#### INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor, Bobby Gill and Members of the Board of Aldermen Town of Kentwood, Louisiana

We have audited the accompanying general purpose financial statements of the Town of Kentwood, Louisiana, as of and for the year ended December 31, 1998, as listed in the table of contents. These general purpose financial statements are the responsibility of the Town of Kentwood, Louisiana's, management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

Except as discussed in the following paragraph, we conducted our audit in accordance with generally accepted auditing standards and Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

Governmental Accounting Standards Board (GASB) Technical Bulletin 98-1, Disclosures about Year 2000 Issues, as amended by GASB Technical Bulletin 99-1, requires disclosure of certain matters regarding the year 2000 issue. The Town of Kentwood, Louisiana, has included such disclosures in Note 19. Because of the unprecedented nature of the year 2000 issue, its effects and the success of related remediation efforts will not be fully determinable until the year 2000 and thereafter. Accordingly, insufficient audit evidence exists to support the Town of Kentwood's disclosures with respect to the year 2000 issue made in Note 19. Further, we do not provide assurance that the Town of Kentwood is or will be successful in whole or in part, or that parties with which the Town of Kentwood does business will be year 2000 ready.

In our opinion, except for the effects of such adjustments, if any, as might have been determined to be necessary had we been able to examine evidence regarding year 2000 disclosures, the general purpose financial statements referred to in the first paragraph present fairly, in all material respects, the financial position of the Town of Kentwood, Louisiana, as of December 31, 1998, and the results of its operations and the cash flows of its proprietary fund type for the year then ended in conformity with generally accepted accounting principles.

In accordance with Government Auditing Standards, we have also issued our report dated June 18, 1999 on our consideration of the Town of Kentwood, Louisiana's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants.

Our audit was performed for the purpose of forming an opinion on the general-purpose financial statements of the Town of Kentwood, Louisiana, taken as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the general-purpose financial statements. Also the combining and individual fund and account group financial statements and schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the Town of Kentwood, Louisiana. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly presented in all material respects in relation to the general purpose financial statements taken as a whole.

### Town of Kentwood NOTES TO FINANCIAL STATEMENTS

#### As of and for the Year Ended December 31, 1998

#### Introduction

The Town of Kentwood was incorporated March, 1893, under the provisions of the Lawrason Act. The Town operates under a Mayor-Board of Aldermen form of government. For financial reporting purposes, the Town includes all funds and account groups that are controlled by or dependent on the Town as determined on the basis of budget adoption, management oversight responsibility, taxing authority, or the Town's obligation to fund any deficits.

#### 1. Summary of Significant Accounting Policies

#### A. Basis of Presentation

The accompanying financial statements of the Town of Kentwood have been prepared in conformity with generally excepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles.

#### B. Reporting Entity

As the municipal governing authority, for reporting purpose, the Town of Kentwood is considered a separate financial reporting entity. The financial reporting entity consists of (a) the primary government (municipality), (b) organizations for which the primary government is financially accountable, and (c) other organizations which nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

GASB Statement No.14 established criteria for determining which component units should be considered part of the Town of Kentwood for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability. The criteria includes:

- 1. Appointing a voting majority of an organization's governing body, and
  - a. The ability of the municipality to impose its will on that organization and/or
  - b. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the municipality.
- 2. Organizations for which the municipality does not appoint a voting majority but are fiscally dependent on the municipality.
- 3. Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

Generally accepted accounting principals require the Town of Kentwood (the primary government) to present these financial statements with any component units. The Town of Kentwood has no component units to include in its financial statements.

#### C. Fund Accounting

The Town of Kentwood uses fund types and account groups to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions relating to certain government functions or activities.

A fund is a separate accounting entity with a self-balancing set of accounts. On the other hand, an account group is a financial reporting device designed to provide accountability for certain assets and liabilities that are not recorded in the funds because they do not directly affect net expendable available financial resources.

Funds of the Town of Kentwood are classified into two categories: governmental and proprietary. In turn, each category is divided into separate fund types. The fund classifications and a description of each fund type follows:

#### **Governmental Funds**

Governmental funds are used to account for all or most of the municipality's general activities, including the collection and disbursement of specific or legally restricted monies, and the acquisition or construction of general fixed assets. Governmental funds include:

- 1. General fund the general operating fund of the municipality and accounts for all financial resources, except those required to be accounted for in other funds.
- 2. Special revenue funds account for the proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes.

