To the Board of Directors
ARC of Iberia
New Iberia, Louisiana

We have audited the accompanying statements of financial position of ARC of Iberia (a nonprofit organization) as of June 30, 1999 and 1998 and the related statements of activities and cash flows for the years then ended. These financial statements are the responsibility of the Association's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with generally accepted auditing standards and Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of ARC of Iberia as of June 30, 1999 and 1998, and the changes in its net assets and its cash flows for the years then ended in conformity with generally accepted accounting principles.

In accordance with Government Auditing Standards, we have also issued a report dated October 29, 1999, on our consideration of ARC of Iberia's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants.

ARC OF IBERIA

NOTES TO FINANCIAL STATEMENTS

Note 1. Nature of Organization and Significant Accounting Policies

Nature of organization:

ARC of Iberia (the "Association") is a Louisiana nonprofit corporation chartered in August 1954. Its purpose is to promote the general welfare of mentally retarded, physically handicapped and incapacitated citizens in Iberia Parish and to aid their parents and families. The following is a description of the various programs.

Operating Fund

The operating fund is used to account for all general and administrative expenses of the Association.

ARC Unlimited

ARC Unlimited is a day program for citizens of the community with mental retardation.

Residential Services

Residential Services provides three homes for adults with mental retardation.

Respite Services

Respite Services allows parents and guardians of those with mental retardation to leave them for short periods of time.

Outreach Services

Outreach Services is a program to provide prenatal education for young expecting mothers along with parenting skills with a long-term goal of child abuse prevention.

Independent Living

The Association supervises adults with mental retardation that live in their own home or apartment. These clients require considerably less care than clients living in the residential homes.

Bright Beginnings

The Association is providing day care services for children of the community.

NOTES TO FINANCIAL STATEMENTS

The accompanying financial statements of the Association have been prepared on the accrual basis of accounting.

Significant accounting policies:

Support and expenses:

All contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Amounts received that are restricted by the donor for specific purposes are reported as temporarily restricted or permanently restricted support that increases those net asset classes. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets in the statement of activities as net assets released from restrictions.

Expenses are recorded when incurred in accordance with the accrual basis of accounting.

Investments:

Investments which consists of certificates of deposits, are presented in the financial statements at cost which approximates fair market value.

Inventory:

Inventory is stated at the lower of cost or market, with cost determined by the first-in first-out method.

Allowance for doubtful accounts:

The Association considers accounts receivable to be fully collectible; accordingly, no allowance for doubtful accounts is required.

Restricted cash:

The Association is required to put at least 10% of the monthly payment to FHA under loan provisions for the building acquired for the Respite Services program. These reserved amounts are reflected as restricted cash on the statements of financial position.

Property and equipment:

Purchased property and equipment is recorded at cost at the date of acquisition. Contributed property and equipment is recorded at fair value at the date of donation. In the absence of donor stipulations regarding how long the contributed assets must be used, the Association has adopted a policy of implying a time restriction on contributions of such assets that expires over the assets' useful lives. As a result, all contributions of property and equipment, and of assets contributed to acquire property and equipment, are recorded as restricted support.

NOTES TO FINANCIAL STATEMENTS

Depreciation is computed by the straight-line method at rates based on the following estimated useful lives:

| | <u>Years</u> |
|---------------------------|--------------|
| Furniture and equipment | 5 - 25 |
| Building and improvements | 10 - 30 |
| Transportation equipment | 3 - 5 |

Compensated absences:

Employees of the Association earn annual leave per month depending on years of service at a minimum of twelve days per fiscal year. Annual leave is cumulative from one year to the next, up to a maximum of 240 hours. Upon termination of employment for cause, an employee may be paid for the value of any accrued leave up to a maximum of 240 hours.

Donated services:

The Association receives donated services from unpaid volunteers who assist in program services during the year; however, these donated services are not reflected in the statement of activities because the criteria for recognition under SFAS No. 116 have not been satisfied.

Federal income taxes:

The Association qualifies for an exemption from federal income tax under Section 501(c)(3) of the Internal Revenue Code. Therefore, no provision for income taxes is made in the accompanying financial statements.

Cash and cash equivalents:

For the purposes of the statement of cash flows, the Association considers all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased to be cash equivalents.

Use of estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

Note 10. Fiduciary Funds

Residential Services acts as a fiduciary agent for its residents. Additionally, there is one client of the Independent Living program for which the Association acts as a fiduciary agent. Checking accounts are maintained for each resident in the homes. Deposits include the resident's social security benefits, their payroll checks if employed and miscellaneous gifts from family members. Disbursements consist of day-to-day living expenses and are based on the individual resident's needs. The balance in these checking accounts at June 30, 1999 and 1998 was \$27,222 and \$19,548, respectively. These funds are not included in the balance sheet of the ARC of Iberia.

Note 11. Concentration of Credit Risk

The Association maintains cash balances in excess of \$100,000 in banks, which are insured by the Federal Deposit Insurance Corporation up to \$100,000 for cash balances and \$100,000 for time deposits. At June 30, 1999, the Association's uninsured cash balances totaled \$273,338.

The Association also receives a considerable amount of its total support and revenues from Medicaid for payments of medical services provided to clients. During the years ended June 30, 1999 and 1998, the Association received \$2,230,195 and \$1,913,790, respectively, from Medicaid, which was 60% and 58%, respectively, of total revenues.

Note 12. Retirement Plan

During 1998, the Association established a 401(k) retirement plan for all eligible employees. All full-time employees are eligible after one year of service. Eligible employees may elect to contribute up to 20% of their gross salary. The Association has chosen to make contributions to the Plan in an amount equal to 100% of the first 2% deferred by the employee. The amount contributed to the Plan for the years ended June 30, 1999 and 1998 was \$10,017 and \$7,506, respectively.

To the Board of Directors
ARC of Iberia
New Iberia, Louisiana

We have audited the financial statements of ARC of Iberia (a nonprofit organization) as of and for the year ended June 30, 1999, and have issued our report thereon dated October 29, 1999. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether ARC of Iberia's financial statements are free of material misstatement, we performed test of its compliance with certain provisions of laws, regulations, contracts, and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under Government Auditing Standards.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered ARC of Iberia's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. However, we noted a certain matter involving the internal control over financial reporting and its operation that we consider to be a reportable condition. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our judgment, could adversely affect the Association's ability to record, process, summarize, and report financial data consistent with the assertions of management in the financial statements. The reportable condition is described in the accompanying schedule of findings and questioned costs as item 99-1.

A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, we believe that the reportable condition described above is not a material weakness.

This report is intended solely for the information and use of the board of directors, management, all applicable federal agencies, and those other governments from which financial assistance was received.
