Management's Discussion and Analysis

Within this section of the Gravity Drainage District No. 5 of Cameron Parish's (District) annual financial report, the District's management is pleased to provide this narrative discussion and analysis of the financial activities of the District for the fiscal year ended December 31, 2003. The District's financial performance is discussed and analyzed within the context of the accompanying financial statements and disclosures following this section.

#### Financial Highlights

- The District's assets exceeded its liabilities by \$592,312 (net assets) for the fiscal year reported.
- Total revenues of \$123,469 exceeded total expenditures of \$82,123, which resulted in a current year surplus of \$41,346. This is better than last year, when revenues

were short of expenditures by \$(57,098).

- Total net assets are unrestricted.
- At the end of the current fiscal year, unreserved net assets were 721% of total expenditures and 480% of total revenues.
- Overall, the District continues to maintain a strong financial position and is continuing to work to improve on this financial position.

The above financial highlights are explained in more detail in the "financial analysis" section of this document.

#### **Overview of the Financial Statements**

This Management's Discussion and Analysis document introduces the District's basic financial statements. The basic financial statements include the financial statements and notes to the basic financial statements. The District also includes in this report additional information to supplement the basic financial statements. Comparative data for the prior year is presented.

#### **Government-Wide Financial Statements**

The District's annual report includes two government-wide financial statements. These statements provide both long-term and short-term information about the District's overall financial status. Financial reporting at this level uses a perspective similar to that found in the private sector with its basis in accrual accounting and elimination or reclassification of activities between funds.

GRAGSON, CASIDAY & GUILLORY, L.L.P. CERTIFIED PUBLIC ACCOUNTANTS

Management's Discussion and Analysis (Continued)

The first of these government-wide statements is the *Statement of Net Assets*. This is the government-wide statement of position presenting information that includes all of the District's assets and liabilities, with the difference reported as *net assets*. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the District as a whole is improving or deteriorating. Evaluation of the overall health of the District would extend to other nonfinancial factors such as diversification of the taxpayer base, or the condition of District infrastructure in addition to the financial information provided in this report.

The second government-wide statement is the *Statement of Activities*, which reports how the District's net assets changed during the current fiscal year. All current year revenues and expenses are included regardless of when cash is received or paid. An important purpose of the design of the statement of activities is to show the financial reliance of the District's distinct activities or functions on revenues provided by the District's taxpayors

District's taxpayers.

Both government-wide financial statements distinguish governmental activities of the District that are principally supported by property taxes and from business-type activities that are intended to recover all or a significant portion of their costs through user fees and charges. Governmental activities include principally general government and maintenance.

The government-wide financial statements are presented on pages 9 and 10 of this report.

#### **Fund Financial Statements**

A fund is an accountability unit used to maintain control over resources segregated for specific activities or objectives. The District uses funds to ensure and demonstrate compliance with finance-related laws and regulations. Within the basic financial statements, fund financial statements focus on the District's most significant funds rather than the District as a whole. Major funds are separately reported while all others are combined into a single, aggregated presentation.

The District has one kind of fund:

Governmental funds are reported in the fund financial statements and encompass the same functions reported as governmental activities in the government-wide financial statements. However, the focus is very different with fund statements providing a distinctive view of the District's governmental funds. These statements report short-term fiscal accountability focusing on the use of spendable resources and balances of spendable resources available at the end of the year. They are useful in evaluating annual financing requirements of governmental programs and the commitment of spendable resources for the near-term.

GRAGSON, CASIDAY & GUILLORY, L.L.P. CERTIFIED PUBLIC ACCOUNTANTS

Management's Discussion and Analysis (Continued)

Since the government-wide focus includes the long-term view, comparisons between these two perspectives may provide insight into the long-term impact of short-term financing decisions. Both the governmental fund balance sheet and the governmental fund operating statement provide a reconciliation to assist in understanding the differences between these two perspectives.

The basic governmental fund financial statements are presented on pages 12 through 15 of this report.

#### Notes to the Basic Financial Statements

The accompanying notes to the financial statements provide information essential to a full understanding of the government-wide and fund financial statements. The notes to the financial statements begin on page 16 of this report.

#### Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplemental information concerning the District's budget presentations. Budgetary comparison statements are included as "required supplemental information" for the general fund. These statements and schedules demonstrate compliance with the District's adopted and final revised budget. Required supplemental information can be found on page 23 of this report.

#### Financial Analysis of the District as a Whole

The District implemented the new financial reporting model used in this report beginning with the current fiscal year ended December 31, 2003. Over time, as year-to-year financial information is accumulated on a consistent basis, changes in net assets may be observed and used to discuss the changing financial position of the District as a whole.

The District's net assets at fiscal year-end are \$592,312. The following table provides a summary of the District's net assets:

	<u>2003</u>	<u>2002</u>
Assets: Current assets	\$ 593,187	\$ 570,024

Liabilities:

#### The District reported positive balances in net assets, which increased by \$41,346. The District's overall financial position improved during the fiscal year 2003.

#### GRAGSON, CASIDAY & GUILLORY, L.L.P. CERTIFIED PUBLIC ACCOUNTANTS

Management's Discussion and Analysis (Continued)

The following table provides a summary of the District's changes in net assets:

	<u>2003</u>	<u>2002</u>
Revenues	\$ 123,469	\$ 131,343
Maintenance	75,723	183,983
Administration	<u>6,400</u>	<u>4,458</u>
Total Expenses	<u>82,123</u>	<u>188,441</u>
Change in Net Assets	41,346	(57,098)
Beginning Net Assets	<u>550,966</u>	<u>608,064</u>
Ending Net Assets	<u>\$592,312</u>	<u>\$550,966</u>

#### **Governmental Revenues**

The District is heavily reliant on property taxes to support governmental operations. Property taxes provided 96% of the District's total revenues. As a result, the general economy and the local businesses have a major impact on the District's revenue streams.

#### **Budgetary Highlights**

The General Fund – When the original budget was adopted, it was anticipated that the total revenues were going to be less than the previous fiscal year by \$9,743 mainly due to an anticipated decrease in property tax revenue. The original budget reflected an increase in total expenditures of \$183,259 from the previous fiscal year mainly due to an anticipated increase in capital outlay. The budget was not amended during the year.

#### Capital Assets and Debt Administration

The District has no capital assets or debt

#### **Economic Conditions Affecting the District**

Since the primary revenue stream for the District is property taxes, the District's property tax revenues are subject to changes in the economy.

#### Contacting the District's Financial Management

This financial report is designed to provide a general overview of the District's finances,

comply with finance-related laws and regulations, and demonstrate the District's commitment to public accountability. If you have any questions about this report or would like to request additional information, contact the District's office, Mr. Darrell Williams, Secretary at (337) 477-8655.

Notes to Financial Statements December 31, 2003

#### NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Gravity Drainage District No. 5 of Cameron Parish was created on September 9, 1962, as a political subdivision of the State of Louisiana under the provisions of Louisiana Revised Statutes 38:1751-1802, and was established for the purpose of opening and maintaining all natural drains in the District where drainage is accomplished using the natural force of gravity. The District is governed by a board of 5 commissioners who are appointed by the Cameron Parish Police Jury. The commissioners do not receive compensation for serving on the board.

1. Reporting Entity

GASB Statement No. 14 established criteria for determining the governmental reporting entity and component units that should be included within the reporting entity. For financial reporting purposes, in conformance with GASB Statement No. 14, the Gravity Drainage District No. 5 of Cameron Parish includes all funds, account groups, et cetera, that are within the oversight responsibility of the Gravity District No. 5 of Cameron Parish.

As the governing authority, for reporting purposes, the Cameron Parish Police Jury is the financial reporting entity. The financial reporting entity consists of (a) the primary government, (b) organizations for which the primary government is financially accountable, and (c) other organizations for which nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Governmental Accounting Standards Board Statement No. 14 established criteria for determining which component units should be considered part of the Cameron Parish Police Jury for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial accountability.

#### Continued

#### GRAGSON, CASIDAY & GUILLORY, L.L.P. CERTIFIED PUBLIC ACCOUNTANTS

Notes to Financial Statements December 31, 2003

#### NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

The GASB has set forth criteria to be considered in determining financial accountability. This criteria includes:

- 1. Appointing a voting majority of an organization's governing body and
  - a. The ability of the Cameron Parish Police Jury to impose its will on that organization and/or
  - b. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the Cameron Parish Police Jury.
- 2. Organizations for which the Cameron Parish Police Jury does not appoint a voting majority but are fiscally dependent on the Cameron Parish Police
  - Jury.
- Organizations for which the reporting entity financial statements could be misleading if data of the organization is not included because of the nature of significance of the relationship.

