INDEPENDENT AUDITORS' REPORT

August 20, 1999

Board of Commissioners Jefferson Davis Central Waterworks District Welsh, Louisiana

We have audited the accompanying general purpose financial statements of the Jefferson Davis Central Waterworks District, a component unit of the Jefferson Davis Parish Police Jury, as of and for the year ended June 30, 1999. These general purpose financial statements are the responsibility of the Jefferson Davis Central Waterworks District management. Our responsibility is to express an opinion on these general purpose financial

statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Jefferson Davis Central Waterworks District as of June 30, 1999, and the results of its operations and cash flows of its proprietary fund type for the year then ended in conformity with generally accepted accounting principles.

Our audit was conducted for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The Statement of Revenues, Expenses and Changes in Retained Earnings-Budget and Actual is presented for purposes of additional analysis and is not a required part of the general purpose financial statements of the Jefferson Davis Central Waterworks District. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly stated in all material respects in relation to the general purpose financial statements taken as a whole.

In accordance with *Government Auditing Standards*, we have also issued a report dated August 20, 1999 on our consideration of Jefferson Davis Central Waterworks District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations and contracts.

Jagson Canda & Julloy

Notes to Financial Statements

June 30, 1999

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Jefferson Davis Central Waterworks District is a political subdivision of the State of Louisiana. It was created under the provisions of Louisiana Revised Statues 33:3811 for the purpose of providing water to the rural area of Central Jefferson Davis Parish. The District is governed by a board of commissioners composed of five members appointed by the Jefferson Davis Parish Police Jury.

The financial statements of the Jefferson Davis Central Waterworks District have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the government's accounting policies are described below.

1. Reporting Entity

GASB Statement No. 14 established criteria for determining the governmental reporting entity and component units that should be included within the reporting entity. For financial reporting purposes, in conformance with GASB Statement No. 14, the Jefferson Davis Central Waterworks District includes all funds, account groups, et cetera, that are within the oversight responsibility of the Jefferson Davis Central Waterworks District.

As the governing authority, for reporting purposes, the Jeff Davis Parish Police Jury is the financial reporting entity. The financial reporting entity consists of (a) the primary government, (b) organizations for which the primary government is financially accountable, and (c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Governmental Accounting Standards Board Statement No. 14 established criteria for determining which component units should be considered part of the Jeff Davis Parish Police Jury for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability. Based upon the application of these criteria, Jefferson Davis Central Waterworks District is a component unit of the Jeff Davis Parish Police Jury's reporting entity.

2. Fund Accounting

The Jefferson Davis Central Waterworks District uses a fund to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions relating to certain government functions or activities. A fund is a separate accounting entity with a self-balancing set of

Continued

· _

Notes to Financial Statements

June 30, 1999

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

The following fund is used by the District:

Proprietary Fund Type:

Enterprise Fund -

The Enterprise Fund is used to account for operations that are financed and operated in a manner similar to private business enterprises where the costs (expenses, including depreciation) of providing water services to the general public on a continuing basis is financed through user charges.

3. Basis of Accounting

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All proprietary funds are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operation of these funds are included on the balance sheet. Fund equity (i.e., net total assets) is segregated into contributed capital and retained earnings components. Proprietary fund-type operating statements present increases (e.g., revenues) and decreases (e.g., expenses) in net total assets.

The District considers property taxes as available if they are collected within 60 days after year end. Those revenues susceptible to accrual are property taxes, interest revenue and charges for services.

The accrual basis of accounting is utilized by proprietary fund types. Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred.

4. Cash and Investments

. .-

-- - - ----

Cash includes amounts in demand deposits and time deposits with original maturities of 90 days or less. Under state law, the District may deposit funds in demand deposits, interest-bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana law and national banks having their principal offices in Louisiana.

These deposits are stated at cost, which approximates market. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. At June 30, 1999, the District has \$244,471 in deposits (collected bank balances). These deposits are secured from risk by \$8,000 of federal deposit insurance and \$236,471 of pledged securities held by the custodial bank in the name of the fiscal agent bank.

