INDEPENDENT AUDITOR'S REPORT

To the Board of Commissioners Opelousas Housing Authority Opelousas, Louisiana

We have audited the accompanying general purpose financial statements of the Housing Authority of the City of Opelousas, Louisiana as of and for the year ended June 30, 1998, as listed in the table of contents. These general purpose financial statements are the responsibility of the Housing Authority's management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in <u>Government</u> <u>Auditing Standards</u>, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the general purpose financial statements referred to above, present fairly in all material respects, the financial position of the Housing Authority of the City of Opelousas, Louisiana, as of June 30, 1998, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles.

In accordance with Government Auditing Standards, we have also issued our report dated October 29, 1998, on our consideration of the Housing Authority of the City of Opelousas, Louisiana internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants.

Our audit was performed for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, <u>Audits of States, Local Governments, and Non-Profit Organizations</u>, and is not a required part of the general purpose financial statements. The accompanying supplemental information statements and schedules listed in the table of contents are included to meet HUD regulatory requirements. These statements

Board of Commissioners Opelousas Housing Authority Opelousas, Louisiana Page 2

were prepared in conformity with the accounting practices prescribed by the Department of Housing and Urban Development, which is a comprehensive basis of accounting other than generally accepted accounting principles. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the general purpose financial statements taken as a whole.

OPELOUSAS HOUSING AUTHORITY Opelousas, Louisiana NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended June 30, 1998

INTRODUCTION

The Opelousas Housing Authority (authority) was created by Louisiana Revised Statute (LSA-R.S.) 40:391 to engage in the acquisition, development, and administration of a low rent housing program to provide safe, sanitary, and affordable housing to the citizens of Opelousas, Louisiana.

The authority is administered by a five-member board appointed by the Mayor. Members of the board serve five-year terms.

Under the United States Housing Act of 1937, as amended, the U.S. Department of Housing and Urban Development (HUD) has direct responsibility for administering low rent housing programs in the United States. Accordingly, HUD has entered into an annual contributions contract with the authority for the purpose of assisting the authority in financing the acquisition, construction, and leasing of housing units and to make annual contributions (subsidies) to the authority for the purpose of maintaining this low rent character.

At June 30, 1998, the authority manages 690 public housing units.

In addition, the authority is currently administering four separate modernization programs.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements of the authority have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles.

Reporting Entity

GASB Statement No. 14 established criteria for determining the governmental reporting entity and component units that should be included within the reporting entity. Because the authority it legally separate and fiscally independent, the authority is a separate governmental reporting entity. or appointment of governing body, and other general oversight responsibility.

The authority is a related organization of the City of Opelousas, Louisiana since the mayor appoints a voting majority of the authority's governing board. The City of Opelousas, Louisiana is not financially accountable for the authority as it cannot impose its will on the authority and there is no potential for the authority to provide financial benefit to, or impose financial burdens on, the City of Opelousas, Louisiana. Accordingly, the authority is not a component unit of the financial reporting entity of the City of Opelousas, Louisiana.

The authority includes all funds, account groups, activities, et cetera, that are within the oversight responsibility of the authority.

Certain units of local government over which the authority exercises no oversight responsibility, such as the parish police jury, school board, and municipalities within the parish, are excluded from the accompanying financial statements. These units of government are considered separate reporting entities and issue financial statements separate from those of the authority. In addition, the accompanying financial statements do not include various tenant associations which are legally separate entities.

Fund Accounting

The authority uses funds and account groups to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions relating to certain government functions or activities.

A fund is a separate accounting entity with a self-balancing set of accounts. On the other hand, an account group is a financial reporting device designed to provide accountablility for certain assets and liabilities that are not recorded in the

funds because they do not directly affect net expendable financial resources.

