INDEPENDENT AUDITOR'S REPORT

The Members of the Board of Directors,
Jefferson Council on Aging, Inc.

We have audited the accompanying general-purpose financial statements of Jefferson Council on Aging, Inc. (the Council) as of and for the year ended June 30, 1999 as listed in the table of contents. These general-purpose financial statements are the responsibility of the Council's management. Our responsibility is to express an opinion on these general-purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general-purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the general-purpose financial statements referred to above present fairly, in all material respects, the financial position of Jefferson Council on Aging, Inc. as of June 30, 1999, and the results of its operations for the year then ended in conformity with generally accepted accounting principles.

In accordance with Government Auditing Standards, we have also issued our report dated September 22, 1999 on our consideration of Jefferson Council on Aging, Inc.'s internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants.

The year 2000 supplementary information on page 29 is not a required part of the basic financial statements but is supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and do not express an opinion on it. In addition, we do not provide assurance that Jefferson Council on Aging, Inc. is or will become year 2000 compliant, that Jefferson Council on Aging, Inc.'s year 2000 remediation efforts will be successful in whole or in part, or that parties with which Jefferson Council on Aging, Inc. does business are or will become year 2000 compliant.

Our audit was performed for the purpose of forming an opinion on the general-purpose financial statements of Jefferson Council on Aging, Inc. taken as a whole. The accompanying schedules as listed in the table of contents including the combining and individual fund and account group financial statements and schedule of expenditures of federal awards as required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, are presented for purposes of additional analysis and are not a required part of the general-purpose financial statements of Jefferson Council on Aging, Inc. Such information has been subjected to the auditing procedures applied in the audit of the general-purpose financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the general-purpose financial statements taken as a whole.

Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

In April of 1984, the Financial Accounting Foundation established the Governmental Accounting Standards Board (GASB) to promulgate generally accepted accounting principles and reporting standards with respect to activities and transactions of state and local governmental entities. In November of 1984, the GASB issued a codification of governmental accounting and financial reporting standards. This codification and subsequent GASB pronouncements are recognized as generally accepted accounting principles for state and local governments.

Note 2 - **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

The financial statements of Jefferson Council On Aging, Inc. have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. These statements have also incorporated any applicable requirements set forth by OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations and the industry audit guide issued by the American Institute of Certified Public Accountants. The more significant of the Council's accounting policies are described below.

A. Fund Accounting

The Council uses funds and account groups to report its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions relating to certain governmental functions or activities.

A fund is a separate accounting entity with a self-balancing set of accounts. Funds of the Council are classified as governmental funds. Governmental funds account for the Council's general activities, including the collection and disbursement of specific or legally restricted monies, the acquisition of general fixed assets, and the servicing of general long-term debt. The governmental funds and the programs comprising them as presented in the financial statements are described as follows:

General Fund - The General Fund is the general operating fund of the Council. It is used to account for all financial resources except those required to be accounted for in another fund. These discretionary funds are accounted for and reported according to the source (state or local) from which they are derived.

Special Revenue Funds - Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

The following programs comprise the Council's General Fund:

SHIP - (Senior Health Insurance Information Program) - This fund is used to account for the expenditures associated with the Council's sponsorship of the SHIP.

Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

A. Fund Accounting (Continued)

Fund Raising - This fund is used to account for the fund raising efforts of the Council.

Transportation - These are funds used to operate the transportation program which provides nutrition and social rides to program participants. The deficits incurred in this program are absorbed by the Council's discretionary funds.

Local - Local funds are received from various local sources; such funds not being restricted to any special use. The Council received a local government grant of \$300,000 during the current fiscal year. The grant money reported as intergovernmental revenues was disbursed from the local program to the Town of Jean Lafitte for the construction of their new senior center.

Community Committees - Community Committees funds are the funds of the nine Community Committees on Aging as described in Note 9. These funds are general funds designated for the Community Committees on Aging. These funds were generated by the Community Committees on Aging.

