### INDEPENDENT AUDITORS' REPORT

The Board of Commissioners Gas Utility District No. 1 West Feliciana Parish St. Francisville, Louisiana

We have audited the accompanying general purpose financial statements of

### GAS UTILITY DISTRICT NO. 1 WEST FELICIANA PARISH ST. FRANCISVILLE, LOUISIANA

a component unit of West Feliciana Parish Police Jury, St. Francisville, Louisiana, as of and for the year ended April 30, 1999, as listed in the table of contents. These general purpose financial statements are the responsibility of Gas Utility District No. 1, West Feliciana Parish, St. Francisville, Louisiana's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of Gas Utility District No. 1, West Feliciana Parish, St. Francisville, Louisiana as of April 30, 1999, and the results of its operations and the cash flows for the year then ended in conformity with generally accepted accounting principles.

In accordance with <u>Government Auditing Standards</u>, we have also issued our report dated September 23, 1999 on our consideration of Gas Utility District No. 1, St. Francisville, Louisiana's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations and contracts.

--- -- -----

### DYER & VICKNAIR

(CERTIFIED PUBLIC ACCOUNTANTS)

Our audit was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The financial information referred to as supplemental information in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements of Gas Utility District No. 1, West Feliciana Parish, St. Francisville, Louisiana. Such information, except for that portion marked "unaudited", on which we express no opinion, has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly presented in all material respects in relation to the general purpose financial statements taken as a whole.

St. Francisville, Louisiana September 23, 1999 Ryen & Vicknais

### INTRODUCTION

Gas Utility District No. 1, West Feliciana Parish, St. Francisville, Louisiana was created by the West Feliciana Parish Police Jury under Louisiana Revised Statutes 33:4301-4308. The District is governed by nine commissioners. These nine members are referred to as the Board of Commissioners. The nine commissioners are appointed by the parish governing authority. The District was created to provide natural gas resources to residents within the District.

### Note #1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### A. Basis of Presentation

The accompanying financial statements of Gas Utility District No. 1, West Feliciana Parish, have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

### B. Reporting Entity

As the governing authority of the parish, for reporting purposes, the West Feliciana Parish Police Jury is the financial reporting entity for West Feliciana Parish. The financial reporting entity consists of (a) the primary government (police jury), (b) organization for which the primary government is financially accountable, and (c) other organizations for which nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Governmental Accounting Standards Board No. 14 established criteria for determining which component units should be considered part of West Feliciana Parish Police Jury for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability. This criteria includes:

1. Appointing a voting majority of an organization's governing body, and (a) the ability of the police jury to impose its will on that organization and/or (b) the potential for the organization to provide specific financial benefits to or impose specific financial burdens on the police jury.

- 2. Organizations for which the Police Jury does not appoint a voting majority but are fiscally dependent on the Police Jury.
- 3. Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature of significance of the relationship.

Because the police jury meets criteria (1) above, Gas Utility District No. 1, West Feliciana Parish, St. Francisville, Louisiana is determined to be a component unit of West Feliciana Parish Police Jury, financial reporting entity. The accompanying financial statements present information only on the funds maintained by Gas Utility District No. 1 and do not present information on the Police Jury, the general government services provided by the Police Jury, or the other governmental units that comprise the financial reporting entity.

### C. Fund Accounting

The District is organized and operated on a fund basis whereby a self-balancing set of accounts (Enterprise Fund) is maintained that comprises its assets, liabilities, fund equity, revenues, and expenses. The operations are financed and operated in a manner similar to private business enterprise, where the intent of the governing body is that the cost (expenses, including depreciation) of providing services on a continuing basis be financed or recovered primarily through user charges.

### D. Basis of Accounting

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The enterprise fund is accounted for on a flow of economic resources measurement focus and a determination of net income and capital maintenance. With this measurement focus, all assets and all liabilities associated with the operation of this fund is included on the balance sheet. The enterprise fund uses the accrual basis of accounting. Revenues are recognized when earned and expenses are recorded at the time liabilities are incurred.

### E. Budgets and Budgetary Accounting

A budget is not required by state law and, therefore, is not prepared.

### F. Cash and Cash Equivalents and Investments

Cash includes amounts in interest-bearing demand deposits. For purposes of the statement of cash flows, the District considers all time deposits (including restricted assets) with a maturity of ninety days or less to be cash equivalents. Under state law, the District may deposit funds in demand deposits, interest-bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana law and national banks having their principal offices in Louisiana.

Under Louisiana Revised Statute 33:2955, the District may invest in United States bonds, treasury notes or certificates, or any other federally insured investment, or in mutual and trust fund institutions, which are registered with the Securities and Exchange Commission, and which have underlying investments consisting solely of and limited to securities of the United States government or its agencies. For purposes of the statement of cash flows, the District considers all highly liquid investments (including restricted assets) with a maturity of three months or less to be cash equivalents.