#### **Proprietary Fund**

Proprietary funds are used to account for activities similar to those found in the private sector, where the determination of net income is necessary or useful to sound financial administration. Proprietary funds differ from governmental in that their focus is on income measurement, which, together with the maintenance of equity, is an important financial indicator. The proprietary fund is:

Enterprise fund - accounts for operations (a) where the intent of the governing body is that the cost (expenses, including depreciation) of providing goods and services to the general public on a continuing basis be financed or recovered primarily through user charges, or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

#### D. Basis of Accounting

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental funds are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. Operating statements of these funds present increases and decreases in net current assets. The modified accrual basis of accounting is used by all governmental funds. The governmental funds use the following practices in recording revenues and expenditures:

#### Revenues

Governmental funds utilize the modified accrual basis of accounting. Under this method, revenues are recognized in the accounting period in which they become both available and measurable. Licenses and permits, charges for services, fines and forfeits, and miscellaneous revenues are recorded as revenues when received in cash. General property taxes, self-assessed taxes, and investment earnings are recorded when earned (when they are measurable and available).

#### Expenditures

Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable, except expenditures for debt service and other long-term obligations which are recognized when paid.

#### Other Financing Sources (Uses)

Transfers between funds that are not expected to be repaid are accounted for as other financing sources (uses). The transfers are recorded at the time the money is transferred.

The proprietary fund is accounted for on a flow of economic resources measurement focus and a determination of net income and capital maintenance. With this measurement focus, all assets and all liabilities associated with the operation of this fund are included on the balance sheet. The proprietary fund uses the accrual basis of accounting. Revenues are recognized when they are earned, and its expenses are recognized when they are incurred.

#### E. Budgets and Budgetary Accounting

The Town of Kentwood follows these procedures and those required by the Local Budget Act No. 504 of the 1980 Legislature and its amendments in establishing the budgetary data reflected in these financial statements.

- 1. The Mayor and Town Clerk prepare a proposed budget and submit same to the Board of Aldermen no later than fifteen days prior to the beginning of each fiscal year.
- 2. A summary of the proposed budget is published and the public notified that the proposed budget is available for public inspection. At the same time, a public hearing is called.
- 3. A public hearing is held on the proposed budget at least ten days after publication of the call for the hearing.
- 4. After the holding of the public hearing and completion of all action necessary to finalize and implement the budget, the budget is adopted through passage of an ordinance prior to the commencement of the fiscal year for which the budget is being adopted.
- 5. Budgetary amendments involving the transfer of funds from one department, program or function to another or involving the increase in expenditures resulting from revenues exceeding amounts estimated require the approval of the Board of Aldermen.

- 6. All budgetary appropriations lapse at the end of each fiscal year.
- 7. Budgets for the General, Special Revenue, and Enterprise Funds are adopted on a basis consistent with generally accepted accounting principles (GAAP). Budgeted amounts are as originally adopted, or as amended from time to time by the Board of Aldermen.

#### F. Encumbrances

The Town of Kentwood does not use encumbrance accounting.

#### G. Cash and Cash Equivalents

Cash includes amounts in demand deposits, interest-bearing demand deposits, and time deposits. Cash equivalents include amounts in time deposits and those investments with original maturities of 90 days or less. Under state law, the Town of Kentwood may deposit funds in demand deposits, interest-bearing demand deposits, or time deposits with state banks organized under Louisiana law or any other state of the United States, or under the laws of the United States.

#### H. Short-term Interfund Receivables/Payables

During the course of operations, numerous transactions occur between individual funds for goods or services rendered. These receivables and payables are classified as due from other funds or due to other funds on the balance sheet. Short-term interfund loans are classified as interfund receivables/payables.

#### I. Advances to Other Funds

Noncurrent portions of long-term interfund loan receivables are reported as advances and are offset equally by a fund balance reserve account, which indicates that they do not constitute expendable available financial resources and, therefore, are not available for appropriations. The Town of Kentwood does not have any of these type advances.

#### J. Inventories

Purchase of various operating supplies are regarded as expenditures at the time purchased, and inventories of such supplies (if any) are not recorded as assets at the close of the fiscal year.