Funds of the authority are classified into two categories: governmental and fiduciary. Each category, in turn, is divided into separate fund types. The fund

classifications and a description of each existing fund type follow:

Governmental Funds

Governmental funds account for all or most of the authority's general activities, including the collection and disbursement of specific or legally restricted monies, the acquisition or construction of general fixed assets, and the servicing of general long-term obligations. Governmental funds include:

1. General Fund--the general operating fund of the authority accounts for all financial resources, except those required to be accounted for in other funds. The General Fund includes transactions of the low rent housing assistance programs.

2. Debt service funds--account for transaction relating to resources retained and used for the payment of principal and interest on those long-term obligations recorded in the general long-term obligations account group. Debt service funds contain current year payments of principal and interest on project notes and bonds payable.

3. Capital projects funds--account for financial resources received and used for the acquisition, construction, or improvement of capital facilities not reported in the other governmental funds. Capital projects funds contain transactions relating to active modernization and development programs.

Fiduciary Funds

Fiduciary funds account for assets held on behalf of outside parties, including other governments, or on behalf of other funds within the authority. The Tenants Security Deposits Agency Fund consists of the tenant security deposit accounts.

Agency Funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

Basis of Accounting

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental funds are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. Operating statements of these funds present increases and decreases in net current assets. The modified accrual basis of accounting is used by all governmental funds and agency funds. The governmental funds use the following practices in recording revenues and expenditures:

Revenues

Operating subsidies and the annual contributions received from HUD are recorded

when available and measurable. Federal restricted grants are recorded when reimbursable expenditures have been incurred.

Rental income, excess utilities, and other income are recorded in the month earned.

Interest earnings are recorded when time deposits mature and interest is credited to the authority's deposits.

Expenditures

Expenditures are recorded when the related fund liability is incurred. This includes expenditures for salaries and capital outlay in the general fund.

Expenditures for principle and interest on long-term obligations are recognized when due. The authority's liability for compensated absences is accounted for in the general long-term obligation account group and is recorded annually. At June 30, 1998, the liability for accumulated compensated absences was \$30,800 for the general fund.

Other Financing Sources (Uses)

Transfers between funds that are not expected to be repaid are accounted for as

other financing sources (uses). These other financing sources (uses) are recognized at the time the underlying events occur.

Deferred Revenues

The authority reports deferred revenues on its combined balance sheet. Deferred revenues arise when resources are received by the authority before it has a legal claim to them, as when grant monies are received before the incurrence of qualifying expenditures. In subsequent periods, when the authority has a legal claim to the resources, the liability for deferred revenue is removed from the combined balance sheet and the revenue is recognized.

Budgets

The authority uses the following budget practices:

- 1. The Executive Director prepares a proposed budget and submits same to the Board Commissioners no later than thirty days prior to the beginning of each fiscal year.
- 2. Following discussion and acceptance of the budget by the Board, it is sent to HUD for approval.
- 3. Upon approval by HUD, the budget is formally adopted.
- 4. Any budgetary amendments require the approval of the Executive Director and Board of Commissioners.
- 5. Any budgetary appropriations lapse at the end of each fiscal year.
- 6. Budgets for the General, Debt Service, and Capital Projects Funds are adopted on a basis consistent with generally accepted accounting principles (GAAP).

7. The budget comparison presented in the financial statements includes the original budget and all amendments.

Cash and Cash Equivalents

Cash includes amounts in demand deposits, interest-bearing demand deposits, and money market accounts and certificates of deposit with original maturities of 90 days or less. Under state law, the authority may deposit funds in demand deposits, interest-bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana law and national banks having their principal offices in Louisiana.

Under state law, the authority may invest in United States bonds, treasury notes, or certificates. These are classified as investments if their original maturities exceed 90 days; however, if the original maturities are 90 days or less, they are classified as cash equivalents.

Short-term Interfund Receivables/Payables

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as "due from other funds" or "due to other funds" on the balance sheet. Short-term interfund loans are classified as interfund receivables/payables.

Prepaid Items

Payments made to insurance companies for coverage that will benefit the period beyond June 30, 1998 are recorded as prepaid insurance.

