INDEPENDENT AUDITOR'S REPORT

Honorable John M. Crum, Jr.

District Attorney of the Fortieth Judicial District A Component Unit of the St. John the Baptist Parish Council St. John the Baptist Parish, Louisiana

I have audited the accompanying general purpose financial statements of the District Attorney of the Fortieth Judicial District as of and for the year ended December 31, 1998, as listed in the table of contents. These general purpose financial statements are the responsibility of the management of the District Attorney of the Fortieth Judicial District. My responsibility is to express an opinion on these general purpose financial statements based on my audit.

I conducted my audit in accordance with generally accepted auditing standards contained in the <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general purpose financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the District Attorney of the Fortieth Judicial District as of December 31, 1998, and the results of operations for the year then ended, in conformity with generally accepted accounting principles.

My audit was conducted for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The combining and individual fund financial statements, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the District Attorney of the Fortieth Judicial District. This information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in my opinion, is fairly presented in all material respects in relation to the general purpose financial statements taken as a whole.

In accordance with <u>Government Auditing Standards</u>, I have also issued a report dated May 13, 1999, on my consideration of the District Attorney of the Fortieth Judicial District's compliance and internal control over financial reporting based on an audit of financial statements performed in accordance with <u>Government</u> <u>Auditing Standards</u>. This report is presented separately after the notes to the financial statements of this audit report.

NOTES TO THE FINANCIAL STATEMENTS

INTRODUCTION

As provided by Article V, Section 26 of the Louisiana Constitution of 1974, the district attorney has charge of every criminal prosecution by the state in his district, is the representative of the state before the grand jury in his district, and is the legal advisor to the grand jury. He performs other duties as provided by law. The district attorney is elected by the qualified electors of the judicial district for a term of six years. The fortieth judicial district encompasses the parish of St. John the Baptist, Louisiana.

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. <u>Basis of Presentation</u>

The accompanying general purpose financial statements of the District Attorney of the Fortieth Judicial District have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

2. <u>Reporting Entity</u>

As the governing authority of the parish, for reporting purposes, the St. John the Baptist Parish Council is the financial reporting entity for St. John the Baptist Parish. The financial reporting entity consists of (a) the primary government (St. John the Baptist Parish Council), (b) organizations for which the primary government is financially accountable, and (c) other organizations for which nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Governmental Accounting Standards Board Statement No. 14 established criteria for determining which component units should be considered part of the St. John the Baptist Parish Council for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial accountability. The GASB has set forth criteria to be considered in

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED) determining financial accountability. This criteria includes:

- Appointing a voting majority of an 1. organization's governing body, and
 - the ability of the parish council to a. impose its will on that organization, and/or
 - the potential for the organization to b. provide specific financial benefits

to, or impose specific financial burdens on, the parish council.

- 2. Organizations for which the parish council does not appoint a voting majority, but are fiscally dependent on the parish council.
- Organizations for which the reporting entity's 3. financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

Even though the district attorney is an independently elected official, and is legally separate from the parish council, the exclusion from the parish council's financial statements would cause the parish council's financial statements to be misleading or incomplete. Also, the district attorney is fiscally dependent on the parish council because the parish council transfers to the district attorney 12 per cent of the fines collected and bonds forfeited, which represents statutorily mandated financial support. The substance of the relationship between the district attorney and the parish council is that the parish council has approval authority over the district attorney's capital budget. Because of these reasons, the district attorney is determined to be a component unit of the St. John the Baptist Parish Council.

Fund Accounting 3.

۰.

The district attorney uses funds and account groups to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

segregating transactions relating to certain government functions and activities.

A fund is a separate accounting entity with a selfbalancing set of accounts. On the other hand, an account group is a financial reporting device designed to provide accountability for certain assets and liabilities that are not recorded in the funds because they do not directly affect net expendable available financial resources.

Funds of the district attorney are classified as governmental funds. Governmental funds account for the district attorney's general activities, including the collection and disbursement of specific or legally restricted monies and the acquisition of general fixed assets. The governmental funds of the district attorney are the General Fund and the Special Revenue Funds, and are described as follows:

a. <u>General Fund</u>

The General Fund is used to account for all financial resources except those accounted for in the Special Revenue Funds. The General Fund was established in compliance with Louisiana Revised Statute 15:571.11, which provides that 12 per cent of the fines collected and bonds forfeited be transmitted to the district attorney to defray the necessary expenses of his office.

- b. <u>Special Revenue Funds</u>
 - The following Special Revenue Funds are used to account for the collection and disbursement of earmarked monies:

Title IV-D Fund --

The Title IV-D Fund was established in July 1985 and consists of incentive payments and reimbursement grants from the Louisiana Department of Social Services, authorized by Act 117 of 1975, to establish family and child support programs compatible with Title IV-D of the social security act. The purpose of the fund is to enforce the support obligation owed by absent parents to their families and children, to locate absent parents, to establish paternity, and to obtain family and child support.