PCOA (Act 735) - PCOA (Act 735) funds are appropriated to the Governor's Office of Elderly Affairs by the Louisiana Legislature for remittance to Jefferson Council on Aging, Inc. The Council may use these "Act 735" funds at its discretion.

The following funds are the funds which comprise the Council's Special Revenue Funds:

JTPA Fund - This Fund is used to account for the payment and reimbursement of expenses incurred in the operation of the Job Training Partnership Act. Included in these expenses are reimbursements of salaries paid by employers for program participants whose salaries are being supplemented by funds provided through this act.

Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Utility Assistance Fund (Helping Hands and Heating Help) - The Utility Assistance Fund is used to account for the administration of programs that are sponsored by local utility companies. The companies collect contributions from service customers and remit the funds to the Louisiana Association of Councils on Aging (LACOA) which in turn remits funds relating to Jefferson Parish to the Council so that it can provide assistance to the elderly and disabled for the payment of their utility bills.

Miscellaneous Programs - The Miscellaneous Programs Fund is used to account for the administration and expenditure of funds provided by the State of Louisiana to the Louisiana Governor's Office of Elderly Affairs, which "passes through" the funds to the Council. For the year ended June 30, 1999, these funds included \$205,000 for the construction of a senior center facility, \$103,500 for Title III C-2 home delivered meals and \$71,266 for senior center funding. C. Basis of Accounting

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The governmental funds are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. Operating statements of these funds present increases and decreases in net current assets.

Governmental funds are maintained on the modified accrual basis of accounting wherein revenues are recognized in the accounting period in which they become available and measurable. Expenditures are recognized in the accounting period in which the liability is incurred, if measurable.

D. Combination

The combined financial statements include the accounts of Jefferson Council on Aging, Inc. and the nine Community Committees on Aging within Jefferson Parish. See Note 9.

E. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

F. Accounts Receivable

The financial statements for the Council contain no allowance for bad debts. Uncollectible receivables are recognized as bad debts at the time information becomes available which would indicate uncollectibility of the particular receivable. These amounts are not considered to be material in relation to the financial position of the Council.

G. Investments

Investments are stated at fair value as established by open market. Investments during the year consisted of the following:

Federal National Mortgage Association (FNMA) Notes
Federal Home Loan Bank Notes

H. General Fixed Assets

Fixed assets used in governmental fund type operations (general fixed assets) are accounted for in the General Fixed Assets Account Group and are recorded as expenditures in the governmental fund types when purchased. The basis of valuation for assets acquired prior to July 1, 1980 consist of \$27,466 at an estimated value. Assets acquired after June 30, 1980 are maintained on a basis of original cost except for donated assets which are recorded at estimated market value on the date of donation. No depreciation is computed or recorded thereon.

I. Transfers and Interfund Loans

Advances between funds which are not expected to be repaid are accounted for as transfers. In those cases where repayment is expected, the advances are accounted for through the various "due from" and "due to" accounts. The Council has not eliminated "due from" and "due to" balances on its June 30, 1999 financial statements.

Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

J. Funding Policies

The Council receives its monies through various methods of funding. U.S.D.A. cash in-lieu of commodities funds are provided through the Louisiana Governor's Office of Elderly Affairs to help offset raw food costs in Title III C 1 and C 2 programs. This program is funded under the units of service provided method. The Senior Center program and State Allocation (PCOA) funds are received as a monthly allocation of the total budget (grant) in advance of the actual expenditure.

The Title III B, C 1, C 2, and D programs are funded based on actual operating costs incurred.

The Council encourages and receives contributions from clients to help offset the costs of the Title III B, C 1, C 2, and D programs. Jefferson Parish Council and other local governments also provided funds to the Council. JTPA funds were provided to reimburse the Council for payroll expenses incurred by employers participating in this program. Utility assistance funds are also provided by the Louisiana Association of Councils on Aging to the Council under the Helping Hands and Heating Help programs.

K. Related Party Transactions

There were no related party transactions during the fiscal year.

