INDEPENDENT AUDITOR'S REPORT

Board of Control
Jefferson Davis Parish Library
Jefferson Davis Parish Police Jury
Jennings, Louisiana

I have audited the accompanying general purpose financial statements of the Jefferson Davis Parish Library, a component unit of the Jefferson Davis Parish Police Jury, as of December 31, 1998, and for the year then ended. These general purpose financial statements are the responsibility of the Jefferson Davis Parish Library's management. My responsibility is to express an opinion on these general purpose financial statements based on my audit.

I conducted my audit in accordance with generally accepted auditing standards, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general purpose financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the general purpose financial statements referred to in the first paragraph present fairly, in all material respects, the financial position of the Jefferson Davis Parish Library, as of December 31, 1998, and the results of its operations for the year then ended in conformity with generally accepted accounting principles.

In accordance with *Government Auditing Standards*, I have also issued my report dated June 18, 1999, on my consideration of Jefferson Davis Parish Library's internal control over financial reporting and my tests of its compliance with certain provisions of laws, regulations, contracts and grants.

INTRODUCTION

The Jefferson Davis Parish Library was established by the parish governing authority under the provisions of Louisiana Revised Statute 25:211. The library provides citizens of the parish access to library materials, books, magazines, records, and films. The library is governed by a board of control that is appointed by the parish police jury in accordance with the provisions of Louisiana Revised Statute 25:214. The members of the board of control serve without pay. The Jefferson Davis Parish Library operates through four facilities in Jefferson Davis Parish. The main facility is in Jennings, and others are located in Elton, Welsh, and Lake Arthur. The library has a total of twenty employees.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. BASIS OF PRESENTATION

The accompanying financial statements of the Jefferson Davis Parish Library have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

B. REPORTING ENTITY

Section 2100 of the GASB Codification of Governmental Accounting and Financial Reporting Standards (GASB Codification) established criteria for determining the governmental reporting entity and component units that should be included within the reporting entity. Oversight responsibility by the police jury is determined on the basis of the following criteria:

1. Appointment of governing board
2. Designation of management
3. Ability to significantly influence operations
4. Accountability for fiscal matters
5. Scope of public service

Because the police jury appoints members of the board and has the ability to significantly influence operations, the library was determined to be a component unit of the Jefferson Davis Parish Police Jury, the governing body of the parish with the oversight responsibility. The accompanying financial statements present information only on the funds maintained by the library and do not present information of the police jury, the general government services provided by that governmental unit, or the other governmental units that comprise the governmental reporting entity.

C. FUND ACCOUNTING

The library used a fund (General Fund) and account groups to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions relating to certain government functions or activities.

A fund is a separate accounting entity with a self-balancing set of accounts. On the other hand, an account group is a financial reporting device designed to provide accountability for certain assets and liabilities that are not recorded in the funds because they do not directly affect net expendable available financial resources.

The General Fund of the library is classified as a governmental fund. The General Fund is the general operating fund of the library and accounts for all financial activities of the library, including acquisition of general fixed assets and servicing of general long-term obligations.

D. BASIS OF ACCOUNTING

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The General Fund is accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. The operating statement of the General Fund presents increases and decreases in net current assets. The modified accrual basis of accounting is used by the General Fund. The General Fund uses the following practices in recording revenues and expenditures:

Revenues

Ad valorem taxes and the related revenue sharing (which is based on population and homesteads in the parish) are recognized in the year the taxes are assessed, and to the extent they are available within 60 days of the year end. Ad valorem taxes are assessed for the calendar year, become due on November 15 of each year, and become delinquent on December 31. The taxes are generally collected in December of the current year and January and February of the ensuing year.

Interest income represents amounts earned on checking accounts deposited with financial institutions. Interest earned on checking accounts is recorded when available.

Substantially all other revenues are recorded when received.

Expenditures

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred, except for vacation leave, which is recognized when paid.

E. BUDGET PRACTICES

Prior to November 1, the librarian prepares the proposed operating budget and submits it to the library board of control. The operating budget includes proposed expenditures and the means of financing them. Public hearings are conducted by the Jefferson Davis Parish Library to obtain taxpayer comments. The public hearing for the 1998 fiscal year budget was advertised on November 23, 1997. The public hearing was held on November 24, 1997, and the budget was adopted on that date. The budget, as presented on page 5, was amended in November of 1998.