Inventory in the proprietary fund consists of natural gas reserves purchased and is recorded as an expense when consumed. The inventory is valued at the lower of cost (first-in, first-out) or market.

#### K. Prepaid Items

The Town of Kentwood does not have any prepaid items.

#### L. Restricted Assets

Certain proceeds of Enterprise Fund revenue bonds, as well as certain resources set aside for their repayment, are classified as restricted assets in the balance sheet because their use is limited by applicable bond covenants.

#### M. Fixed Assets

Fixed assets of governmental funds are recorded as expenditures at the time purchased or constructed, and the related assets are capitalized (reported) in the general fixed assets account group. Public domain or infrastructures are not capitalized. Interest costs incurred during construction are capitalized. No depreciation has been provided on general fixed assets. All assets are stated at cost. Where cost could not be determined from the available records, estimated historical cost was used to record the estimated value of the assets. Assets acquired by gift or bequest are recorded at their fair market value at the date of transfer.

Fixed assets used in the proprietary fund are included on the balance sheet of the funds. Depreciation of exhaustible fixed assets used by the proprietary fund is charged as an expense against operations, and accumulated depreciation is reported on the proprietary fund's balance sheet. Depreciation has been provided over the estimated useful lives using the straight-line method of depreciation.

#### N. Compensated Absences (Annual Vacation and Sick Leave)

The Town of Kentwood has the following policy related to annual vacation and sick leave:

All regular employees, after one year of employment, are entitled to the following annual vacation and sick leave:

All regular employees, except police with less than three years, earn:

Annual leave - ½ day per month

Sick leave - 1 day per month

Police with less than six years earn:

Annual leave - 2 weeks per year Sick leave - 1 day per month

All regular employees, except police with three years, but less than ten years carn:

Annual leave - 3/4 day per month
Sick leave - 1 day per month

Police after six years earn:

Annual leave - 3 weeks per year Sick leave - 1 day per month

All regular employees except police with ten years or more earn:

Annual leave - 1 day per month
Sick leave - 1 day per month

All regular employees are allowed to accumulate up to thirty (30) days of unused annual leave and an unlimited amount of unused sick leave.

When workmen's compensation is due an employee, that employee has the option of using accrued annual vacation and sick leave while drawing workmen's compensation, but must reimburse the town all workmen's compensation benefits received.

A law officer disabled while performing duty of hazardous nature may be granted a leave of absence by the Town with full pay during the period of disability, provided all workmen's compensation benefits are reimbursed to the town.

As of December 31, 1998, the General Fund reported accrued annual vacation leave of \$15,621. The Enterprise Fund for the same period reported accrued vacation leave of \$6,475.

In accordance with Financial Accounting Standards Board (FASB) Statement Number 43, no liability has been accrued for unused sick leave.

#### O. Long-term Obligations

Long-term obligations of the Town of Kentwood expected to be financed from governmental funds are reported in the general long-term obligations account group. Expenditures for principal and interest payments for long-term obligations are recognized in the governmental fund when due. Long-term obligations expected to financed from propriety fund operations are accounted for in those funds.

#### P. Fund Equity

#### Contributed Capital

Contributed capital is recorded in proprietary funds that have received capital grants or contributions from developers, customers, or other funds when such resources are restricted for the acquisition of or construction of capital assets. Contributed capital is amortized based on the depreciation recognized in that portion of the assets acquired or constructed from such resources.

#### Reserves

Reserves represent those portions of fund equity not appropriable for expenditure or legally segregated for a specific future use.

#### Designated fund balance

Designated fund balances represent tentative plans for future use of financial resources.

#### Q. Interfund Transactions

Quasi-external transactions are accounted for as revenues, expenditures, or expenses. Transactions that constitute reimbursement to a fund for expenditures/expenses initially made from it that are properly applicable to another fund are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed.

All other interfund transactions, except quasi-external transactions and reimbursements, are reported as transfers. Nonrecurring or non-routine permanent transfers of equity are reported as residual equity transfers. All other interfund transfers of the Town of Kentwood are reported as operating transfers.

#### R. Bad Debts

The Town of Kentwood does not have an allowance for uncollectible ad valorem taxes because the amounts, if any, are immaterial. Uncollectible amounts due for customers' utility receivables are recognized as bad debts through the direct write-off method. An allowance account of \$600 was set up in prior years to allow for the uncollectibility of certain receivables.

