| Schedule of findings and questioned costs | 39 |

Independent Auditor's Report

Chairman of the Board, Kenneth D. Veron
and Members of the Board of Commissioners
Lafayette Economic Development Authority
Parish of Lafayette, Louisiana

We have audited the accompanying general purpose financial statements of the Lafayette Economic Development Authority of the Parish of Lafayette, Louisiana, (the Authority), a component unit of the Lafayette Consolidated Government, as of and for the year ended December 31, 1999, as listed in the table of contents. These general purpose financial statements are the responsibility of the Lafayette Economic Development Authority's management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general-purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Lafayette Economic Development Authority, as of December 31, 1999, and the results of its operations for the year then ended in conformity with generally accepted accounting principles.

In accordance with Government Auditing Standards, we have also issued a report dated May 4, 2000, on our consideration of the Lafayette Economic Development Authority's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants.

Our audit was conducted for the purpose of forming an opinion on the general-purpose financial statements taken as a whole. The combining and individual fund and account group financial statements and schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements of the Authority. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements, and, in our opinion, is fairly stated in all material respects in relation to the general purpose financial statements taken as a whole.

The financial information for the preceding year, which is included for comparative purposes, was taken from the financial report for that year in which we expressed a qualified opinion on the general purpose financial statements of the Lafayette Economic Development Authority.

LAFAYETTE ECONOMIC DEVELOPMENT AUTHORITY

Notes to Financial Statements

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Lafayette Economic Development Authority (Authority) is a political subdivision of the State of Louisiana created under Louisiana Revised Statute 34:291-34:302. It was originally formed under the name of Lafayette Harbor, Terminal and Industrial Development District. The Authority is governed by a board of commissioners consisting of twelve appointed members. The Authority is authorized to construct or acquire industrial parks and industrial plant buildings, including sites and other necessary property and appurtenances, and to acquire, construct, improve, operate, maintain, and provide improvement and services necessary. It is also authorized to sell, lease or otherwise dispose of, by suitable and appropriate contract, to any enterprise locating or existing within the parish, all or any part of an industrial plant site, industrial plant building or other property owned by the Authority.

The accounting and reporting policies of the Authority conform to generally accepted accounting principles as applicable to governments. Such accounting and reporting procedures also conform to the requirements of Louisiana Revised Statute 24:513, as well as any applicable requirements set forth by Audits of State and Local Governmental Units, the industry audit guide issued by the American Institute of Certified Public Accountants; and the Louisiana Governmental Audit Guide.

The following is a summary of certain significant accounting policies:

Financial Reporting Entity

The Authority is a component unit of the Lafayette Consolidated Government, and is an integral part of that reporting entity.

This report includes all funds, account groups and component units which are controlled by or dependent on the Lafayette Economic Development Authority. Control by or dependence on the Authority was determined on the basis of budget adoption, taxing authority, authority to issue debt, election or appointment of governing body, or other general oversight responsibility. At December 31, 1999, there were no entities that met the criteria to be considered a component unit of the Authority.

Fund Accounting

The Authority uses funds and account groups to report on its financial position and the results of operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

A fund is a separate accounting entity with a self-balancing set of accounts. An account group, on the other hand, is a financial reporting device designed to provide accountability for certain assets and liabilities that are not recorded in the funds because they do not directly affect net expendable available financial resources.

LAFAYETTE ECONOMIC DEVELOPMENT AUTHORITY

Notes to Financial Statements

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The Authority's funds are classified into two categories: governmental and fiduciary. Each category, in turn, is divided into separate "fund types".

Governmental fund types are used to account for all or most of government's general activities, including the acquisition or construction of general fixed assets (capital project funds). The General Fund is used to account for all activities of the general government not accounted for in some other fund.

Agency Funds are used to account for assets held by banks in a trustee capacity for the Authority. These funds are used to account for lease and related receipts from lessees as well as bond, interest and related payments made to bondholders for industrial development revenue bonds issued by the Authority.

Fixed Assets and Long-Term Liabilities

The accounting and reporting treatment applied to the fixed assets and long-term liabilities associated with a fund are determined by its measurement focus.

All governmental fund type operations are accounted for on a spending or "financial flow" measurement focus and only current assets and current liabilities are generally included on their balance sheet.

