NOTE #1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Gas Utility District No. 1 of East Feliciana Parish was incorporated March 13, 1963, under the provision of Act. R.S. 415 of the Acts of Louisiana for the year 1960. The District operates under a Board of Commissioners form of government to provide natural gas to rural areas.

The accounting and reporting policies of the District conform to generally accepted accounting principles applicable to governments. Such accounting and reporting procedures also conform to the requirement of Louisiana Revised Statutes 24:517 and to Government Auditing Standards and to the industry audit guide, Audits of State and Local Government Units.

The following is a summary of certain significant accounting policies:

A. Fund Accounting

This proprietary fund is a component unit of the East Feliciana Parish Police Jury. A proprietary fund, also known as enterprise fund, is used to account for operations:

- a. That are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charge: or
- b. Where the governing body has decided that the periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

B. Basis of Accounting

Assets, liabilities, retained earnings, revenue, and expenses are recognized on the accrual basis of

NOTE #1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

accounting whereby revenues are recognized when they are earned and expenses are recognized when incurred.

C. Cash and Investments

At December 31, 1998, Gas Utility District has a carrying balance in cash and investments as follows:

	12/31/	<u> 198</u>
Petty cash Demand deposit	\$ 24,3	40 192
Certificates of deposit Total	<u>31,1</u> \$ 55,4	

These deposits are stated at cost, which approximates market. Under state law, these deposits, or the resulting bank balances, must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance should equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. Cash and investments at December 31, 1997, are secured as follows:

	$\frac{12/31/98}{}$
Bank balances	\$ 55,363
Federal deposit insurance	55,363
Balance uninsured	\$ 0

10/01/00

D. Certificates of Deposits

Certificates of deposits are stated at cost plus accumulated interest. Market value approximates the cost basis.

E. Cash Equivalents

For purposes of the statement of cash flows, the Gas Utility District considers all highly liquid debt

NOTE #1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

instruments purchased with a maturity of six months or less to be cash equivalents.

F. Accounts Receivable

Accounts receivable consist of customer receivables for gas use. An allowance is provided for losses on accounts receivable. The allowance is based on management's estimate of unrecoverable customer accounts at December 31, 1998.

G. Fixed Assets

Plant and equipment are stated at cost and do not purport to represent replacement or realizable values. The cost of depreciable property, plant and equipment is charged to earnings over the estimated useful lives of the assets. Expenditures for maintenance and repairs are charged to expenses as incurred; expenditures for renewals and betterments are generally capitalized. When properties are retired or otherwise disposed of, the cost and related accumulated deprecation are removed from the accounts and any resulting gain or loss is recognized in revenue. Depreciation of all depreciable property, plant and equipment is computed using the straight-line method over the following lives:

Building and improvements	15	_	20	years
Furniture and fixtures	3		10	years
Equipment and automotive	3		5	years
Gas systems	10	-	50	years

H. <u>Taxes</u>

The Gas Utility District is exempt from paying federal and state income tax. All local, state and federal payroll taxes are current.

I. <u>Comparative Data</u>

Comparative data for the prior year has been

NOTE #1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (CONTINUED)

presented in the accompanying financial statements to provide an understanding of changes in the System's financial position and operations and is not intended to be a complete financial statement presentation.

INDEPENDENT ACCOUNTANT'S REPORT ON APPLYING AGREED-UPON PROCEDURES

Gas District Number 1 of East Feliciana Parish Wilson, Louisiana

I have performed the procedures included in the Louisiana Government Audit Guide and enumerated below, which were agreed to by the management of Gas District Number 1 of East Feliciana Parish and the Legislative Auditor, State of Louisiana, solely to assist the users in evaluating management's assertions about Gas District Number 1 of East Feliciana Parish's compliance with certain laws and regulations during and for the year ended December 31, 1998, included in the accompanying Louisiana Attestation Questionnaire. This agreed-upon procedures engagement was performed in accordance with standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of the specified users of the report. Consequently, I make no representation regarding the sufficiency of the procedures described below, either for the purpose for which this report has been requested or for any other purpose.

