Mangham, Louisiana

Notes to the Financial Statements As of and for the Year Ended June 30, 1998

INTRODUCTION

Mangham Fire Protection District No. 4 was created by resolution of the Richland Parish Police Jury in July, 1992, for the purpose of purchasing and maintaining fire equipment and providing fire protection for the people included in the district according to the boundaries set by the Richland Parish Police Jury. The district is governed by a board of commissioners consisting of five members. The commissioners are appointed by the Richland Parish Police Jury and receive no compensation for their services. The district has no employees.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. BASIS OF PRESENTATION

The accompanying component unit financial statements of the Mangham Fire Protection District No. 4 have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

B. REPORTING ENTITY

As the governing authority of the parish, for reporting purposes, the Richland Parish Police Jury is the financial reporting entity for Richland Parish. The financial reporting entity consists of (a) the primary government (police jury), (b) organizations for which the primary government is financially accountable, and (c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

GASB Statement No. 14 established criteria for determining which component units should be considered part of the Richland Parish Police Jury for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability. This criteria includes:

1. Appointing a voting majority of an organization's governing body, and

Mangham, Louisiana Notes to the Financial Statements (Continued)

- a. The ability of the police jury to impose its will on that organization and/or
- b. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the police jury.
- 2. Organizations for which the police jury does not appoint a voting majority but are fiscally dependent on the police jury.
- 3. Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

Because the police jury appoints the governing board, the district was determined to be a component unit of the Richland Parish Police Jury, the financial reporting entity. The accompanying financial statements present information only on the funds maintained by the district and do not present information on the police jury, the general government services provided by that governmental unit, or the other governmental units that comprise the financial reporting entity.

C. FUND ACCOUNTING

The district uses funds and account groups to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions relating to certain government functions or activities.

A fund is a separate accounting entity with a self-balancing set of accounts. On the other hand, an account group is a financial reporting device designed to provide accountability for certain assets and liabilities that are not recorded in the funds because they do not directly affect net expendable available financial resources.

Funds of the district are classified as governmental funds. Governmental funds account for the district's general activities, including the collection and disbursement of specific or legally restricted monies, the acquisition or construction of general fixed assets, and the servicing of general long-term debt. Governmental funds of the district include:

General Fund--the general operating fund of the district and accounts for all financial resources, except those required to be accounted for in other funds.

D. BASIS OF ACCOUNTING

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The governmental funds are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. Operating

Mangham, Louisiana Notes to the Financial Statements (Continued)

statements of these funds present increases and decreases in net current assets. The modified accrual basis of accounting is used by the governmental funds. The governmental funds use the following practices in recording revenues and expenditures:

Revenues

Parcel fees are assessed on a calendar year basis, become due on November 1 of each year, and become delinquent on January 1. The taxes are recorded in the year they are assessed. The taxes are generally collected in December of the current year and January and February of the ensuing year. Delinquent taxes are considered fully collectible and therefore no allowance for uncollectible taxes is provided.

Interest income on deposits is recorded when credited by the bank.

Substantially all other revenues are recorded when they become available to the district.

Expenditures

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred.

E. BUDGETS

The district uses the following budget practices:

Preliminary budgets for the ensuing year are prepared during April of each year. The Board reviews the proposed budget and makes changes as it deems appropriate. The budget is then adopted during the May meeting. All annual appropriations lapse at year end.

The budget comparison statement included in the accompanying financial statements presents the adopted budget (GAAP basis) as no amendments were made during the year. Accounting principles applied for purposes of developing data on a budgetary basis and those used to present financial statements in conformity with generally accepted accounting principles are the same and no adjustment is necessary to convert the actual GAAP data to the budgetary basis.

F. ENCUMBRANCES

The district does not use the encumbrance system in its record keeping.

G. CASH AND CASH EQUIVALENTS

Cash includes amounts in demand deposits, interest-bearing demand deposits, and time deposits. Cash equivalents include amounts in time deposits and those investments with

Mangham, Louisiana

original maturities of 90 days or less. Under state law, the district may deposit funds in demand deposits, interest-bearing demand deposits, or time deposits with state banks organized under Louisiana law or any other state of the United States, or under the laws of the United States.

H. FIXED ASSETS

Fixed assets are recorded as expenditures at the time purchased or constructed, and the related assets are capitalized (reported) in the general fixed assets account group. Public domain or infrastructures are capitalized. Interest costs incurred during construction are capitalized. No depreciation has been provided on general fixed assets. All fixed assets are valued at historical cost or estimated cost if historical cost is not available.

I. COMPENSATED ABSENCES

The district does not have any full time employees; therefore, it does not have a formal vacation or sick leave policy.

J. LONG-TERM OBLIGATIONS

Long-term obligations expected to be financed from governmental funds are reported in the general long-term obligations account group. Expenditures for principal and interest payments for long-term obligations are recognized in the governmental funds when due.

K. FUND EQUITY

Reserves

Reserves represent those portions of fund equity not appropriate for expenditure or legally segregated for a specific future use.

Designated Fund Balances

Designated fund balances represent tentative plans for future use of financial resources.

L. TOTAL COLUMNS ON STATEMENTS

The total columns on the statements are captioned Memorandum Only to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position or results of operations in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation.

2. LEVIED TAXES

Mangham, Louisiana Notes to the Financial Statements (Continued)

The district is authorized to levy a parcel fee not to exceed \$100 annually on property within the district for maintenance and operation of the district. The fee may be collected at the same time as ad valorem taxes and the fee expires in 2017.