Investments are stated at cost which approximate market value.

### G. Receivables

The direct charge-off method for bad debts is used; therefore, there is no allowance for doubtful accounts as no material write-offs are expected for receivables at the balance sheet date.

All amounts known to be uncollectible have been charged off.

Substantially all amounts presented are expected to be collected within one year.

### H. Prepaid Insurance

Payments made for insurance coverage that will benefit periods beyond April 30, 1999, are recorded as prepaid insurance.

### I. Restricted Assets

Certain proceeds of the revenue bonds, as well as certain resources set aside for their repayment, are classified as restricted assets on the balance sheet because their use is limited by applicable bond covenants. The "revenue bond" account is used to segregate resources accumulated for debt service payments over the next twelve months. The "reserve" account is used to report resources set aside to make up potential future deficiencies in the "revenue bond" account. The "renewal and contingency" account is used to report resources set aside to meet unexpected contingencies or to fund asset renewals and replacements.

### J. Property and equipment

Property and equipment are stated at historical cost.

Depreciation of property and equipment is charged as an expense against operations. Depreciation is computed using the straight-line method over an estimated useful life of 5 to 33 years.

### K. Compensated Absences

Vested or accumulated vacation leave is recorded as a fund liability and operating expense in the year earned.

In accordance with the provisions of Statement of Financial Standard No. 43, Accounting for Compensated Absences, no liability is recorded for nonvesting accumulated rights to receive sick pay benefits nor vacation leave.

### L. Long-Term Liabilities

Long term liabilities are recognized within the Enterprise Fund.

### M. Fund Equity

Contributed capital represents grants or contributions from governmental bodies, developers or customers.

Reserves represent those portions of fund equity not legally segregated for a specified future use.

· · · ----

### Note #2: CASH AND CASH EQUIVALENTS

At April 30, 1999, the carrying amount of deposits is \$94,748. This total is comprised of interest-bearing demand deposits. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties.

At April 30, 1999, the bank balance of the deposits is \$216,037. These deposits are secured from risk by \$139,898 of federal deposit insurance and \$76,139 of pledged securities held by the custodial bank in the name of the fiscal agent bank (GASB Category 3).

Even though the pledged securities are considered uncollaterized (Category 3) under the provisions of GASB Statement 3, Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities with ten days of being notified by the district that the fiscal agent has failed to pay deposited funds upon demand.

### Note #3: INVESTMENTS

Investments at April 30, 1999, are comprised of a mutual fund which invests in United States government securities. These investments are purchased through the fiscal agent and are fully secured by the United States government, Category 1 in applying the credit risk of GASB Codification Section I50:164.

The investments are stated at cost which approximates market.

### Note #4: PROPERTY AND EQUIPMENT

A summary of property and equipment follows:

Distribution system	\$1,746,703
Vehicles	11,347
Furniture and equipment	5,479
	1,763,529
Less: depreciation to date	1,242,264
<u>Net</u>	<u>521,265</u>

Depreciation expense charged to operations is \$56,608 for the year.

### Note #5: BONDS PAYABLE

Bonds payable are comprised of the following issue:

\$1,600,000 Gas Utility District No. 1 Revenue Bonds dated April 8, 1971, for the purpose of constructing and improving a gas utility system for a portion of West Feliciana Parish, due in annual installments of various amounts through May 1, 2000, with interest ranging from 6% to 6.75%.

The annual requirements to amortize all debt outstanding as of April 30, 1999, including interest payments of \$19,744, are as follows:

Year Ending April 30,	Amount
2000	\$ 119,344
2001	165,400
<u>Total</u>	284,744

A summary of changes in bonds payable follows:

Revenue bonds payable, beginning of year \$ 365,000

Revenue bonds retired (100,000)

Revenue bonds payable, end of year \_\_\_\_\_\_265,000

### Note #6: FLOW OF FUNDS: RESTRICTION OF USE

Under the terms of the bond indenture on outstanding Gas Utility District Bonds, certain income and revenues, with the exception of pledged lease rentals, (hereinafter referred to as revenue) derived from the operation of the Gas District is dedicated to the retirement of said bonds, and are to be set aside into the following special accounts:

All of the revenue is to be deposited daily in the "Revenue" account.

On the 20th day of each month, there shall be transferred from the "Revenue" account into an "Operation and Maintenance" account that amount required for the payment of the reasonable and necessary current expenses of operating, maintaining and repairing the system.

From the monies remaining in the "Revenue" account after the transfer into the "Operation and Maintenance" account, there shall next be paid by the 20th day of each month into the "Bond" account such sums, which together with other monies then on deposit in the "Bond" account, will be fully sufficient to pay the interest which will become due on the next succeeding interest payment date on the bonds then outstanding, if any, and the principal of all such bonds which will become due on May 1st.