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Worthless Check Collection Fee Fund --The Worthless Check Collection Fee Fund consists of fees collected in accordance with Louisiana Revised Statute 16:15, which provides for a specific fee whenever the district attorney's office collects and processes a worthless check. Expenditures from this fund are at the sole discretion of the district attorney and may be used to defray the salaries and expenses of the office of the district attorney, but may not be used to supplement the salary of the district attorney.

School Board Account Fund --The School Board account was established to account for the receipt and disbursement of funds for the performance of legal services for the St. John the Baptist Parish School Board.

Special Pay Fund --

The Special Pay Fund was established to account for the receipt and disbursement of funds for the performance of special services provided to third parties. In 1997, the district attorney used the Special Pay fund to account for the activities of the Pre-Trial Diversion Program. This program's revenue comes from a fee paid by first-time offenders to the district attorney.

Forfeiture Account Fund --

The Louisiana State Legislature passed the Bail Bond Reform Act of 1993. This act established that bond forfeiture proceeds are to be collected by the St. John the Baptist Sheriff and disbursed by the District Attorney with amounts allocated by percentages predetermined by the Act. Also, the monies and assets seized during the course of a criminal arrest shall be held in this fund until authorized by the court to distribute the monies as required by law.

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

4. <u>Fixed Assets</u>

Fixed assets purchased by the governmental funds are accounted for in the General Fixed Assets Account Group. Fixed assets are stated at historical cost or estimated fair market value. The estimates were arrived at using comparable prices of similar items purchased during that time period. Estimates make up an immaterial amount of total fixed assets. Purchases of general fixed assets are recorded as expenditures at the time of purchase. Depreciation is not computed on fixed assets since this is only a memorandum account to provide in one record the organization's fixed assets.

The district attorney only owns fixed assets he purchases out of the funds of the district attorney's office. All other fixed assets, which are purchased from the funds of the St. John the Baptist Parish General Fund or the St. John the Baptist Parish Criminal Court Fund, are reported in their general fixed assets account groups, and are not owned by the district attorney.

5. <u>Basis of Accounting</u>

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The governmental funds are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and liabilities generally are included on the balance sheet. Operating statements of these funds present increases and decreases in net current assets. The modified accrual basis of accounting is used by the governmental funds. The governmental funds use the following practices in recording revenues and expenditures:

Revenues (General Fund) --Commissions on fines and forfeitures are recorded in the year they are collected by the tax collector.

Intergovernmental revenues (General Fund) --Include monies received from the St. John the Baptist

Parish Criminal Court Fund, the St. John the Baptist Parish General Fund and the Victim's Assistance Coordinator Fund.

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Intergovernmental revenues (Special Revenue Funds) --Include monies received from a grant from the Louisiana Department of Social Services (Title IV-D), the St. John the Baptist Parish School Board (School Board Account), and the South Louisiana Port Commission, the St. John the Baptist Parish General Fund and Pre-Trial Diversion Program (Special Pay Fund).

Interest revenue is recorded in the year in which it is earned.

All other revenues are recorded when received.

Expenditures --Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred.

6. <u>Budgets</u>

The district attorney prepared budgets for the General Fund and Special Revenue Funds for 1998. All budgets were advertised and made available for public inspection at the district attorney's office in Edgard, Louisiana on November 29, 1997, and adopted on December 11, 1997.

Budgets for the General Fund and the Special Revenue Funds were amended. These budgets were advertised and made available for public inspection at the district attorney's office in Edgard, Louisiana on December 9, 1998, and adopted on December 29, 1998. All budgets were prepared on the cash basis of accounting. All appropriations contained in the budget lapse at year end.

The district attorney's policy is to prepare his budget using the cash basis of accounting, which recognizes revenues as they are received rather than when they are earned, and expenditures when the cash is disbursed rather than when the expenditure is incurred. This basis of accounting is consistent with the basis used for record keeping purposes. The accompanying statements present comparisons of the legally adopted budget with actual data on the cash basis. Since accounting principles for purposes of developing data on a cash basis differ significantly from those used to present financial statements in conformity with generally accepted

accounting principles, a reconciliation of resultant basis differences in the excess of revenues (receipts) over expenditures (disbursements) for the year ended December 31, 1998 is presented below:

Encumbrance accounting is not utilized due to the nature of operations and the ability of management to monitor budgeted expenditures on a timely basis.

8. <u>Cash and Cash Equivalents</u> Cash includes amounts in interest and noninterest bearing

demand deposits. Cash equivalents include amounts in time deposits. Under state law, the district attorney may deposit funds in demand deposits, interest bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana law and national banks having their principal offices in Louisiana.

Compensated Absences 9.

