#### **INDEPENDENT AUDITOR'S REPORT**

Board of Commissioners Lakeshore Subdivision Sewerage District #1 Monroe, Louisiana May 31, 2004

I have audited the accompanying general purpose financial statements of Lakeshore Subdivision Sewerage District #1, a component unit of The Ouachita Parish Police Jury, as of and for the year ended, December 31, 2003, as listed in the table of contents. These general purpose financial statements are the responsibility of the District's management. My responsibility is to express an opinion on these general purpose financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general purpose financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Lakeshore Subdivision Sewerage District #1 as of December 31, 2003, and the results of its operations and cash flows of its proprietary fund types for the year then ended in conformity with accounting principles generally accepted in the United States of America.

My audit was made for the purpose of forming an opinion on the financial statements taken as a whole. The financial information listed as supplemental information schedules in the table of contents is presented for purposes of additional analysis, and is not a required part of the financial statements of Lakeshore Subdivision Sewerage District #1. Such information has been subjected to the auditing procedures applied in the audit of the

#### financial statements and, in my opinion, is fairly presented in all material respects in relation to the financial statements taken as a whole.

In accordance with Government Auditing Standards, I have also issued my report dated May 31, 2004, on my consideration of Lakeshore Subdivision Sewerage District #1's

LAKE03IndAudRep

internal control over financial reporting and a report dated May 31, 2004, on its compliance with certain provisions of laws, regulations, and grants. That report is an integral part of an audit performed in accordance with "Government Auditing Standards", and should be read in conjunction with this report in considering the results of my audit.

**Notes to the Financial Statements** As of and for the Year Ended December 31, 2003

### INTRODUCTION

The Lakeshore Subdivision Sewerage District #1, Monroe, Louisiana, (serving approximately 4000 people) was established by the Ouachita Parish Police Jury in the early 1970's. The District is operated by a board of four Commissioners, which is appointed by the Ouachita Parish Police Jury. The Commissioners receive no compensation. The District is managed by an independent contractor, hence no payrolls. The actual footage for the lines is not known.

#### SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES 1.

**BASIS OF PRESENTATION** Α.

The accompanying component unit financial statements of the Lakeshore Subdivision Sewerage District of Ouachita Parish have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

#### **B**. **REPORTING ENTITY**

As the governing authority of the parish, for reporting purposes, the Ouachita Parish Police Jury is the financial reporting entity for Ouachita Parish. The financial reporting entity consists of (a) the primary government (police jury), (b) organizations for which the primary government is financially accountable, and (c) other organizations for which nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Governmental Accounting Standards Board Statement No. 14 established criteria for determining which component units should be considered part of the Ouachita Parish Police Jury for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability. This criteria includes:

Appointing a voting majority of an organization's governing body, and 1.

- The ability of the police jury to impose its will on that organization a. and/or
- The potential for the organization to provide specific financial b. benefits to or impose specific financial burdens on the police jury.

Organizations for which the police jury does not appoint a voting majority 2. but are fiscally dependent on the police jury.

6

Notes to the Financial Statements As of and for the Year Ended December 31, 2003

3. Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

Because the police jury has the authority to perform the above three steps, the district was determined to be a component unit of the Ouachita Parish Police Jury, the financial reporting entity. The accompanying financial statements present information only on the funds maintained by the district and do not present information on the police jury, the general government services provided by that governmental unit, or the other governmental units that comprise the financial reporting entity.

### C. FUND ACCOUNTING

The Lakeshore Subdivision Sewerage District #1 of Ouachita Parish is organized and operated on a fund basis whereby a self-balancing set of accounts (Enterprise Fund) is maintained that comprises its assets, liabilities, fund equity, revenues, and expenses. The operations are financed and operated in a manner similar to a private business enterprise, where the intent of the governing body is that the cost (expenses, including depreciation) of providing services on a continuing basis be financed or recovered primarily through user charges.

