#### INDEPENDENT AUDITOR'S REPORT

St. Tammany Parish Fire Protection District No. 4 Mandeville, Louisiana

We have audited the accompanying financial statements of the St. Tammany Parish Fire Protection District No. 4, as of and for the year ended December 31, 1998 as listed in the table of contents. These financial statements are the responsibility of the St. Tammany Parish Fire District No. 4's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards, Government Auditiing Standards, issued by the Comptroller General of the United States, and the provisions of Office of Management and Budget Circular A-128, Audits of State and Local Governments. Those Standards and OMB Circular A-128 require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the St. Tammany Parish Fire Protection District No. 4 as of December 31, 1998, and the results of its operations for the year then ended in conformity with generally accepted accounting principles.

ST. TAMMANY PARISH FIRE PROTECTION DISTRICT NO. 4 ST. TAMMANY PARISH POLICE JURY MANDEVILLE, LOUISIANA NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 1998

# INTRODUCTION

The St. Tammany Parish Fire Protection District No. 4 is a component unit of the St. Tammany Parish Police Jury created by ordinance of the St. Tammany Parish Council on January 16, 1958. The Fire District is administered by a board of commissioners of five members. Two members are appointed by the St. Tammany Parish Policy Jury and two members are appointed by the City of Mandeville. These four members select the fifth member who serves as the chairman. Each commissioner is entitled to receive a per diem payment of \$30 for each board meeting attended. The Fire District provides fire protection for the entire fourth ward of St. Tammany Parish which has a population of 26,082. The St. Tammany Parish Fire Protection District No. 4 maintains and operates four fire protection facilities and has 77 employees.

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

# BASIS OF PRESENTATION

The accompanying general purpose financial statements of the St. Tammany Parish Fire Protection District No.4 have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

# REPORTING ENTITY

As the governing authority of the parish, for reporting purposes, the St. Tammany Parish Police Jury is the financial reporting entity for St. Tammany Parish. The financial reporting entity consists of (a) the primary government (police jury), (b) organizations for which the primary government is financially accountable, and (c) other organizations for which nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Governmental Accounting Standards Board Statement No. 14 established criteria for determining which component units should be considered part of the St. Tammany Parish Police Jury for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability. The criteria includes:

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

REPORTING ENTITY (CONT'D)

- Appointing a voting majority of an organization's governing body, and
  - a. The ability of the police jury to impose its will on that organization and/or
  - b. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the police jury.
- 2. Organizations for which the police jury does not appoint a voting majority but are fiscally dependent on the police jury.
- 3. Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included

because of the nature or significance of the relationship.

The St. Tammany Parish Fire Protection District No. 4 was determined to be a component unit of the St. Tammany Parish Police Jury, the reporting entity, because the reporting entity's financial statements would be misleading if data of the St. Tammany Parish Fire Protection District No. 4 was not included because of the significance of the relationship and scope of public service. The accompanying financial statements present information only on the funds maintained by the district and do not present information on the police jury, the general government services provided by that governmental unit, or the other governmental units that comprise the financial reporting entity.

#### FUND ACCOUNTING

The St. Tammany Parish Fire Protection District No.4 uses funds and account groups to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions relating to certain government functions or activities.

A fund is a separate accounting entity with a self-balancing set of accounts. On the other hand, an account group is a financial reporting device designed to provide accountability for certain assets and liabilities that are not recorded in the funds because they do not directly affect net expendable available financial resources.

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

#### FUND ACCOUNTING (CONT'D)

Funds of the St. Tammany Parish Fire Protection District No.4 are classified as governmental funds. Governmental funds account for the district's general activities, including the collection and disbursement of specific or legally restricted monies, the acquisition or construction of general fixed assets, and the servicing of general long-term debt. Governmental funds of the St. Tammany Parish Fire Protection District No.4 include:

#### General Fund

The general fund accounts for all of the financial activities of the St. Tammany Parish Fire Protection District No. 4. These activities are funded primarily by ad valorem taxes.

#### General Fixed Assets and General Long-Term Debt

Fixed assets used in the governmental fund type operations (general fixed assets) are accounted for in the General Fixed Assets Account Group, rather than in governmental funds. Depreciation has not been provided on general fixed assets. All fixed assets are valued at historical cost or estimated historical cost. When items are retired, the General Fixed Assets Account Group is reduced for the related cost. Assets that have been donated to the St. Tammany Parish Fire Protection District No. 4 are recorded at fair market value at the time of donation.

Long-term debt expected to be financed from governmental funds are accounted for in the general long-term debt account group, not in the governmental funds.

The two account groups are not "funds". They are concerned only with the measurement of financial position, not with measurement of results of operations.