Fixed Assets

Fixed assets of governmental funds are recorded as expenditures at the time they are purchased or costructed, and the related assets are capitalized (reported) in the general fixed assets account group. Public domain or infrastructures are not capitalized. No construction period interest costs have been incurred and capitalized for the fiscal year ended June 30, 1998. No depreciation has been provided on general fixed assets. All fixed assets are valued at historical cost.

Compensated Absences

The authority follows Civil Service guidelines pertaining to the accumulation of vacation and sick leave. This leave may be accumulated and carried over between fiscal years, with a maximum of 300 hours of payment of leave upon termination or retirement. In addition, the Executive Director's employment contract allows him to accrue annual leave in excess of 300 hours to be paid upon retirement.

The cost of current leave privileges, computed in accordance with GASB Codification Section C60, is recognized as a current-year expenditure in the governmental funds when leave is actually taken. The cost of leave privileges not requiring current resources is recorded in the general long-term obligations account group.

Long-Term Obligations

Long-term obligations expected to be financed from governmental funds are reported in the general long-term obligations account group. Expenditures for principal and interest payments for long-term obligations are recognized in the governmental funds when due.

Fund Equity

Reserves

Reserves represent those portions of fund equity not appropriable for expenditures or legally segregated for a specific future use.

Designated Fund Balances

Designated fund balances represent tentative plans for future use of financial resources.

Interfund Transactions

Quasi-external transactions are accounted for as revenues, expenditures, or expenses. Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed.

All other interfund transaction, except quasi-external transactions and reimbursements, are reported as transfers. Nonrecurring or nonroutine permanent transfers of equity are reported as residual equity transfers. All other interfund transfers are reported as operating transfers.

Total Columns on Combined Statements

The total columns on the combined statements are captioned Memorandum Only to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position, results of operations, or changes in financial position in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

NOTE 2 - EXPENDITURES - ACTUAL AND BUDGET

There were no individual funds with expenditures/expenses over budgeted expenditures/expenses for the year ended June 30, 1998.

NOTE 3 - CASH AND CASH EQUIVALENTS

At June 30, 1998, the authority has cash and cash equivalents totaling \$740,960 as follows:

Demand deposits	\$ 568,175
Time deposits	579,133
Total	1,147,308

These deposits are stated at cost, which approximates market. Under state law, these deposits must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent banks. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. At June 30, 1998, the authority has \$1,147,308 in deposits. These deposits are secured from risk by \$311,544 of federal deposit insurance and \$943,700 of pledged securities held by the custodial bank in the name of the fiscal agent banks (GASB Category 3).

Even though the pledged securities are considered uncollateralized (Category 3) under the provisions of GASB Statement 3, Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the authority that the fiscal agent has failed to pay deposited funds upon demand.

NOTE 4 - RECEIVABLES

The receivables of \$506,876 at June 30, 1998, are as follows:

Class of <u>Receivable</u>	General Fund	Debt Service Fund	Total
Local sources: Tenants Federal sources:	\$	\$	\$
Accruing annual contr.		506,876	506,876
Total		506,876	506 , 876

The changes in general fixed assets are as follows:

Total	25,015,514	*	768,902			25,784,416
	=========	=	========	=	=======	=========

NOTE 6 - REFIREMENT SYSTEMS

The authority participates in the Housing-Renewal and Local Agency Retirement Plan which is a defined contribution plan. The plan consists of employees of various local and regional housing authorities, urban renewal agencies, and other similar organizations. Through the plan, the authority provides pension benefits for all full-time employees. All eligible individuals must be employed for at least six months before participating in the plan. The authority has fifteen employees participating as of June 30, 1998.

Under a defined contribution plan, benefits depend solely on amounts contributed to the plan and investment earnings. Benefits of the plan are funded by employee and employer contributions. Participants in the plan are required to make a monthly contribution of five percent of their basic compensation. The authority makes a monthly contribution equal to seven percent of each participant's basic compensation.

