ALLEN PARISH WARD 3 FIRE PROTECTION DISTRICT NO. 2
A COMPONENT UNIT OF THE ALLEN PARISH POLICE JURY
NOTES TO FINANCIAL STATEMENTS
July 31, 1998

INTRODUCTION

Allen Parish Ward 3 Fire Protection District No. 2 was created under the provisions of Louisiana Revised Statutes 40:1492-1501, for the purpose of providing fire protection for the people of Ward 3 of Allen Parish. The District is governed by a board of commissioners composed of five members, compensated on a per diem basis and appointed by the Allen Parish Police Jury. The District utilizes volunteer firemen.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Presentation

The accompanying general purpose financial statements of the Allen Parish Ward 3 Fire Protection District No. 2 have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

B. Reporting Entity

The District is a component unit of the Allen Parish Police Jury, the financial reporting entity. The police jury is financially accountable for the District because it appoints a voting majority of the board and has the ability to impose its will on them.

The accompanying financial statements present information only on the funds maintained by the District and do not present information on the police jury, the general government services provided by that governmental unit, or the other governmental units that comprise the financial reporting entity.

C. Fund Accounting

The District uses funds and account groups to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions relating to certain government functions or activities.

A fund is a separate accounting entity with a self-balancing set of accounts. On the other hand, an account group is a financial reporting device designed to provide accountability for certain assets and liabilities that are not recorded in the funds because they do not directly affect net expendable available financial resources.

Funds of the District are classified as governmental funds. Governmental funds account for the District's general activities, including the collection and disbursement of specific or legally restricted monies, the acquisition or construction of general fixed assets, and the servicing of general long-term debt. Governmental funds of the District include:

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. General Fund--the general operating fund of the District and accounts for all financial resources, except those required to be accounted for in other funds.
2. Debt Service Fund--accounts for transactions relating to resources retained and used for the payment of principal and interest on those long-term obligations recorded in the general long-term obligations account group.

D. Basis of Accounting

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The governmental funds are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. Operating statements of these funds present increases and decreases in net current assets.

The modified accrual basis of accounting is used by the governmental funds. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. The government considers property taxes as available if they are collected within 60 days after year end. A one-year availability period is used for revenue recognition for all other governmental fund revenues. Expenditures are recorded when the related fund liability is incurred. Principal and interest on general long-term debt are recorded as fund liabilities when due or when amounts have been accumulated in the debt service fund for payments to be made early in the following year.

Those revenues susceptible to accrual are property taxes and interest revenue.

E. Budget

The budget is adopted on a basis consistent with generally accepted accounting principles. An annual appropriated budget is adopted for the general fund. All annual appropriations lapse at fiscal year end.

F. Cash and Cash Equivalents

Cash includes amounts in demand deposits and interest-bearing demand deposits. Cash equivalents include amounts in time deposits and those investments with original maturities of 90 days or less. Under state law, the District may deposit funds in demand deposits, interest-bearing demand deposits, or time deposits with state banks organized under Louisiana law or any other state of the United States, or under the laws of the United States.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

G. Fixed Assets

Fixed assets are recorded as expenditures at the time purchased or constructed, and the related assets are reported in the general fixed assets account group. Public domain or infrastructures are not capitalized. Interest costs incurred during construction are capitalized. No depreciation has been provided on general fixed assets. All fixed assets are valued at historical cost or estimated cost if historical cost is not available.

H. Compensated Absences

The District has no paid employees therefore there is no leave policy.

I. Long-Term Obligations

Long-term obligations expected to be financed from governmental funds are reported in the general long-term obligations account group. Expenditures for principal and interest payments for long-term obligations are recognized in the governmental funds when due.

J. Fund Equity

Reserves

Reserves represent those portions of fund equity not appropriable for expenditure or legally segregated for a specific future use.

K. Total Columns on Statements

Total columns on the statements are captioned "memorandum only" to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position or results of operations in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

NOTE 2 - PROPERTY TAXES

For the year ended July 31, 1998 taxes of 12.49 mills were levied on property with assessed valuations totalling \$8,113,000, and were dedicated as follows:

Maintenance	4.99 mills
Bond sinking	7.50 mills

Total taxes levied were \$101,331.

Property tax millage rates are adopted in July for the calendar year in which the taxes are levied and recorded. All taxes are due and collectible when the assessment rolls are filed on or before November 15th of the current year, and become delinquent after December 31st. Property taxes not paid by the end of February are subject to lien.

NOTE 3 - CASH AND CASH EQUIVALENTS

At July 31, 1998, the District has cash and cash equivalents (book balances) totaling \$126,239 as follows:

Demand deposits	\$ -
Interest-bearing demand deposits	126,239
Time deposits	-
Other	-
Total	<u>\$ 126,239</u>

These deposits are stated at cost, which approximates market. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. At July 31, 1998, the District has \$129,280 in deposits (collected bank balances). These deposits are secured from risk by \$100,000 of federal deposit insurance and \$29,280 of pledged securities held by the custodial bank in the name of the fiscal agent bank (GASB Category 3).

Even though the pledged securities are considered uncollateralized (Category 3) under the provisions of GASB Statement No. 3, Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the District that the fiscal agent has failed to pay deposited funds upon demand.