L. Annual and Sick Leave

For governmental fund types, all of the Council's liability for accumulated unpaid vacation has been recorded in the general fund because the Council expects to liquidate the liability with expendable available resources. The Council's sick leave policy does not provide for the vesting of sick leave.

M. Budget Policy

Budgets for the various programs are prepared by the Council's Administrative Director and approved by the Council's Board of Directors and the grantor of the funds for each respective program. Appropriations from the Governor's Office of Elderly Affairs lapse at year end (June 30). The budget is prepared on a modified

Note 2 - **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

M. Budget Policy (Continued)

accrual basis, consistent with the basis of accounting, for comparability of budgeted and actual revenues and expenditures. Actual amounts are compared to budgeted amounts periodically during the fiscal year as a management control device.

The Council may transfer funds between line items as often as required but must obtain prior approval from the Governor's Office of Elderly Affairs for funds received under contracts from this agency.

Budgeted amounts included in the accompanying financial statements include the original adopted budget amounts and all subsequent amendments.

Budgets for the general funds are prepared by the Controller and are approved by the Council's Board of Directors.

Community Committee revenues and expenditures are not budgeted. In the general-purpose financial statements, the budget for this program was set equal to actual as to not distort variances.

N. Restricted Assets

Restricted assets represent assets which have been primarily acquired through donations whereby the donor has placed a restriction on how the donation can be used by the Council (i.e., utility assistance fund and U.S.D.A Fund). Restricted assets are offset by a corresponding reservation of the Council's fund balance.

O. Comparative Data

Comparative data for the prior year has been presented in the accompanying financial statements to provide an understanding of changes in the Council's financial position and operations. However, presentation of comparative data by fund type has not been presented in each of the statements since their inclusion would make the statements unduly complex and difficult to read. Certain changes have been made to the comparative data for the prior year to conform to the current year presentation.

Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

P. Total Columns of Combined Statements - Overview

Total columns of the combined statements - overview are captioned "memorandum only" to indicate that they are presented only to help with financial analysis. Data in these columns do not present financial position, results of operations, or changes in financial position in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

Note 3 - DEPOSITS AND INVESTMENTS

The Council follows state statutes authorizing investment of excess funds in obligations of the United States, certificates of deposit of state banks organized under laws of Louisiana and National Banks having their principal office in Louisiana or any other federally insured investment.

State statutes also authorize investment in obligations of the U.S. Treasury, agencies, and instrumentalities; commercial paper rated AAA 1, 2, or 3; repurchase agreements; and the State of Louisiana Asset Management Pool.

Bank Deposits:

The Council is a quasi-governmental entity which is not required to comply with Louisiana laws relating to collateralization of cash and investments. The Council, however, obtains collateralization for cash at financial institutions which is in excess of the FDIC insurance. Acceptable collateralization includes FDIC insurance and securities pledged to the political subdivision. Obligations of the United States, the State of Louisiana, and certain political subdivisions are allowed as security for deposits. Obligations furnished as security must be held by political subdivisions, or with an unaffiliated bank, or with a trust company for the account of the political subdivision.

Cash and deposits are categorized into three categories of credit risk.

Category 1 includes deposits covered by federal depository insurance or by collateral held by the Council or its agent in the Council's name.

Note 3 - DEPOSITS AND INVESTMENTS (Continued)

Bank Deposits (Continued)

Category 2 includes deposits covered by collateral held by the pledging financial institution's trust department or its agent in the Council's name.

Category 3 includes deposits covered by collateral held by the pledging financial institution, or its trust department or agent but not in the Council's name. This category also includes deposits which are uninsured or uncollateralized.

At June 30, 1999, cash and certificates of deposit were adequately collateralized by securities held by unaffiliated banks for the account of the depositor.