## BASIS OF ACCOUNTING

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The governmental funds are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. Operating statements of these funds present increases and decreases in net current assets. The modified accrual basis of accounting is used by the governmental funds. The governmental funds use the following practices in recording revenues and expenditures:

BUDGET PRACTICES

The St. Tammany Parish Fire Protection District No. 4 utilizes the following

budgetary practices:

A budget is adopted annually for the General Fund in accordance with Louisiana Revised Statutes 39:1304 and 39:1305. The 1998 budget was first published in the official parish journal on November 26, 1997 and made available for public inspection on the same date. The public meeting for the proposed budget was held on December 9, 1997 and also adopted on that date. Formal budgetary integration is employed as a management control device during the year. The budget is prepared on the modified accrual basis of accounting. Budgeted amounts included in the accompanying financial statements are the final authorized amounts as revised during the year. Unused appropriations for all of the budgeted funds lapse at the end of the year. The St. Tammany Parish Fire Protection District No. 4 approves the budget and any revisions. Periodically, individual items of budgeted revenues and expenditures are compared to actual amounts. If it appears that a budget revision is necessary, the Board of Commissioners of the Fire District will approve revising the For the year ended December 31, 1998 in the General Fund, actual budget. revenues exceeded budgeted revenues by over 5% and the actual fund balance was over 5% more than the budgeted amount. INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL STRUCTURE RELATED MATTERS NOTED IN A FINANCIAL STATEMENT AUDIT CONDUCTED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

St. Tammany Parish Fire Protection District No. 4 Mandeville, Louisiana

We have audited the general purpose financial statements of the St. Tammany Parish Fire Protection District No. 4 as of and for the year ended December 31, 1998 and have issued our report thereon dated February 8, 1999.

We conducted our audit in accordance with generally accepted auditing standards, Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement.

In planning and performing our audit of the general purpose financial statements of the St. Tammany Parish Fire Protection District No. 4, for the year ended December 31, 1998, we considered its internal control structure in order to determine our auditing procedures for the purpose of expressing our opinion on the general purpose financial statements and not to provide assurance on the internal control structure.

The management of the St. Tammany Parish Fire Protection District No. 4, is responsible for establishing and maintaining an internal control structure. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures. The objectives of an internal control structure are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Because of inherent limitations in any internal control structure, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of the structure to future periods is subject to the risk that procedures may become inadequate because of changes in conditions, or that the effectiveness of the design and operation of policies and procedures may deteriorate.

3525 Hessmer Avenue, Suite 304 Metairie, LA 70002 (504) 455-2036 • Fax (504) 887-7010 200 Greenleaves Blvd., Suite 2 Mandeville, LA 70448 (504) 626-7273 • Fax (504) 624-9760 For the purpose of this report, we have classified the significant internal control structure policies and procedures in the following categories: payroll, cash receipts, cash disbursements, accounts payable, purchasing and receiving, general ledger and property and equipment.

For all of the control categories listed above, we obtained an understanding of the design of relevant policies and procedures and whether they have been placed in operation, and we assessed control risk.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a reportable condition in which the design or operation of one or more of the internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the general purpose financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control structure and its operation that we consider to be material weaknesses as defined above.

This report is intended for the information of management and the Louisiana Legislative Auditor. However, this report is a matter of public record and its distribution in not limited.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH LAWS AND REGULATIONS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

St. Tammany Parish Fire Protection District No.4 Mandeville, LA

We have audited the general purpose financial statements of the St. Tammany Parish Fire Protection District No. 4, as of and for the year ended December 31, 1998, and have issued our report thereon dated February 8, 1999.

We conducted our audit in accordance with generally accepted auditing standards, Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement.

Compliance with laws, regulations, contracts, and grants applicable to the St. Tammany Parish Fire Protection District No. 4, is the responsibility of the St. Tammany Parish Fire Protection District No. 4's management. As part of obtaining reasonable assurance about whether the general purpose financial statements are free of material misstatement, we performed tests of the compliance with certain provisions of laws, regulations and contracts. However, the objective of our audit of the general purpose financial statements was not to provide an opinion on overall compliance with such provisions. Accordingly, we do not express such an opinion.

Material instances of noncompliance consist of failures to follow requirements or violations of prohibitions contained in statutes, regulations, contracts, or grants that cause us to conclude that the aggregation of the misstatements resulting from those failures or violations is material to the general-purpose financial statements. The results of our tests of compliance disclosed no material instances of noncompliance.

200 Greenleaves Blvd., Suite 2 Mandeville, LA 70448 (504) 626-7273 • Fax (504) 624-9760

We considered this in forming our opinion on whether the 1998 general-purpose financial statements are presented fairly, in all material respects, in conformity with generally accepted accounting principles, and this report does not affect our report dated February 8, 1999, on those general-purpose financial statements.

The results of our tests of compliance indicate that, with respect to the items tested, St. Tammany Parish Fire Protection District No. 4, complied in all material respects, with the provisions referred to in the third paragraph of this report; and with respect to items not tested, nothing came to our attention that caused us to believe that the St. Tammany Parish Fire Protection District No. 4 had not complied, in all material respects, with those provisions.

This report is intended for the information of management and the Louisiana Legislative Auditor. However, this report is a matter of public record and its distribution is not limited.