Fixed assets used in governmental fund type operations (general fixed assets) are accounted for in the General Fixed Assets Account Group and are recorded as expenditures in the governmental fund types when purchased. No depreciation has been provided on general fixed assets.

All fixed assets are stated at historical cost. Construction period interest, when significant, is capitalized. No interest costs were capitalized in the current year.

Long-term liabilities expected to be financed from governmental funds are accounted for in the General Long-Term Debt Account Group.

Basis of Accounting

All of the Authority's governmental funds are accounted for using the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual, when they become both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period.

LAFAYETTE ECONOMIC DEVELOPMENT AUTHORITY

Notes to Financial Statements

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Ad valorem taxes are recognized as revenues in the year in which such taxes are levied and billed to taxpayers. Other major revenues that are considered susceptible to accrual include earned grant revenues and other intergovernmental revenues, and interest on investments.

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred, except for principal and interest on general long-term debt which are recognized when due. Purchases of various operating supplies are recorded as expenditures at the time purchased.

Fund balance reserve accounts have been established in the governmental fund types to indicate that they do not represent "available spendable resources", even though they are a component of the net current assets.

Agency funds do not involve measurement and results of operations. They are accounted for using the modified accrual basis of accounting, recognizing assets and liabilities when they occur regardless of the timing of related cash flow.

Budgets and Budgetary Accounting

The budget is formally adopted by the Authority upon approval by the Lafayette Consolidated Council, prior to the beginning of the fiscal year. Notices of its completion and availability are published. After its adoption, adjustments to the budget must be approved by the Lafayette Consolidated Council. All annual appropriations lapse at year end.

Investments

Investments, in the form of time deposits, are stated at cost which approximates market.

Inventory of Land Held for Resale

The inventory of land held for resale is valued at cost. The cost is recorded as an expenditure at the time the land is sold. The inventory of land held for resale at year end is equally offset by a fund balance reserve to indicate that it does not constitute "available spendable resources," even though it is a component of net current assets.

Vacation, Sick Leave and Pension Plan

Vacations vary with longevity as follows:

| <u>Serving Time</u> | <u>Vacation</u> |
|----------------------------------|-----------------|
| After six months up to two years | One week |

LAFAYETTE ECONOMIC DEVELOPMENT AUTHORITY

Notes to Financial Statements

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

| | |
|-------------------------------|-------------|
| From two years to seven years | Two weeks |
| After seven years | Three weeks |

No more than thirty days of allowed vacation time may be accrued and be carried over into the next calendar year and paid upon termination. The liability associated with these compensated absences is reflected in the general long-term debt account group.

Sick leave accrues at the rate of $\frac{1}{2}$ day per month beginning after 3 months of service with a 30 day maximum per year. Sick leave is available for carryover. Upon termination, either voluntary or involuntary, all accrued sick time will be forfeited. Sick leave is not recorded in these financial statements except for \$15,750. This amount is attributable to one employee who is grandfathered under an old policy.

All employees are members of the social security system. Social security contributions for 1999 totaled \$27,665.

The Authority established a retirement program for employees, effective February 20, 1987, through the American Chamber of Commerce Executives Association. Key program provisions follow:

- Employees are eligible after completing one year of service and becoming 21 years of age.
- The Authority's annual contribution is 8 percent of base salary. The 1999 contribution was \$40,325.
- Participants may contribute from 0 percent to 10 percent of their earnings per year. Such contributions are 100 percent vested at the time of contribution.
- Full vesting of the Authority's contribution occurs after 6 years of participation. Participants vest at the rate of 20 percent per year beginning in the second year of participation.
- Forfeitures are returned to the Authority within one year of a participant's service break.

Total Columns on Combined Statements - Overview

Total columns on the combined statements - overview are captioned "Memorandum Only" to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position in conformity with generally accepted accounting principles. Neither are such data comparable to a consolidation. Interfund elimination has not been made in the aggregation of this data.