Public Bid Law

1. Select all expenditures made during the year for material and supplies exceeding \$15,000, or public works exceeding \$100,000, and determine whether such purchases were made in accordance with LSA-RS 38:2211-2251 (the public bid law).

There were no items in excess of these amounts.

Code of Ethics for Public Officials and Public Employees

Obtain from management a list of the immediate family members of each board member as defined by LSA-RS-42:1101-1124 (the code of ethics), and a list of outside business interests of all board members and employees, as well as their immediate families.

Gas District No. 1 of East Feliciana Parish February 18, 1999

Management provided me with the required list including the noted information.

3. Obtain from management a listing of all employees paid during the period under examination.

Management provided me with the required list.

Determine whether any of those employees included in the listing obtained from management in agreed-upon procedure (3) were also included on the listing obtained from management in agreed-upon procedure (2) as immediate family members.

None of the employees included on the list of employees provided by management (agreed-upon procedure (3) appeared on the list provided by management in agreed-upon procedure (2).

Budgeting

5. Obtained a copy of the legally adopted budget and all amendments.

A budget is not required for a proprietary fund.

6. Trace the budget adoption and amendments to the minute book.

Not Applicable.

7. Compare the revenues and expenditures of the final budget to actual revenues and expenditures to determine if actual revenues failed to meet budgeted revenues by 5% or more or expenditures exceed budgeted amounts 5% or more.

Not Applicable.

Accounting and Reporting

- 8. Randomly select 6 disbursements made during the period under examination and:
 - a. Trace payments to supporting documentation as to proper amount and payee:

Gas District No. 1 of East Feliciana Parish February 18, 1999

I examined supporting documentation for each of the six selected disbursements and found that payment was for the proper amount and made to the correct payee.

b. Determine if payments were properly coded to the correct fund and general ledger account:

All items selected were properly coded.

c. Determine whether payments received approval from proper authorities:

Inspection of documentation supporting each of the six selected disbursements indicated approvals from the President of the Board of Commissioners. In addition, each of the disbursements were traced to the District's minute book where they were approved by the full commission.

Meetings

9. Examine evidence indicating that agendas for meetings recorded in the minute book were posted or advertised as required by LSA-RS 42:1 through 42:12 (the open meetings law).

Gas Utility District #1 is only required to post a notice of each meeting and the accompanying agenda on the door of the District's office building. Copies of these notices are dated and are retained with the board meeting minutes.

<u>Debt</u>

10. Examine bank deposits for the period under examination and determine whether any such deposits appear to be proceeds of banks loans, bonds, or like indebtedness.

I inspected listings of bank deposits for the period under examination and noted no deposits which appeared to be proceeds of bank loans, bonds, or like indebtedness.

Gas District No. 1 of East Feliciana Parish February 18, 1999

Advances and Bonuses

11. Examine payroll records and minutes for the year to determine whether any payments have been made to employees which may constitute bonuses, advances, or gifts.

> I inspected payroll records for the year and noted no instances which would indicate payments to employees which would constitute bonuses, advances, or gifts.

Prior Comments and Recommendations

12. I reviewed any prior-year suggestions, recommendations and/or comments to determine the extent to which such matters have been resolved.

In the agreed-upon procedures engagement for the year ended December 31, 1997, I reported that one of the board members was also a part-time employee of the District. He resigned as an employee effective October 1997 has only received payment for his board duties since that time.

I was not engaged to, and did not perform an examination, the objective of which would be the expression of an opinion on management's assertions. Accordingly, I do not express such an opinion. Had I performed additional procedures, other matters might have come to my attention that would have been reported to you.

This report is intended solely for the use of Gas District Number 1 of East Feliciana Parish's office and of the Legislative Auditor, State of Louisiana, and should not be used by those who have not agreed to the procedures and taken responsibility for the sufficiency of the procedures for their purposes. However, this report is a matter of public record and its distribution is not limited.