Based upon the application of these criteria, Gravity Drainage District No. 5 of Cameron Parish is a component unit of the Cameron Parish Police Jury's reporting entity.

2. Basis of Presentation

The accompanying basic financial statements of the District have been prepared in conformity with governmental accounting principles generally accepted in the United States of America. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The accompanying basic financial statements have been prepared in conformity with GASB Statement 34, "Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments", issued in June 1999. As a result, an entirely new financial presentation format has been implemented.

**Government-Wide Financial Statements** 

The Statement of Net Assets and the Statement of Activities display information about the District as a whole. They include all funds of the reporting entity. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange revenues.

The statement of activities presents a comparison between direct expenses and program revenues for each of the functions of the District's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function.

GRAGSON, CASIDAY & GUILLORY, L.L.P. CERTIFIED PUBLIC ACCOUNTANTS

Notes to Financial Statements December 31, 2003

#### NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Program revenues include (a) fees and charges paid by the recipients of services offered by the District; and (b) grants and contributions that are restricted to meeting the operational or capital requirement of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements

The District uses funds to maintain its financial records during the year. Fund accounting is designed to demonstrate legal compliance and to aid management by segregating transactions related to certain District functions and activities. A fund is defined as a separate fiscal and accounting entity with a self-balancing set of accounts.

The District has one fund, the General Fund, which is therefore considered its major fund.

#### 3. Measurement Focus/Basis of Accounting

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

#### Measurement Focus

On the government-wide statement of net assets and the statement of activities, the activities are presented using the economic resources measurement focus. In the fund financial statements, the "current financial resources" measurement focus or the "economic resources" measurement focus is used as appropriate. All governmental funds utilize a "current financial resources" measurement focus. Only current financial assets and liabilities are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.

GRAGSON, CASIDAY & GUILLORY, L.L.P. CERTIFIED PUBLIC ACCOUNTANTS

Notes to Financial Statements December 31, 2003

#### NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

**Basis of Accounting** 

In the government-wide statement of net assets and statement of activities, the activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures (including capital outlay) generally are recorded when a liability is incurred, as under accrual accounting.

4. Cash

Cash includes amounts in demand deposits and time deposits with original maturities of 90 days or less. Under state law, the District may deposit funds in demand deposits, interest-bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana law and national banks having their principal offices in Louisiana.

These deposits are stated at cost, which approximates market. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. At December 31, 2003, the District had \$474,443 in deposits (collected bank balances), of which all was secured from risk by federal deposit insurance and pledged securities.

> GRAGSON, CASIDAY & GUILLORY, L.L.P. CERTIFIED PUBLIC ACCOUNTANTS

Notes to Financial Statements December 31, 2003

5. Budgets

A budget is adopted on a basis consistent with generally accepted accounting principles. All annual appropriations lapse at fiscal year end.

On or before the last meeting of each year, the budget is prepared by function and activity, and includes information on the past year, current year estimates and requested appropriations for the next fiscal year.

The proposed budget is presented to the government's Board of Commissioners for review. The board holds a public hearing and may add to, subtract from or change appropriations, but may not change the form of the budget. Any changes in the budget must be within the revenues and reserves estimated.

Expenditures may not legally exceed budgeted appropriations at the activity level.

#### 6. Equity Classification

In the government-wide statements, equity is classified as net assets and displayed in two components:

- Restricted net assets Consists of net assets with constraints placed on а. the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- Unrestricted net assets All other net assets that do not meet the b. definition of "restricted" or "invested in capital assets, net of related debt".

In the fund statements, governmental fund equity is classified as fund balance. Fund balance is further classified as reserved and unreserved, with unreserved further split between designated and undesignated.

7. Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

> GRAGSON, CASIDAY & GUILLORY, L.L.P. **CERTIFIED PUBLIC ACCOUNTANTS**

Notes to Financial Statements December 31, 2003

#### NOTE B -- CHANGES IN ACCOUNTING PRINCIPLES

For the year ended December 31, 2003, the District has implemented GASB Standard No. 34, <u>Basic Financial Statements – and Management's Discussion</u> <u>and Analysis – for State and Local Governments</u>. GASB Statement No. 34 creates new basic financial statements for reporting the District's financial activities. The financial statements now include government-wide financial statements prepared on the accrual basis of accounting, and fund financial statements which present information for individual major funds rather than by fund type which has been the mode of presentation in previously issued financial statements. The District also implemented GASB Standard No. 38, <u>Certain</u> <u>Financial Statement Note Disclosures</u>, and Interpretation No. 6, <u>Recognition and</u> <u>Measurement of Certain Liabilities and Expenditures in Governmental Fund</u>

Financial Statements.

#### NOTE C -- AD VALOREM TAXES

For the year ended December 31, 2003, taxes were levied on taxable assessed valuations of \$22,129,946 at a millage of 5.83.

Property tax millage rates are adopted in July for the calendar year in which the taxes are levied and recorded. All taxes are due and collectible when the assessment rolls are filed on or before November 15<sup>th</sup> of the current year, and become delinquent after December 31<sup>st</sup>. Property taxes not paid by the end of February are subject to lien.

#### NOTE D - RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District maintains commercial insurance coverage covering each of those risks of loss. Management believes such coverage is sufficient to preclude any significant uninsured losses to the District. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years.

#### NOTE E - COMMITMENTS

At December 31, 2003 the District had remaining costs of \$52,500 on the levee maintenance in the Grand Chenier area project, with completion anticipated by March 2004.

#### INDEPENDENT ACCOUNTANTS' REPORT ON APPLYING AGREED-UPON PROCEDURES

June 23, 2004

Board of Commissioners Gravity Drainage District No. 5 of Cameron Parish Grand Chenier, Louisiana

We have performed the procedures included in the Louisiana Government Audit Guide and enumerated below, which were agreed to by the management of Gravity District No. 5 of Cameron Parish and the Legislative Auditor, State of Louisiana, solely to assist the users in evaluating management's assertions about Gravity Drainage District No. 5 of Cameron Parish's compliance with certain laws and regulations during the year ended December 31, 2003 included in the accompanying Louisiana Attestation Questionnaire. This agreed-upon procedures engagement was performed in accordance with standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of the specified users of the report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

#### Public Bid Law

 Select all expenditures made during the year for material and supplies exceeding \$15,000, or public works exceeding \$100,000, and determine whether such purchases were made in accordance with LSA-RS 38:2211-2251 (the public bid law).

There was one expenditure made during the year for materials and supplies exceeding \$15,000. We examined the documentation which indicated that the expenditure had been properly advertised and accepted in accordance with the provisions of LSA-RS 38:2211-2251.

Gravity Drainage District No. 5 of Cameron Parish Page Two June 23, 2004

Code of Ethics for Public Officials and Public Employees

2. Obtain from management a list of the immediate family members of each board member as defined by LSA-RS 42:1101-1124 (the code of ethics), and a list of outside business interests of all board members and employees, as well as their immediate families.

The District has no employees.

3. Obtain from management a listing of all employees paid during the period under examination.

N/A.

 Determine whether any of those employees included in the listing obtained from management in agreed-upon procedure (3) were also included on the listing obtained from management in agreed-upon procedure (2) as immediate family members.

N/A.

#### Budgeting

5. Obtain a copy of the legally adopted budget and all amendments.

Management provided us with the original adopted budget for 2003.

6. Trace the budget adoption and amendments to the minute book.

We traced the adopted budget for 2003 to approval in the minutes.

 Compare the revenues and expenditures of the final budget to actual revenues and expenditures to determine if actual revenues failed to meet budgeted revenues by 5% or more or if actual expenditures exceeded budgeted amounts by 5% of more.

We compared the revenues and expenditures of the final budget to actual revenues and expenditures. Actual revenues and expenditures for the year did not exceed budgeted amounts by more than 5%.

.

#### Accounting and Reporting

- 8. Randomly select 6 disbursements made during the period under examination and:
  - (a) trace payments to supporting documentation as to proper amount and payee.

We examined supporting documentation for each of the six selected disbursements and found that payment was for the proper amount and made to the correct payee.