#### S. Total Columns on Combined Statements

Total Columns on the combined statements are captioned "Memorandum Only" to indicate that they are presented only to facilitate financial analysis. Data in these columns do not represent financial position, results of operations, or changes in financial position in conformity with generally accepted accounting principles. Interfund transactions have not been eliminated from the total column of each financial statement.

#### 2. Cash and Cash Equivalents

At December 31, 1998, the Town has cash and cash equivalents (book balances) totaling \$1,476,940, as follows:

| Demand deposits                 | \$ 114,051   |
|---------------------------------|--------------|
| Interest-bearing demand deposit | 1,104,954    |
| Time deposits                   | 257,935      |
| Total                           | \$ 1,476,940 |

These deposits are stated at cost, which approximates market. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties.

At December 31, 1998, the Town has \$1,485,164 in deposits (collected bank balances). These deposits are secured from risk by \$616,834 of federal deposit insurance and \$868,330 of pledged securities held by the custodial bank in the name of the fiscal agent bank (GASB Category 3).

Even though the pledged securities are considered uncollateralized (Category 3) under the provisions of GASB Statement 3, Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the Town that the fiscal agent has failed to pay deposited funds upon demand.

#### (3) Taxes

For the year ended December 31, 1998 taxes were levied as follows:

On December 14, 1970, the Town of Kentwood was authorized to levy a one percent (1%) sales and use tax. The proceeds of this one percent (1%) sales and use tax levied by the Town are for general corporate purposes. On June 14, 1984, the Town amended the provisions of this one percent (1%) sales and use tax as to the definitions, goods and services taxable, exemptions, penalties, interest, fines, etc.

In an election held April 7, 1984, the Town was authorized to levy and collect an additional tax of one percent (1%) in addition to a sales and use tax now levied and collected in the Town upon the sale at retail, the use, the lease or rental, the consumption, and storage for use or consumption, of tangible personal property and on sales of services in the Town, all as presently defined, in LRS - 47:317, inclusive for a period of twenty (20) years from date of the first levy of said tax, with the proceeds of the tax (after paying reasonable and necessary costs and expenses of collecting and administering tax) to be used for the following purposes: not to exceed fifty percent (50%) of the proceeds for the constructing, acquiring, improving, maintaining and operating solid waste collection and disposal facilities; the remainder of the proceeds for the purpose of paying policemen's and other Town employees salaries and other general operating costs of the Town; constructing and acquiring additions, extensions and improvements to the sewerage collection, disposal and treatment plant and system, the waterworks plant and system; and the natural gas system; constructing, paving, resurfacing and improving streets, sidewalks, roads, bridges, alleys, drains and drainage canals, and acquiring necessary equipment for the maintenance thereof; acquiring fire protection and public safety equipment and facilities; constructing and improving public buildings, jails, public parks, and recreation facilities, including the necessary equipment and furnishings thereof; title to said improvements shall be in the public. The additional one percent (1%) sales and use tax was levied effective July, 1984.

Sales and use taxes collected for year ended December 31, 1998, was \$513,439.

Ad valorem taxes attach as an enforceable lien on property as of January 1 of each year. Taxes were levied by the Town on May 1, 1998, and actually billed to the taxpayers in November, 1998. Billed taxes were delinquent on January 1, 1999. Revenues from ad valorem taxes are budgeted in the year billed.

The Town of Kentwood bills and collects its own property taxes, using the assessed value determined by the tax assessor of Tangipahoa Parish, Louisiana.

For the year ended December 31, 1998, taxes of 6.40 mills were levied on property with assessed valuations totaling \$6,945,020 and were dedicated as follows:

|                            |       | FYE       |
|----------------------------|-------|-----------|
|                            | Mills | 12/31/98  |

#### (10) Flow of Funds, Restrictions on Use 1992 RUS Sewer Revenue Bonds

The governing authority of the Town adopted a resolution on June 18, 1991, authorizing issuance of \$910,000 of Sewer Revenue Bonds. On June 1, 1992, the Town sold the \$910,000 authorized bonds to USDA Rural Development (RUS). The bonds were issued for forty (40) years payable with interest at the rate of five percent (5%) per annum. The bonds and any installment may be paid prior to the due date and maturity thereof at a price of par and accrued interest to the date of prepayment. The proceeds of the bonds are restricted and are subject to the provisions of the above resolution adopted June 18, 1991. As of December 31, 1993, USDA Rural Development had advanced all of the bond proceeds to the Town.

