Notes to the Financial Statements
As of and for the Year Ended December 31, 2003

INTRODUCTION

Ward One Rural Fire Protection District was created by resolution of the Richland Parish Police Jury on February 18, 1992, for the purpose of purchasing and maintaining fire equipment and providing fire protection for the people included in the district according to the boundaries set by Richland Parish Police Jury. The District is governed by a board of commissioners consisting of seven members. The Commissioners are appointed by the Richland Parish Police Jury and receive no compensation for their services. The District has no employees.

GASB Statement No. 14, *The Reporting Entity*, established criteria for determining the governmental reporting entity and component units that should be included within the reporting entity. Under provisions of this Statement, the Ward One Rural Fire Protection District is considered a component unit of the Richland Parish Police Jury. As a component unit, the accompanying financial statements are included within the reporting of the primary government, either blended into those financial statements or separately reported as discrete component units.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net assets and the statement of changes in net assets) report information on all of the nonfiduciary activities of the Ward One Rural Fire Protection District. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meetings the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds and proprietary funds. All individual governmental funds and individual enterprise funds are reported as separate columns in the fund financial statements.

B. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government.

The Ward One Rural Fire Protection District reports the following governmental funds:

The General Fund is the entity's primary operating fund. It accounts for all financial resources of the entity, except those required to be accounted for in another fund.

The Ward One Rural Fire Protection District has no propriety fund.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the option of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The government has elected not to follow subsequent private-sector guidance.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges between the governments enterprise operations. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

WARD ONE RURAL FIRE PROTECTION DISTRICT
RICHLAND PARISH POLICE JURY
 Delhi, Louisiana
 Notes to the Financial Statements (Continued)

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

When both restricted and unrestricted resources are available for use, it is the entity's policy to use restricted resources first, then unrestricted resources as they are needed.

C. Deposits and Investments

The entity's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. State law and the Ward One Rural Fire Protection District's investment policy allow the entity to invest in collateralized certificates of deposits, government back securities, commercial paper, the state sponsored investment pool, and mutual funds consisting solely of government backed securities.

Investments for the Ward One Rural Fire Protection District are reported at fair value. The state investment pool (LAMP) operates in accordance with state laws and regulations. The reported value of the pool is the same as the fair value of the pool shares.

D. Receivables and Payables

Property taxes are levied on a calendar year basis and become delinquent on January 1 of each year. The following is a summary of authorized and levied Parcel Fee:

	<u>Authorized</u>	<u>Levied</u>	<u>Expiration Date</u>
Property Taxes	6.48 Mills	6.48 Mills	2013

Delinquent property taxes are considered fully collectible and therefore no allowance for uncollectible fees is provided.

E. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are capitalized at historical cost or estimated cost if historical cost is not available. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation. The Ward One Rural Fire Protection District maintains a threshold level of \$1,000 or more for capitalizing capital assets.

**WARD ONE RURAL FIRE PROTECTION DISTRICT
 RICHLAND PARISH POLICE JURY
 Delhi, Louisiana
 Notes to the Financial Statements (Continued)**

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed. No construction during the current fiscal year.

All capital assets, other than land, are depreciated using the straight-line method over the following useful lives:

<u>Description</u>	<u>Estimated Useful Lives</u>
Buildings and building improvements	40 years
Vehicles	5-15 years
Equipment	10 years

F. Compensated Absences

The Ward One Rural Fire Protection District is all volunteer and therefore has no policy for compensated absences.

G. Long-Term Obligations

In the government-wide financial statements, and the proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of the debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

H. Fund Equity

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

I. Estimates

WARD ONE RURAL FIRE PROTECTION DISTRICT
RICHLAND PARISH POLICE JURY
 Delhi, Louisiana
 Notes to the Financial Statements (Continued)

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenditures, and expenses during the reporting period. Actual results could differ from those estimates.

2. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

BUDGET INFORMATION. Ward One Rural Fire Protection District uses the following budget practices:

Preliminary budgets for the ensuing year are prepared by the secretary-treasurer during November of each year. During November, the Board reviews the proposed budget and makes changes as it deems appropriate. The budget is printed in the official paper of the parish in November. The budget is then adopted during the December meeting. All annual appropriations lapse at yearend. Encumbrance accounting is not used by the District. Budgeted amounts included in the accompanying financial statements include the original adopted budget and one amendment for the year ended December 31, 2003.

3. CASH AND CASH EQUIVALENTS

At December 31, 2003, the Ward One Rural Fire Protection District has cash and cash equivalents (book balances) totaling \$158,056 as follows:

Demand deposits	\$96,192
Time deposits	<u>61,864</u>
Total	<u><u>\$158,056</u></u>

These deposits are stated at cost, which approximates market. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties.

At December 31, 2003, the Ward One Rural Fire Protection District has \$158,556 in deposits (collected bank balances). These deposits are secured from risk by \$200,000 of federal deposit insurance.

