been included in these financial statements.

## 4. FIXED ASSETS

A summary of fixed assets at December 31, 1998, follows:

	Cost	Accumulated  Depreciation	Net
Property, Plant &			
Equipment	444,301	78,057	366,244
TOTAL	444,301	78,057	366,244

### 5. PENSION PLAN

The district has no pension plan and no salaries.

### 6. LONG-TERM LIABILITIES

The following is a summary of long-term transactions during the year:

Long-term liability payable at 12-31-97	40,000
Deductions	20,000
Total liability	20,000
Less current portion	20,000
Long-term liability payable at 12-31-98	0

Certificate of Indebtedness, dated February 01, 1989, interest rate .08, original amount of loan \$140,000 payable in annual installments of various amounts, including interest; due the first day of February.

The annual requirements to amortize all long-term debt outstanding as of December 31, 1998, are as follows:

	Principal	Interest
1999	20,000	1,200
TOTAL	20,000	1,200

### 7. OTHER POST - EMPLOYMENT BENEFITS

# INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Commissioners North Monroe Subdivision Sewerage District #1 Monroe, Louisiana May 26, 1999

I have audited the general purpose financial statements of the North Monroe Subdivision Sewerage District #1, a component unit of the Ouachita Parish Police Jury, as of and for the year ended December 31, 1998 and have issued my report thereon dated May 26, 1999. I conducted my audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

## <u>Compliance</u>

As part of obtaining reasonable assurance about whether North Monroe Subdivision Sewerage District #1, Monroe, La.'s, general purpose financial statements are free of material misstatement, 1 performed tests of its compliance with certain provision of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit and, accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

#### Internal Control Over Financial Reporting

In planning and performing my audit, I considered North Monroe Subdivision Sewerage District #1, Monroe, La,'s, internal control over financial reporting in order to determine my auditing procedures for the purpose of expressing my opinion on the general purpose financial statements and not to provide assurance on the internal control over financial reporting. My consideration of the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the general

purpose financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. I noted no matters involving the internal control over financial reporting and its operation that I consider to be material weaknesses.

This report is intended for the information of the North Monroe Subdivision Sewerage District #1's management and the Louisiana Legislative Auditor. However, this report is a matter of public record and its distribution is not limited.

Schedule of Findings and Questioned Costs For the Year Ended December 31, 1998.

I have audited the financial statements of North Monroe Subdivision Sewerage District as of and for the year ended December 31, 1998, and have issued my report dated May 26, 1999. I conducted my audit in accordance with generally accepted auditing standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. [and the provisions of OMB Circular A 133.] My audit of the financial statements as of December 31, 1998 resulted in an unqualified opinion.
