Note 1. Summary of Significant Accounting Policies

Nature of organization:

Acadia Economic Development Corporation, a nonprofit corporation ("Organization"), was formed on March 5, 1997, pursuant to the laws of the State of Louisiana. The Organization is engaged in economic development activities within the Acadia Parish area to maintain, enhance, improve, and enlarge the employment base of the citizens and residents thereof.

Basis of presentation:

The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with generally accepted accounting principles.

Financial statement presentation follows the recommendations of the Financial Accounting Standards Board in its Statement of Financial Accounting Standards (SFAS) No. 117, *Financial Statements for Not-for-Profit Organizations*. SFAS No. 117 requires net assets and revenues, gains, expenses, and losses to be classified based on the existence or absence of donor-imposed restrictions. Under SFAS No. 117, the Organization is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. A description of the three net asset categories is as follows:

Unrestricted net assets - Net assets that are not subject to donor-imposed stipulations.

Temporarily restricted net assets - Net assets subject to donor-imposed stipulations that may or will be met, either by actions of the Organization and/or the passage of time.

Permanently restricted net assets - Net assets subject to donor-imposed stipulations that they be maintained permanently by the Organization. Generally, the donors of these assets permit the Organization to use all or part of the income earned on any related investments for general or specific purposes.

No temporarily or permanently restricted assets were held during 1998 and accordingly, these financials do not reflect any activity relating to these classes of net assets for 1998.

NOTES TO FINANCIAL STATEMENTS
See Accountant's Compilation report

Revenues are reported as increases in unrestricted net assets unless use of the related assets is limited by donor-imposed restrictions. Expenses are reported as decreases in unrestricted net assets. Gains and losses on assets or liabilities are reported as increases or decreases in unrestricted net assets unless their use is restricted by explicit donor stipulation or by law. Expirations of temporary restrictions on net assets (i.e., the donor-stipulated purpose has been fulfilled and/or the stipulated time period has elapsed) are reported as net assets released from restrictions.

Cash and cash equivalents:

For purposes of the statement of financial position and the statement of cash flows, the Organization considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

Property and equipment:

Property and equipment are recorded at cost as of the date of acquisition or fair value at date of receipt for donated items. Such donations are reported as unrestricted support unless the donor has restricted the donated asset to a specific purpose. Depreciation is computed over the estimated useful lives of the respective assets, using straight-line depreciation method, which range from three to ten years.

The cost and accumulated depreciation of property sold or retired is removed from the related asset and accumulated depreciation accounts and any resulting gain or loss is recorded in the period of disposal.

Renewals and improvements which extend the useful lives of assets are capitalized at cost. Maintenance and repairs are included as expenses in the statement of activities.

Contributions:

The Organization has adopted SFAS No. 116, "Accounting for Contributions Received and Contributions Made," whereby contributions received are recognized as revenue in the period received and classified as unrestricted, temporarily restricted, or permanently restricted support depending on the existence and/or nature of any donor restrictions. Restricted net assets are reclassified to unrestricted net assets upon satisfaction of the time or purpose restrictions.

The Organization has not received any contributions with donor imposed restrictions that would result in temporarily or permanently restricted net assets.

The Organization receives substantially all of its revenue from cooperative agreements (contracts) with local municipalities.

NOTES TO FINANCIAL STATEMENTS
See Accountant's Compilation report

Income taxes:

The Organization is exempt from income taxes under Section 501(c)(6) of the U.S. Internal Revenue Code ("the Code") and comparable state law. As such, only unrelated business income, as defined by Section 512(a)(1) of the Code, is subject to federal income tax. Since the Organization had no net unrelated business income during the year ended December 31, 1998, no provision for income taxes has been made. Contributions to the Organization qualify for the charitable contributions deduction to the extent provided by Section 170 of the Code.

Use of estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Accordingly, actual results could differ from those estimates.

Functional allocation of expenses:

The costs of providing the Organization's various programs and supporting services have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefitted.

Note 2. Cash and Cash Equivalents

At December 31, 1998, the Organization has bank balances totaling \$55,639 and book balances totaling \$49,723, which are maintained at two local financial institutions. At December 31, 1998, the bank balances are fully insured by FDIC coverage.

Note 3. Accounts Receivable

At December 31, 1998, the accounts receivable balance is comprised of entirely of charter membership dues.

NOTES TO FINANCIAL STATEMENTS
See Accountant's Compilation report