Under the terms of the bond proceeds to the Town, the bonds are payable as to principal and interest solely from the income and revenues derived from the operation of the utility system of the Town after provision has been made for payment of the reasonable and necessary expenses of administering, operating and maintaining of the system. The bonds do not constitute an indebtedness or pledge of the general credit of the Town within the meaning of any constitutional or statutory limitation of indebtedness.

The Town has established monthly sewer service charges as follows:

| Residential | \$ 16 |
|-------------|-------|
| Commercial  | \$ 32 |
| Schools     | \$200 |

Each month there will be set aside into a fund called "Bond and Interest Sinking (Redemption) Fund" a sum equal to one-twelfth (1/12) of the interest due on the next interest payment due and, in addition, a sum equal to one-twelfth (1/12) of the next principal payment due, together with such proportionate sum as may be required as the same respectfully become due on such date. Money in the sinking funds shall be deposited as trust funds and shall be fully sufficient to assure the prompt payment of principal and interest installments as they become due, and may be used only for such payments. Alternately, RUS has set up a payment schedule of \$4,432 per month whereby the Town makes payments directly to its office. This climinates the need of the "Bond and Interest Sinking Fund".

There shall also be set aside into "Utility System Revenue Bond Reserve Fund" a sum equal to 5% of the monthly bond payment after the construction becomes revenue producing until there is accumulated therein an amount equal to the highest annual debt service payment in any future year. Such amounts may be used only for the payment of maturing bonds and interest coupons for which sufficient funds are not on deposit in the Bond and Interest Sinking Fund as to which there would otherwise be default. As of December 31, 1998, the Town has accumulated \$17,991 in this account.

Funds will also be set into a "Depreciation and Contingency Fund" after completion of the project at the rate of \$250 per month. Money in this fund will be used for the making of extraordinary repairs or replacements to the system which are necessary to keep the system in operating condition, enhance its revenue producing capacity or provide for a higher degree of service for which money is not available as a maintenance and operation expense. Money in this fund may also be used to pay principal and interest on the bonds falling due at any time there is not sufficient money for payments in the other bond funds. As of December 31, 1998, the "Depreciation and Contingency Fund" reserve had a balance of \$20,634.

All the revenues received in any fiscal year and not required to be paid in such fiscal year into any of the noted funds shall be regarded as surplus and may be used for any lawful corporate purpose.

#### (12) Kentwood Volunteer Fire Department - Revenues

2% Fire Insurance Tax

The Town maintains an active certified volunteer fire department as defined by Louisiana R.S. 22:1580 and is eligible and receives a pro-rata share of the fire insurance tax collected by the state. The amounts received by the fire department are based on the population in the Town and unincorporated area that it serves. In accordance with the Revised Statutes, such money shall be used only for the purpose of "rendering more efficient and efficacious" the active volunteer fire department as the Town shall direct.

Maintenance Allowance From Rural Fire District #2 of Tangipahoa Parish

The fire department receives a quarterly allowance from the Tangipahoa Parish Council funded through a property tax millage on assessed property located outside the incorporated area of the Town but within the service area of the Kentwood Volunteer Fire Department. These funds are to be used to help maintain equipment and supplies of the department.

The activity of this department is reported in the Special Revenue Funds section of this financial report.

#### (13) Kentwood Municipal Building

On September 15, 1998, the Town of Kentwood signed a lease, with an option to sell, with a boat manufacturer for a term of three years commencing September 15, 1998, and terminating September 14, 2001, with an option to extend the lease for six successive, separate and additional periods of five years each. The rental price for the first term of the lease was \$2,170 per month. The company agreed to maintain and to pay premiums for liability insurance with a minimum combined single limit for bodily injury and property damage of not less than \$500,000 with the Town of Kentwood named as an additional insured under this policy. The company also agreed to maintain and pay premiums for fire and casualty insurance for the benefit of the Town of Kentwood in the amount of not less than \$500,000.