There shall be deposited into the "Reserve" account on the 20th day of each month, one-half of all money remaining in the "Revenue" account after payments required above have been made. Deposits need not be made into the "Reserve" account if the money on hand equals or exceeds \$140,000. Money in the "Reserve" account shall be used solely for the payment of principal and interest on the bonds. The "Reserve" account has a balance of \$286,726 at April 30, 1999. Therefore, deposits are no longer required.

The next available money in the "Revenue" account after transfers as provided above, shall be deposited monthly on the 20th day of each month into the "Renewal and Contingency" account until there is accumulated and maintained in such account the sum of \$140,000. Money in this fund may be used for repairs, replacements, extensions or improvements to the system. Also, monies on deposit in this account may be transferred to the "Bond" account and "Operation and Maintenance" account in the event monies on deposit in these accounts are insufficient to meet the payments for which they were established.

### Note #7: RETIREMENT COMMITMENTS

All employees of the Gas District have the opportunity to belong to the Parochial Employees' Retirement System of Louisiana (System) a multiple employee, cost-sharing, public employee retirement system, controlled and administered by a separate board of trustees. The System is composed of two distinct plans, Plan A and Plan B, with separate assets and benefit provisions.

During the year, no employees belonged to the System.

All employees of the Gas District are members of the Social Security System.

### Note #8: RELATED PARTY TRANSACTIONS

During the year, the Gas District sold \$16,844 of natural gas to West Feliciana Parish Police Jury.

### Note #9: COMPENSATED ABSENCES

At April 30, 1999, employees of the District have accumulated and vested \$13,288 of employee leave benefits, which was computed in accordance with GASB Codification C60.

### Note #10: LEASES

The Gas District leases to the State of Louisiana a gas transmission line which provides natural gas to the Louisiana State Penitentiary and East Louisiana State Hospital. The lease expires in year 2000. The annual revenue from this lease is \$128,504. These lease rentals are pledged for the payment of the revenue bonds.

The Gas District leases office space on a monthly basis under an operating lease.

### Note #11: MAJOR CUSTOMERS

The Gas District provides natural gas to the East Louisiana State Hospital and the Louisiana State Penitentiary.

During the year, gas sold to the East Louisiana State Hospital and the Louisiana State Penitentiary was \$568,019 and \$727,846, respectively, which represents 38% and 49%, respectively, of the total gas sold.

### Note #12: BOARD OF COMMISSIONERS' COMPENSATION

The Board of Commissioners are paid a per diem of \$50 for attending a board meeting.

The total amount of per diem for the year was \$5,000.

### Note #13: UNMETERED GAS

Under the lease agreement between the State of Louisiana and the District, the State agrees to pay to the District each month the pro rate share of unaccounted for gas losses. Likewise, the District agrees to pay to the State each month the pro rata share of unaccounted for gas gain. During the year, unaccounted for gas gains amounted to \$40,922 and is reflected as a charge against revenues.

### GAS UTILITY DISTRICT NO. 1 WEST FELICIANA PARISH YEAR 2000 ISSUE YEAR ENDED APRIL 30, 1999 (Unaudited)

The year 2000 issue is the result of shortcomings in many electronic data processing systems and other equipment that may adversely affect the Board's operations as early as 1999.

Because of the unprecedented nature of the year 2000 issue, its effects and the success of related remediation efforts will not be fully determinable until the year 2000 and thereafter. The District does not own equipment that will be affected by the year 2000 issue, but management cannot assure that the parties with whom the District does business will be year 2000 ready.

### REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Gas Utility District No. 1 West Feliciana Parish St. Francisville, Louisiana

We have audited the general purpose financial statements of Gas Utility District No. 1, St. Francisville, Louisiana, for the year ended April 30, 1999, and have issued our report thereon dated September 23, 1999. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

### COMPLIANCE

As part of obtaining reasonable assurance about whether Gas Utility District No. 1, St. Francisville, Louisiana's, general purpose financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under Government Auditing Standards.

### INTERNAL CONTROL OVER FINANCIAL REPORTING

In planning and performing our audit, we considered Gas Utility District No. 1, St. Francisville, Louisiana's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the general purpose financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the general purpose financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

### DYER & VICKNAIR

(CERTIFIED PUBLIC ACCOUNTANTS)

There were no comments related to compliance or internal control noted in the audit for the year ended April 30, 1998.

This report is intended for the use of management and the State of Louisiana Legislative Auditor and is not intended to be and should not be used by anyone other than these specified parties. By provision of state law, this report is a public document and it has been distributed to appropriate public officials.

St. Francisville, Louisiana September 23, 1999 Ryer a Miknain