The library adopts its budget on a cash basis. Unexpended budget balances lapse at year end. The budget is used as a management control device and is formally integrated into the general ledger. On the budget comparison, revenues, expenditures, and changes in fund balance have been adjusted to a cash receipts and disbursements basis of accounting.

The following reconciles the amount shown as excess of receipts over disbursements on the budget comparison, page 5, with the amount shown on page 4:

Excess (Deficiency) of receipts over disbursements – page 5	\$ 109,661
Add:	
Current-year receivables	549,776
Prior-year payables	20,623
Less:	
Prior-year receivables	(498,469)
Current-year payables	<u>(25,857)</u>

The reconciliation of amounts reported on page 5 as cash balance at end of year to amounts reported as cash reported on page 3 is as follows:

Cash balance at end of year – page 5	\$ 291,198
Add:	
Revenue deferred for budget purposes	68,905
Reduction in cash reclassified as accounts payable	22,733
Other	<u>(489)</u>
 Cash – page 3	 <u>\$ 382,347</u>

F. ENCUMBRANCES

The Library does not utilize encumbrance accounting.

G. CASH AND CASH EQUIVALENTS

Cash includes amounts in demand deposits, interest-bearing demand deposits, and time deposits. Cash equivalents include amounts in time deposits and those investments with original maturities of 90 days or less. Under state law, the board may deposit funds in demand deposits, interest-bearing demand deposits, or time deposits with state banks organized under Louisiana law or any other state of the United States, or under the laws of the United States.

H. FIXED ASSETS

Fixed assets are recorded as expenditures at the time purchased, and the related assets are capitalized (reported) in the general fixed assets account group. Public domain or infrastructures are not capitalized. No depreciation has been provided on general fixed assets. Approximately 90 percent of general fixed assets are valued at actual historical cost, while the remaining 10 percent are valued at estimated historical cost of similar items purchased at that time.

I. COMPENSATED ABSENCES

All full-time staff members accrue vacation leave on January 1 of each year for work performed during the previous 12 months. One-half of the vacation leave earned each year may be carried forward. Employees with a master's degree in library science receive 20 days of vacation leave per year; employees with an undergraduate degree and 18 hours of library science receive 15 days; and other employees receive 10 days until the tenth year of employment, when an additional week of vacation leave is granted to the employee.

Notes to the Financial Statements
As of and for the Year Ended December 31, 1998

Employees are allowed one day sick leave per month and may accumulate up to 60 days of sick leave. Upon termination of employment, employees may be paid for accumulated unused vacation leave.

The cost of current leave privileges, computed in accordance with GASB Codification Section C60, is recognized as a current-year expenditure in the General Fund when leave is actually taken. The cost of leave privileges not requiring current resources is recorded in the general long-term obligations account group.

J. LONG-TERM OBLIGATIONS

Long-term obligations expected to be financed from governmental funds are accounted for in the general long-term obligations account group. Expenditures for principal and interest payments for long-term obligations are recognized in the General Fund when due.

K. TOTAL COLUMN ON BALANCE SHEET

The total column on the balance sheet is captioned Memorandum Only to indicate that it is presented only to facilitate financial analysis. Data in this column does not present financial position in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation.

2. LEVIED TAXES

The library's authorized tax millage for 1998 is 6.28 mills. The library levied 6.28 mills for 1998. Any difference is the result of the reassessment of taxable property required by Article 7, Section 18 of the Louisiana Constitution of 1974.

The following are the principal taxpayers for the parish:

Taxpayer	Type of Business	1997 Assessed Valuation (In Thousands)	% of Total Assessed Valuation
Stewart & Stevenson SVS	Inventory	\$ 6,500	7.00 %
Colonial Pipeline Company	Pipeline	3,852	4.15 %

3. CASH

At December 31, 1998, the library has cash (book balances) totaling \$ 382,347 as follows:

Non-interest-bearing demand deposits	\$ 39,856
Interest-bearing demand deposits	342,306
Petty cash	185
Total	\$ 382,347

At December 31, 1998, the library has \$382,657 in deposits (collected bank balances). These balances are secured from risk by \$100,000 of federal deposit insurance and \$282,657 of pledged securities held by the custodial bank in the name of the fiscal agent bank (GASB Category 3).

Even though the pledged securities are considered uncollateralized (Category 3) under the provisions of GASB Statement 3, Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the sheriff that the fiscal agent has failed to pay deposited funds upon demand.