#### (14) HUD Section 8 Housing Assistance Payment Program

On November 1, 1978, the Town of Kentwood, acting as the Public Housing Agency (PHA) passed a resolution authorizing execution of an annual contributions contract under the Section 8 Housing Assistance Payments Program with the U.S. Department of Housing and Urban Development.

For the fiscal year ended December 31, 1998, the Town's PHA was authorized for fifty-five (55) housing units with a maximum HUD contribution of \$183,645. Only \$120,423 was required.

The Housing Assistance Payments Program provides rental subsidies for qualified low and very low income families who reside within the Town's corporate limits. The Town's Public Housing Agency administers the program.

The HUD Section 8 Housing Assistance Payments Program is reported in the Special Revenue Fund section of this financial report.

#### (15) Pension Plan

Substantially all employees of the Town of Kentwood are members of the following statewide retirement Municipal employees Retirement System of Louisiana, Municipal Police Employees Retirement System of Louisiana, or Firefighters Retirement System of Louisiana. These systems are cost-sharing, multiple-employer defined benefit plans administered by separate boards of trustees. Pertinent information relative to each plan follows:

#### A. Municipal Employees Retirement System of Louisiana(System)

Plan Description. The System is composed of two distinct plans, Plan A and Plan B, with separate assets and benefit provisions. All employees of the municipality are members of Plan B.

All permanent employees working at least 35 hours per week who are not covered by another pension plan and are paid wholly or in part from municipal funds and all elected municipal officials are eligible to participate in the System. Under Plan B, employees who retire at or after age 60 with at least 10 years of creditable service or at or after age 55 with at least 30 years of creditable service are entitled to a retirement benefit, payable monthly for life, equal to 2 per cent of their final-average monthly salary for each year of creditable service. Furthermore, employees with at least 10 years of creditable service, but less than 30 years, may take early retirement benefits commencing at or after age 60, with the basic benefit reduced 3 percent for each year retirement precedes age 60, unless he has at least 30 years of creditable service. In any case, monthly retirement benefits paid under Plan B cannot exceed 100 per cent of final-average salary. Final average salary is the employee's average salary over 36 consecutive or joined months that produce the highest average. Employees who terminate with at least the amount of creditable service stated above, and do not withdraw their employee contributions, may retire at the ages specified above and receive the benefit accrued to their date of termination. The System also provides death and disability benefits. Benefits are established or amended by state statute.

The System issues an annual publicly available financial report that includes financial statements and required supplemental information for the System. That report may be obtained by writing to the Municipal Employees Retirement System of Louisiana, 7937 Office Park Boulevard, Baton Rouge, Louisiana 70809, or by calling (504) 925-4810.

Funding Policy. Under Plan B, members are required by state statute to contribute 5.0 percent of their annual covered salary and the Town is required to contribute at an actuarially determined rate. The current rate is 2.75 percent of annual covered payroll. Contributions to the System include one-fourth of one percent of the taxes shown to be collectible by the tax rolls of each municipality, except Orleans and East Baton Rouge Parishes. These tax dollars are divided between Plan A and Plan B based proportionately on the salaries of the active members of each plan. The contribution requirements of plan members and the Town are established and may be amended by state statute. As provided by Louisiana Revised Statute 11:103, the employer contributions are determined by actuarial valuation and are subject to change each year based on the results of the valuation for the prior fiscal year. The Town's contributions to the System under Plan B for the years ended December 31, 1998, 1997, and 1996 were \$6,379, \$5,544 and \$6,087, respectively, equal to the required contributions for each year.

#### B. Municipal Police Employees Retirement System of Louisiana (System)

Plan Description. All full-time police department employees engaged in law enforcement are required to participate in the System. Employees who retire at or after age 50 with at least 20 years of creditable service or at or after age 55 with at least 12 years of creditable service are entitled to a retirement benefit, payable monthly for life, equal to 3 1/3 per cent of their final-average salary for each year of creditable service. Final-average salary is the employee's average salary over the 36 consecutive or joined months that produce the highest average. Employees who terminate with at least the amount of creditable service stated above, and do not withdraw their employee contributions, may retire at the ages specified previously and receive the benefit accrued to their date of termination. The System also provides death and disability benefits. Benefits are established by state statute.