The year end bank balances of deposits and the carrying amounts as shown on the combined balance sheet are as follows:

	Bank Balances			Book Balance
	Risk Category			
	<u>1</u>	<u>2</u>	<u>3</u>	
Cash	\$158,029	\$ -	\$332,005	\$463,816
Certificates of deposits	<u>239,941</u>	<u>-</u>	<u>-</u>	<u>239,941</u>
Totals	<u>\$397,970</u>	<u>\$ -</u>	<u>\$332,005</u>	<u>\$703,757</u>

The Governmental Accounting Standards Board (GASB), which promulgates the standards for accounting and financial reporting for state and local governments, considered these securities uncollateralized under the provisions of GASB Statement 3. Louisiana Revised Statute 39:1229, however, imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the depositor that the fiscal agent has failed to pay deposited funds upon demand.

Note 3 - DEPOSITS AND INVESTMENTS (Continued)

Investments:

State statutes authorize the Council to invest temporarily idle monies in the following:

1. United States Treasury Bonds,
2. United States Treasury Notes,
3. United States Treasury Bills,
4. Obligations of U.S. Government Agencies, including such instruments as Federal Home Loan Bank bonds, Government National Mortgage Association bonds, or a variety of "Federal Farm Credit" bonds,
5. Fully collateralized certificates of deposits issued by qualified commercial banks and savings and loan associations located within the State of Louisiana,
6. Fully collateralized repurchase agreements,
7. Fully collateralized interest-bearing checking accounts, and
8. Mutual or Trust Fund institutions which are registered with the Securities and Exchange Commission under the Security Act of 1933 and the Investment Act of 1940, and which have underlying investments consisting solely of and limited to securities of the United States Government or its agencies.

The Council's investments are categorized to give an indication of the level of risk assumed by the entity at year end.

Category 1 includes investments that are insured or registered or for which the securities are held by the Council or its agent in the Council's name.

Category 2 includes uninsured and unregistered investments for which the securities are held by the counterparty's trust department or agent in the Council's name.

Category 3 includes uninsured and unregistered investments for which the securities are held by the counterparty or by its trust department or agent, but not in the Council's name, uninsured and unregistered.

Note 3 - DEPOSITS AND INVESTMENTS (Continued)

Note 6 - ADVANCES FROM AND REFUNDS DUE FUNDING AGENCIES

This account represents funds received which have not been earned and distributed for the purposes designated. The gross revenues for the funds have been presented net of these advances. This account at June 30, 1999 consisted of \$11,902 relating to Title V and \$267 relating to Title III D.

Note 7 - FUND BALANCE RESERVED - ENDOWMENT

This represents funds that are subject to restrictions of the donor and/or board of directors requiring in perpetuity that the principal be invested and the income only be used.

Note 8 - FUND BALANCE DESIGNATED - WORKING CAPITAL RESERVE

This represents funds that will be used to phase out programs in the event normal funding is delayed or canceled by either legislative action or policy changes. The funds may be used to cover short term emergencies. Such funds will be replaced as soon as they are received.

Note 9 - COMMUNITY COMMITTEES ON AGING

The nine Community Committees on Aging within Jefferson Parish are chartered under the authority of *Jefferson Council on Aging, Inc.* Primarily because of this, they are considered to be included in the reporting entity of *Jefferson Council on Aging, Inc.* Fund balances for these committees totaled \$245,121 and \$226,721 at June 30, 1999 and 1998, respectively. There is no General Fixed Asset Account Group presented for the Community Committees on Aging because it is not material.

Note 10 - IN-KIND CONTRIBUTIONS

Jefferson Council on Aging, Inc. received in-kind contributions during the year in the nature of contributed facilities. Contributed facilities were recorded at the estimated rental value of the facilities and presented in this report as revenue. Related expenditures, equal to the in-kind revenues, have also been presented, thereby producing no effect on excess of revenues over expenditures. Estimated rental value for the years ended June 30, 1999 and 1998 totaled \$576,762 and \$565,699, respectively.

Donated personal services of volunteers are recorded as revenues and expenditures at estimated fair values based upon valuation rates and job classifications developed by the Council. These donated personal services totaled \$473,318 and \$506,808 for the year ended June 30, 1999 and 1998, respectively.