#### D. BASIS OF ACCOUNTING

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The Enterprise Fund is accounted for on a flow of economic resources measurement focus and a determination of net income and capital maintenance. With this measurement focus, all assets and all liabilities associated with the operation of this fund is included on the balance sheet. The Enterprise Fund uses the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized at the time liabilities are incurred. The Enterprise Fund uses the following practices in recording certain revenues and expenses:

#### Revenues

Revenues consist of income from users of the sewer line in the district. Billing is done monthly, and the payments are collected and deposited; Interest income is a

#### result of bank accounts bearing interest.

#### Expenses

#### Expenses are reported when the liability occurs. Major expenses are:

7

Notes to the Financial Statements As of and for the Year Ended December 31, 2003

Electricity	18,642.00
Supervisory/Accounting	74,311.00
Depreciation	83,486.00
Interest	42,520.00

### E. USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principals generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ

from those estimates.

### F. CASH AND CASH EQUIVALENTS AND INVESTMENTS

Cash includes amounts in demand deposits, interest-bearing demand deposits, and other money market accounts. Cash equivalents include amounts in time deposits and those investments with original maturities of 90 days or less. Under state law, the district may deposit funds in demand deposits, interest-bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana law and national banks having their principal offices in Louisiana.

Under state law, the district may invest in United States bonds, treasury notes, or certificates. These are classified as investments if their original maturities exceed 90 days; however, if the original maturities are 90 days or less, they are classified as cash equivalents. The district has no investments.

#### G. RESTRICTED ASSETS

Certain proceeds of the enterprise fund's resources are set aside for specific payments and are classified on the balance sheet as restricted assets because their use is limited by applicable requirements. Restricted assets include the "customer deposits" account, which is used to segregate water meter deposits used to pay any outstanding water bills when

8

customers discontinue service.

#### H. FIXED ASSETS

Notes to the Financial Statements As of and for the Year Ended December 31, 2003

Fixed assets of the district are valued at historical cost and are included on the balance sheet of the fund, net of accumulated depreciation. Construction period interest is immaterial and is not capitalized. Depreciation of all exhaustible fixed assist is charged as an expense against operations. Depreciation is computed using the straight-line method over the estimated useful lives of periods from 5 to 50 years.

### I. COMPENSATED ABSENCES

The district does not have a formal leave policy.

### J. LONG - TERM LIABILITIES

Long-term liabilities are recognized within the enterprise fund.

### K. FUND EQUITY

#### **Contributed Capital**

Grants, entitlements, or shared revenues received that are restricted for the acquisition or construction of capital assets are recorded as contributed capital. Contributed capital is not amortized.

#### Reserves

Reserves represent those portions of fund equity legally segregated for a specific future use.

### L. ENCUMBRANCES

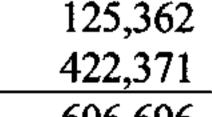

Encumbrance accounting is not used.

### 2. CASH AND CASH EQUIVALENTS

At December 31, 2003, the district has cash and cash equivalents (book balances) totaling \$ 606,696 as follows:

Demand Deposits

#### Money Market Accounts Interest-Bearing Income Deposits TOTAL

606,696

These deposits are stated at cost, which approximates market. Under state law, these deposits must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging LAKE03Notes 9

Notes to the Financial Statements As of and for the Year Ended December 31, 2003

fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. At December 31, 2003, the district has <u>\$614,096</u> in deposits (collected bank balances). These deposits are secured from risk by \$100,000 of federal deposit insurance and \$1,035,170 of pledged securities held by the custodial bank in the name of Ouachita Independent Bank. The Bank One CD of \$125,363, is also insured by \$100,000 of federal deposit insurance and a security pledge of \$34,066.

Even though the pledged securities are considered uncollateralized (Category 3) under the provisions of GASB Statement 3, Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the district that the fiscal agent has failed to pay deposited funds upon demand.