The System issues an annual publicly available financial report that includes financial statements and required supplemental information for the System. That report may be obtained by writing to the Municipal Police Employees Retirement System of Louisiana, 8401 United Plaza Boulevard, Baton Rouge, Louisiana 70809-2250, or by calling (504) 929-7411.

Funding Policy. Plan members are required by state statute to contribute 7.5 percent of their annual covered salary and the Town is required to contribute at an actuarially determined rate. The current rate is 9.0 percent of annual covered salary. The contribution requirements of plan members and the Town are established and may be amended by state statute. As provided by Louisiana Revised Statute 11:103, the employer contributions are determined by actuarial valuation and are subject to change each year based on the results of the valuation for the prior year. The Town's contributions to the System for the years ending December 31, 1998, 1997, and 1996, were \$7,602, \$7,957 and \$5,612, respectively, equal to the required contributions for each year.

#### C. Firefighters Retirement System of Louisiana

Plan Description. Membership in the Louisiana Firefighters Retirement System is mandatory for all full-time firefighters employed by a municipality, parish, or fire protection district that did not enact an ordinance before January 1, 1980, exempting itself from participation in the System. Employees are eligible to retire at age 55 with at least 12 years of creditable service or at or after age 50 with at least 20 years of creditable service. Upon retirement, members are entitled to a retirement benefit, payable monthly for life, equal to 3 1/3 per cent of their final-average salary for each year of creditable service, not to exceed 100 per cent of their final-average salary. Final-average salary is the employee's average salary over 36 consecutive or joined months that produce the highest average. Employees who terminate with at least 12 years of service and do not withdraw their employee contributions may retire at or after age 55 (or at or after age 50 with at least 20 years of creditable service at termination) and receive the benefit accrued to their date of termination. The System also provides death and disability benefits. Benefits are established by state statute.

The System issues an annual publicly available financial report that includes financial statements and required supplemental information for the System. That report may be obtained by writing to the Firefighters' Retirement System Post Office Box 94095, Baton Rouge, Louisiana 70804, or by calling (504) 925-4060.

Funding Policy. Plan members are required by state statute to contribute 8.0 percent of their annual covered salary and the Town is required to contribute at an actuarially determined rate. The current rate is 9.0 percent of annual covered salary. The contribution requirements of plan members and the Town are established and may be amended by state statute. As provided by Louisiana Revised Statute 11:103, the employer contributions are determined by actuarial valuation and are subject to change each year based on the results of the valuation for the prior year. The Town's contributions to the System for the years ending December 31, 1998, 1997, and 1996, were \$1,536, \$1,533, and \$1,451, respectively, equal to the required contributions for each year.

#### (16) Contingency

On March 6, 1992, a corporation, engaged to sandblast and paint a water tank, filed suits against the Town and its engineer for damages as a result of discontinuance of the project. Once the repair work began, it was discovered that the tank was structurally unsound. Based on these discoveries, the Town ordered the work and contract terminated. The corporation in its suit sought damages for losses it claims to have suffered from being unable to complete its awarded contract. In May 1995, a 19th Judicial District Judge rendered a judgement against the Town for the remaining contract balance of \$34,021, with interest and all costs. No liability for this judgement has been recorded in the Town's financial statements, since no appropriation to fund the judgement has been made.

#### (17) Litigation

There is no outstanding litigation as of December 31, 1998.

#### (18) Construction Commitment

On December 19, 1996, the Town was chosen as a recipient of water improvements funds under FY 1996 Louisiana Community Development Block Grant (LCDBG) Program. The Office of Community Development within the Division of Administration awarded a grant of \$599,700 for the project. As of December 31, 1998, the Town has completed the LCDBG Program.

#### (19) Year 2000 Issue

The year 2000 issue is the result of shortcomings in many electronic data processing systems and other electronic equipment that may adversely affect the Town of Kentwood's operations as early as fiscal year 1999.

The Town of Kentwood has performed a preliminary inventory of computer systems and other electronic equipment that may be affected by the year 2000 issue, and has taken significant action to achieve year 2000 compliance. The Town has ordered the hardware and operating system components and software to achieve year 2000 compliance, and is in the process of implementation and testing. For accounting programs, software vendors are scheduled to be on-site at the end of July, 1999, to install final year 2000 modifications and to upgrade from "DOS" to a windows operating system. For the utility billing program, the software vendor has provided year 2000 updates, and the Town anticipates upgrading this program from "DOS" to windows before fiscal year end. In addition it is noted that for the utility system, year 2000 compliance may be affected by the operation of electrical components within utility plants.