Note 10 - IN-KIND CONTRIBUTIONS (Continued)

For the year ended June 30, 1999, in-kind revenues and expenditures were recorded by funds as follows:

	<u>Fair Value of Rent</u>	<u>Donated Services Volunteers</u>	<u>Totals</u>
General Fund			
SHIP	\$ -	\$ 6,356	\$ 6,356
Special Revenue Funds			
Ombudsman	-	48,332	48,332

Totals	<u>\$576,762</u>	<u>\$473,318</u>	<u>\$1,050,080</u>

In-kind contributions were not included in the program budgets for the year ended June 30, 1999. Because the amounts do not represent actual cash transactions, the comparison of budget to actual figures presented in Exhibit E are presented in such a way that the in-kind contributions do not affect the variances.

Note 11 - INTERFUND LOANS

Because the Council operates most of its programs under cost reimbursement type grants, it has to pay for costs using its General Fund money and then request reimbursement for the advanced costs under the grant programs. Such advances create short-term interfund loans. A summary of these interfund loans at June 30, 1999, were as follows:

	<u>Due From Other Funds</u>	<u>Due To Other Funds</u>
General Fund	<u>\$29,386</u>	<u>\$ -</u>

Note 13 - OPERATING LEASES

The Jefferson Council on Aging, Inc. leased its office space from the Jefferson Parish Council under a five-year lease with an option to renew for an additional five years. On March 1, 1998, the Council exercised its option to renew the current lease for an additional five years. The monthly rent of \$5,153 is fixed for the option period. The total rent expense paid under this lease for the year ended June 30, 1999 was \$61,830. As of June 30, 1999, the Council had forty-four months remaining on this lease with total payments of \$226,710.

Note 14 - INCOME TAX STATUS

The Council, a nonprofit corporation, is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code.

Note 15 - GRANT TO JEFFERSON PARISH

As discussed in Note 2A, the Council received \$205,000 for the construction of a senior center facility for each of the years ended June 30, 1999 and 1998. In June 1997, the Council entered into an agreement with Jefferson Parish (the Parish) in which the Council remitted a total of \$540,000 to date to the Parish to be held in escrow until sufficient monies are accumulated to construct the new senior center facility. The Council also agreed to endeavor to acquire additional funds to allow for the construction of the new senior center facility. When sufficient funds are accumulated for construction of the new senior center facility the responsibility will be with the Parish to ensure that said senior center facility is built.

Note 16 - JUDGEMENTS, CLAIMS, AND SIMILAR CONTINGENCIES

There is no litigation pending against the Council at June 30, 1999.

The Council receives revenues from various federal and state grant programs which are subject to final review and approval as to allow ability of expenditures by the respective grantor agencies. Any settlements or expenses arising out of a final review are recognized in the period in which agreed upon by the agency and the Council. Also, it is management's opinion that any audits by the grantor agencies would not produce disallowed program costs and liabilities to such an extent that they would materially affect the Council's financial position.

Note 17 - IRC SECTION 125 CAFETERIA PLAN

In January 1994, the Council established an Internal Revenue Code Section 125 "cafeteria" plan for its full-time employees. Under this plan an eligible employee can elect to have a portion of his/her compensation reduced to pay for personal health insurance that the employees would normally have to pay with "after tax" compensation. Participation in this plan is at the option of each full-time employee.

Note 18 - RISK MANAGEMENT

The Council is exposed to various risks of loss related to torts; thefts of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Council has purchased commercial insurance to cover or reduce the risk of loss that might arise should one of these incidents occur. No settlements were made during the year that exceeded the Council's insurance coverage.

Note 19 - DEFERRED COMPENSATION PLAN

The Council offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The Plan, available to all permanent Council employees, permits them to defer until future years certain percentages of annual gross earnings up to specific limits. The deferred compensation is not available to employees until termination, retirement, death, or an unforeseeable emergency.