LAFAYETTE ECONOMIC DEVELOPMENT AUTHORITY

Notes to Financial Statements

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Comparative Data

Comparative total data for the prior year have been presented in the accompanying financial statements in order to provide an understanding of changes in the government's financial position and operations. However, comparative data have not been presented in all statements because their inclusion would make certain statements unduly complex and difficult to understand.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Restricted Cash

Restricted cash represents amounts to be set aside annually in the sinking fund as required by the Certificates of Indebtedness, for repayment of the bond principal and interest.

Receivables and Payables

Advances between funds are offset by a fund balance reserve account to indicate they are not available for appropriation and are not expendable available financial resources.

NOTE 2 CASH AND INTEREST-BEARING DEPOSITS

Under state law, the Authority may deposit funds within a fiscal agent bank organized under the laws of the State of Louisiana, the laws of any other state in the Union, or the laws of the United States. The Authority may invest in certificates and time deposits of state banks organized under Louisiana law and national banks having principal offices in Louisiana. At December 31, 1999, the Authority has cash and interest-bearing deposits (book balances) totaling \$1,924,469 as follows:

| | |
|------------------------|---------------------|
| Demand deposits | \$ 680,063 |
| Certificate of deposit | <u>1,244,406</u> |
| Total | <u>\$ 1,924,469</u> |

LAFAYETTE ECONOMIC DEVELOPMENT AUTHORITY

Notes to Financial Statements

NOTE 2 CASH AND INTEREST-BEARING DEPOSITS (CONTINUED)

These deposits are stated at cost, which approximates market. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent bank. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. Deposit balances (bank balances) at December 31, 1999, are as follows:

| | |
|--|---------------------|
| Bank balances | <u>\$ 2,032,190</u> |
| At December 31, 1999, the deposits are secured as follows: | |
| Federal deposit insurance | \$ 200,000 |
| Pledged securities (Category 3) | <u>2,681,734</u> |
| Total federal deposit insurance and pledged securities | <u>\$ 2,881,734</u> |

Pledged securities in Category 3 are comprised of uninsured and unregistered investments with securities held by the pledging institution, or by its trust department or agent, but not in the Authority's name. Even though the pledged securities are considered un-collateralized (Category 3) Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the Authority that the fiscal agent has failed to pay deposited funds upon demand.

NOTE 3 AD VALOREM TAXES

Ad valorem taxes attach as an enforceable lien on property as of January 1 of each year. Taxes are levied by the Parish Government in June and are actually billed to the taxpayers by the Assessor in October. Billed taxes are due by December 31, becoming delinquent on January 1, of the following year.

Ad valorem taxes are budgeted and recorded in the year levied and billed. The taxes are based on assessed values determined by the Tax Assessor of Lafayette Parish and are collected by the Sheriff. The taxes are remitted net of deductions for Assessor's compensation and pension fund contributions.

For the year ended December 31, 1999, taxes were levied at the rate of 2.0 mills for general corporate purposes on property with assessed valuations totaling \$824,767,112, less homestead exemptions of \$232,533,701.

The allowance for uncollectible receivables at December 31, 1999, is \$118,458.

Net revenues from ad valorem taxes represent 63% of total revenues, excluding other financing sources, at December 31, 1999.

LAFAYETTE ECONOMIC DEVELOPMENT AUTHORITY

Notes to Financial Statements

NOTE 4 FIXED ASSETS

A summary of changes in general fixed assets follows:

| | Balance 1/1/99 | Additions | Deletions | Balance 12/31/99 |
|-------------------------|-------------------|---------------------|--------------------|---------------------|
| Building | \$ - | \$ 987,326 | \$ - | \$ 987,326 |
| Equipment and furniture | <u>264,902</u> | <u>195,802</u> | <u>(28,829)</u> | <u>431,875</u> |
| | <u>\$ 264,902</u> | <u>\$ 1,183,128</u> | <u>\$ (28,829)</u> | <u>\$ 1,419,201</u> |

NOTE 5 LONG-TERM DEBT

On April 17, 1997, the State Bond Commission approved the Lafayette Economic Development Authority to incur debt and borrow the amount of \$1,330,000 and to issue Certificates of Indebtedness for the purpose of paying a portion of the cost of acquiring sites for industrial parks, and acquiring, constructing and providing improvements necessary therefore, and to pay the costs incurred in connection with the issuance of the Certificates. The Certificates are dated May 1, 1997 and bear interest at a rate of 7.25 percent per annum, payable on May 1 and November 1 of each year, commencing November 1, 1997, and maturing on May 1 in each of the years 1998 through 2012.