Because of the unprecedented nature of the year 2000 issue, its effect and the success of related remediation efforts will not be fully determinable until the year 2000 and thereafter. Management cannot assure that the Town of Kentwood will be year 2000 ready, the council's remediation efforts will be successful in whole or in part, or that parties with whom the council does business will be year 2000 ready.

#### (20) Subsequent Events

On April 16, 1999, the Town was chosen as a recipient of sewer improvement funds under the FY 1999 Louisiana Community Development Block Grant (LCDBG) Program. The Office of Community Development within the Division of Administration has recommended a grant award of \$628,793 for the project.

#### Corrective Action Plan for Current Year Audit Findings For the Year Ended December 31, 1998

#### Section I - Internal Control and Compliance Material to the Financial Statements:

Reference Number: 98-C1

#### Description of Finding:

It was noted within Footnote 19 (Year 2000 Issue) of the *Notes to the Financial Statements*, that the Town of Kentwood has performed a preliminary inventory of computer systems and other electronic equipment that may be affected by the year 2000 issue, and that significant action has been taken to achieve year 2000 compliance. This action consists of inventory of existing hardware and operating systems for required year 2000 changes, with implementation of the proposed changes currently in progress. For accounting programs, software vendors are scheduled to be on-site at the end of July, 1999, to install final year 2000 modifications and to upgrade from "DOS" to a windows operating system. For the utility billing program, the software vendor has provided year 2000 updates, and the Town anticipates upgrading this program from "DOS" to windows before fiscal year end. In addition it is noted that for the utility system, year 2000 compliance may be affected by the operation of electrical components within utility plants.

We recommend that the Town of Kentwood continue efforts to achieve year 2000 compliance, implementing any updates to accounting and utility billing programs as soon as possible, in order to allow adequate time for validation and testing.

#### Corrective Action Planned:

We will continue our efforts to achieve year 2000 compliance, and will, to the extent possible, implement the remaining changes in a timely manner to allow time for validation and testing of year 2000 system changes.

#### **Anticipated Completion Date:**

Year 2000 compliance actions are currently in progress and will continue through the end of the year 1999.

### REPORT ON COMPLIANCE AND ON INTERNAL CONTROL STRUCTURE OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Honorable Mayor, Bobby Gill and Members of the Board of Aldermen Town of Kentwood, Louisiana

We have audited the financial statements of the Town of Kentwood, Louisiana, as of and for the year ended December 31, 1998, and have issued our report thereon dated June 18, 1999, which was qualified because insufficient audit evidence exists to support the Town of Kentwood, Louisiana's disclosure with respect to the year 2000 issue. Except as discussed in the preceding sentence, we conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

#### Compliance

As part of obtaining reasonable assurance about whether the Town of Kentwood, Louisiana's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed one instance of noncompliance that is required to be reported under *Governmental Auditing Standards* which is described in the accompanying schedule of Corrective Action Plan for Current Year Audit Findings as item 98-C1.

#### Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Town of Kentwood's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

### REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

The Honorable Mayor, Bobby Gill and Members of the Board of Aldermen Town of Kentwood, Louisiana

#### Compliance

We have audited the compliance of the Town of Kentwood, Louisiana with the types of compliance requirements described in the U. S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to each of its major federal programs for the year ended December 31, 1998. The Town of Kentwood, Louisiana's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the Town of Kentwood, Louisiana's management. Our responsibility is to express an opinion on the Town of Kentwood, Louisiana's compliance based on our audit.

We conducted our audit of compliance in accordance with generally accepted auditing standards; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Town of Kentwood, Louisiana's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Town of Kentwood, Louisiana's compliance with those requirements.

In our opinion, the Town of Kentwood, Louisiana complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended December 31, 1998.

#### Internal Control Over Compliance

The management of the Town of Kentwood, Louisiana is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the Town of Kentwood, Louisiana's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended for the information of management, the Legislative Auditor, and the Federal Cognizant Agencies. This restriction is not intended to limit the distribution of this report, which is a matter of public record.