Due to the enactment of the Small Business Job Protection Act of 1996 (the Act), the Council is not required to report the assets of its Internal Revenue Code Section 457 plan. Prior to the Act, Section 457 allowed the deferral of taxes on deferred compensation plans only if the plan assets were solely the property of the Council and subject to the Council's general creditors. The Act now requires that amounts deferred under a Section 457 plan be held in trust for the exclusive benefit of participating employees and not be accessible by the Council or its creditors. At this time the Council does not contribute any matching funds to the plan.

Note 20 - FEDERALLY ASSISTED PROGRAMS

The Council participates in a number of federally assisted programs. These programs are audited in accordance with the Single Audit Act Amendments of 1996. Audits of prior years have not resulted in any disallowed costs; however, grantor agencies may provide for further examinations. Based on prior experience, the Council's management believes that further examinations would not result in any significant disallowed costs.

In accordance with the Single Audit Act Amendments of 1996 and the Office of Management and Budget Circular A-133, a schedule of expenditures of federal awards is presented.

Note 21 - ECONOMIC DEPENDENCY

The Council receives the majority of its revenue from funds provided through grants administered by the Louisiana Governor's Office of Elderly Affairs. The grant amounts are appropriated each year by the federal and state governments. If significant budget cuts are made at the federal and/or state levels the amount of the funds the Council receives could be reduced significantly and have an adverse impact on its operations. Management is not aware of any actions that will adversely affect the amount of funds the Council will receive in the next fiscal year.

GASB REQUIRED SUPPLEMENTARY INFORMATION SECTION

YEAR 2000 SUPPLEMENTARY INFORMATION**Jefferson Council on Aging, Inc.**

For the year ended June 30, 1999

(Unaudited)

The year 2000 issue is the result of shortcomings in many data processing systems and other electronic equipment that may be affected by the year 2000 issue and that are necessary to conducting the Council's operations.

The Council currently has completed assessing the need for system changes. Some remediation has occurred for the system and additional remediation of the system is anticipated. Testing and validation will occur after remediation of the system is completed. The Council has upgraded all computer systems hardware bringing them in compliance with the year 2000 requirements. The Novell-based network, which is year 2000 compliant, is currently in operation at the Council. Software has been ordered to upgrade the accounting system currently used by the Council, and a new statistical reporting system has been ordered for use by December 31, 1999. The Council has designated approximately \$2,000 for purchasing from outside vendors software upgrades believed to be year 2000 compliant.

Because of the unprecedented nature of the year 2000 issue, its effects and the success of related remediation efforts will not be determinable until the year 2000 and thereafter. However, management is dedicated to assuring that all matters within their control are resolved prior to the year 2000, but cannot prevent noncompliance problems caused by outside sources.

SPECIAL REPORTS OF CERTIFIED PUBLIC ACCOUNTANTS

Bourgeois Bennett

**REPORT ON COMPLIANCE AND ON INTERNAL CONTROL
OVER FINANCIAL REPORTING BASED ON AN AUDIT OF
THE GENERAL-PURPOSE FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

To the Members of the Board of Directors,
Jefferson Council on Aging, Inc.

We have audited the general-purpose financial statements of Jefferson Council on Aging, Inc. (the Council), as of and for the year ended June 30, 1999, and have issued our report thereon dated September 22, 1999. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the Council's general-purpose financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under Government Auditing Standards.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Council's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the general-purpose financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessary disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of

the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the general-purpose financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operations that we consider to be material weaknesses.

This report is intended for the information of the Board of Directors, management, the Legislative Auditor for the State of Louisiana, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

We have audited the compliance of Jefferson Council on Aging, Inc. (the Council), with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to each of its major federal programs for the year ended June 30, 1999. The Council's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the Council's management. Our responsibility is to express an opinion on the Council's compliance based on our audit.

We conducted our audit of compliance in accordance with generally accepted auditing standards; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Council's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Council's compliance with those requirements.

In our opinion, the Council complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 1999.

Internal Control Over Compliance

The management of the Council is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the Council's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended for the information of the Board of Directors, management, the Legislative Auditor for the State of Louisiana, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.