The annual requirements to amortize all bonds outstanding at July 31, 1998, including interest of \$53,629 are as follows:

	<u>\$ 266,629</u>

NOTE 6 - RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District maintains commercial insurance coverage covering each of those risks of loss. Management believes such coverage is sufficient to preclude any significant uninsured losses to the District. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years.

NOTE 7 - CURRENT REFUNDING OF GENERAL OBLIGATION BONDS

On August 11, 1997, the District defeased its General Obligation Bonds dated July 1, 1987 with an outstanding balance of \$355,000. This was accomplished by the issuance of \$232,000 of General Obligation Refunding Bonds and use of cash from the Debt Service Fund. This refunding was undertaken to take advantage of lower interest rates and to reduce total future debt service payments. The transaction resulted in an economic gain of approximately \$45,000 and a reduction of approximately \$95,000 in future debt service payments.

INDEPENDENT ACCOUNTANTS' REPORT
ON APPLYING AGREED-UPON PROCEDURES

Board of Commissioners
Allen Parish Ward 3 Fire Protection
District No. 2
A Component Unit of the Allen Parish Police Jury
Reeves, Louisiana

We have performed the procedures included in the *Louisiana Government Audit Guide* and enumerated below, which were agreed to by the management of the Allen Parish Ward 3 Fire Protection District No. 2 and the Legislative Auditor, State of Louisiana, solely to assist the users in evaluating management's assertions about the Allen Parish Ward 3 Fire Protection District No. 2's compliance with certain laws and regulations during the year ended July 31, 1998 included in the accompanying *Louisiana Attestation Questionnaire*. This agreed-upon procedures engagement was performed in accordance with standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of the specified users of the report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

Public Bid Law

1. Select all expenditures made during the year for material and supplies exceeding \$15,000, or public works exceeding \$100,000, and determine whether such purchases were made in accordance with LSA-RS 38:2211-2251 (the public bid law).

We reviewed all disbursements made during the year. There were no expenditures over \$15,000 for materials and supplies, and no expenditures over \$100,000 for public works.

Code of Ethics for Public Officials and Public Employees

2. Obtain from management a list of the immediate family members of each board member as defined by LSA-RS 42:1101-1124 (the code of ethics), and a list of outside business interests of all board members and employees, as well as their immediate families.

Management provided us with the required list including the noted information.

3. Obtain from management a listing of all employees paid during the period under examination.

The District has no paid employees. All firemen are unpaid volunteers.

4. Determine whether any of those employees included in the listing obtained from management in agreed-upon procedure (3) were also included on the listing obtained from management in agreed-upon procedure (2) as immediate family members.

See #3 above.

Budgeting

5. Obtain a copy of the legally adopted budget and all amendments.

Management provided us with a copy of the original budget and a copy of the amended budget.

6. Trace the budget adoption and amendments to the minute book.

We traced the adoption of the original budget to the minutes of a meeting held on August 11, 1997 which indicated that the budget had been adopted by the Commissioners of Allen Parish Ward 3 Fire Protection District No. 2 by an unanimous vote. The District did not complete all action necessary to adopt and implement the budget by the end of its prior fiscal year which ended July 31, 1997.

The budget was amended once during the year. We traced this to a motion to amend the budget to the minutes of a meeting held on June 30, 1998 which was passed with an unanimous vote.

7. Compare the revenues and expenditures of the final budget to actual revenues and expenditures to determine if actual revenues or expenditures exceed budgeted amounts by more than 5%.

We compared the revenues and expenditures of the final budget to actual revenues and expenditures. Actual revenues and expenditures for the year did not exceed budgeted amounts by more than 5%.

Accounting and Reporting

8. Randomly select 6 disbursements made during the period under examination and:
 - (a) trace payments to supporting documentation as to proper amount and payee;

We examined supporting documentation for each of the six selected disbursements and found that payment was for the proper amount and made to the correct payee.

[M & Co.]

- (b) determine if payments were properly coded to the correct fund and general ledger account; and

We found that all payments were properly coded to the correct fund and general ledger account.

- (c) determine whether payments received approval from proper authorities.

Inspection of documentation supporting each of the six selected disbursements indicated approvals from the accountant and the chairman of the Board of Commissioners. In addition, each of the disbursements were traced to the District's minute book where they were approved by the full commission.

Meetings

9. Examine evidence indicating that agendas for meetings recorded in the minute book were posted or advertised as required by LSA-RS 42:1 through 42:12 (the open meetings law).

Allen Parish Ward 3 Fire Protection District No. 2 is only required to post a notice of each meeting and the accompanying agenda on the door of the District's office building. Management has asserted that it does post the notice of the meeting but not the agenda. We viewed copies of these notices in the District's files.

Debt

10. Examine bank deposits for the period under examination and determine whether any such deposits appear to be proceeds of banks loans, bonds, or like indebtedness.

We inspected copies of all bank deposit slips for the period under examination and noted no deposits which appeared to be proceeds of bank loans, bonds, or like indebtedness. The District did issue bonds during the year. We viewed a copy of the State Bond Commission's approval for the issuance of this debt.

Advances and Bonuses

11. Examine payroll records and minutes for the year to determine whether any payments have been made to employees which may constitute bonuses, advances, or gifts.

The District has no paid employees.
