Summary of Significant Accounting Policies Note 1.

The financial statements of the St. Landry Parish Fire Protection District No. II have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the generally accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the District's accounting policies are described below.

Reporting entity:

The St. Landry Parish Fire Protection District No. II is a component unit of the St. Landry Parish Police Jury. The District was established in 1955 to provide fire protection and rescue service for the residents of the District.

Fund accounting:

The District uses one fund and one account group to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

A fund is a separate accounting entity with a self-balancing set of accounts. An account group, on the other hand, is a financial reporting device designed to provide accountability for certain assets and liabilities that are not recorded in the funds because they do not directly affect net expendable available financial resources.

The general fund, a governmental fund type, is the general operating fund of the District. It is used to account for all financial resources of the District.

Basis of accounting:

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental funds are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Operating statements of these funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets.

- 5 -

- - - -

NOTES TO FINANCIAL STATEMENTS See Accountant's Compilation Report

The modified accrual basis of accounting is used by all governmental fund types. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Ad valorem taxes and the related state revenue sharing are recognized as revenue in the year in which the taxes are assessed and billed. Ad valorem taxes are assessed on a calendar year basis, become due on November 15 of each year and become delinquent by December 31. The taxes are generally collected in December of the current year and January and February of the ensuing year. The other major revenue considered susceptible to accrual is interest on investments. Expenditures are recorded when the related fund liability is incurred.

Budgets:

The budget is prepared and adopted on a cash basis. Included in the accompanying financial statements is an adjustment column converting revenues and expenditures as determined by the modified accrual basis of accounting to the budgetary (cash) basis.

The general fund budget is formally adopted by the District prior to the beginning of the fiscal year. After its adoption, adjustments to the budget for unobligated funds must be approved by resolution in open meeting. The budget as shown in this report is as originally adopted by the Board. All appropriations lapse at the end of the fiscal year. Expenditures may not legally exceed budgeted appropriations at the individual fund level by more than five percent.

Cash and cash equivalents:

Cash and cash equivalents include amounts in demand deposits as well as short-term investments with a maturity date within 90 days acquired by the District. Investments are stated at cost.

At December 31, 1998, deposits in financial institutions were fully secured by FDIC insurance.

Fixed assets:

General fixed assets are not capitalized in the funds used to acquire or construct them. Instead, capital acquisition and construction are reflected as expenditures in governmental funds, and the related assets are reported in the general fixed assets account group. All purchased fixed assets are valued at cost and donated fixed assets are valued at fair market value as of the date of donation. Assets in the general fixed assets account group are not depreciated. Due to the nature of its operations, the District has no public domain (infrastructure) fixed assets.

- 6 -

NOTES TO FINANCIAL STATEMENTS See Accountant's Compilation Report

Compensated absences:

Employees of the District who have been employed for one year earn 18 days of vacation pay. After ten years of service, they earn one additional day of vacation pay for each year worked up to the maximum of 30 days. All employees are entitled to 12 days sick pay after being employed for three months. No sick pay is paid upon resignation or retirement.

No accruals have been made for accumulated unpaid vacation and sick leave due to their immateriality in relation to total payroll costs of the District.

Memorandum only - total columns:

The total column on the combined balance sheet is captioned "Memorandum Only" to indicate that it is presented only to facilitate financial analysis. Data in this column does not present financial position in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

Note 4. Pension Plan

All employees of the St. Landry Parish Fire Protection District No. II are members of the federal social security system. Two firefighters are also members of the Firefighters' Retirement Plan.

Plan description:

The Firefighters' Retirement System (the System) is a cost-sharing multiple-employer public employee retirement system (PERS).

Membership is mandatory as a condition of employment beginning on date employed if the employee is on a permanent basis as a firefighter, not participating in another publicly funded retirement system and under age fifty (50) at date of employment. Employees who retire at or after age 50 with at least 20 years of credited service, or at or after age 55 with at least 12 years of credited service are entitled to a retirement benefit payable monthly for life, equal to 3-1/3 percent of their average final compensation multiplied by the employee's years of credited service. Final compensation is the employee's monthly earnings during the 36 consecutive or joined months that produce the highest average. The System also provides death and disability benefits. Benefits are established by state statute.

The Firefighter's Retirement System issues a publicly available financial report that includes financial statements and required supplemental information. That report may be obtained by writing to Firefighter's Retirement System, P. O. Box 94095 Capitol Station, Baton Rouge, LA 70804-9095.