٠.

The district attorney has the following vacation and sick leave policies:

Vacation Leave --

Full-time clerical employees earn ten days of vacation leave and one additional day for every two years of service up to a three week maximum. Vacation leave must be taken within the year it is earned or it is forfeited. Upon retirement, resignation or termination an employee is not paid for unused vacation leave which was earned during the year.

Sick Leave ~-

Full-time clerical employees earn ten days of sick leave per year which may accumulate. Female employees are also allowed six weeks of maternity leave. Upon retirement, resignation or termination an employee is not paid for accumulated and unused sick leave which was earned during the year.

There were no accumulated leave benefits required to be reported in accordance with GASB Codification Section C60.

10. Long-Term Obligations

There were no long-term obligations to be reported in the financial statements.

11. <u>Fund Balance</u>

The Fund Balance of the Special Revenue Fund titled, "Forfeiture Account," is reserved for amounts which will ultimately be paid to various governmental entities in accordance with state law. These funds are not appropriable for expenditure by the district attorney.

Total Columns on Combined Statements 12. Total columns on the combined statements are captioned "Memorandum Only" to indicate that they are presented only to facilitate financial analysis. Data in these columns

do not present financial position or results of operations in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation.

NOTE B - CASH AND CASH EQUIVALENTS

At December 31, 1998, the carrying amounts (book balances) of all cash and cash equivalents of the district attorney totaled \$133,044 and are listed as follows:

Interest bearing demand deposits	\$70,706
Time deposits	<u>62,338</u>
Total	\$ <u>133,044</u>

These deposits are stated at cost, which approximates market. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. At December 31, 1998, the district attorney had \$173,859 in deposits (collected bank balances). These deposits were secured from risk by \$162,338 of federal deposit insurance and \$11,521 of pledged securities held by the custodial bank in the name of the fiscal agent bank (GASB Category 3).

Even though the pledged securities are considered uncollateralized (Category 3) under the provisions of GASB Statement 3, Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the assessor that the fiscal agent has failed to pay deposited funds upon demand.

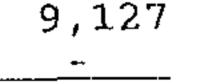

NOTE C - CHANGES IN GENERAL FIXED ASSETS

A summary of changes in general fixed assets (office furnishings and equipment) follows:

Balance, January 1, 1998 \$188,995

Additions Deductions

Balance, December 31, 1998

NOTE D - PENSION PLAN

٠.

Employees of the district attorney are covered under two retirement plans as follows:

I. Louisiana District Attorneys Retirement System

Plan Description -- The district attorney and assistant district attorneys are members of the Louisiana District Attorneys Retirement System (System), a multiple employer (cost-sharing), public employee retirement system controlled and administered by a separate board of trustees.

Assistant district attorneys who earn, as a minimum, the

amount paid by the state for assistant district attorneys and are under the age of 60 at the time of original employment and all district attorneys are required to participate in the System. For members who joined the System before July 1, 1990, and who elected not to be covered by the new provisions, the following applies: Any member with 23 or more years of creditable service regardless of age may retire with a 3 percent benefit reduction for each year below age 55, provided that no reduction is applied if the member has 30 or more years of service. Any member with at least 18 years of creditable service may retire at age 55 with a 3 percent benefit reduction for each year below age 60. In addition, any member with at least 10 years of creditable service may retire at age 60 with a 3 percent benefit reduction for each year retiring below the age of 62. The retirement benefit is equal to 3 percent of the member's average final compensation multiplied by the number of years of their membership service, not to exceed 100 percent of their average final compensation.

For members who joined the System after July 1, 1990, or who elected to be covered by the new provisions the following applies: Members are eligible to receive normal retirement benefits if they are age 60 and have 10 years of service credit, are age 55 and have 24 years of service credit, or have 30 years of service credit regardless of age. The normal retirement benefit is equal to 3.5 percent of the member's final-average compensation multiplied by years of membership service. A member is eligible for early retirement if he is age 55 and has 18 years of service credit. The early retirement benefit is equal to the normal retirement benefit reduced 3 percent for each year the member retires in advance of normal retirement age. Benefits may not exceed 100 percent of average final compensation. The System also provides death and disability benefits. Benefits are established by state statute.

NOTE D - PENSION PLAN (CONTINUED)

٠.

Funding Policy -- Plan members are required by state statute to contribute 7.0 percent of their annual covered salary and the district attorney, as their employer, is required to contribute at an actuarially determined rate. For the period January 1, 1998 to June 30, 1998 the employer rate was 1.25 percent of annual covered payroll. For the period July 1, 1998 to December 31, 1998 there was no employer rate. Contributions to the System also include .2 percent of the ad valorem taxes collected throughout the state and revenue sharing funds as appropriated by the legislature. The contribution requirements of plan members and the district attorney are established and may be amended by state statute As provided by Louisiana Revised Statute 11:103, the employer contributions are determined by actuarial valuation and are subject to change each year based on the results of the valuation for the prior fiscal year.