Continued

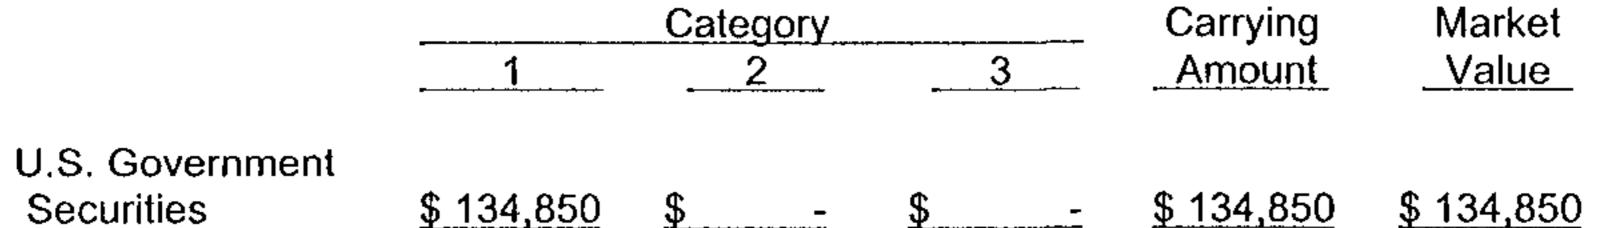

Notes to Financial Statements

June 30, 1999

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Investments

The following are the investments of the District, which are categorized to give an indication of the level of risk assumed by the District at year-end. Category 1 includes investments that are insured or registered or for which the securities are held by the District or its agent in the name of the District. Category 2 includes uninsured and unregistered investments for which the securities are held by the broker's or dealer's trust department or agent in the name of the District. There are no Category 2 investments. Category 3 includes uninsured and unregistered investments for which the securities are held by the broker or dealer, or by its trust department or agent but not in the name of the District. There are no Category 3 investments.

<u>\$ 134,850</u> Securities

5. Accounts Receivable

Uncollectible amounts due for receivables are recognized as bad debts at the time information becomes available which would indicate that the particular receivable is not collectable. This method does not result in a charge to bad debts that is materially different from the amount that would be charged if the reserve method were used.

6. Construction Period Interest

Interest costs of \$90,740 during original construction period of plant was capitalized and is being amortized over the term of the original bond issue using the straight-line method. Amortization expense was \$2,387 for the year ended June 30, 1999.

7. Statement of Cash Flows

For purpose of the statement of cash flows, the District considers all highly liquid debt instruments purchased with a maturity of three months or less when purchased to be cash equivalents. The statement reflects ending cash and cash equivalents of \$242,705 which represents unrestricted amounts of \$131,597 and restricted amounts of \$111,108.

Notes to Financial Statements

June 30, 1999

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

8. Budgets

An enterprise fund budget is adopted on a basis consistent with generally accepted accounting principles. All annual appropriations lapse at fiscal year end.

On or before the last meeting of each year, the budget is prepared by function and activity, and includes information on the past year, current year estimates and requested appropriations for the next fiscal year.

The proposed budget is presented to the government's Board of Commissioners for review. The board holds a public hearing and may add to, subtract from or change appropriations, but may not change the form of the budget. Any changes in the budget must be within the revenues and reserves estimated.

Expenditures may not legally exceed budgeted appropriations at the activity level.

9. Fund Equity

Contributed Capital -

Customer revenues received that are restricted for the acquisition or construction of capital assets are recorded as contributed capital. Contributed capital is not amortized.

Reserves -

Reserves represent those portions of fund equity legally segregated for a specific future use.

10. Comparative Data

Comparative totals for the prior year have been presented in the accompanying financial statements in order to provide an understanding of changes in the government's financial position and operations.

NOTE B - AD VALOREM TAXES

For the year ended June 30, 1999 taxes of 9.51 mills were levied on property with assessed valuations totaling \$13,626,020 and were dedicated as follows:

General operations

9.51 mills

Total taxes levied were \$129,584.

Property tax millage rates are adopted in July for the calendar year in which the taxes are levied and recorded. All taxes are due and collectible when the assessment rolls are filed on or before November 15 of the current year, and become delinquent after December 31. Property taxes not paid by the end of February are subject to lien.

Notes to Financial Statements

June 30, 1999

NOTE C - FIXED ASSETS

. .

A summary of changes in fixed assets for the year is as follows:

	Fixed Assets			
	Beginning	Net	End of	
	of Year	<u>Additions</u>	Year	
Distribution system	\$ 3,534,875	\$ 191,749	\$ 3,726,624	
Furniture, fixtures & equipment	8,656	(135)	8,521	
Machinery and equipment	163,384	(2,745)	160,639	
Land	19,900		19,900	
	3,726,815	<u>\$ 188,869</u>	3,915,684	
Less accumulated depreciation	1,153,599		<u>1,251,293</u>	
TOTALS	<u>\$ 2,573,216</u>		<u>\$ 2,664,391</u>	

Depreciation expense was \$112,714 for the year ended June 30, 1999.

All purchased fixed assets are valued at historical cost. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related fixed assets, as applicable.

Depreciation has been provided over the estimated useful lives of the assets using the straightline method. The estimated useful lives are as follows:

Distribution system	7 - 50 years
Furniture, fixture and equipment	5 - 10 years
Machinery and equipment	5 - 10 years

NOTE D - LONG-TERM DEBT

A. Debt Outstanding

The following is a summary of bond transactions of the District for the year ended June 30, 1999:

Bonds payable, June 30, 1998	\$ 959,753
Bonds issued	50,000
Bonds retired	(31,913)

Plus: Annual amortization of 1997 bond issuance costs

14,627

Bonds payable June 30, 1999

Continued

Notes to Financial Statements

June 30, 1999

NOTE D - LONG-TERM DEBT (CONTINUED)

Bonds payable at June 30, 1999 are comprised of the following individual issues:

- \$ 50,000 Certificates of Indebtedness dated April 6, 1999; due in annual installments of \$9,000-\$11,000 through April 1, 2004; interest at 5.04%
- \$ 1,132,000 Advance Refunding Bonds dated August 1, 1997, due in annual installments of \$25,000 - \$119,000 through April 1, 2015, interest at 8.0%, less unamortized deferred amount on refunding of \$133,533

Total Long-Term Debt

B. Debt Service Requirements to Maturity

\$ 50,000 April 1, on <u>942,467</u> <u>\$ 992,467</u>

The annual requirements to amortize all debts outstanding as of June 30, 1999, including interest payments are as follows:

Year Ending June 30,	
2000	\$ 133,565
2001	134,266
2002	133,642
2003	132,778
2004	134,674

On April 6, 1999, the District issued \$50,000 in Certificates of Indebtedness to fund capital improvements.

Refunding bond issuance costs of \$163,958 are deferred and are being amortized over the term of the bonds using the bonds-outstanding method, which approximates the effective interest method. Amortization expense is \$14,627 for the year ended June 30, 1999.

Notes to Financial Statements

June 30, 1999

NOTE E - COMPONENTS OF RESTRICTED ASSETS

Enterprise Fund	l:				
	Revenue	Revenue	Revenue		
	Bond	Bond	Bond	Customer	
	<u>Sinking</u>	<u>Reserve</u>	<u>Contingency</u>	<u>Deposits</u>	<u>Totals</u>
Cash and					
investments	\$ 38,836	\$ 67,973	\$ 4,299	\$ 80,006	\$ 191,114

Certain proceeds of enterprise fund revenue bonds are classified as restricted assets on the balance sheet because their use is limited by applicable bond covenants. The "bond sinking" account is used to segregate resources accumulated for debt service payments over the next twelve months. The "bond reserve" account is used to report resources set aside to make up potential future deficiencies in the revenue bond sinking account. The "bond contingency" account is used to report resources set aside to make up account is used to report resources set aside to make up potential future deficiencies in the revenue bond sinking account. The "bond contingency" account is used to report resources set aside to meet unexpected contingencies or to fund asset renewals and replacements.

The amount of retained earnings reserved for revenue bond retirement is detailed as follows:

Restricted assets: revenue bond sinking, reserve and contingency funds	\$	111,108
Less: Current maturities of revenue bonds, payable		-
from restricted assets		45,000
Accrued interest, payable from restricted assets	-	22,133
Retained Earnings Reserved	<u>\$</u>	43,975

NOTE F - CONTRIBUTED CAPITAL

During the year, contributed capital changed by the following amount:

Contributed	Capital,	Beginning
-------------	----------	-----------

Current year depreciation on fixed assets acquired by funds externally restricted for capital expenditures that reduce contributed capital

Contributed Capital, Ending

\$ 1,103,093

(60,260)

<u>\$1,042,833</u>

Notes to Financial Statements

June 30, 1999

NOTE G - PER DIEM

Total per diem paid consisted of the following:

Lee J. Clement	\$ 840
Billy Precht, Jr.	840
JoÁnn Stark	840
Russell Touchet	840
Edmund Walker	<u>720</u>
	<u>\$ 4,080</u>

NOTE H - RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District maintains commercial insurance coverage covering each of those risks of loss. Management believes such coverage is sufficient to preclude any significant uninsured losses to the District. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years.

NOTE I - ADOPTION OF GASB-31

The District adopted GASB-31 in the year ended June 30, 1999. GASB-31 requires all investments to be accounted for at fair value. Any change in fair value from year-to-year is recorded as interest income in the current period statement of revenues and expenses.

GASB-31 adoption has been applied retroactively by restating the prior year's financial statements. Therefore, the following changes were made to the June 30, 1998 balance sheet:

	As ordinarily reported	As restated	<u>Changes</u>
Investments	\$ 149,205	\$ 136,445	\$ (12,760)
Unreserved reta earnings	ained \$ 894,680	\$ 881,920	\$ (12,760)

NOTE J – YEAR 2000 COMPLIANCE (UNAUDITED)

The District is not significantly dependent on computerized systems for essential operations and to provide services to customers. As a continuing process, the District is actively engaged in making necessary changes to its systems and equipment to achieve year 2000 compliance.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE AND INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF GENERAL PURPOSE FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

August 20, 1999

Board of Commissioners Jefferson Davis Central Waterworks District Welsh, Louisiana

··· · <u>-</u> · ·

We have audited the general purpose financial statements of the Jefferson Davis Central Waterworks District, a component unit of the Jefferson Davis Parish Police Jury, as of and for the year ended June 30, 1999, and have issued our report thereon dated August 20, 1999. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether Jefferson Davis Central Waterworks District's general purpose financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Jefferson Davis Central Waterworks District's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the general purpose financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be

`18

material in relation to the general purpose financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

This report is intended for the information of management, and the Board of Commissioners. However, this report is a matter of public record and its distribution is not limited.