4. RECEIVABLES

The receivables of \$77,030 at December 31, 2003, are as follows:

WARD ONE RURAL FIRE PROTECTION DISTRICT

Delhi, Louisiana
Notes to the Financial Statements (Continued)

<u>Class of Receivable</u>	<u>General Fund</u>
Property Taxes	<u>\$77,030</u>
Total	<u><u>\$77,030</u></u>

Property taxes are generally shown net of an allowance for uncollectible amounts. These statements contain no provision for uncollectible amounts. The district is of the opinion that such an allowance would be immaterial in relation to the financial statements taken as a whole and consider the fees to be fully collectible.

**Independent Accountant's Report
on Applying Agreed-Upon Procedures**

To the Board of Commissioners
Ward One Rural Fire Protection District

I have performed the procedures included in the *Louisiana Government Audit Guide* and enumerated below, which were agreed to by the management of Ward One Rural Fire Protection District and the Legislative Auditor, State of Louisiana, solely to assist the users in evaluating management's assertions about Ward One Fire Protection District's compliance with certain laws and regulations during the year ended December 31, 2003 included in the accompanying *Louisiana Attestation Questionnaire*. This agreed-upon procedures engagement was performed in accordance with standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. The sufficiency of these procedures is solely the responsibility of the specified users of the report. Consequently, I make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

Public Bid Law

1. Select all expenditures made during the year for material and supplies exceeding \$15,000, or public works exceeding \$100,000, and determine whether such purchases were made in accordance with LSA-RS 38:2211-2251 (the public bid law).

No expenditures were made during the year for materials and supplies exceeding \$15,000 and no expenditures were made for public works exceeding \$100,000.

Code of Ethics for Public Officials and Public Employees

2. Obtain from management a list of the immediate family members of each board member as defined by LSA-RS 42:1101-1124 (the code of ethics), and a list of outside business interests of all board members and employees, as well as their immediate families.

Management provided me with the required list including the noted information.

3. Obtain from management a listing of all employees paid during the period under examination.

Management provided me with the required list.

4. Determine whether any of those employees included in the listing obtained from management in agreed-upon procedure (3) were also included on the listing obtained from management in agreed-upon procedure (2) as immediate family members.

None of the employees included on the list of employees provided by management [agreed-upon procedure (3)] appeared on the list provided by management in agreed-upon procedure (2).

Budgeting

5. Obtained a copy of the legally adopted budget and all amendments.

Management provided me with a copy of the original budget. There were no amendments to the budget during the year.

6. Trace the budget adoption and amendments to the minute book.

I traced the adoption of the original budget to the minutes of a meeting held on December 9, 2002 which indicated that the budget had been adopted by the commissioners of Ward One Rural Fire Protection District by a vote of 5 in favor and zero opposed. There was one amendment to the budget which was approved on December 15, 2003 by a vote of 4 in favor and zero opposed.

7. Compare the revenues and expenditures of the final budget to actual revenues and expenditures to determine if actual revenues failed to meet budgeted revenues by 5 % or more or if actual expenditures exceed budgeted amounts by 5% or more.

I compared the revenues and expenditures of the final budget to actual revenues and expenditures. Actual revenues and expenditures for the year did not exceed budgeted amounts by more than 5%.

Accounting and Reporting

8. Randomly select 6 disbursements made during the period under examination and:

- (a) trace payments to supporting documentation as to proper amount and payee;

I examined supporting documentation for each of the six selected disbursements and found that payment was for the proper amount and made to the correct payee.

- (b) determine if payments were properly coded to the correct fund and general ledger account; and

Six of the payments were properly coded to the correct fund and general ledger account.

- (c) determine whether payments received approval from proper authorities.

Inspection of documentation supporting each of the six selected disbursements indicated approvals from the secretary and treasurer of the Board of Commissioners.

Meetings

9. Examine evidence indicating that agendas for meetings recorded in the minute book were posted or advertised as required by LSA-RS 42:1 through 42:12 (the open meetings law).

Ward One Rural Fire Protection District is only required to post a notice of each meeting and the accompanying agenda on the door of the District's office building. Although management has asserted that such documents were properly posted, I could find no evidence supporting such assertion other than an unmarked copy of the notices and agendas.

Debt

10. Examine bank deposits for the period under examination and determine whether any such deposits appear to be proceeds of bank loans, bonds, or like indebtedness.

I inspected copies of all bank deposit slips for the period under examination and noted no deposits that appeared to be proceeds of bank loans, bonds, or like indebtedness.

Advances and Bonuses

11. Examine payroll records and minutes for the year to determine whether any payments have been made to employees that may constitute bonuses, advance, or gifts.

A reading of the minutes of the district for the year indicated no approval for the payments noted.

My prior year report, dated June 12, 2003 included no findings that need to be corrected.

I was not engaged to, and did not, perform an examination, the objective of which would be the expression of an opinion on management's assertions. Accordingly, I do not express such an opinion. Had I performed additional procedures, other matters might have come to my attention that would have been reported to you.

This report is intended solely for the use of management of Ward One Rural Fire District and the Legislative Auditor, State of Louisiana, and should not be used by those who have not agreed to the procedures and taken responsibility for the sufficiency of the procedures for their purposes. *Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.*