Annual debt service requirements to maturity for the Certificates of Indebtedness, including interest of \$662,106, are as follows:

| | |
|---------------------|---------------------|
| <u>December 31,</u> | |
| 2000 | \$ 146,638 |
| 2001 | 147,106 |
| 2002 | 147,213 |
| 2003 | 146,956 |
| 2004 | 149,238 |
| Thereafter | <u>1,149,955</u> |
| Total | <u>\$ 1,887,106</u> |

LAFAYETTE ECONOMIC DEVELOPMENT AUTHORITY

Notes to Financial Statements

NOTE 5 LONG-TERM DEBT (CONTINUED)

A summary of change in general long-term debt follows:

| | Balance 1/1/1999 | Additions | Deletions | Balance 12/31/1999 |
|----------------------------------|---------------------|-------------|------------------|-----------------------|
| Obligation under long-term bonds | \$ 1,280,000 | \$ - | \$ 55,000 | \$ 1,225,000 |
| Compensated absences | <u>26,803</u> | <u>-</u> | <u>11,053</u> | <u>15,750</u> |
| Total | <u>\$ 1,306,803</u> | <u>\$ -</u> | <u>\$ 66,053</u> | <u>\$ 1,240,750</u> |

The Authority issues industrial development revenue bonds for the purpose of financing the acquisition of certain industrial facilities which it leases or sells to qualifying industrial businesses. Such facilities and the revenue derived from their sale or lease are pledged to service the bonds. These bonds do not constitute an indebtedness or pledge of the general credit of the Authority and therefore, are not included in the financial statements. A detailed summary of all industrial development revenue bonds outstanding at December 31, 1999, is shown on page 36.

NOTE 6 LITIGATION

There was no litigation pending against the Authority as of December 31, 1999.

NOTE 7 OFFICE BUILDING LEASE

The Authority entered into a lease for office space on Pinhook Road commencing January 1, 1993. The operating lease provided for a three-year renewal option, which had been exercised by the Authority. Effective April 1, 1997, the lease was renewed for a twenty-four month term expiring March 30, 1999 and was later amended to extend the agreement an additional six months beginning April 1, 1999 and expiring September 30, 1999.

Rent expense paid for the year ended December 31, 1999, totaled \$48,462.

NOTE 8 DESIGNATED FUND BALANCE

During 1992, the Board of Commissioners approved the designation of \$15,000 per year to provide for the long-term maintenance of the infrastructure of the two industrial parks owned by the Authority.

NOTE 11 OPERATING LEASE

On January 1, 1999 the Authority entered into an agreement under a non-cancelable operating lease. The 30 year lease provides for two renewal options at the end of the lease, each for a ten year period. The agreement calls for an irrevocable transfer of property owned by the Authority, as well as annual payments of \$22,000 per year during the primary term of the lease. Future minimum lease payments for the lease are as follows:

**INTERNAL CONTROL, COMPLIANCE
AND
OTHER GRANT INFORMATION**

Independent Auditor's Report on Compliance and
on Internal Control over Financial
Reporting Based on an Audit of General
Purpose Financial Statements Performed in
Accordance with Government Auditing Standards

Chairman of the Board, Kenneth D. Veron
and Members of the Board of Commissioners
Lafayette Economic Development Authority
Parish of Lafayette, Louisiana

We have audited the general purpose financial statements of the Lafayette Economic Development Authority of the Parish of Lafayette, Louisiana, a component unit of the Lafayette Consolidated Government, as of and for the year ended December 31, 1999, and have issued our report thereon dated May 4, 2000, which expressed an unqualified opinion. We conducted our audit in accordance with generally accepted auditing standards, and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the Lafayette Economic Development Authority of the Parish of Lafayette, Louisiana's general purpose financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of general purpose financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under Government Auditing Standards.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Lafayette Economic Development Authority of the Parish of Lafayette, Louisiana's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the general purpose financial statements and not to provide assurance on the internal control over financial reporting.

Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the general purpose financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

This report is intended for the information of the board of commissioners and management, and is not intended to be and should not be used by anyone other than those specific parties.