3. CASH AND CASH EQUIVALENTS

At June 30, 1998, the district has cash and cash equivalents (book balances) totaling \$22,497 as follows:

Demand deposits	\$12,733
Interest bearing demand deposits	9,764
Total	\$22,497

These deposits are stated at cost, which approximates market. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. At June 30, 1998, the district has \$22,466 in deposits (collected bank balances). These deposits are secured from risk by \$100,000 of federal deposit insurance.

5. FUND DEFICITS

The district had a general fund deficit of (4,560) at June 30, 1998. The district has been paying a substantial amount for insurance coverage and is in the process of trying to reduce the premiums while retaining the coverage needed. This will help in reducing the expenditures for the next fiscal year.

The following is a summary of receivables at June 30, 1998:

Independent Accountant's Report on Applying Agreed-Upon Procedures

To the Board of Commissioners Mangham Fire Protection District No. 4

I have performed the procedures included in the Louisiana Government Audit Guide and enumerated below, which were agreed to by the management of Mangham Fire Protection District No. 4 and the Legislative Auditor, State of Louisiana, solely to assist the users in evaluating management's assertions about Mangham Fire Protection District's compliance with certain laws and regulations during the year ended June 30, 1998 included in the accompanying Louisiana Attestation Questionnaire. This agreed-upon procedures engagement was performed in accordance with standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of the specified users of the report. Consequently, I make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

Public Bid Law

 Select all expenditures made during the year for material and supplies exceeding \$15,000, or public works exceeding \$100,000, and determine whether such purchases were made in accordance with LSA-RS 38:2211-2251 (the public bid law).

No expenditures for materials and supplies exceeding \$15,000 or public works exceeding \$100,000 were found.

Code of Ethics for Public Officials and Public Employees

 Obtain from management a list of the immediate family members of each board member as defined by LSA-RS 42:1101-1124 (the code of ethics), and a list of outside business interests of all board members and employees, as well as their immediate families.

Management provided me with the required list including the noted information.

 Obtain from management a listing of all employees paid during the period under examination.

The District has no employees. It is all volunteer.

4. Determine whether any of those employees included in the listing obtained from management in agreed-upon procedure (3) were also included on the listing obtained from management in agreed-upon procedure (2) as immediate family members.

None of the employees included on the list of employees provided by management [agreed-upon procedure (3)] appeared on the list provided by management in agreed-upon procedure (2).

Budgeting

- Obtained a copy of the legally adopted budget and all amendments.
 - Management provided me with a copy of the original budget. There were no amendments.
- 6. Trace the budget adoption and amendments to the minute book.
 - I traced the adoption of the original budget to the minutes of a meeting held on 06/23/97 which indicated that the budget had been adopted by the commissioners of Mangham Fire Protection District No. 4 by a vote of 5 in favor and 0 opposed. There were no amendments made to the budget.
- 7. Compare the revenues and expenditures of the final budget to actual revenues and expenditures to determine if actual revenues failed to meet budgeted revenues by 5 % or more or if actual expenditures exceed budgeted amounts by 5% or more.
 - I compared the revenues and expenditures of the final budget to actual revenues and expenditures. Actual expenditures for the year exceeded budgeted amounts by 5%.

Accounting and Reporting

- 8. Randomly select 6 disbursements made during the period under examination and:
 - (a) trace payments to supporting documentation as to proper amount and payee;
 - I examined supporting documentation for each of the six selected disbursements and found that payment was for the proper amount and made to the correct payee on four of the six. Two of the six were missing supporting documentation, one was for mowing and one was a reimbursement of expenses.
 - (b) determine if payments were properly coded to the correct fund and general ledger account and,
 - All of the payments were properly coded to the correct fund and general ledger account.
 - (c) determine whether payments received approval from proper authorities.
 - Inspection of the minutes supported approval for payment of the six selected disbursements.

Meetings

- 9. Examine evidence indicating that agendas for meetings recorded in the minute book were posted or advertised as required by LSA-RS 42:1 through 42:12 (the open meetings law).
 - Mangham Fire Protection District No. 4 is only required to post a notice of each meeting and the accompanying agenda on the door of the district's station. Although management has asserted that such documents were properly posted, I could find no evidence supporting such assertion.

Debt

- 10. Examine bank deposits for the period under examination and determine whether any such deposits appear to be proceeds of bank loans, bonds, or like indebtedness.
 - I inspected copies of all bank deposit slips for the period under examination and noted no deposits which appeared to be proceeds of bank loans, bonds, or like indebtedness.

Advances and Bonuses

11. Examine payroll records and minutes for the year to determine whether any payments have been made to employees which may constitute bonuses, advance, or gifts.

The District has no employees to review records for advances or bonuses.

The prior year report, dated December 5, 1997, had a finding that is listed in a schedule included with this report with actions taken or not taken.

I was not engaged to, and did not, perform an examination, the objective of which would be the expression of an opinion on management's assertions. Accordingly, I do not express such an opinion. Had I performed additional procedures, other matters might have come to my attention that would have been reported to you.

This report is intended solely for the use of management of Mangham Fire Protection District No. 4 and the Legislative Auditor, State of Louisiana, and should not be used by those who have not agreed to the procedures and taken responsibility for the sufficiency of the procedures for their purposes. However, this report is a matter of public record and its distribution is not limited.