The district attorney's (employer) contributions to the System for the years ended December 31, 1998, 1997 and 1996 were \$1,550, \$3,410 and \$4,337, respectively, and these amounts equaled to the required contributions for each year.

II. <u>Parochial Employees Retirement System of Louisiana</u>

Plan Description -- All other employees of the district attorney are members of the Parochial Employees Retirement System of Louisiana (PERS), a cost-sharing, multipleemployer defined pension benefit plan administered by a separate board of trustees. PERS is composed of two distinct plans, Plan A and Plan B, with separate assets and benefit provisions. All employees of the district are members of Plan A.

All permanent employees working at least 28 hours per week who are paid wholly or in part from parish funds and all elected parish officials are eligible to participate in PERS. Under Plan A, employees who retire at or after age 60 with at least 10 years of creditable service, at or after age 55 with at least 25 years of credited service, or at any age with at least 30 years of credited service are entitled to a retirement benefit, payable monthly for life, equal to 3 percent of the member's final-average salary for each year of creditable service. However, for those employees who were members of the supplemental plan only, prior to January 1, 1980, the benefit is equal to one percent of the finalaverage salary plus \$24 for each year of supplemental plan

NOTE D - PENSION PLAN (CONTINUED)

only service earned prior to January 1, 1980. Final-average salary is the employee's average salary over the 36 consecutive or joined months that produce the highest average. Employees who terminate with at least the amount of creditable service stated above and do not withdraw their employee contributions may retire at the ages specified above and receive the benefit accrued to their date of termination. PERS also provides death and disability benefits. Benefits are established by state statute.

PERS issues an annual publicly available financial report that includes financial statements and required supplementary information for PERS. The report may be obtained by writing to the Parochial Employees' Retirement System, Post Office Box 14619, Baton Rouge, Louisiana 70898-4619, or by calling (504)928-1361.

Funding Policy -- Under Plan A, members of PERS are required to contribute 9.5% of their annual covered salary and the district is required to contribute at an actuarially determined rate. The employer contribution rate for the year ended December 31, 1998 is 7.75% of annual covered payroll. Contributions to PERS also include one-fourth of one percent of the taxes shown to be collectible by the tax rolls of each parish, except Orleans and East Baton Rouge Parishes. These tax dollars are divided between Plan A and Plan B based proportionately on the salaries of the active members of each plan. The contribution requirements of plan members and the district are established and may be amended by state statute. As provided by Louisiana Revised Statute 11:103, the employer contributions are determined by actuarial valuation and are subject to change each year based on the results of the valuation for the prior fiscal year.

The district attorney's (employer) contributions to PERS under Plan A for the year's ended December 31, 1998, 1997 and 1996 were \$20,722, \$19,529 and \$16,074, respectively, and these amounts equaled the required contributions for each year.

REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH <u>GOVERNMENT AUDITING STANDARDS</u>

Honorable John M. Crum, Jr. District Attorney of the Fortieth Judicial District A Component Unit of the St. John the Baptist Parish Council St. John the Baptist Parish, Louisiana

I have audited the general purpose financial statements of the District Attorney of the Fortieth Judicial District as of and for the year ended December 31, 1998, and have issued my report thereon dated May 13, 1999. I conducted my audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States.

<u>Compliance</u>

As a part of obtaining reasonable assurance about whether the St. John the Baptist Parish Assessor's general purpose financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations and contracts, noncompliance with which could have a direct and material effect on the determination of the financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance that are required to be reported under <u>Government Auditing Standards</u>.

<u>Internal Control Over Financial Reporting</u> In planning and performing my audit, I considered the District

Attorney of the Fortieth Judicial District's internal control over financial reporting in order to determine my auditing procedures for the purpose of expressing my opinion on the general purpose financial statements and not to provide assurance on the internal control over financial reporting. However, I noted a matter involving the internal control over financial reporting and its operations that I consider to be reportable condition. Reportable conditions involve matters coming to my attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in my judgement, could adversely affect the district attorney's ability to record, process, summarize and report financial data consistent with the assertions of management in the general purpose financial statements. I noted that, as a material weakness, the size of the district attorney's operations and its limited staff preclude an adequate segregation of duties and other features of an adequate system of internal accounting control. Management is aware of this inadequacy in the internal control structure, however, it feels that to employ such controls would not be cost beneficial.

A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the general purpose financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. My consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, I considered the reportable condition described above to be a material weakness.

This report is intended solely for the use of management and the State of Louisiana Legislative Auditor and should not be used for any other purpose. This restriction is not intended to limit the distribution of this report which, upon acceptance by the State of Louisiana Legislative Auditor, is a matter of public record.