(b) determine if payments were properly coded to the correct fund and general ledger account.

The payments were properly coded to the correct fund and general ledger account.

(c) determine whether payments received approval from proper authorities.

The payments received proper approvals.

#### Meetings

 Examine evidence indicating that agendas for meetings recorded in the minute book were posted or advertised as required by LSA-RS 42:1 through 42:12 (the open meetings law).

The District is only required to post a notice of each meeting and the accompanying agenda in the office building, a public place. We found no evidence of noncompliance.

#### Debt

 Examine bank deposits for the period under examination and determine whether any such deposits appear to be proceeds of bank loans, bonds, or like indebtedness.

We inspected copies of bank deposit slips for the period under examination and

noted no deposits which appeared to be proceeds of bank loans, bonds, or like indebtedness.

#### Advances and Bonuses

11. Examine payroll records and minutes for the year to determine whether any payments have been made to employees which may constitute bonuses, advances, or gifts.

#### N/A.

We were not engaged to, and did not, perform an examination, the objective of which would be the expression of an opinion on management's assertions. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the use of management of Gravity Drainage District No. 5 of Cameron Parish and the Legislative Auditor, State of Louisiana, and should not be used by those who have not agreed to the procedures and taken responsibility for the sufficiency of the procedures for their purposes. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

#### LOUISIANA ATTESTATION QUESTIONNAIRE

Gragson, Casiday & Guillory P.O. Drawer 1847 Lake Charles, LA 70602

January 31, 2004

In connection with your compilation of our financial statements as of December 31, 2003 and for the year then ended, and as required by Louisiana Revised Statute 24:513 and the Louisiana Governmental Audit Guide, we make the following representations to you. We accept full responsibility for our compliance with the following laws and regulation and the internal controls over compliance with such laws and regulations. We have evaluated our compliance with the following laws and regulations prior to making these representations.

These representations are based on the information available to us as of January 31, 2004.

#### **Public Bid Law**

It is true that we have complied with the public bid law, LSA-RS Title 38:2212, and, where applicable, the regulations of the Division of Administration, State Purchasing Office..

#### Code of Ethics for Public Officials and Public Employees

It is true that no employees or officials have accepted anything of value, whether in the form of a service, loan, or promise, from anyone that would constitute a violation of LSA-RS 42:1101-1124.

It is true that no member of the immediate family of any member of the governing authority, or the chief executive of the governmental entity, has been employed by the governmental entity after April 1, 1980, under circumstances that would constitute a violation of LSA-RS 42:1119.

#### Budgeting

We have complied with the state budgeting requirements of the Local Government Budget Act (LSA-RS 39:1301-14) or the budget requirements of LSA-RS 39:34.

#### Accounting and Reporting

All non-exempt governmental records are available as a public record and have been retained for at least three years, as required by LSA-RS 44:1, 44:7, 44:31, and 44:36.

We have filed our annual financial statements in accordance with LSA-RS 24:514, 33:463, and/or 39:92, as applicable.

#### Meetings

We have complied with the provisions of the Open Meetings Law, provided in RS 42:1 through 42:12.

#### Yes [ / No [ ]

#### Debt

It is true we have not incurred any indebtedness, other than credit for 90 days or less to make purchases in the ordinary course of administration, nor have we entered into any lease-purchase agreements, without the approval of the State Bond Commission, as provided by Article VII, Section 8 of the 1974 Louisiana Constitution, Article VI, Section 33 of the 1974 Louisiana Constitution, and LSA-RS 39:1410.60-1410.65.

#### Yes [ / No [ ]

#### **Advances and Bonuses**

It is true we have not advanced wages or salaries to employees or paid bonuses in violation of Article VII, Section 14 of the 1974 Louisiana Constitution LSA-RS 14:138, and AG opinion 79-729.

Yes [ No [ ]

We have disclosed to you all known noncompliance of the foregoing laws and regulations, as well as any contradictions to the foregoing representations. We have made available to you documentation relating to the foregoing laws and regulations.

We have provided you with any communications from regulatory agencies or other sources concerning any possible noncompliance with the foregoing laws and regulations, including any communications received between the end of the period under examination and the issuance of this report. We acknowledge our responsibility to disclose to you any known noncompliance which may occur subsequent to the issuance of your report.