4. CHANGES IN GENERAL FIXED ASSETS

A summary of changes in general fixed assets follows:

	Balance January 1, 1998	Additions	Deductions	Adjustments	Balance December 31, 1998
Land	\$ 24,600	\$ -0-	\$ -0-	\$ -0-	\$ 24,600
Buildings	256,138	-0-	-0-	-0-	256,138
Equipment and furniture	323,092	46,599	-0-	-0-	369,691
Library books	895,404	60,476	8,772	137	947,245
Total	\$ 1,499,234	\$ 107,075	\$ 8,772	\$ 137	\$ 1,597,674

5. PENSION PLAN

Plan Description. Substantially all employees of the Jefferson Davis Parish Library are members of the Parochial Employees' Retirement System of Louisiana (System), a cost-sharing, multiple-employer defined benefit pension plan administered by a separate board of trustees. The System is

JEFFERSON DAVIS PARISH LIBRARY

Jennings, Louisiana

Notes to the Financial Statements
As of and for the Year Ended December 31, 1998

composed of two distinct plans, Plan A and Plan B, with separate assets and benefit provisions. All employees of the library are members of Plan A.

All permanent employees working at least 28 hours per week who are paid wholly or in part from parish funds and all elected parish officials are eligible to participate in the System. Under Plan A, employees who retire at or after age 60 with at least 10 years of creditable service, at or after age 55 with at least 25 years of creditable service, or at any age with at least 30 years of creditable service are entitled to a retirement benefit, payable monthly for life, equal to 3 percent of their final-average salary for each year of creditable service. However, for those employees who were members of the supplemental plan only before January 1, 1980, the benefit is equal to one percent of final average salary plus \$24 for each year of supplemental-plan-only service earned before January 1, 1980. Final-average salary is the employee's average salary over the 36 consecutive or joined months that produce the highest average. Employees who terminate with at least the amount of creditable service stated above and do not withdraw their employee contributions may retire at the ages specified above and receive the benefit accrued to their date of termination. The System also provides death and disability benefits. Benefits are established or amended by state statute.

The system issued an annual publicly available financial report that includes financial statements and required supplementary information for the System. That report may be obtained by writing to the Parochial Employees' Retirement System, Post Office Box 14619, Baton Rouge, Louisiana 70898-4619, or by calling (504) 928-1361.

Funding Policy. Under Plan A, members are required by state statute to contribute 9.5 percent of their annual covered salary and the library is required to contribute at an actuarially determined rate. The current rate is 7.75 percent of annual covered payroll. Contributions to the System also include one-fourth of one percent (except Orleans and East Baton Rouge Parishes) of the taxes shown to be collectible by the tax rolls of each parish. These tax dollars are divided between Plan A and Plan B based proportionately on the salaries of the active members of each plan. The contributions requirements of plan members and the library are established and may be amended by state statute. As provided by Louisiana Revised Statute 11:103, the employer contributions are determined by actuarial valuation and are subject to change each year based on the results of the valuation for the prior fiscal year. The library's contributions to the System under Plan A for the years ending December 31, 1998, 1997 and 1996, were \$15,919, \$15,445 and \$14,588, respectively, equal to the required contributions for each year.

6. POSTRETIREMENT HEALTH CARE AND LIFE INSURANCE BENEFITS

The Jefferson Davis Parish Library does not provide any health care or life insurance benefits for any of its retired employees.

7. COMPENSATED ABSENCES

At December 31, 1998, employees of the library have accumulated and vested \$15,465 of employee leave benefits, which was computed in accordance with GASB Codification Section C60. All of this amount is recorded within the general long-term obligations account group.

8. LEASES

The library has operating and maintenance leases for several copiers and fax machines. The minimum annual commitments under noncancellable operating and maintenance leases are as follows:

Fiscal year:		
1999	\$	9,592
2000		<u>3,772</u>
Total	\$	<u>13,364</u>

Minimum rental payments in the amount of \$13,399 for all operating and maintenance leases during the year ended December 31, 1998, are recorded as an expense in operating services in the accompanying financial statements.

9. CHANGES IN GENERAL LONG-TERM OBLIGATIONS

The following is a summary of the long-term obligation transaction during the year:

		<u>Compensated Absences</u>
Long-term obligations payable at January 1, 1998	\$	14,494
Additions		11,976
Deductions		<u>(11,005)</u>
Long-term obligations payable at December 31, 1998	\$	<u>15,465</u>

10. LITIGATION AND CLAIMS

At December 1, 1998, the library is not involved in any litigation and is not aware of any pending claims.

