NOTES TO FINANCIAL STATEMENTS

For the year ended December 31, 1998

(See Accountant's Compilation Report)

The Lafourche Parish Council adopted an ordinance creating Fire Protection District No. 6 constituting a political subdivision of the State of Louisiana having the authority to incur debt, issue bonds and to levy taxes. The District is under the direction of 5 commissioners.

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting and reporting policies of the Lafourche Fire District Number 6 (the District) conform to generally accepted accounting principles as applicable to governments.

The following is a summary of certain significant accounting policies:

a. <u>Reporting Entity</u>

The District is a component unit of the Lafourche Parish Council.

b. <u>Fund Accounting</u>

The district uses funds and account groups to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

A fund is a separate accounting entity with a selfbalancing set of accounts. An account group, on the other hand, is a financial reporting device designed to provide accountability for certain assets and liabilities that are not recorded in the funds because they do not directly affect net expendable available financial resources.

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

b. <u>Fund Accounting</u> (Continued)

<u>Governmental Funds</u>

Governmental Funds are those through which the governmental functions of the District are financed. The acquisition, use and balances of the District's expendable financial resources and the related liabilities are accounted for through Governmental Funds. The measurement focus is upon determination of changes in financial

position, rather than upon net income determination. The following is the Governmental Fund of the District:

<u>General Fund</u> - The General Fund is the general operating fund of the District. It is used to account for all financial resources except those that are required to accounted for in another fund.

c. <u>Basis of Accounting</u>

Basis of accounting refers to <u>when</u> revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the <u>timing</u> of the measurements made, regardless of the measurement focus applied.

All Governmental Funds are accounted for using the modified accrual basis of accounting. Their revenues are recognized when they become measurable and available as net current assets. Ad valorem taxes are considered "measurable" at the time of levy. Miscellaneous revenues are recorded as revenues when received in cash by the District because they are generally not measurable until actually received.

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred.

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

d. <u>Operating Budgetary Data</u>

\_ \_ \_ \_ \_ \_ \_ \_ \_ \_ \_ .

Budgets are adopted on a basis consistent with generally accepted accounting principles. An annual appropriated budget is adopted for the general fund and lapse at year end. The budget is amended by supplemental appropriations as needed to comply with state law.

e. <u>Bad Debts</u>

The financial statements for the District contain no allowance for bad debts. Uncollectible amounts due for ad valorem taxes and other receivables are recognized as bad debts at the time information becomes available which would indicate the uncollectibility of the particular receivable. These amounts are not considered to be material in relation to the financial position or operation of the Fund.

f. <u>Encumbrances</u>

Encumbrance accounting, under which purchase orders, contracts and other commitments are recorded in the fund general ledgers, is not utilized by the District.

#### g. <u>Cash and Investments</u>

Cash includes amounts in demand deposits, interest-bearing demand deposits, and money market accounts. Under state law, the district may deposit funds in demand deposits, interest-bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana law and national banks having their principal offices in Louisiana.

Under state law, the district may invest in United States bonds, treasury notes, or certificates. The district has no investments at the end of the fiscal

#### NOTES TO FINANCIAL STATEMENTS

Assessed values are established by the Lafourche Parish Assessor's Office and the State Tax Commission at the percentages of actual value as specified by Louisiana law.

A reevaluation of all property is required to be completed no less than every four years. The last reevaluation was completed for the list of January 1, 1996. Taxes are due and

payable December 31 with interest being charged on payments after January 1. The tax rate for the year ended December 31, 1998 was \$3.85 per \$1,000 of assessed valuation of property within Fire Protection District Number 6 for the purpose of providing fire protection for the District.