The employer contributions and earnings allocated to each participant's account are fully vested after one year of continuous service.

The authority's total payroll for the fiscal year ended June 30, 1998, was \$398,207. The authority's contributions were made based on the total covered payroll of \$395,882. The authority and the covered employees made the required contributions for the year ended June 30, 1998. The employee contributions totaled \$23,670 while the authority's contributions totaled \$27,710 for the year ended June 30, 1998.

NOTE 7 - ACCOUNTS, SALARIES, AND OTHER PAYABLES

The payables of \$171,128 at June 30, 1998, are as follows:

<u>General Fund</u>	Amount
Payments in lieu of taxes	\$46,323
Withholdings	833
Accounts	123,972
Total	171,128

Department of Housing and Urban Development New Orleans, Louisiana

REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

We have audited the financial statements of the Housing Authority of the City of Opelousas, Louisiana, as of and for the year ended June 30, 1998, and have issued our report thereon dated October 29, 1998. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in <u>Government</u> <u>Auditing Standards</u>, issued by the Comptroller General of the United States.

OFFICE: 1137 HEATHER DRIVE OPELOUSAS, LOUISIANA - 70570 PHONE (318) 942-2154

Compliance

As part of obtaining reasonable assurance about whether the Housing Authority of the City of Opelousas, Louisiana financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under Government Auditing Standards.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Housing Authority of the City of Opelousas, Louisiana internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control

over financial reporting and its operation that we consider to be material weaknesses.

This report is intended for the information of the Board of Commissioners,

management, and the Department of Housing and Urban Development. However, this report is a matter of public record and its distribution is not limited.

Board of Commissioners Housing Authority of Opelousas Opelousas, Louisiana Department of Housing and Urban Development New Orleans, Louisiana

REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Compliance

We have audited the compliance of the Housing Authority of the City of Opelousas, Louisiana, with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to each of its major federal programs for the year ended June 30, 1998. The Housing Authority's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the Housing Authority's management. Our responsibility is to express an opinion on the Housing Authority of the City of Opelousas, Louisiana compliance based on our audit.

We conducted our audit of compliance in accordance with generally accepted auditing standards, the standards applicable to financial audits contained in <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States, and OMB Circular A-133, <u>Audits of States</u>, <u>Local</u> <u>Governments</u>, and <u>Non-Profit Organizations</u>. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Housing Authority's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Housing Authority of the City of Opelousas, Louisiana compliance with those requirements.

In our opinion, the Housing Authority of the City of Opelousas, Louisiana complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 1998.

<u>Internal Control Over Compliance</u> The management of the Housing Authority is responsible for establishing

and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the Housing Authority's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended for the information of the Board of Commissioners,

management, and the Department of Housing and Urban Development. However, this report is a matter of public record and its distribution is not limited. Λ

STATUS OF PRIOR AUDIT FINDINGS

The previous audit disclosed that for approximately four months the Housing Authority's deposits were not adequately secured by pledged securities from its fiscal agent bank. This problem was discovered during the course of the prior audit and brought to the immediate attention of the Housing Authority's management. The bank involved promptly pledged securities adequate to cover the deposits. This finding did not result in any questioned costs being recognized in the previous report.

The current audit showed that deposits were adequately secured by pledged securities throughout the entire fiscal year. This finding is closed.

33

.

FINDINGS AND QUESTIONED COSTS

The following have been identified as major federal programs for the year ended June 30, 1998.

Federal Grantor/Program Title	CFDA NO.	Grant ID No.	Program Expenditures
U.S. Dept. of Housing and Urban Development:			
Low-income HAP Comp. Grant - 1996 Program	14.850 14.852	FW-1197 FW-1197	\$1,170,585 581,623

No findings were noted with this audit. The management and staff of the Housing Authority are performing their duties in a very professional, competent manner.