11. JOINT VENTURE-BAYOULAND LIBRARY SYSTEM

The Bayouland Library System was established as a cooperative system in 1974 under the provisions of Louisiana Revised Statute 33:1324 by the police juries of Acadia, Evangeline, Iberia, Lafayette, Lafourche, St. Martin, St. Mary, Terrebonne, and Vermilion Parishes and the boards of aldermen of the cities of Opelousas and Eunice. The university libraries of Louisiana State University at Eunice, Nicholls State University, and the University of Southwestern Louisiana are also members of the library system. In 1984, Allen Parish Library joined, followed by Jefferson Davis Parish Library in 1985. The major goal of the Bayouland Library System is to provide materials and services that will assist the member libraries in fulfilling their goal of offering the best possible service to library patrons in their respective communities. This includes interlibrary loan, reference, and courier services, continuing education workshops, and cooperative purchases.

The library system is governed by an executive council composed of the Bayouland system director and two representatives from each member library. The Bayouland Library System is headquartered in the Lafayette Parish Library, and its operation is financed by grants from the Louisiana State Library and by funds prorated on the basis of population from the member libraries. The Jefferson Davis Parish Library paid \$5,939 to the Bayouland Library System in 1998.

A summary of the latest available compiled financial information for the Bayouland Library System as of and for the year ended December 31, 1998, follows:

For all fund types and account groups:	
Total assets	\$ 114,326
Total liabilities	<u>(31,392)</u>
Total equity	<u>82,934</u>
For the General Fund:	
Total revenues	89,499
Total expenditures	<u>85,173</u>
Net increase in fund balance	\$ <u>4,326</u>

The member libraries do not retain an equity interest in either assets or liabilities.

12. RISK MANAGEMENT

The Library is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; injuries to employees; and natural disasters. The Library carries commercial insurance to cover all of these risks except theft. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

13. YEAR 2000 ISSUE

The Year 2000 issue is the result of shortcomings in many electronic data processing systems and other electronic equipment that may adversely affect the Library's operations as early as fiscal year 1999.

The Library has completed an inventory of computer systems and other electronic equipment that may be affected by the Year 2000 issue and that are necessary to conducting operations. The Library has identified the following systems requiring Year 2000 remediation:

- Accounting system
- Circulation management system
- Cataloging management system

The Library has completed all testing, remediation, and validation on the above software systems.

The Library has completed all testing, remediation, and validation of hardware systems. The costs of the any possibly remaining remediation is not expected to be material to the financial statements.

Because of the unprecedented nature of the Year 2000 issue, its effects and the success of related remediation efforts will not be fully determinable until the year 2000 and thereafter. Management cannot assure that the Library is or will be Year 2000 ready, that the Library's remediation efforts will be successful in whole or in part, or that parties with whom the Library does business or shares services with will be Year 2000 ready.

Jefferson Davis Parish Library
Jefferson Davis Parish Police Jury
Jennings, Louisiana

I have audited the general purpose financial statements of the Jefferson Davis Parish Library, a component unit of the Jefferson Davis Parish Police Jury, as of and for the year ended December 31, 1998, and have issued my report thereon dated June 18, 1999. I conducted my audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether Jefferson Davis Parish Library's general purpose financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit and, accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing my audit, I considered the Jefferson Davis Parish Library's internal control over financial reporting in order to determine my auditing procedures for the purpose of expressing my opinion on the general purpose financial statements and not to provide assurance on the internal control over financial reporting. However, I noted certain matters involving the internal control over financial reporting and its operation that I consider to be reportable conditions. Reportable conditions involve matters coming to my attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in my judgement, could adversely affect the Jefferson Davis Parish Library's ability to record, process, summarize and report financial data consistent with the assertions of management in the general purpose financial statements. Reportable conditions are described in the accompanying summary schedule of prior audit findings as item 92-1, since this condition also existed in the prior year.

A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the general purpose financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. My consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable

conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, of the reportable conditions described above I consider item 92-1 to be a material weakness.

This report is intended for the information of the Library's Board of Control, management, and the Louisiana Legislative Audit Advisory Council. However, this report is a matter of public record and its distribution is not limited.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS
For the Year Ended December 31, 1998**

We have audited the financial statements of Jefferson Davis Parish Library as of and for the year ended December 31, 1998, and have issued our report thereon dated June 18, 1999. I conducted my audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. My audit of the financial statements as of December 31, 1998 resulted in an unqualified opinion.