#### 3. **RECEIVABLES**

The following is a summary of receivables at December 31, 2003:

The following restrictions apply:

#### **Revenue Bond Sinking Fund**

- 1. Maintain a sufficient amount to pay promptly and fully the principal of and the interest on the bonds as they severally become due and payable by transferring from the Sewer System Fund to the Sinking Fund monthly in advance on or before the 20<sup>th</sup> day of each month of
- 2. Each year, one sixth (1/6) of the interest on the Bonds falling due on the next Interest Payment Date and One – Twelfth (1/12) of the principal of the Bonds falling due on the next principal payment date, together with such additional proportionate sum as may be required so that sufficient moneys will be available in the Sinking Fund to pay said principal and interest as the same respectively become due.
- 3. The establishment and maintenance of a "Revenue Bond Reserve Fund" (the Reserve Fund) with the Fiscal Agent Bank by depositing from Bond proceeds upon delivery of the Bonds, a sum equal to the Reserve Fund Requirement, and by making any further

deposits as provided in the Bond resolution so that there will be on deposit in the Reserve Fund an amount equal to the Reserve Fund Requirement. The money in the Reserve fund shall be retained solely for the purpose of paying the principal of and interest on bonds payable from the Sinking Fund as to which there would otherwise be default (except such amounts, if any, as may be payable to the United States of America as a rebate of arbitrage pursuant to Section 148(f) of the Code.

11

Notes to the Financial Statements As of and for the Year Ended December 31, 2003

3. The establishment and maintenance of a "Capital Additions and Contingencies Fund" (the Contingencies Fund") to care for additions and improvements, renewals, replacements and emergency repairs or operational costs necessary to properly operate the System. In addition to caring for extensions, additions, improvements, renewals and replacements or emergency operation and maintenance expenditures necessary to properly operate the System, the money in the Contingencies Fund shall be used to pay the principal of and the interest on the bonds, including any additional *pari passu* bonds issued in the manner provided by the Bond Resolution, for the payment of which there is not sufficient money in the Sinking and or Reserve Fund, but the money in the Contingencies Fund shall never be used for the making of extensions, additions, improvements, renewals and replacements to the System if such use of said money will leave in the Contingencies fund for making emergency repairs or replacements or paying emergency operational costs less than the sum of Ten Thousand Dollars (\$10,000.00).

Upon a finding of the Governing Authority that moneys in the Contingencies Fund are not required for the above - stated purposes, of the fund, such moneys may also be used to retire by purchase or call for redemption Outstanding Bonds or outstanding *pari passu* bonds payable from the Net Sewer Revenues (as defined in the Bond Resolution) at prices not exceeding 105% of the face value thereof plus accrued interest; provided such purchase would not leave remaining in the Contingencies Fund less than the amount of Fifty Thousand Dollars (\$50,000.00). If at any time it shall be necessary to use moneys in the Reserve Fund or the Contingencies Fund for the purpose of paying principal or interest on bonds payable from the Sinking Fund as to which there would otherwise be default, then the moneys so used shall be replaced from the revenues of the system first thereafter received, not required for the purposes described in the Bond Resolution it being the intention that there shall as nearly as possible be at all times in the Reserve Fund and the Contingencies Fund the amounts specified.

The following is a summary of bond transactions of the District for the fiscal year ended December 31, 2003.

#### INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Commissioners Lakeshore Subdivision Sewerage District #1 Monroe, Louisiana May 31, 2004

I have audited the (pre-34:) general purpose financial statements of the Lakeshore Subdivision Sewerage District #1, a component unit of the Ouachita Parish Police Jury, as of and for the year ended December 31, 2003, and have issued my report thereon dated May 31, 2004. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

#### **Compliance**

As part of obtaining reasonable assurance about whether Lakeshore Subdivision Sewerage District #1, Monroe, La.'s, (pre-34:) general purpose financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However providing an opinion on compliance with those provisions was not an objective of my audit and, accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

#### Internal Control Over Financial Reporting

In planning and performing my audit, I considered Lakeshore Subdivision Sewerage District #1, Monroe, La.'s, internal control over financial reporting in order to determine my auditing procedures for the purpose of expressing my opinion on the (pre-34:) general purpose financial statements and not to provide assurance on the internal control over financial reporting. My consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in

15

LAKE03ComplianceGAS

relation to the (pre-34:) general purpose financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. I noted no matters involving the internal control over financial reporting and its operation that I consider to be material weaknesses.

This report is intended for the information of the Lakeshore Subdivision Sewerage District #1's management and the Louisiana Legislative Auditor. However, this report is a matter of public record and its distribution is not limited.