Funding policy:

Plan members are required to contribute 8.0% of their annual covered salary and the District is required to contribute at an actuarially determined rate. The current rate is 9.0% of annual covered payroll. The contribution requirements of Plan members are established and may be amended by the System's Board of Trustees. The District's contributions to the System for the years ended December 31, 1998, 1997, 1996, and 1995 were \$3,524, \$3,431, \$3,189, and \$1,916, respectively, equal to the required contribution for each year.

SCHEDULE OF YEAR 2000 ISSUES Year Ended December 31, 1998 See Accountant's Compilation Report

The Year 2000 Issue is the result of shortcomings in many electronic data processing systems and other electronic equipment that may adversely affect the District's operations as early as fiscal year 1999.

The St. Landry Parish Fire District No. II is in the "Assessment Stage" regarding the Year 2000 Issue. Management is in the process of finding out which of its existing electronic systems and other equipment may be affected by the Year 2000 Issue. Once the assessment stage is complete, remediation, validation, and testing will be required.

Because of the unprecedented nature of the Year 2000 Issue, its effects and the success of related remediation efforts will not be fully determinable until the Year 2000 and thereafter. Management cannot assure that the District is Year 2000 ready, or that parties with whom the District does business will be Year 2000 ready.

3. Obtain from management a listing of all employees paid during the period under examination.

Management provided us with the required list.

4. Determine whether any of those employees included in the listing obtained from management in agreed-upon procedure (3) were also included on the listing obtained from management in agreed-upon procedure (2) as immediate family members.

None of the employees included on the list of employees provided by management [agreed-upon procedure (3)] appeared on the list provided by management in agreed-upon procedure (2).

Budgeting

5. Obtained a copy of the legally adopted budget and all amendments.

Management provided us with a copy of the original budget and the amendment made to the budget for the year ended December 31, 1998.

6. Trace the budget adoption and amendments to the minute book.

We traced the adoption of the original budget and amendments to the minutes of meetings on December 17, 1997 and November 18, 1998, respectively, which indicated that the budget and amendments had been adopted by the commissioners of St. Landry Parish Fire Protection District No. II.

7. Compare the revenues and expenditures of the final budget to actual revenues and expenditures to determine if actual revenues or expenditures exceed budgeted amounts by more than 5%.

We compared the revenues and expenditures of the final budget to actual revenues and expenditures. Actual revenues for the year did not fail to meet budgeted amounts by more than 5% and actual expenditures for the year did not exceed budgeted amounts by more than 5%.

Accounting and Reporting

- 8. Randomly select six disbursements made during the period under examination and:
 - (a) trace payments to supporting documentation as to proper amount and payee;

We examined supporting documentation for each of the six selected disbursements and found that payment was for the proper amount and made to the correct payee.

> (b) determine if payments were properly coded to the correct fund and general ledger account; and

All six of the payments were properly coded to the correct fund and general ledger account.

(c) determine whether payments received approval from proper authorities.

Inspection of documentation supporting each of the six selected disbursements indicated approvals.

Meetings

9. Examine evidence indicating that agendas for meetings recorded in the minute book were posted or advertised as required by LSA-RS 42:1 through 42:12 (the open meetings law).

St. Landry Parish Fire Protection District No. II is only required to post a notice of each meeting and the accompanying agenda on the door of the District's office building. Management has asserted that such documents were properly posted.

Debt

10. Examine bank deposits for the period under examination and determine whether any such deposits appear to be proceeds of bank loans, bonds, or like indebtedness.

We scanned copies of bank deposit slips for the period under examination and did not note any deposits which appeared to be proceeds of bank loans, bonds, or like indebtedness.

Advances and Bonuses

11. Examine payroll records and minutes for the year to determine whether any payments have been made to employees which may constitute bonuses, advances, or gifts.

A reading of the minutes of the District for the year did not reveal any such payments. We also inspected payroll records for the year and did not note any instances which would indicate payments to employees which would constitute bonuses, advances, or gifts.

Prior Comments and Recommendations

12. Review any prior year suggestions, recommendations, and/or comments and indicate the extent to which such matters have been resolved.

The report from the prior year did not include any suggestions, recommendations

and/or comments.

- 15 -

The Board of Commissioners St. Landry Parish Fire Protection District No. II

We were not engaged to, and did not, perform an examination, the objective of which would be the expression of an opinion on management's assertions. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the use of management of St. Landry Parish Fire Protection District No. II and the Legislative Auditor, State of Louisiana, and should not be used by those who have not agreed to the procedures and taken responsibility for the sufficiency of the procedures for their purposes. However, this report is a matter of public record and its distribution is not limited.
